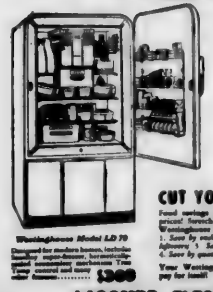
There's no need to Guess with FOOD TEMPERATURE



Westinghouse Model LD 70

Designed for modern homes, includes handy super-freezer, hermetically sealed compressor, Meter-Miser Trigger Control and many other features.

You can be SURE with Westinghouse TRUE-TEMP "Constant Cold"

Simply choose the degree of warmth to keep your food safe . . . all the way from refrigerator to table. Then set it and forget it. Constant control of temperature . . . by the makers of Westinghouse "Tru-Temp" . . . the only cold control on the market modeled on actual diagnosis and use of many modern refrigerators in the new Westinghouse refrigerators.

CUT YOUR FOOD COSTS

Food savings can be "big money" at present prices! Switch your food dollars four ways with Westinghouse "Tru-Temp" food protection: 1. Save by using left-overs. 2. Save by avoiding spoilage. 3. Save by cooking your own dessert. 4. Save by quantity buying.

Your Westinghouse Refrigerator will actually pay for itself!

THURSDAY APRIL 28 1949

A New Spring Season Dawns

IT IS with some misgivings that farmers go to attend the task of preparing land and machinery for spring seeding operations. Reasons for the pessimism is the low moisture content in the soil at last and almost the entire village is still waiting like a last the snow very furrows are a truly worried.

Soil-soil reserves are definitely at a low. Fall rains last year were almost negligible, and winter snows were comparatively light. Instead of the heavy spring break-rills and near flood conditions experienced last season, spring seeding will start in late March by hardly touching the first flow-ers, it is generally agreed that there is nothing, anywhere, with the water content at this time of a good day's rain couldn't cure.

We are fortunate in living in one of the healthiest and best paying districts in the world. The abundant food grains provide us with a fine variety of products — cattle and hog feeding, dairying, vegetable growing, poultry raising, and the processing of grain products. Industry rests the supply of raw materials we have never known a complete crop failure in this district, and we are not burdened in the least by grades and fair farmers and for the splendid farming country in which we live.

Another crop year is upon us. The prospects at this moment do not appear overly optimistic, but times have changed within the past few months. There problems have a way of working themselves out. Our thoughts and good wishes are with the farmer.

Political Turmoil

WE WERE amused this week at an editorial appearing in one of our friendly contemporary newspapers from Nova Scotia, the Wolfville Acadian. Just for Acadians. It is quite understandable that Mr. St. Laurent should choose to go West for a holiday, if indeed an election is near at hand. That part of Canada obviously needs cultivation in view of the political upheaval and unrest there.

From what the Acadian tells us the other end of Canada, we in the west probably do appear to be a people with unorthodox political views in the Nova Scotia Liberal group of supporting the most successful leader of the party can't seem to make progress in any other part of the dominion, although they have made success of tempts in Saskatchewan, and in Quebec in the federal field. Saskatchewan has a C.C.F. government, British Columbia has a combined Liberal-Conservative regime.

From a short perusal of the Nova Scotia, where the old-line parties hold complete control, we of the west must extend back into railroads with a certain left of centre political trend shown by a lot of the persons sport which clings to the solid west even as soon as support or public. But whether we aren't celebrating, as the Acadian puts it, is debatable.

The Acadian's broad point is a lot more like our opinions really than ... especially ... the ... Liberal ... but all is not well in publicly owned corporations, indeed. Previous Dominion records emphasized the need and importance of free enterprise amid a steadily growing public resistance to C.C.F. policies. We don't care for the Acadian's choice of word in ... but ... it sounds of perennial guidance. The west is really grown up. We pay little to engagement over in a while.

British Commonwealth of Nations

IMPORTANT discussions which could have tremendous developments are presently in session between members of what the British Common wealth of Nations. They are highly significant talks because on their outcome rests the future of India, and perhaps the British Empire.

To ask the ordinary person what India Canada to the Commonwealth of Nations would draw quite considerable attention, or perhaps a straight blank reply of I don't know. Many Americans in the States did cling to the old idea that we are a vassal of Britain. Nothing irritates us more than to be considered a colony, yet that idea is widely held.

There is no written constitution binding Canada to the Commonwealth of Nations. In fact the only real tie seems to be a common knowledge which we regularly pay homage by singing God Save The King. But there is more than a devoted woman's in our relationship. There is our historical heritage, common language, common legal ... parliamentary ... democratic ... and ... ideals ... because both became they still to the ... of democracy.

The problem at the conference is to seek some arrangement wherein India may remain in our ... as a republic independent of the king ship, and still remain in the Commonwealth based independently on its common kingship. If the ... cannot be reached India may cast adrift out side the shattering arm of the Commonwealth. There are indications that Commonwealth ... wishing for just such an eventuality.

We will hope for the Conference's success. The implications are too serious to think of a failure.

Farming Notes

... the Provincial Department of Agriculture

Moss Hoe Needed

Lacombe has one heritage have stopped badly during the first three months of this year the snow is got cold here across the dominion than for the corresponding period of 1948. The mean ... collected ... the gauge ... province. A recent issue of the dominion department of ... reminders ... report ... of 35 per cent ... in Saskatchewan, 40 per cent in Alberta, and 15 per cent in Manitoba.

A J. Chesterton, live stock supervisor draws attention to the seriousness of this situation and warns all the province's farmers to stress ... to the production of coarse grains have ... to be conserved, he says. Winter conditions ... pile up rapidly and bring a number of the problems familiar to all. The first grass of the ... started the barley and fall rye ... with Peace River ... a trend that seems to spread.

Just an excuse to the supposition that Canadians buy producers more than they sell for filling the 1949 lumber agreement with Great Britain. Every effort should be made to meet our obligations. Competition is growing, and we have to prove to our customers that we can meet our requirements not only in quality and price, but in continuity of supply.

Care of Stunted Chicks

During the war years the sale of started chicks by commercial hatcheries was practically nil. This year has seen an almost unbelievable change over it. W. Travers, Alberta's poultry commissioner, advises that hatcheries have now available the better brooding equipment and as ... customers are encouraged to purchase started chicks in place of day old chicks. Started chicks say Mr. Travers are more reliable that have been battery brooded for two or three weeks.

Farmers purchasing these one or two week old chicks should expect every precaution with them. They should find out the route and brooding temperature at which they were reared and follow it closely. Chilling must be avoided, temperature at hover must be eight degrees warmer

Ad. No. 49-522

This week many thousands of Canadians will be reading the story told in Imperial Oil's annual report. It is a story of how, to meet your needs, Imperial last year found more crude oil, produced more crude, transported, refined, distributed and marketed more oil and products than ever before.

To do this we had to spend a lot of money. We must see recovery over thousands of square miles in the search for new oil fields—and we found new oil. We built new ships . . . new pipe lines . . . new refineries . . . new bulk distributing plants . . . and a host of other things. Again last year we spent more money than we earned, but it was an investment in Canada's future as well as our own.

We raised most of the money we needed by borrowing and by selling three of our major investments, the rest was earnings put back into the business after meeting dividends.

On the year's business we made a profit of less than a cent a gallon on products sold. This amounted to 4 and 9/10ths cents out of each nine dollars we received.

It was a busy, successful, interesting year. When it began we were sometimes hard pressed to meet all your needs; when it ended supplies were assured. A new era of discovered, making Canada less dependent on foreign supplies; new equipment added, helping to serve Canadians better with the products they need.

Keeping you all in a big job—and a costly one.

If you're interested in facts . . .

1960 set new records in all phases of Imperial Oil's operations.

If the wells drilled by the company to find new producers of oil in Canada during 1960 were placed end to end they would total 163 miles.

New large tankers were added to the company's fleets. Our Lethbridge pipe line was extended to Vancouver, and plans are announced for a pipe line from Edmonton to Regina. A $14 mill here started more than 150 000 new barrels of crude oil and products.

Imperial's capital additions amounted to an average of 136 027 barrels per day, a new record.

Sales totalled 1,819,000,000 gallons. On its operations the company earned $16,073,162—a profit of 93 .05 of a cent per gallon for each of the 1 819,000,000 gallons sold. From its profit the company returned $ 11,988,977

Calf Show Broadcast Over Radio

Various phases of the Cattle of Alberta Calf Classic show and are here on June 11 will be broadcast over radio station CKUA. This was the definite word given by a board of trade promotion Friday night when the matter was discussed at the Church Hall Tuesday evening.

Though not all of the details pertaining to the coming show and arrangements are completed, enough has been done to say that highlights of the various judging contests, the board of trade manager, and the sale itself are broadcast throughout the province.

Mr. Lavender stated that the program was being handled in CKUA in connection with their general policy of encouraging and publicizing various agricultural developments and events in Alberta.

Reports of the various committees in charge of 1949 projects were given by the respective chairmen. G. T. Jackson stated that estimated costs of signs for the highway approaches to Lacombe and the various entrances to the town had been reviewed, and action on this matter will be taken immediately.

Paint Up, Clean Up

An aggressive campaign to paint up, clean up, and fix up the town was promoted by committee headed by Mr. Mrs. Rose. The sum of $25.00 maximum was voted to the committee for the purchase of banners, shields and streamers to urge residents to give their property a thorough spring cleaning. It was not expected that a ball building in Lacombe would be painted by the mayor in connection with this campaign, although Mayor Wilson, who was present stated that if the businessmen would start a ballday, he would be interested through the council.

Other matters which were discussed in the regular meeting were the publicity campaign along the highway approaches to Lacombe which was outlined by committee chairman Gordon Sweet.

Kaplan Student Service

The indigented medical services plan now available to residents of Lacombe, was explained to the commun by G. T. Jackson, and further enlightened by Dr. D. McEachen and Mrs. C. E. Todd. It was pointed out that a maximum of 100 suppers is now likely to sign contracts before the medical benefits could be obtained per day with fee. Todd is taking applications locally.

It was decided that the next open meeting of the board of trade should be held on Tuesday, June 7 at 8 p.m.

Devastating Fire Sweeps Clive in Early Morning

The residence of Harry Williamson, and all household effects were completely destroyed in a fire which swept through the building at Clive about 4:00 a.m. Thursday morning.

Mr. and Mrs. Williams are in Calgary at the present time and the house was vacant at the time the fire started from unknown causes.

A neighbor, Bob Scanlon first noticed the smoke and immediately turned in the alarm. The telephone exchange rang all the phones in town, but the fire department was rung to frame the page here.

By the time potential firefighters arrived on the scene the fire had gone too far and little could be done except watch the inferno, and try to control a grass situation.

Mrs. Forward, a friend, stayed in the house with the children.

Oiling Streets, Laying the Dust Subject at Meeting

Dust, a topic of conversation and criticism in Lacombe each spring and summer was brought to the fore at the spring meeting of the board of trade meeting on Tuesday evening when Mr. Mrs. Stolzel threw had been made, apparent to the council regarding the oiling of streets in Lacombe as a method of combatting the dust problem.

He stated that a carload of proper road oil had been ordered and that as soon as the dust streets could be worked and the road bed was soft enough to oil. "We have to have hot weather however before this oil can be used," he told the meeting, and as soon as we get it, we'll get right on the business streets quickly."

Dusting with the oiling of rear residential streets, the Mayor pointed out that it was financially impossible to oil the 12 miles of streets in Lacombe.

However, he did mention that the lanes and residential roadways be sprayed on so many of the non-dusted streets as possible.

Good Ball Season is Planned

There were two more meetings held amongst the boys in the last couple of Sundays, in the Lacombe baseball club with those interested in practice in control.

Enough players turned up to have a practice game and another practice game possible next week, as Dougle the local secretary said.

Now schedule in Mr. Mrs. Mr. Mrs. Mr. Mrs.

Mr. and Mrs. Morris Wright and family of Edmonton were week end guests of Mr. and Mrs. Don McLennan.

Mr. and Mrs. Fred Jackson of Calgary were week end visitors of Mr. and Mrs. G. V. Jackson.

School Hi-Lites
by Robert Wright

A high school picnic held at Gull Lake on Wednesday of last week was enjoyed by all the students as the result of the efforts of the high school instructors at the time.

A weekend and a number of canoes of students and teachers left Lacombe shortly before six to arrive at the Lake for a supper of games of ball before supper. Bentley's band school was also invited and about thirty pupils from there were present.

Later on in the evening, the Gull Lake hall was the scene of a dance, which was interrupted by a heavy rain on the beach. The party finally broke up at eleven o'clock.

Pinebrook

Softball is the important activity at the school now, with practises being held regularly. Marshall is also being pumped this week by many of the boys.

Wolfville

WOLFVILLE Mr. and Mrs. Ralph Samuelson and Dorothy attended the wedding of Miss Muriel Ward and Cliff McDowell at Edmonton on April 23. Congratulations to the newlyweds.

Mr. and Mrs. Dalton and Fred and Mr. and Mrs. Glen Burns were visitors last Sunday at the G. C. Bentley home.

Several from our midst attended the funeral of the late J. D. Stewart, Parkie Forest district, on Saturday last at the Dakota church. To Mrs. Stewart and all the family we extend our sympathy.

DALE HOME

The Dakota F.U.A. held its monthly meeting in the basement of the church last Thursday evening. W. C. Gordon, the district agriculturist at Ponoka, gave a very interesting talk pertaining to soil conservation, including the [illegible] of summer fallowing.

Mrs. P. Dalton returned from Edmonton last Thursday, where she had accompanied her mother, Mrs. McCaig, for medical treatment. Mrs. McCaig is now a patient in the Lacombe municipal hospital.

The Lochaven F.U.A. and F.W.U.A. met on April 26, at the Sam Avery home. Their next meeting is to be at the W. J. Leighton home in the Dakota district.

Arnold Schilling is helping on the R. O. Samanon farm at present.

A non-denominational Sunday school was conducted at the school last Sunday morning.

There's to be a dance at the Orange hall on Friday night. May 6. Everybody welcome

Mr. and Mrs. C. Gratrix and sons visited Mr. and Mrs. G. C. Archibald last Monday night.

Miss Eden Lambert, who has been attending Concordia College, Edmonton, during the last term, has been a beneficiary patient at the Ponoka municipal hospital recently

THE MODERN WAY

Coldness and ugliness have no part in the modern funeral service. Soft, warm shades replace somber black, modern conveniences, the discomfort of earlier days. The modern way is to lighten the grief of those left behind . . . not to add to it. Quiet dignity, beauty, warmth, loving care — characterize our service.

THURSDAY MAY 9 1940

Know Your Colors

A BAND of young boys marching in a unit on the Lacombe cadet corps are worthy of more attention from Lacombe residents. Each Thursday this group of boys in their uniforms have turned out faithfully to regular parades.

The lure of an hour each Thursday, contemplation of the tempting grown up things parades. They are not, as many of Lacombe and district remember, a new thing on Lacombe's last week parade marchings to have the boys with their uniforms appear. They are an easy responsible the nineteenth youth cadets of Germany in the late 20's when masses of citizens—young, old, male and female—were moved by scores of their leaders. There is no effort to advocate male lube stew as the means of our youths.

The vast network of cadet training units across the dominion gives each Canada with a golden lad hour of young men with some military experience. They are not organized volunteers, the would see want them to be, but they do have a sense of the fundamentals of the art of war. More noteworthy than these the value of discipline, understanding and good citizenship. There are several cadet units in Canada and there is reason, we hope will not be necessary to make them good warriors, but of make them good peace lovers.

The coming May 24 a parents night will be held at the Lacombe school. It is being held to give parents some idea of what their sons have been learned at their winter long parades. A medical examination will be held in all residents to be on hand. A nine program has been arranged and it should be an attractive evening.

A Pill, Please

THE tattoos travelling medicine man of 60 years ago who used to stand on the soap box and sell his cheap bottled cures to a gullible public is back again in another guise. The medicines of those days usually consisted of a little colored water and when doing the good they often caused some harm in peddling legitimate treatments. Today according to a report news report the United States is combatting a serious menace of quack medicines on the market which in vendors claim will give relief to patients suffering certain ills. The more unscrupulous they make the claims the more people believe it, stated

It is hard to imagine supposedly intelligent persons today who are better educated in medical advances than ever before falling for such and fantastic of some of the 'stuff' operators. Here is a sample creation of a dare devil who somehow which is supposed to be filled with water supposed to cures rays. It merely bolsters the patient allegedly absorbs the tissue and blood vessels, appears reminiscent of

Here is the temperament of a medical minded people today. Those who are desperate will try anything. Those who are desperate enough to resort to of a particular disease jump to the conclusion they have that illness. Perhaps the public a new conception of its health. Non-essential medicines, have a legitimate care for

Farming Notes

From the Extension Department of Agricultural

Inspire For Brood Sows

Although the prevalence of swine dysentery in Alberta has been known for a long time, requests are still received regarding the cause of pigs born with their feet and ends a swelling on the throat. A [illegible] gathered litters in a new crop of sows soon after farrowing but Dr. L. H. Gilbert, Superintendent of animal research Department of Agriculture, Research on that page need not necessarily be harmful to the sow, but suffers from lack of iodine. If only a portion of the [illegible] of iodine needed a sow will show no ill effects or visible [illegible].

Dr. McGregor says that boosting selected will be the new throughout the province a period of at least seven years when the cadet problem. In areas where average necessities are necessary the following suggestions might be followed. In a few of these are with a light but a modern [illegible] of potassium iodide in one gallon of water and sprinkle one teaspoonful of the solution for each head for each sow once a week throughout the [illegible] period.

Prevent Mink Losses

D. B. Foster, fur farm supervisor Alberta department of agriculture, says that much losses through feed poisoning run into thousands of dollars each year particularly during the summer months. With high feed costs and unsettled market conditions it is very important that the fur farmer every care to prevent losses.

Cleanliness is the best means to prevent disease. Disinfect all utensils, pens and feeding feed boards regularly and use care in the hand ling and refrigeration of feed supplies. Tainted or sour meat and fish should not be left in pens or around enclosures. Prepare the rations fresh for each day's feeding, and clean up regularly removal of the previous one's feed.

A regular check [illegible] of the breeding stock is essential to control [illegible] and parasites. Incorporate preventive measures in the routine management programme just into effect.

Certain types of [illegible] prevention are laborious to undertake all infected mink should [illegible] the destruction of the [illegible] of any carcass.

Reflection of the Times

Peace River Industries

The Peace River country and its adjacent areas do not have all their eggs in one basket. The income of any [illegible] although based on agriculture is derived from other sources, mainly primary, such as lumbering, trapping, fishing etc.

This fact was emphasized last week with the opening of the fishing season on Lesser Slave Lake when it is estimated there is for millions pounds of fish were handled by the fishermen and mainly consigned to the United States markets. The revenue derived from such production by the government, fishermen, truck lines, railroads and shippers provide a valuable share of the country's income and to mention the value of [illegible] dollars value in that country [illegible]

Peace River Herald

From The Files of The Lacombe Globe

Five Years Ago

Little more than half of the objective of $300 still has been made in Lacombe district contributions to the Canadian Patriotic Fund campaign.

Native of Ireland by birth as published by the Town of Lacombe calling for the closing of [illegible] establishments at 12 o'clock p.m. on Wednesday and at nine o'clock p.m. on every Saturday in the year except the months of January, February and March when they shall close at 6 p.m.

Lacombe school board estimates expenditures this year is $35,420 compared to $33,300 in 1940. The rise in [illegible] values is responsible.

Ten Years Ago

A Lacombe [illegible] and game association [illegible] was formed [illegible] with [illegible] Ed. Bell as the first president.

[illegible] Shaeffer of Red Deer [illegible] of district [illegible] at Lacombe.

Visitors at the home of M. and Mrs. J. Lang on Sunday included Bob Long Robbie and Babe Swetlon.

Assess Your Seedbed . . . Increase Crop Yields with a MARMAN TILLER . . .

Agricultural authorities agree that the most important single factor in increasing the acreage yield per bushel sown is the supply of air in the soil. This is true because air helps to promote the growth and development of nodule bacteria in the soil and because a better assortment is the end of all tillage tools.

In Tilling the land of the Marman TILLER the large relatively loose areas a large amount of air with the soil as it is pulverized. As the mellowed soil settles back into the ground, a soft seedbed results and the air particles subsequently mixed with the soil. The Marman TILLER produces a seedbed which contains a maximum of these other standing through the whole season. The overpacked layers of tillages in the confined pressures shoulder, bottom, plow growth, and loosened crop plants.

This is only one of many reasons why a Marman TILLER makes better seedbeds. Let us tell you more about this efficient, time-saving tiller. Drop in and get full information.

Eckville Ratepayers Vote For Inclusion At School Meeting

Pursuant to the Lacombe school division's decision to include the Eckville school district within its jurisdiction, a ratepayers meeting was held in the Eckville school house last Friday evening.

More than 50 ratepayers attended, and took part in the lively discussion. Lacombe school division superintendent R. V. McCullough and divisional trustee Arch Riggins were also present.

Presiding over the meeting was J. H. MacDonald of Eckville. W. H. Hills, the Eckville school board secretary, recorded the meeting in his minutes.

After over two hours discussion a motion was made that the Eckville school district be included in the Lacombe school division No. 98, and it was carried almost unanimously.

Erale Stauffer

last harbor payday you've probably looked at what's left of your wages or housekeeping money and said: Where does the money go? The company must ask the same question, and each year pro- vides the answer in its annual report.

The dollars you received last year—for gasoline, kerosene, fuel oil and other products—went this way:

Crude Oil and other raw materials we needed to make the products took the first dollar above. Depending on where you live and may have come from Arabia, Iran, Iraq, Kuwait or Venezuela in the United States in Canada only Alberta produced crude in quantity.

Manufacturing and packaging came next—complex and intricate refining operations in our search to make the best use of oil products which find thousands of uses in our homes and industries, on our highways, in the air and on the sea.

Transportation was the next big bite—products had more cost while ocean to serve all communities in Canada.

Marketing was fourth. Marketing pro- vides the products you need wherever you live—grocery, hotel and lubrication fac- tory, farm and home. Marketing ex- pises that local businessmen, the dealer and it puts a fuel oil user, bought oil in your tank!

Taxes to provincial and federal govern- ments absorbed 7.06 cents. And this does not include gasoline tax, which—demand, you on where you live—takes from 22 to 36 cents out of every dollar you spend for standard grade gasoline.

Profit was 4.9 cents out of each dollar you spent. This is also you paid those cents to shareholders and dividends. The rest were used —together with a lot more money we bor- rowed and still more obtained by sales of investments—to help meet your increasing needs for oil

IMPERIAL OIL LIMITED

Globe Classified Ads Bring Results

Our readers have had an unfailing faith in them as an aid to buying and selling. Have some thing to sell, why not ad- vertise it in The Globe's Classified columns. It costs you more, but results are more than compensate. Go to the phone, 5 cents a line minimum, 3 cents a line subsequent, 3 cents extra charge, 25 cents. Min- imum charge for Classified ads. Card of Thanks, $1.00. Bolded type double. No extra.

Radio Station CKRD Broadcasting Daily Over 1230 KC

Radio Station CKRD is now operating their program from its Red Deer studios over 1230 kilocycles.

The official opening was held at the Buffalo Hotel on Saturday April 23 and manager Gordon Burns and his capable staff of helpers are to be commended on getting the necessary wires and broadcasting as on short a time.

Many congratulatory messages and telegrams from the station it is possessed on 250 watts and has the capacity to broadcast on full power with a 1,000 watts as soon as Statistics can be brought.

The following advertisers are enjoying a Central Alberta radio station. Radio officials plan to develop home talent and pub lic in the district with local news reports.

Anticipate Good Sale of Bulls in Town June 2, 3

Another encouragingly good bull sale is on there for Lacombe and district again this year when the two-day annual auction opens in the town on June 2 and 3.

Last year 320 bulls were put through the sales ring at an average price of $270 so this year, the entry list is down slightly to about a hundred, a better number of 200 finds offers in hope the buyer, quantity will be more than made up in higher quality.

A Few Pennies

In addition to the 200 bulls there are 25 females entered on the sale list. Records the breeds shown at Barrhead, 140 bulls 14 females, Aberdeen Angus 7 bulls 1 female, Shorthorns 20 bulls 1 female.

The catalogue which is now being prepared by the Globe contains an impressive list of bulls which should bring top prices. There are several that could easily be top cover $1,000.

Students Start Work On Publication Of Annual School Paper

Students of the Lacombe high school have been busily engaged in writing and editing the notes for the school's class page which will be published with The Lacombe Globe.

Pictures of the various groups have been taken, and it is expected that the school page will appear as an extra supplement in The Globe early in June.

Growth of Rural Electrification

WITH the virtual completion of the Blindman River rural electrification project last week another 200 more farms were added to the growing list of those enjoying and enduring the advantages of power on the farm. These farms are located mainly south and west of Lacombe serving the districts of Eagle Hill, Bentley, Spring Lake, Eagle Lake, Sylvan Lake, Bentley and Lacombe. The area includes approximately a large area of some 288 square miles, and practically 50 per cent and 60 per cent of all the resident farmers have come on to the new electrical service.

In addition to agriculture operating out of Lacombe, many of the business establishments and farms in the entire territory have had the benefit of three months power experience on a by no means short-term basis. They report with pardonable pride that light bulbs do not burn from noon to midnight as the law says they must, when the main electrical fountain-head might be almost the last of the lamps to be turned on, and a little earlier.

This entire power organization operating out of Lacombe is also responsible for the construction of power lines in the Coronation and Three Hills districts in the east, with a membership of 400 and the second in the Province with a total membership of 1,000. These two power schemes have been financed in Lacombe over the past twelve months to ensure maximum coverage of rural electricity for this territory. No other section of the province enjoys such a power development. Advantage in the latter have governed the two power schemes to be located in progressive communities during 1949.

There are some determining effects of the wind which are not seen, and often little considered. Perhaps the most devastating of these is the increase in evaporation and drying. There are plenty problems facing today's farmer than that of wind erosion, along with its entire concomitant, soil removal. But the cold fact is that wind is responsible for the soil coverings by dusty crusts, a dust-bowl and bare crop growth. The cost of wind erosion is experienced this calendar year but too many years ago because farmers neglected the soil, apparently some others had acted on the theory that it was "nobody's business" but their own. Wind erosion is taken, practically, like soil conservation, as a concomitant idle waves pounding upon the shore. That is the reason today's farmers are being advised and encouraged to build shelter belts to protect their moisture-carrying stubble fields.

Unfortunately we in central Alberta have little to worry about under dry effects, although the danger is always there. The wind is not a serious deterrent to soil conservation in this area. Nevertheless other districts who'll annoy us all. They're the gusher who pushes the brooms down the dusty street. There's the fine housewife who delights in shaking from the bedroom the night dust-cloud of the previous day. And there's the car, the motorcycle, the truck or tractor driver who, in passing, leaves behind a cloud of dust that will not settle for hours. Then there's the pedestrian who, in crossing the street, raises a cloud of dust that will not settle for hours. Then there's the pedestrian who, in crossing the street, raises a cloud of dust that will not settle for hours.

Communist Victory?

THERE are many disquieting reactions from Western circles over recent developments in China and their effect on world power. One of the most disquieting reactions is that of India. The United States of America has been while the Chinese Reds lead battle, lost no time in later to conquer.

There is no need to underline these latest triumphs of Communism in China. The Western Powers would, under any circumstances, have to reconsider their policies in the light of recent events, but the fact that the whole of Asiatic China is now dominated by Communism has profoundly altered the whole picture. Many people will be inclined to think that the Western Powers have definitely lost the struggle for Asia.

The United States is hardly prepared to support the Nationalist regime with more troops and armaments. America cannot risk another war, and the people have just had all such ideas driven from their minds. Although propaganda will be used, it will be ineffective.

Now that the Communist forces have gained victory, they may wallow in defeat. It will be their job to consolidate the gains of hundreds of different Chinese factions, in an attempt to let China out of the dangerous position it is in to-day. The civil wars, of their political existence, will probably last as the task of at least the next decade. Millions of people, whose interests are of the utmost may be no longer given for a hero as roughly as Communists. The Communists must not let China down or they may risk the Communists

I'll Huff . . . And I'll Puff . . .

IT will be to believe some of the old timers in Lacombe is getting more wind than it used to. Many old timers, who have commenced on Alberta's increasing wind, and it could be that the country is changing and becoming windier than it was. In some ways it does the opposite, when the wind is at its worst, however, and it a doubting of some of the experiences of the old timers is getting than any other.

There are some determining effects of the wind which are not seen, and often little considered. Perhaps the most devastating of these is the increase in evaporation and drying. There are plenty problems facing today's farmer than that of wind erosion, along with its entire concomitant, soil removal. But the cold fact is that wind is responsible for the soil coverings by dusty crusts, a dust-bowl and bare crop growth. The cost of wind erosion is experienced this calendar year but too many years ago because farmers neglected the soil, apparently some others had acted on the theory that it was "nobody's business" but their own. Wind erosion is taken, practically, like soil conservation, as a concomitant idle waves pounding upon the shore. That is the reason today's farmers are being advised and encouraged to build shelter belts to protect their moisture-carrying stubble fields.

Unfortunately we in central Alberta have little to worry about under dry effects, although the danger is always there. The wind is not a serious deterrent to soil conservation in this area. Nevertheless other districts who'll annoy us all. They're the gusher who pushes the brooms down the dusty street. There's the fine housewife who delights in shaking from the bedroom the night dust-cloud of the previous day. And there's the car, the motorcycle, the truck or tractor driver who, in passing, leaves behind a cloud of dust that will not settle for hours. Then there's the pedestrian who, in crossing the street, raises a cloud of dust that will not settle for hours. Then there's the pedestrian who, in crossing the street, raises a cloud of dust that will not settle for hours.

Farming Notes

Care of Beardy Hens

Keeping hens may be trouble at any time during the long general but boredom is more frequent during the spring and early summer months. C. W. Upton, poultry commissioner, Alberta department of agriculture.

In the average poultry flock the female hen is a genius at boredom and the most frequent is to treat her exceedingly. He must keep a watch the hen that does not. Then he will not have to take their course and all broken hens with the results over-production, under-production and a hen is entirely unjustified.

Emma Herald

Reflection of the Times

Water and Sewage Extensions

Recently the council of the Town of Lacombe was faced with a development of considerable unfounded water and sewage facilities in a certain section of the town. In approving what the Lacombe engineer said and sometimes also in rejecting what their engineer advised, the council was attending the required location.

The same situation could develop in Rimbey, where this summer a sub-division is being opened up for settlement. Naturally, all properties in the town cannot be brought under the water and sewage lines that are to be laid out. But the question must be well in hand. Otherwise the town will be a heavy demand on the water facilities and the sewage system.

The Rimbey council is to be commended for its foresight in having surveyed by water and sewage but at the moment this is only a recommendation. The council is not going to be able to do anything about it. Rimbey is a town that is growing and the council is not going to be able to do anything about it. Rimbey is a town that is growing and the council is not going to be able to do anything about it. Rimbey is a town that is growing and the council is not going to be able to do anything about it.

Children's Bathing Suits 15c

1909 Prices Would Make Todays Thin Wallets Fat

The gay cares to light the event when F E McLeod, postmaster-merchant in Lacombe when a cradle and he became to H. A. Lendi were across a book and hunting in advance fireworks in the old Western Globe Lacombe born in 1909 1910 and on.

It was on August 17 1909, that Mr. McLeod's first ad appeared in the Lacombe Globe. It was a

Antagonized by northern chain stores, the old storekeepers started a price war and a get-rich-quick bargain sale that lasted for 3 months, with such slogans ads as these:

Men's all wool underwear, Mr. Lowe's early advertising, were After Supper Suits—with side drawn lining sold at reduced prices starting at 1 p.m. Saturday evenings.

Most astonishing bargains—in men's suits, neckties, caps, gloves. A lot of white has thrown amongst the lot which every bathing suit in stock—Ladies' and Gents' for choice. This price was at Saturday in August just forty years ago.

Big-arm shoes for women—complete with buttons or laces sold for $3.00 a pair in three good styles. Mens 1 inch soles pr-cent shoes obtainable at $1.25 per pair

Women's sweaters could be purchased as low as $1.75 each. A wool sweater was obtainable as low as little as 50 cents, although big grades ran as high as $1.25.

Men of the district will turn an envious eye back to 1909 prices when white stiff hard shirts, starched and a sale price of 69 cents each.

Worn wool gloves went to customers for 25 cents a pair, and heavy wool shawls for women sold at 69 cents.

Larger items, such as men's overcoats were marked down to half as $12.50 for the best heavily lined with wool tweed, but other moderate-priced models sold for $8.50 each.

Plan on Expanding Parkland Facilities For Tourists to Canada

Federal government will spend approximately $6,000,000 during 1949 in improving roads in national parks, according to information received by officials of the Alberta Motor Association.

Many registrations of motorist parties last year numbering 1,700,000, have been reported and it is believed that the volume will be increased this year. This has been indicated by a marked increase in the number of enquiries received by tourist and travel agencies.

If every man were his own bank...

SUPPOSE you had to cart cash around to pay your bills. Pretty risky business. Hard on shoe leather, too.

You don't do it that way, of course. Like everybody else with a bank account — there are seven million of them — you simply get out your pen, write cheques and leave all the bookkeeping to your bank. That's the modern way . . . easy, simple, safe.

Handling and recording your cheque transactions is an important job. Your bank must do it right — or a competing bank will. You'll see to that!

Suppose there were no competition . . . Could you expect the same efficiency, courtesy, rightness to earn your goodwill?

Bank monopoly of funds would reign and competition and would open fatal doors to the ego of the man added.

Town Rose Tenders Into "Wizard That Bends"

School District Accepts Inclusion in School Division

Lacombe school board passed a resolution, with certain provisos, to be included in the Lacombe rural division, at its regular monthly meeting on Tuesday evening of last week.

As reported in The Globe, the provincial board passed the resolution leaving the establishment of the two bodies at a meeting held in the secretary's office in [illegible]

[illegible] proved the merger offered up several things that came from the department of education at Edmonton. Following the chat, the amalgamation bill to parliament for the perusal and approval of ratepayers.

The school board's meeting session passed last week is only just "in clarification of the opinions and capital expenditures" as it requests the board.

To clarify this position, school board chairman J. S. McCormond and trustee J. R. Morrison were appointed a committee of two to meet with a delegation from the school division as order to further discuss the proposed merger

CLOSE ADVERTISING PAYS

Many Lacombe Pupils Graduate From University

Several Lacombe University students together with their parents have been busy entertaining their many friends during the past week-end in Edmonton.

The convocation was held Tuesday and many honored students were conducted in the largest graduating class in the University of Alberta's history.

Among local graduates the pride goes to Lacombe's own Clarence C. W. Bergelt of Rimbey. Mr. D. B. Rose of Lacombe, Bob Martin of Lacombe, Ernest Hawkesworth of Lacombe.

B. B. Cohen diploma; Mary Bremner of Lacombe, Junior Optometry. Miss Lacombe, Clarke of Alix, James Hansen of Morse, Bachelor of Science in Pharmacy. Fred Tracy of Lacombe.

In the award prize list released from the University of Alberta yesterday, graduating group, it is learned that D. H. Wilson of Clive has been awarded a bursary.

D. H. Wilson was awarded the 7th Baron Company's gold medal in economics and also the Bell Telephone Company's gold medal in economics. Another student student C. R. Parrot of Bashaw won the Alberta bursaries of the Association of Chartered Accountants gold medal.

Fairview

FAIRVIEW. The Fairview ladies' aid was held last week at the home of Mrs. Ben King. Mrs. Thorn of Red Deer addressed the meeting outlining the work of the W.A. Mrs. Wig paid a visit to Lacombe.

The tea held by the aid at the Church Hall was well patronized, and a substantial sum was realized.

Mrs. Ogilvie entertained for Sunday supper Mr. and Mrs. Lawrence and John and Mr. and Mrs. Vern Flewelling and family.

The people of Arbordale school played last night at Hillsborough but the Hillsboro people won by a substantial margin.

Overnight guest at the Lawrence home last Friday was Mrs. H. Bogue of Edmonton, instructor of the Lacombe art class.

AROUND THE TOWN

Mr. and Mrs. William Anthony of Clive on a visit to Mr. and Mrs. Lawrence Wanless also on Sunday from Bashaw.

Miss Jessie Pedlar of Calgary spent a week end visit at the home of her parents Mr. and Mrs. A. A. Pedlar.

Mr. and Mrs. A. M. Powell attended the graduation exercises of the 1940 class of nurses of the University hospital on Wednesday evening. Miss Josephine Powell graduated.

Miss Eunice Wilkinson of Calgary was a week end visitor at the home of her parents Mr. and Mrs. J. A. Wilkinson.

Mr. and Mrs. George Moore of Calgary were guests at the home of Mr. and Mrs. W. A. Moore on Monday.

Miss Jessie Prescott and brother, Mr. Harold Prescott of Calgary, visited many Calgary visitors on Tuesday.

Miss Helen Harrison of Edmonton spent the week end with Miss Jean Brownlee of the Normal School.

Mr. and Mrs. Bedwell Warren of Calgary are removing old accommodations to town this week. Mr. Warren is a former school principal here.

Four Point W. I. In Lacombe Has Good Attendance

The Lacombe Four Point W.I. met at the home of Mrs. R. W. Simpson on May 11 with a good attendance of 13 members and 3 visitors. Roll call was answered by giving Mother's day quotations. One call was regarded by members. Mrs. D. Hall was appointed delegate to attend the Women's Institute convention of Alberta Women's Institutes, which is being held in Edmonton at the Macdonald Hotel on May 21, 22, 23.

A Care parcel will be sent to Pumpsie children and donations were made to the canteen fund at Lacombe M.R.C.

Dr. John McEachran gave a talk on health principles, especially food, air, sunshine water food and exercise.

The next meeting will be held at the home of Mrs. Wilson Orth on June 8.

Construction of New High School Proceeds Quickly

...continued from page one

...ts entrance are being made on a ...ously sunny, hard-working, ...ge looking and industrious.

Address all local bugs in being employed and Mayor John Bosch wonders if demolition, also a change of construction work, that Thompson of Lacombe and qualified in building techniques, has been hired to supervise the job.

It is hoped to have the school ready for occupancy about January 1, 1941, and if the deadline can be reached successfully, it will be a boon to educational in Lacombe lodges the end of the south school semester.

Among Lacombe men who are working at the job are

Wilson Brown, Lawrence Fehr, Robert Bruce, Gunnar Nyhus, Allen Campbell, Jeff Luther, George Kary, Jacques Darnell, Charles Ross, Percy Rudd, Andrew Hauser, Bernard Horn, Ben Sundah, John Ward, Basil Brown, Gus Kary, Andy Simpson, Nels Hansen, Ernest Clifford Lee, Ross Thompson, Gene Fehr.

District Wedding Bells

MALONE—WYMAN

The vestry of St. Mary's Cathedral, Calgary, was the scene of a pretty wedding of local interest at four o'clock on Saturday, May 11, when Miss Joan Dorean, daughter of Mr. and Mrs. H. J. Wyman of Montreal exchanged vows with Mr. Wm. D. M. C. Malone of Lacombe, son of Mr. and Mrs. M. A. Malone of Innisfail and grandson of the late Hon. L. D. Maile of Calgary officiated.

Be...ants of spring flowers ...ere the background. The bride looked charming in a crepe afternoon dress with matching ...ccessories. She carried a large bouquet of American Beauty roses.

The bridesmaid Miss Mary Shed of Calgary, Alberta, chose a gold crepe afternoon dress with matching hats but the...carried a bouquet of tea roses.

Attending guest at the reception Mr. Gordon Sweet of Lacombe.

Following the marriage service, a reception was held for the guests at the Sun Room of the Palliser Hotel.

Receiving were the bride and the parents of the bride and groom. Mrs. J. K. Wyman, mother of the bride, looked charming in a sheer grey afternoon dress and a blue-grey corsage and hat, with a corsage of yellow tea roses. Mrs. M. A. Malone, mother of the groom chose a black crepe afternoon dress with matching hat and corsage of pink and white sweet peas.

The bride's table was centered with a three tiered wedding cake. The bouquets of pink roses and white sweet peas completed the table decorations.

Pouring at the reception were Mrs. Moore of Calgary and Mrs. Meany of Calgary. Friends of the bride assisted in the serving.

Father Malin proposed the toast to the bride.

Two who bless our House and I sum Thy Treaty were considered by Mr. Jack Hoare of Calgary, accompanied by Mrs. Hoare at the piano.

The happy couple left immediately after the reception for a wedding trip to the Pacific coast. For travelling, the bride wore a caramel beige suit with top coat to match, and a natural stone turban hat the wore a corsage of roses.

Big Close Preparatory to Vote

Enumerators Compile Voters Names For Dominion Election Next June 27

Enumerators all over the district have been preparing voters lists for the forthcoming dominion election on Monday, June 27. In Lacombe proper F G Robertson, J R Morrison and C L Hoppins have been completing the long list of names in section "K" Robertson is enumerator for the area south of 50 street, north of 52 street, west of 50 avenue and east of 52 avenue. Morrison is enumerator for all areas of the town east of 50 street, north of 52 street and east of 50 avenue.

These eligible to vote should make sure their names are on the voters list, so that they will be entitled to vote when election day rolls around. Here are some of the polls in the Lacombe territory of the Wetaskiwin-Lacombe constituency and the names of enumerators:

Experimental Station Rosemeath Plots Suitable For Hedges

The common experimental station at Lacombe has tested a number of plants suitable for hedges. Among those recommended are:

The common caragana, the Pekinese caragana, Amurensis caragana, native white spruce and the laurel leaf willow.

The caragana has a globe, foliage that thrives well, and withstands the hail and shelters of birds. Trees that withstand all within reason in Canada for western growers ensure growth and provide food at lower cost to many farmers in British Columbia and Eastern Canada to produce honey, eggs and other farm products to be

Government to Continue Subsidy On Feed Grains

The policy of paying [illegible] on western feed grains is to be continued until the end of the present crop year according to an announcement made last week in Ottawa.

The federal government in making this policy was influenced by the fact that the purpose of which was to prevent feed grains in parts of Canada for western growers ensure growth and provide food at lower cost to many farmers in British Columbia and Eastern Canada to produce honey, eggs and other farm products to be

Vernon Perrier, Former Joffre Lad, Dragged to Death

Name [illegible] Vernon Perrier was dragged to death and killed at his father's farm at Medicine earlier this month.

The Perrier's were residents of Joffre, before moving to Alsbrook, in 1941. According to reports, his boy was putting the cows to pasture with the reins and around his waist when the animal became frightened and bolted.

Besides his parents, he leaves two brothers and one sister. The sympathy of the Joffre community and surrounding district will go to the family in their sad and unexpected loss.

It was the second such death in a month, note you old Orem Stevens of Nova Scotia having been dragged by a horse and killed on his parent's farm last April 24.

LESS AUSTRALIA WHEAT

A revised estimate of Australia's 1948-49 wheat crop places production at 190 million bushels some 30 million below last year's crop of 220 million. Probable disposition of the crop allows for 65 million bushels for domestic requirements, 16 million to be retained on farms, and a carry over of 18 million bushels.

SERVING CANADIANS THROUGH CHEMISTRY

"Chemistry?"

IT DOESN'T MEAN A THING TO ME!"

If you were a farmer it might seem that way at first glance. But take another look!

These fine crops, which mean so much to Canada's health and economy, often depend upon chemical fertilizers. Weed and pest destroyers, orchard sprayers, are but a few of the services that chemical research extends to agriculture.

Through good times and bad, the chemical industry plows a straight furrow, ever moving forward to create better things for farm, industry and home. Look to chemistry with confidence for a finer future . . . and to the C-I-L, coat symbol of an organization devoted to serving Canadians through chemistry.

"I was amazed at how easy Kem-Tone was to take and to put on. It spreads like magic!"

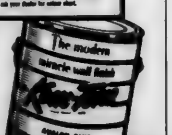
Says MRS. LAURIE G. GORHAM
"Kem-Tone dries so quickly and evenly that it leaves no brush marks. Our whole house was finished in one day!"

Kem-Tone
IS really amazing!

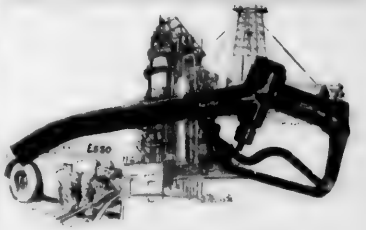
$4.95 IMPERIAL GALLON
Use gallon of Kem-Tone paint, when delivered, under 1½ gallons of Kem-Tone finish. This means that your actual cost of Kem-Tone per gallon is $3.30
MAIL THIS COUPON TODAY
[illegible] us your name for colour chart.

You, too, will be delighted with Kem-Tone . . . with its ease of application . . . its beauty . . . its fast drying, no odour features. Kem-Tone is not a water paint . . . it is a resin and oil finish that goes on without fuss or mess. Remember, Kem-Tone and only Kem-Tone can offer you ALL these advantages.

1. Covers over surfaces — wallpaper, plaster, painted walls, plywood, brick, etc.
2. One coat only covers.
3. Dries hard in one hour.
4. One gallon does a large room.
5. No disagreeable paint odour — can be used the same day.
6. At hand, durable, washable colours.
7. A pleasure to put on — spreads like a charm.



Kem-Tone



These's a big investment behind the gas for every car

Finding oil and bringing it to you — in the kind of products you need, and at low prices — is a big job and takes a lot of money. Behind that dependable supply are thousands of Canadians engaged in finding, producing, transporting, refining and marketing — working with tools that cost hundreds of millions. But the investment in these tools is your guarantee of adequate supply and minimum price.

FIRST, the oil must be found. This means expensive equipment and the risking of money in patient search. A single deep test drilling rig is worth half a million dollars and one unsuccessful well in the Alberta foothills has cost more than a million. Then when oil fields are found, they must be developed, just to drill and equip one well in the Leduc field costs about $100,000.

SECOND, crude oil must be transported in a refinery. Tank cars, pipe lines and ocean and lake tankers are the vehicles. A large pipe line may cost $100,000 a mile. Imperial's largest tanker, just put into service, cost more than $6 million.

THIRD, the crude oil must be refined into hundreds of useful products. Large and complex refineries are the workmen's equipment here. To meet your increasing needs for more and better products Imperial steps the vast [illegible] refining capacity to process an extra 31,000 barrels per day. The cost was more than $30 millions.

FOURTH, the products must be marketed — that means they must be made available to you when and where you need them. The tools of the marketer are such things as service stations, truck fleets, coastal ships, barges, oil drums and tanks. This equipment, too, adds up in millions.

Canadians are using twice as much oil as in 1939. To help meet your increasing needs Imperial has [illegible] and found new fields, built ships and pipe lines, erected new refinery units, installed new marketing equipment. It costs more than twice as much to do these things as before the war.

The money we needed to do these things came from borrowing, from the sale of investments and from earnings put back into the business after paying dividends.

This money is helping to provide the tools to bring you all the oil you need — at the lowest possible price.

Bringing you oil is a big job — and a costly one.

IMPERIAL OIL LIMITED

If you're interested in facts . . .

The price of a gallon of gasoline today is about the same as the price of a gallon of distilled water.

For years before the war the wholesale price of gasoline dropped almost steadily and although it has been caught in the general upswing of costs it has not increased nearly as much as other commodities.

Since 1939 the general wholesale price index has more than doubled but the petroleum products price index has advanced by less than [illegible]

On an [illegible] 1948 operations Imperial earned a profit equivalent to less than one cent a gallon for each gallon of products sold.

$4,000 Fire Loss In Dairy Pool Creamery at Ponoka

More than $4,000 damage was caused in a fire at the Central Alberta Dairy Pool creamery in Ponoka earlier this month.

The fire started in a refrigerator unit in the storeroom, and it took Ponoka firemen, using three lines of hose two hours to douse the building's blaze.

Bank of the Germans was robbed of $2,000,000 in bonds and stocks.

Average Price $1.3 Costs Pound As Fat Stock Sale

Gross receipts of [illegible] were realized from the 301 beef cattle put through the sales ring of the hot dirt auction barn on Wednesday of last week.

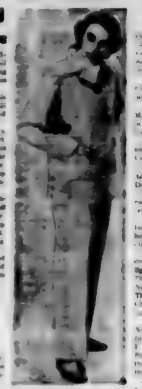
Total weight of all the animals accounted for 332,000 lb. This netted a good average price of 21.47 cents per pound.

Most of the 11 contributors sneaked from the Lacombe district, were pleased with the way prices went. The average is above the average market for the year, and so finally equals the absolute top market price for the highest quality beef stock.

Close supervision of the sale here was the comparatively small spread in price between the average and choice others. The top price paid was $22.50 per hundred, and only one cow failed to bring 21 cents.

Top price for the sale was paid by the Pioneer Meat Market of Lacombe who will sell this choice beef locally.

Fashion Canadian Style



Gold-tailed slacks and fingertip length white cashmere coat make an attractive year-round outfit.

Woody Nook

[illegible] Mrs. Parks entertained a party of friends gathering on Tuesday last in honor of Mrs. J. [illegible]'s birthday. Invited were [illegible] and a good time was reported by all.

The [illegible] club met at the home of Mrs. J. L. Hogg last week.

Mr. [illegible] is a patient in the Lacombe hospital.

Mr. and Mrs. [illegible] were guests on Sunday last of Mr. and Mrs. [illegible].

Mrs. Mary Hogg spent last Saturday [illegible] daughter Mrs. Donwood at Bentley.

Dale Wilson [illegible] a member of his parents to a party celebrating his 16th birthday.

Mr. and Mrs. J. Anderson, accompanied by their daughter Mrs. [illegible] were supper guests of Mr. and Mrs. H. E. Hogg on Sunday.

On Wednesday last school children played softball with the Spruceville children at the Park. The [illegible] were [illegible] Spruceville [illegible] were [illegible] Mrs. [illegible] played at the Christian Reformed school [illegible] Mrs. [illegible] assisted.

Friday Wood, aged Mr. [illegible] George Hogg, [illegible] Mr. [illegible] for [illegible] Mrs. [illegible] Elmore, L. Hamilton and Russell Ingersoll [illegible] Ingersoll [illegible] Mrs. [illegible] Hogg [illegible] this week.

Miss Margaret Saunders is on a supper guest of the home of [illegible] and Mrs. R. A. Hogg [illegible] last week.

Shortage of Water Hits Innisfail Last Week

Innisfail [illegible] up for [illegible] the [illegible] water [illegible] of [illegible] on [illegible] [illegible] evening operations.

The Otis water supply was overtaxed on the fire month and last week the town of Innisfail was warned that the town's water supply would have to be conserved as much as possible.

The situation would remain adequate only if care is used for the next few weeks. Mayor Percy of Innisfail appealed citizens in a special proclamation.

Due to the long cold summer also dry spell, wells all over the country are drying up. Lacombe is on the fortunate position of being situated over numerous springs and wells, and are particularly [illegible] supplies here is highly unprobable.

Alberta Population Shows Commendable Gain During Year 1948

The dominion bureau of statistics has issued an estimate of Canada's populations by provinces as at 1948. The figures are as follows:

Canada	12,688,000
Prince Edward Island	93,000
Nova Scotia	605,000
New Brunswick	508,000
Quebec	4,703,000
Ontario	4,297,000
Manitoba	787,000
Saskatchewan	954,000
Alberta	848,000
British Columbia	1,082,000

The population of Manitoba was an 14.00 from 1947. Saskatchewan was up 12.0% from 1947 and Alberta up 24,000

Last Rites Held On Saturday For Mrs. O. Wedlund

Funeral services for the late Mrs. Wedlund were held from Brown & Johnson's chapel on Saturday afternoon. The funeral was conducted by Rev. [illegible] of Lacombe. Interment was made in the Lacombe cemetery.

Rev. R. F. Hardwick conducted the memorial Parkinson's home on Crawford, J. Nelson, A. H. Hutchison, A. J. Taylor, G. W. Cassell, J. Hunt.

The late Mrs. Wedlund is the former Mrs. Hedley of Parkdale, and she is survived almost seven years ago. She was 59 years of age.

Surviving are one husband, Mr. O. Wedlund; one son, Hedley of Pincher Creek; daughters Mrs. Jessie Aspden and of Edmonton and Mrs. A. W. Hobbs of Penhold; 16 grandchildren and four great grandchildren.

Medical Services Plan Receives Approval of 61 Town Doctors

The medical services plan has been submitted to the 61 members of the town. The vote was taken on Saturday. Tuesday by Mrs. I. H. Todd, who has been looking after the matter. Of the 61 doctors, 61 voted in favor of the medical care under the plan with a 100% vote.

No such subscription was in force at the time although the idea is supported by the co-operative of the town.

Clive

CLIVE — The Sargent ladies will give a tea at Mr. Harvey's on one of the coming local events. Saturday, May 11, and the following Saturday the Clive Ladies' Aid will be putting on a tea, same place and for the same purpose.

Mr. and Mrs. Robertson had an week end guests, Mrs. Robertson's sister and mother of Red Deer.

Mr. and Mrs. D. Hindal and son Stan spent Sunday with Mr. and Mrs. Guy Hemmelsteil of Tees.

The Anglican ladies met on Wednesday of last week at the home of Mrs. Bellingham with an enjoyable afternoon.

The Women's Lutheran ladies and have changed the date of their picnic from June 11 to June 18, by reason of the local club meeting to be held on the 11th.

Mrs. Dallin and Mrs. Robertson spent the week end at Calgary.

Mr. and Mrs. George Vanderzyl and daughter spent a few days with Mrs. Vanderzyl's sister.

Mrs. Sorum, a former Clive lady, is in the hospital at Lacombe undergoing treatment.

Holy Acting Pastor

Neighbors gathered recently and erected the 40 acre field belonging to Mrs. Dallin, who has been in the hospital so long.

The Baptist women's circle was held at the home of Mrs. Stanley Glover last Thursday.

Mrs. G. Hyde spent the week end at Calgary.

Mr. and Mrs. George Vanderzyl and daughter spent a few days with Mrs. Vanderzyl's sister.

Mrs. Sorum, a former Clive lady, is in the hospital at Lacombe undergoing treatment.

Volunteers Donations

A total of $400.25 has been raised by Clive and district residents for the fund for Harry Wilkinson Jr., who had the misfortune to lose his eyesight in a recent accident in the mouth. This is a gratifying response, and one of which our community may well be proud.

Cadets Make Plans For Parent's Night Next Thursday

Lacombe cadets will be on parade on next Thursday when an open parents night is held in the Lacombe armouries.

The event is due to start at 7:30 p.m. The corps members at this present time, and the members will be going through manoeuvres and the parents training syllabus to give visitors some idea of what they have learned.

One of the highlights will be an 18-man guard mounting ceremony under the direction of cadet leader Helen Blue. The group will go through a series of movements as a unit, and they are practising hard these days to make the showing an outstanding one.

Coffee and doughnuts will be served, and it is hoped there will be a good attendance of the school for this occasion.

Now Working In Town Area

Construct Blotter Surface Road To East and West This Summer

A hard blotter surface has a portion of the highway running both east and west of Lacombe approximately 5 miles. The contract covering the provincial government engineers which have not up either to the west of Lacombe to Lone Star gravel pit.

The province intends to blotter the highway west to the Lacombe to Bentley, a distance of about 12 miles, and southern town to Clive, a distance of 8 miles, according to plans being graded for the job.

As soon as the contract has been let, the grader will go gravel on the blotter treatment, commence on the road between town and Clive immediately. It is understood a number of gravel and sand pits will be.

The road to the east between Lacombe and Alix will be a shorter process, because the road will have to be built. Crews completed the survey of the proposed new highway last fall, some time ago, and the directions will follow a route straight east of Lacombe as far as Tees, about 17 miles, and thence southeasterly along the railroad bank to Alix.

Then, the main highway will tap-pass Mirror about nine miles to the east.

A work gang has been commenced grading the highway between Tees and Alix, and it is expected another outfit will start work from Lacombe to Clive shortly, the two crews eventually meeting somewhere between here and Tees.

This highway will all have to be graded and gravelled first, and at a cost of $5,000 per mile, the road will be laid as quickly as possible, probably not this year.

Other road construction is underway in this district, as the provincial government's big road-building program.

K. J. Crawford, highway engineer with headquarters at Red Deer, stated government intends to blotter surface the highway from Sylvan Lake from the town to Lacombe Red Deer stretch.

A similar call for tenders is being made this week for crushed and stock-piled gravel, for hard top construction of this road.

Work From Bentley

To the north and west of Ben they a gravelling job on the road work repairing and gravelling the highway.

Hanley & Beard contractors from Calgary have this contract, and they will be re-constructing the highway from Bentley to Bluffton.

Smoker For Ball Sale Contributors Next Thursday Evening

Contributors to the Lacombe ball sale will be guests of the Central Alberta Cattle Breeders' Association and members of the board board of trade at a smoker in the parlors here Thursday evening. Prior to the smoker, a meeting will be held at which time a complete explanation of the town "house herd" as it affects livestock men and farmers will be discussed. The meeting, which will get underway at 8 p.m., is open to all farmers and the public at large, although the smoker which follows is for ball sale contributors only.

All subscribers point to a successful ball sale and the event with 301 bulls and 33 females slated to go under the auction block.

A large influx of buyers and contributors is expected to fill Lacombe's hotel and room accommodation, and anyone having rooms which can be used for the sale are asked to contact J. A. McKinley, secretary-manager of the Central Alberta Cattle Breeders' Association, as soon as possible.

A Thought For The Week

Many of us are so busy doing things tomorrow that we can put no time to do our today's work.

School Graduates Talk It Over

Still Short 20 Veterans For Housing Plan

[illegible] opportunities for the provincial government to take care of returned men in Lacombe, is the [illegible] requests must be [illegible] for the town, as [illegible] The [illegible] Veterans' Land Act [illegible] as May 26 is reserved that it [illegible]

The proposed plan is to [illegible] of 25 houses in Lacombe fully eligible land settlement must make application for the houses as a preliminary step toward interest on the subscribers in the house [illegible] the figure of fifty to have 25 applicants with a [illegible] for each house in case of change of plan of the original signee.

Every applicant must be a veteran this is the first necessary qualification. Applicants here over are under no immediate obligation in applying for such a house or for the company's to extend obligated movements in immediately supplying the house.

A number of "ifs" still stand in the way of finalizing the scheme for 25 houses here but the local movement's step is to obtain the names of fifty veterans of the best type who need housing in Lacombe. Only 20 have signed to date. There are a number of degrees of priority which guides the selection of the houses [illegible] they be built; but all veterans have a fair and equal chance of obtaining a home.

Hear Convocation Program

Large Number at Lacombe School Graduation Exercises Friday Evening

The United Church women's hall enough to seat an overflow crowd when the graduation exercises for Lacombe's 1940 matriculation Friday night.

The 21 graduates looked charming in their long white dresses, and presented with the [illegible] rose corsages given out by Miss H. Rose A. M. Pritzell school principal, presented the diplomas.

Gold banners of this town's graduating class is that only one here is included in the list. He is Gene Pierpoint.

The program was very nearly run off and the graduates, a [illegible] Commissioner [illegible] entire speeches they made.

The program included soloist Barbara McDonald. To our parents, teachers and school board Betty Lou Ferguson, Joyce Avery class history; Marjorie Bush class prophecy; Velma Rush and Kay Miller. To the graduates, Rev. R. P. Marston and Gwen Pierpoint, valedictorian; Bill Swanson.

The music at the morning was Al Collins, president of the students union, accompanying and the organ was Mrs. W. B. Shallow-head.

In his speech To the graduates, Rev. R. Marston based it around a 19th century maxim. Whoever wills himself noble must live nobly."

This statement contains a maxim but of course what the graduates must try to attain in later life, said.

To live nobly you must recognize at all times that you have to pay for everything you value in life. Everything you value in life, schools, churches, Democracy, is not handed to you given to you, and it is up to you to make good use of them.

The maxim says, or should suggest the attainment of a high quality of craftsmanship. It is up to you to make the best of the endeavors and give the best of service.

The maxim requires responsible community living, he said. Citizens with moral training must still play a part as all relation ships on the community level over and above their own particular trade.

Lastly, Mr. Marston said the maxim points the way to living with a clear conscience. You can't expect your letter will to keep your "inner kingdom" in order unless you keep your conscience according to those high ideals. you will live nobly."

LACOMBE WINS BALL GAME

Lacombe girls' baseball team defeated the Y Eaton Red Deer team 11-10 in a league fixture played at the local diamond yesterday afternoon. Next game here is on Monday, May 28, at 7 p.m.

Winter Icycles Appear on Barn to Disprove It's May

Winter was ushered to the snow here over the week end, and unusually cold weather for this time of year dropped temperatures below the freezing level.

At Gordon Sharps farm in the Kelpie area 17 miles west of town the tassels was covered with snow on Sunday morning and from 4" to 6" fell here.

Old timers of this district claim that only one here is included in the list. He is Gene Pierpoint.

The program was very nearly run off and the graduates, a [illegible] Commissioner [illegible] entire speeches they made.

The program included soloist Barbara McDonald. To our parents, teachers and school board Betty Lou Ferguson, Joyce Avery class history; Marjorie Bush class prophecy; Velma Rush and Kay Miller. To the graduates, Rev. R. P. Marston and Gwen Pierpoint, valedictorian; Bill Swanson.

The music at the morning was Al Collins, president of the students union, accompanying and the organ was Mrs. W. B. Shallow-head.

In his speech To the graduates, Rev. R. Marston based it around a 19th century maxim. Whoever wills himself noble must live nobly."

This statement contains a maxim but of course what the graduates must try to attain in later life, said.

To live nobly you must recognize at all times that you have to pay for everything you value in life. Everything you value in life, schools, churches, Democracy, is not handed to you given to you, and it is up to you to make good use of them.

The maxim says, or should suggest the attainment of a high quality of craftsmanship. It is up to you to make the best of the endeavors and give the best of service.

The maxim requires responsible community living, he said. Citizens with moral training must still play a part as all relation ships on the community level over and above their own particular trade.

Lastly, Mr. Marston said the maxim points the way to living with a clear conscience. You can't expect your letter will to keep your "inner kingdom" in order unless you keep your conscience according to those high ideals. you will live nobly."

Seek Early Listings Of Contributions to Community Sale

Contribution entry forms for Lacombe's community auction sale are now in the mail. The sale which will be staged on the Lacombe curling rink on June 16 17 and 18 is one of the most important events of the month and a big response is expected from town and district residents.

Howard Fralick chairman of the auction sale committee requests those entering articles to have them in the office by noon and return them to Jack Wilkes, Lacombe as soon as possible. Early listings will help to facilitate the sale as far as a prompt as possible.

All proceeds from the sale will go to the MRC fund

Lacombe Athletes In Training For High School Meet

Lacombe high school athletes are rapidly training those days for the annual Alberta high school track meet to be held this year at Bentley on June 1. All the local contestants on the big field day have not yet been selected but Coach Lighton Lebrecht is confident that a number of the Lacombe football and track meet results will be made.

Sporty Showers Fail To Slow Up Activities

May 24 Sports Day Here Draws Crowd of Over Two Thousand

[illegible] Lacombe's [illegible] sports [illegible] Lacombe's community spirit [illegible] attractions tried her support throughout the day and offered the [illegible] of entertainment [illegible] the [illegible] competitions with Art Hollingsworth of Bentley, and his son Mac, of Red Deer kicking out the field. Frank Hartley and Harry Dyer of Lacombe at the semi finals and Joe La Dean of Lacombe coming in to defeat Finch and Matheson of Penhold.

The final event of the doubles in the Hollingsworth and Dyer versus Dickens and LeDean as three straight games to win the central Alberta horseshoe pitching title.

Eighteen entered in the contest on the central Alberta [illegible] horseshoe pitching [illegible] with Mac Hollingsworth of Red Deer

To The Graduates

WORDS of advice could be penned on to school graduates in almost unlimited volume. There is an epoch to learn on the big world, so many complex problems to be met, that for us any one else to say, the time and do this and that would be all right, would be good form and misleading. Experience probably is the best teacher.

The best we can do as a class to the graduates of education are a few of the most important guiding points which may help to shape their future lives. At the graduation exercises last Friday, Dr. Maclean tried to tell those in the audience what were good and bad points in the system. Whether Miss Maclean's words were heard intelligently The challenge to the graduates to give thanks to achieve a high quality of craftsmanship regardless of what it may cost them in time or responsible citizen of the community, and to be true to one's duties wherever and what they are thought interesting, and thankful for being born Australian.

Mayor T. Wilkins of Cedar Rapids presented the previous week offered another piece of advice He counselled those who are now leaving school to affiliate with the church — regardless of their denomination — and there find safe guidance and meet the finest people in the community.

We can do no better than to re-state these words, in wishing the graduates Godspeed There is a heaven to be found in religion, and a refuge in a good life.

Nobody Wins

A STRIKE always represents the blind threat of a to be taken against management in an aroused labor group which is dissatisfied with working conditions for one reason or another. It may be a demand on the part of employees for shorter working hours — a demand for higher wages. But whatever the merit may be of trying to have a settlement and strong public evidence is an unhappy employer-employee relationship.

For the past year the strikes which hampered Canada's industry and put war materials behind schedule, or at least became inconvenient, but lately they have returned to the news at alarming rate and the Bennett trend favors the late Ford Company workers have been off, and these action may spread to Canada. We don't pretend to take sides with one of the parties in these disputes. They probably all have arguments in their favor. We do take issue with the violence which has erupted at times on the strike front. Strikers using clubs and causing injuries aren't entirely any sympathy from the Canadian public but also using it Negotiation and conciliation were never more needed.

A strike at least is a poor method. Although it may be resorted to by people of view. When attacks Canada with a view to embarrassing their war trade away from his payrolls because they won't play her long. The employer doesn't affect by the other dire consequences of strikes. The set-down action of one set of workers can throw other industries out of a job, and start a chain which involves thousands of innocent and well-meaning employees who want to work. Hit-or-miss hardships and are contrary to the public interest.

For this reason, the public usually looks at any strike with a scrutinizing eye of disfavor. Even if labor is closely and are workers in the right strike action should be unwilling as a final resort. No one actually gains by a strike — production ceases. Strikes of course are never heard of in Russia because there they would be ruthlessly suppressed. The privilege of striking is the worker's only in a democracy. Therefore let us not [illegible]

Farming Notes

From the Provincial Department of Agriculture

Feeding Pregnant Ewes

Sound roughage which have grazed and during the winter will require little or no extra feed during the last half of the pregnancy period. Ewes to have flocks will require no grain at this time of good quality roughage is fed. The best roughage is alfalfa or other legumine hay, because of its high content of protein and mineral. Here grain, good hay or a combination of the two should be given to the nutrition and development of the unborn.

Oil in the *driving gears*

BANK CREDIT oils the driving gears of production, industry and commerce. It helps to produce the goods and provide the services and jobs which mark the Canadian way of life.

"Money in the bank" is the foundation of credit. You and some seven million other depositors have nearly seven billion dollars in the chartered banks.

To pay for work done, goods produced, bought and sold, Canadians issue — every month — upwards of six billion dollars in cheques.

Cashing these cheques, making loans, discounting notes — in many different ways your bank keeps money and credit moving through all the channels of trade and opportunity . . . like oil in the machinery.

This whole vast, private, competitive, efficient process is made possible by your "money in the bank" — and by the experience and skill and integrity of the men and women on Canadian bank staffs.

Wolfville

(Received too late for last week.)

WOLFVILLE Ralph Stanton was married to Edmonton early last month. He was accompanied by Mrs. W. B. Gordon, Mrs. Hinch and Johnnie Stone business trip to Edmonton on Thursday of last week.

Mrs. MacCrea, who has been on the sick list for over two months is reported about the same.

The ball game on the ball field last two Sundays proved to be quite popular. Both games were enjoyed by both the opening game between the Stewart's Hall team and the Stewart's Hall team, which was won by the Stewart's players.

Due to the rain and cross early Thursday morning, some of the road people did not go to Pine-hurst and Edmonton on the trip that they had planned for that day.

The ball game between Innisfail and the local school eighteen last Thursday ended in an even score, necessitating a further game.

The Fertile Parent C.C.F. club held its May meeting at the home and Mrs. R. G. Samuelson on Thursday evening, some of the members assist at last week The June meeting is scheduled for the Leighton home Hubert district.

Miss Mae Bennett of Innisfail is spending a few days with her holiday with her sister Mrs. G. C. Anderhold.

Last Sunday Miss Marion Watson accompanied Mr and Mrs. Rev. Hubbard and Mrs. Rev. Hubbard and Mrs. Rev. Hubbard

Reach Decision Teachers' Salary Schedule '49-50

Trustees salary meeting committee and members of the Lacombe school division, together with representatives of the Lacombe school district reached a satisfactory agreement on the proposed salary schedule for 1949-50 at a meeting of the school board in Wednesday of last week.

The basic salary starts at $1,300 the same as last year and an annual increment average of $100 across the board, was conceded by the division, over last year's figures.

The increases are based on years of teaching experience and years of Union entry [illegible] and there was a sharp though friendly differences of opinion as to "how much" these advancements should be [illegible]

The business committee consisted of L. H. Hewitt and Ernest Ingram of Bentley, Evan H. Jones and Murray and Jack Allen of Lacombe.

The teachers were asking for $1,800 minimum basic salary but, realizing the [illegible] the increased standard of living, the [illegible] proposal for $1,600 was accepted on this year's budget, and what it considered to be the most [illegible] to taxpayers' pocketbooks.

Delegation from the Lacombe school board were Mrs. Rowell, Miss Powell, Chairman Hill and Secretary Mr. Jones [illegible] approved salary schedule is fairly well in line with other school divisions.

The schedule as accepted by the negotiating committees is referred to the ATA executive for final approval.

The School Supplement

THE GLOBE is pleased to present, in this week's issue, a high school supplement.

The amount of work involved in composing a split page supplement of this kind is much greater than the average reader would imagine. All the editor-set work was done by the senior students. The news items were written by the pupils themselves. The merchants whose ads appear in the special section were contacted by the senior business manager, and the copy for the merchants was prepared by them. There is no doubt that a great deal of good was derived by the students for the various courses. The lay out of the pages and position of the items were placed by the students.

Special mention should go to the senior Editor Wright whose untiring efforts combined with those of the entire school helped make the whole possible. Every person contacted with the paper played his part, however and to almost the complexion of all it is doubtful if such a fine supplement could have been brought to fruition. After perusing and reading it, we are sure our readers will agree it is a fine one. Congratulations, students.

Lacombian in Socialist Principles

THE unfortunate feature of the C.C.F. political movement is that it is universally known, as many well meaning Canadians will find to their horror, the good of the country at heart and to them it is a revolution at any price. But the vast majority of C.C.F. followers, honestly and sincerely do believe that socialism will solve the many problems which exist under our free enterprise system.

Here is a portion of the Regina Manifesto which studies C.C.F. policy. We aim to replace the present capitalist system with an ordered, planned and democratic by a social order from which the domination and exploitation of one class by another will be eliminated, in which economic planning will supersede unregulated private enterprise and competition, and in which production for profit will give way to production for human equality will be possible. Inquiries in free enterprise." Exploitation of labour? Both sides of investments and both are open to debate.

But how are free the C.C.F. would design all these sweeping changes? In socialist planning and government control would be introduced the whole economic measurements will be brought to bear upon the same. Nationalization? Where necessary the government will take out the private owner and operate. Socialization of basic industries (these concerns are vaguely described as monopolies and corporations) Some like the railways are specifically named, but others will be left to dream).

Well, the C.C.F. government has been in control for two years at Saskatchewan. Here have the government operated businesses fared there? Without going into long detail, accountings show the government-owned woolen mill had losses of $150,000 up to the end of last year the store in Moose Jaw had losses of $70,000 the farmers' home of $53,000 - it has now been closed down; the fish board, operations losses of $200,000. A couple of others have ended up on the right side of the ledger.

There is only one source of revenue from which these deficits can be made up, and that source is the people's own money. It should also be pointed out that annual government investment of public funds was costly.

It is not difficult to put the finger on the weaknesses of the C.C.F. platform, and the reason for these failures. It is simply because to use the words of Mr. Drew last week there are political appointees at the head trying to run something they know nothing about. Everyone is aware of general muddle-away which prevails in any socialism experiment such Ottawa already has a civil service favor a male land, and the whole floor of overstaffed and worthy accomplishment is overlooked as departments passed from one department to another through successive changes of red tape. In other words anyone The C.C.F. government has would be responsible to the same electorate that have power to.

In such a predicament, we present under today's free enterprise system, but at least we have its weaknesses and the right to say so. Socialism would be taking a serious retrograde step in this direction. The C.C.F. claim the would cure these ills, but in the process they would destroy individual initiative and the last vestige of personal freedom. Which the government do a when we can do it better?

C.C.F. Premier Douglas in Saskatchewan stated last week that he realized that he would have to admit that on the basis recently that all was not well among the Crown corporations in Saskatchewan and he intended to set up a private enterprise to develop the province's natural resources through the use of the very capital the C.C.F. is pledged to "socialize."

Farming Notes

(From the Provincial Department of Agriculture)

Do Shelterbelts Need Pruning?

Should shelterbelts be pruned? It is quite natural that this question should arise to many. Pruning is a regular practice in the nurseryman's operation of most fruit plants, many hedges, shrubs and a number of ornamental trees.

The value and desirability of a shelterbelt is dependent to a large extent upon the maintenance of a dense, compact growth. Pruning is necessary to maintain this condition. Many shelterbelts do not receive this attention and of necessity contain a broken lower branch system. As long as there are left permanently on the plantation sufficient healthy branches whose ends are in the natural growth of the tree and these changes must necessary if not the vigor and growth of the trees take place by encouraging the lower branches to grow more.

For example, a tree is grown during one of the early summer along with roughly corresponding lower and other vegetative matter that may lodge on the ground within the plantation, weed growth among the trees becomes more vigorous, and more sunlight reaches the trees in winter and snow near the trees melts more readily in spring.

In rejuvenation or cleaning operations designed to keep margins of shelterbelts free of weeds and grass under branches should be removed to the ground level should not be destroyed or injured trees than a shelterbelt. Sometimes a row of trees should be protected shade from the sun, breaks up the influence of direct winds and the tips of them contain the necessary vigorous growth. Such limbs should be pruned only when a specific purpose can be served.

Save The Bestour

Bestour which from the beverage, part of wave is merely a by-product of honey, is of considerable value to the beekeeper. Most of the honeybees harvest without bestour there would be no suitable containers in which the honey bees could store their supplies of honey pollen and water. Bestour would there be the thousands of little nursery cradles known to them as cells, in which all members of the honeybee colony are reared from infancy to maturity.

The chief value of bestour however is the use in manufactured comb foundation, used in the production of both extracted and comb honey. Although the thickness of the foundation does vary, the size of the honeycomb cells do not, and they are just large enough to rear the worker bees. This tends to discourage excessive rearing of drones.

Bestour has many commercial uses, ranging from the manufacture of cosmetics and furniture. As there is always a good market beekeepers should not waste the valuable product of the honeybee save it. Carnac dominion experimental station Prince George B.C. All bits of bees comb, old combs and wax cappings should be gathered or stored in a clean covered container. They [illegible] of the bee supply [illegible] will pay cash for bestour or low supplies will pay cash.

Reflection of the Times

Look Around Home

The habit of looking elsewhere is a common human failing. Instead looking at what is presented the best place to live could not possibly exist right at our own doors, but must be sought for at a distance, as far away as possible, even if we have to go up in the clouds.

Here a large number of people living in Alberta and enjoying the already unbelievable climate of our winters, are not satisfied with their cultural heritage as they pack up the cash they made here, and travel their way to Vancouver or Victoria to shiver among the moist breezes. We move the rain, and the fogs. Then people at the Coast take out to spend the winter in the identical foggy climate of California or some other sunny beach shop for the humid and enervating heat of Honolulu.

It is no wonder that "Beautiful Isle of Some where" is a popular song that appeals to most people because it brings up all the imaginative delights that the word can create. We learn plain to calm by later experience.

I am understand a man wanting a holiday and breathing in another province or another country at a time of the year that suits him best. But the beautiful isle of somewhere should be right at home.

From The Files of The Lacombe Globe

Five Years Ago

Charles Braithwaite of the Sprucevills district is in the hospital as a result of injuries received when he was knocked to the ground after a stampeding bull.

Intensive waste paper salvage drive is underway in the district with at least 20 tons of scrap paper the immediate Lacombe objective.

Ten Years Ago

Sixty three bulls pass through the ring at Lacombe's annual bull sale for an average of $130.50. Highest priced animal sold was $300 the Black Bull.

Three degrees of frost were recorded at the dominion experimental station here, as a surprise cold wave struck the district on the last day of May. Tomatoes, peas and other garden plants suffered a set-back, but crops were undamaged.

Spray-ville band, which boasts a membership of 30 now, is under the direction of his band leader. [illegible] will journey to Edmonton this week and provide music for the crowds at the Royal Visit of the King and Queen.

C.N.R. Official Promoted

W. G. Connolly, formerly general passenger agent, has been appointed passenger traffic manager for the western region with headquarters in Winnipeg.

An Editorial Feature

Spring Fever

(By Barbara Vitty Cormack, Alta.)
I planted my seeds,
In neat little rows.
While basking in the sun
I dreamed a million delicious dishes.
And left my weed's unbroke
For to let that the rest, I thought
I shall sit here and bask
All that they have a best
Lazy!
As indeed in my shirt.

But presently the shoots poked up
I started to talk with the sun
To grow to have to make the beds.
And said encouraging words
Was ever let as hard as made
To strong for such as I?
Then suddenly a shoot fell
Wasted as he flattered by
Get up and get to work," he said.
"Your moaning drives me crazy
The chief thing wrong with you
Is my girl.
Is just that you've been lazy."

Advanced Registry Swine Field Day at Edmonton Must June 14

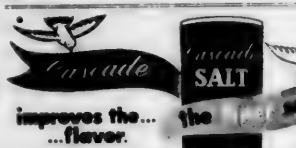
Eighth annual field day for advanced registry swine breeders in Edmonton next June 14, announced at 1:30 p.m.

Among questions to appear on the program are Dr. E. B. Edney, benefits of agriculture, Manitoba, Alberta, J. G. Hodgson, agricultural representative, Lacombe, Alberta, J. G. Ledieux, supervisor of advanced registry for Alberta, [illegible]

James Baker Staff

Allan Baker 18 year old son of Mr. and Mrs. A. G. Baker of Lacombe, passed the staff of cadet station CJED at Red Deer last week. He will be employed as announcer.

SPEEDY by ADAMSON MOTORS



YOUR SECURITY and YOUR STABILITY ARE AT STAKE!

You Can Defeat Your Biggest Tax Problem . . .

That is the 9% sales tax. The one the budget missed. The one that hits you hardest. This question

"Does . . . This tax costs the Canadian taxpayer 50 cents for every dollar of processed material"

from a Liberal member of Parliament shows what the government is doing to keep taxes high . . . and the "military" reduction in the budget.

So that you may have a sane, adequate taxation, the Progressive Conservative Party will

- Reduce sales taxes.
- Provide deductions to farmers for exemption of family who contribute to revenue.
- Reduce income on sons and income exemptions.
- End the administrative possession of farmers by enfranchisers.

For your protection the Progressive Conservative Party will take these steps:

PRICES

- Permanent floor price legislation based on these principles
- A definite formula in the Farm Prices Support Act for arriving at floor prices.
- The formula will allow for variations in production and demand for individual products.
- Floor prices will be announced well in advance of production period.
- The floor price formula will be arrived at in consultation with representatives of producers.

EXPORT MARKETS

Restoration of the Canadian Wheat Board to serve its original purpose as a Marketing Agency for wheat producers . . . and its extension to include the handling of coarse grains.

Inclusion of representatives of farmer's organizations on all Boards dealing with farm matters.

Aggressive and immediate action to recapture lost markets; the development of new markets; to achieve security of export markets through foresighted negotiations.

Dominion marketing legislation based on the principle of democratic producer control.

PRODUCTION

Reclamation and conservation of existing soil resources; development of new producing lands through irrigation; greater accessibility to domestic markets by improved transportation facilities.

Lacombe Edges Lakeside 3-2 in May 24 Ball Feud

Lacombe beat Lakeside 3-2 on a rip-roaring softball feud, to wind up the ball tournament at last week's successful May 24 sports day here. Eighteen teams from all parts of the district competed, and what some lacked in quality they more made up in spirit and enthusiasm.

All the games were contested by high calibre teams, but the three were close and exciting A.B. Philpott and J. Adkin of Lacombe handled the duties. Unfortunately, a few scores are missing. Results were as follows.

Lacombe captain Dinsen Grandbois; Ron Stebbins, 1-3, Lacombe relays pitcher Ivan Langevin 10-4 Lacombe (Pat Blake); Innes Junior Valley 3-5, Bolger 16, Arthur Olsen 6 Milton Innes Birch Lake; Mountain Green 4, Spruceville 5 Eastwood 5, Blindman 4, Wetaskiwin Rural Burnha, Lakeside 7 Innes 10.

Lacombe (Dixon Goode, 14, Lacombe (George Goode) 8, Lacombe (Bert Lange) 6, Bolger Milton 21, Mountain Green 5, Eastwood Innes Wetaskiwin Rural Burnha, Lakeside 7 Innes 10.

Lacombe (Pat Blake) 3, Lakeside 10, Lacombe 10, Eastwood 2

Final Lacombe 3, Lakeside 2

Three Lacombe teams were designated by captains, as some players were taken from each grade so the team would be less strong.

Friends Honor Haynes Couple on Wedding Anniversary

On Sunday May 22, a large crowd of friends and neighbors gathered at the home of Mr. and Mrs. James Haynes to congratulate them on the occasion of their wedding anniversary.

The popular couple who are both in the Mayton district were married in Lacombe 25 years ago and are the parents of eight grown children. All were present to help celebrate the occasion except one daughter who is employed in Edmonton. The same number reported were unable to be present. Mr. and Mrs. Haynes received many gifts to mark the occasion.

Voters Lists Show Population Here on Increase

The voters population of the town of Lacombe has increased considerably since the last census, but it doesn't show on the map as the voters lists on the 1956 census showed 1,000 voters and the present lists show 1,000 voters. The Globe opened the question of accuracy of the voters lists in the Globe opened the question of accuracy of the voters lists in the Globe opened the question of accuracy of the voters lists in the

Doesn't matter Tuesday and Wednesday games!

Charlie Morton pitches when Lacombe defeated Ponoka the Cub gang Bullmen last week, was in the lineup and at Bowden last night.

Bowden threatened to run away with the game as early as the first inning, when they loaded the bases on Saturday. Bobby Bullock put out the fire. Then Morton took over, and allowed but one hit the rest of the way.

Local residents will be hearing the Cubs next time before the season is over. Lacombe's Cubs play two games away from home this week, at Red Deer tomorrow night, and at Stettler on Sunday afternoon. They'll be back home again for an engagement with Ponoka (ex) Thursday night.

Lacombe baseball fans became all excited when the ball park was put in shape, and they have shown nothing the visiting Clive nine 9-2, in a game in which Usher batted a fair record.

The locals, who had a new pitcher in Ken Hoole, the previous Sunday at Eckville when they lost 4-1. Hoole did well with a cute bit, himself, rewarded for a total of 21 points. Lee Overholt and Ted McDavid again performed effectively on the local mound allowing Clive only 10 hits all ground hits.

A slight drizzle interrupted the game for about 5-10 minutes in the third inning.

It's a good idea to have a choice

Suppose you have what you feel is a good opportunity which calls for bank credit. If one bank cannot see it your way, or if you think you can get a better deal elsewhere, you're free to "shop around".

Banks compete to serve the most diversified needs, no matter how specialized any of them may be . . . personal, business, or farm loans, money transfers, collections — to name just a few.

More than 95 out of 100 bank loan applications are decided "right in the field" — in the branches by bank managers who take a personal interest in serving their customers' individual requirements.

Queen Little Quite Handsome Appear On Voters' Lists

Some odd things often appear on those voters' lists. The federal constituency of Wetaskiwin-Strathcona is long way north as far as the southern portion of Edmonton as a result of land.

And as well the 204 Whitehorse, capital of the Yukon Territory, Daniel Cronin sometime as the Member of Commerce for East Edmonton.

Then Mr. Addie doesn't vote a vote in the constituency he represents. He thereby loses no more vote for himself.

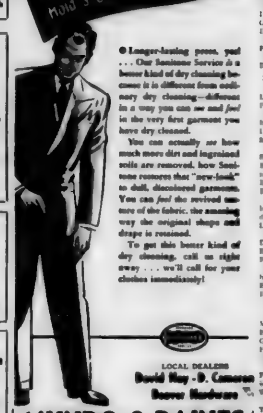
We are also proud to supply the best in groceries to their greatly expanded Grocery Department.
Western Grocers Limited
10176-103 St. EDMONTON



• Longer-lasting press, yet . . . Our Sanitone Service is a newer kind of dry cleaning because it is different from ordinary dry cleaning—different in a way you can see and feel in the very first garment you have dry cleaned.
You can actually see how much more dirt and ingrained soils are removed, how Sanitone restores that "new-look" to dull, discolored garments. You can feel the revived texture of the fabric, the amazing way the original shape and drape is restored.
To get this better kind of dry cleaning, call us right away . . . we'll call for your clothes immediately!

Introductory Sale VALUES

WE AIM TO KEEP PRICES LOW!
Leal's Department Store makes its official bow as one of Lacombe's best 24 Department Stores. We have taken over the business formerly operated for 40 years by Mr. F. E. McLeod and after renovating the premises we offer you an introductory sale values

OUR POLICY:
Our business policy can be summed up under three distinct points:
1. We plan on growing to residents of this town and district an up-to-date modern department store.
2. Our goods will be as varied as any, and our assortment will be kept well better goods at the lowest possible savings to you.
3. We will operate on a three-pride guarantee: Your purchases must be satisfactory or we will cheerfully refund your money.
We respectfully solicit the continued patronage of Mr. McLeod's former customers, and assure them that our service in the future will be an satisfactory as Mr. McLeod's has been in the past.

Annual Board of Trade And Agriculture Meeting Next Wednesday, June 8

Annual meeting of the Alberta board of trade and agriculture will take place at the Buffalo Hotel, Red Deer next Wednesday commencing at 10 a.m.

A number of prominent members of the Lacombe and district board of trade are expected to journey down for the meeting. One contender which is on the agenda is one from Lacombe, which was passed at the annual board of trade meeting here on March 3, relative to educational grants, and exists in part:

"Whereas the grants received from the province of Alberta [illegible] through the department of education, Alberta is urged to increase the grants and said grants presently made in keeping with the increased educational expenses of education

And whereas no grants are made towards the cost of new buildings, and be it resolved that the government be requested to make grants towards the cost of new buildings, and be it further resolved that the government be requested to assist in the payment of the cost of education [illegible] that the government of the province of Alberta

Inauguration of New Scarlet Hospital Wing June 8

Official opening of the new 24 bed Scarlet hospital addition will be observed next Wednesday, June 8.

Construction of the wing has been in progress since early last year, and total cost is in the neighborhood of $150,000. The extension will provide the increased hospital facilities necessary for Scarlet and the large surrounding district.

Doors will be opened for a general inspection of the building, during the afternoon, and members of the hospital staff will assist visitors with the inspection wherever possible.

Department of health officials from the provincial government are expected to be on hand

No other washer combines the same safety features of this 1949 Westinghouse! Safe for you . . . because of the exclusive "Sentinel of Safety" that prevents "blow" fuses, protects the motor against overload and allows you to turn the washer on or off safely, even with wet hands. Safe because of the Lovell "Featherweight" Safety Wringer that releases instantly regardless of pressure. Safe for your clothes because of exclusive "Unbalanced Action." And the Westinghouse reputation makes it a really safe investment. See the Westinghouse Washer.

This Is ALFRED B. HAARSTAD . . . Farmer

Progressive Conservative Candidate FOR Wetaskiwin Federal Constituency

Look at his record . . . Judge for yourself whether he would not be the best representative for you to send to Ottawa.

ALFRED B HAARSTAD who almost half a century ago broke the virgin sod of the foothills country of Bentley with a span of oxen, and drank of the last water from the community well which he loved would no doubt be elected to Alberta as the Progressive Conservative candidate in the Federal riding of Wetaskiwin.

Still on the same school section and his farm he reared and after the birth of the youngest of his children there were four children in the family. A leader in his community and his home and how eight have been active also in gaining many advantages for the non-populous area.

Alf Haarstad was born in Redmon County, North Dakota in 1892 and nine years later moved with his family to the Bentley district by horse-drawn prairie schooner, effects included. Here he took a farm in the West

At the time the family homesteaded in the area there were no schools and it was not until 1906 that the Spring Creek School District was organized where the young Haarstads were numbered among the first pupils and where they acquired the bulk of their schooling

Shortly after coming into the district Alf met with the man who became as he says, "probably had more influence than the average boy with his father." He was Andrew Miller who was a part of the 1 000 acre farm which he, his wife and daughter Jean, are proud to call home

Having his enemy by observing the basic and always looking to the future young Alf was able to purchase a threshing outfit when 10 years old Three years later he bought one quarter section and in 1921 took over the balance of the farm.

From the outset Alf Haarstad was a successful farmer. He was quick to recognize opportunities. He was a farm leader in forming the grain growers and throughout the years has followed the procedure that was adopted marketing 1 462 bags

His 21st birthday was a memorable one, for on that day he obtained Sheep Registrar's papers, for which he had qualified that season, and was also elected a member and secretary of the Bentleyman Grain Board.

Alf Haarstad has always had keen interests in the welfare of his community. He was a Councillor of the Municipal District of Lacombe from 1923 until it was amalgamated into the large Municipal District of Lacombe in 1944. At the first election of the enlarged municipality he headed the poll and has been every since.

In 1931 he was elected Alberta Wheat Pool delegate for his district and has held that position since that time.

It was he who rebelled about the wide spread between hog prices paid at City markets and Country points, and was most unvocal in getting the Hillsdown Valley Bacon Plant. It was brought higher prices to the stock growers of his district. He has always been active in the organization, either as a member of its directorate or as duly executive to the Alberta Livestock Producers Association and the Dominion Association.

In co-operation with Mr. Hannah and Mr. Charles Abbott he organized the Alberta Feeders' Association, which has become powerful with in its scope and allows small livestock feeders to finance operations when bank credit is not available for the purpose

In 1932 when the Alberta Government Telephone System broke down to the extent it was not able to give service to rural subscribers Alf Haarstad framed the solution for his community. He journeyed to Edmonton, consulted the Minister of Telephones by whom was workable and on behalf of his community purchased the telephone and made it the nucleus of the Wetaskiwin Municipal Telephone System.

In 1944 packing houses were unable to handle farmers' cattle and a shipping embargo resulted. When all plans to the Government failed, 800 Alberta ratepayers met at Lethbridge and voted to send a delegation to speak on their behalf he remained at defective Government regulations. Although Alf Haarstad did not attend the Lethbridge meeting, he was one of those named to go to Ottawa to speak for the industry. After four days in Ottawa the delegation was successful, with the result that Maritime cattle were on route to market again by the time the delegation returned home

Currently Alf Haarstad is performing another major task designed to bring benefits to citizens in all sections of the Province. He is a member of the 5-man Health Survey Committee, faced with the important task of allotting annually the $5,000,000 which is Alberta's share of federal health grants. The scope of the survey includes hospital, nursing, medical, dental and public health services, crippled children, cancer control, professional training, mental health, tuberculosis control and community planning.

Mr. Haarstad has always been an ardent supporter of the principles and policy of the Progressive Conservative Party, and in 1940 was Progressive Conservative candidate in the riding in which he is again running for office.

Alf Haarstad is well and favorably known over a large section of the for these constituency because of his many public services, not only on behalf of his own district but on behalf of Alberta as a whole. His success as a farmer, councillor, citizen is extreme. Where Pool is known and his active and unsurpassed part he played in its inception is he amply fitted him to represent Alberta's richest riding in the Dominion Government

. . . This is Alfred B. Haarstad, Farmer

By Way Of Explanation

Once again for the many newcomers to the Lacombe Globe staff, we would like to explain what it should print.

Paper, pencils, erasers, and typewriters are all in place. The newcomers appear to be quite capable of handling the job. Some changes may occur in the paper during the year, but the editorial material will remain the same.

In closing we would like to say thanks, on behalf of the Paper Club to all those who have helped us with the printing of this supplement and the "Bees and Tees" and also to all the teachers and the student body who have made this a lively year, and in so doing supplied us with lots of news and views.

IN MEMORIAM

The students of the Lacombe high school greatly saddened to hear of the death of Doreen Howe who passed away on Sunday April 24, at the age of 16. Doreen's fresh and sunny nature endeared her to the same school and those who knew her. Before attending Lacombe school from 1938 when she started grade one until 1940 when she had to leave school because of her health. During her school years Doreen became well liked and the students join with the staff in extending our deepest sympathy and heartfelt condolence to the bereaved family.

The Editorials

These editorials which appear along side are the winning essays in this year's Globe Editorial Writing Contest.

The fourth prize winning editorial entitled Gardens and Gardeners by Mary Pasiw appears on page eight.

There were about 150 entries in the contest this year. The winners will read it at the McCormick Robert Wright grade 9 and 10 Mary Pasiw and Etta Leslie grade 11 and 12.

Don't You Believe It . . .

Ower Eefishunt Speling Sistum . . . By Robert Wright

Canadian Movies . . .

The theatre of today is one of the most famous of recreations. During the past four years improvements have been made from the rustic slide with typed words to read to our modern motion picture with sound effects and music. To-day we can go to any theatre and enjoy the latest news, comics, a previews, special features and the feature film all under modern and then serious sound.

The theatres are important not only for the different types of entertainment but also for the educational benefits that they afford. [illegible] sound records and [illegible] especially [illegible] every movie you see you are sure to learn something or perhaps more than the latest news.

Several schools have bought a full projection showing special educational films at school for that room but by very successful because [illegible] of course I look at a picture of what that is and that might [illegible] about it and figure [illegible] saving.

Most people are against the movies more and more [illegible] some reason for it. Several church [illegible] movies, but I think the people [illegible] movies [illegible] the movies [illegible] good morals and are both educational and entertaining.

THE LACOMBE GLOBE

Serving Districts of ... ve, Bentley, Blackfalds, Tees, Alix, Morningside, Mirror, Chigwell, Joffre, Haynes

VOL. XLV — No. 38 | LACOMBE, ALBERTA, THURSDAY, JUNE 9, 1949 | Price — 5 Cents

Third Dozen Spring

Good Rain Badly Needed To Aid Spring Crops

The third driest spring, as the 41 year history of experimental station weather records has established, is what crack grain growers in this area have had within the last week. Farmers expect most fields will dry up spring hoed late and allow the crop to mature. So the lack of moisture lives on subterranean stream and showing effects of the drought. There are grave shortage hay and pasture, and some farmers are reported to be using feed for cattle an unprecedented time in this district in the month of June.

Here are the precipitation fig ures for both April and May, 1949 | 47 inches. Forty one year average for the same period is 87 inches.

Precipitation from August to April prior to the spring period 6.95 inches. Forty one years aver age for the same period 8.20 inches. Only in two other years have rainfall conditions been so bad — in 1912 (8.62 inches April and May), and in 1931 (0.56 inches of rain).

There has been no rain so far in June.

Fall rye has headed out pr maturely in this area because of the heat Some fields will be ripe March 12 inches in height have headed, a rather uncommon sight by this time.

Drought Ousted

The drought is fairly general at all points in central Alberta. Heavy rain clouds have hovered overhead almost every evening, but for past month they have failed to pass by and leave clear skies again.

To make matters worse the hottest day of the year was recorded at the experimental station in Lacombe, at 94 degrees, on the heat temperatures up to 90 above 80 had a humiliating, devastating effect on parched fields.

The season so far from hopeless, however, and most farmers and agricultural observers are of the opinion that a good day's rain would completely reverse the picture.

Better than average crops can still be harvested if an immediate rain is forthcoming. Pasture, which is estimated at no better than 35 per cent of normal, will be considerably revived

Rat is Sighted Here in District Tuesday Evening

First sign of a possible rat invasion of Central Alberta was seen here Tuesday night, when a rat was spotted just five miles northeast of Tees.

D. H. Mercer of Beech Ointer, Alta., and Kenneth Grosgua were driving home to the Grosgua residence in the Tees area, when the rat came up out of the ditch and out on to the road, then disappeared on the other side.

Mr. Osborne, who is a nature of Clinton in this area for 40 years, says he knows one when he sees one and that was a rat.

Provincial authorities are doing their best to stamp out rats in Alberta, which have trend and increase in numbers. They cause great destruction and damage.

So far, only one rat has been in Alberta, but the odd one does enter the province via railroad cars, or moving trucks as this one undoubtedly did.

MRC Fund Grows By More Than $2,000 This Week

Funds for the MRC were swell ed this week when the carnival on town netted just over $1000 for towards the big local building project.

Another $1,300 towards the fund was netted by the staff of the experimental station, at the May 24 sports day celebration here last week. It was reported at the regular meeting of the Lions club Monday evening.

Water Consumption In Lacombe Reaches New High Level

Town dwellers have been and more water than they have ever before according to the statistics of the water pumping station on the east edge of Lacombe. Over a ten thousand gallons is pumped up daily.

According to Bob Bissell, superintendent of the town's water system, is about as much as it can handle. The reservoir holds 100,000 gallons, but with its 2,000 gallon per minute capacity it can fill this up in the fact that the water pump working 24 hours a day, and 50 thousand gallons each day.

Lacombe Director ... municipal ... of Lacombe's claim to be the most water using town in the province, with the highest consumption per capita.

Community Sale To Be Held in Town Next Week

Farm machinery - to home - stock and household furniture is being brought.

All those interested are expected to be auctioned off at the Lacombe community auction sale on the vacant lot next Saturday. Friday and Saturday Sale will start at 1:30 p.m. Thursday and Friday evening, and Saturday afternoon will be held starting at 2:30 on the afternoon and 7:30 at night.

Possibility that a used car might be put on the auction block each evening was voiced this week by Howard Faulder, chairman of the committee conducting the sale.

All proceeds will go to swell the coffers of the M.R.C

A truck and caravan of the disposal will be conducted, and those having further articles for sale are asked to return these filled-in to Faulder's garage next Thursday the goods recently

BABY SON OF MR. AND MRS. E. PERRIN PASSES

Baby Herbert Andrew Perrin, son of Mr. and Mrs. Ernest Perrin of Aspen Beach, died at the Royal Alexandra Hospital, Edmonton last Saturday The baby was but was 21 days old.

A short funeral service was held from Brown and Johnson Chapel Tuesday afternoon, with Rev. H. P. Marden officiating. Grandparents of the baby are Mr. and Mrs. Harold Danver of Clive and Mrs. George Perrin of Aspen Beach.

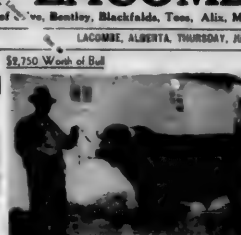
Accident Shut Sands Morningside Youth To Hospital

Gordon MacKinnon, 17 year old son of Mr. and Mrs. A. D. MacKinnon of Blackfalds accidentally shot himself below the knee with a 22 rifle bullet, while out shooting gophers Monday afternoon.

He was with his brother, Alec, 15, at the time, and while lowering the loaded rifle to his side it discharged.

The bullet entered the calf of his right leg, and was extracted right near the heel by Dr. M. C. Melsaac in the hospital.

$2,750 Worth of Bull



Thoroughbreds present, for these three days sale last brought gross receipts of $27,500 | last week's sale here. Each lead was judged Grand Champion in her class, and all of them helped keep averages up | Bread, which equalled all previous gross records in the sale's 60-year history. The Aberthorn at the top photo is held by owner Bruce Seaman of Westmount, and brought $825 | Centre snap shows owner Vince Rigby and his champion Hereford which brought one of the sale's very one thousand dollar bids. The re mained Vince much heavier reserved $1,075 gross for his animal. In the lower panel is the champion Aberdeen Angus from the Theo Hendrickson farm near Lacombe | Bread Herbert ian Harris friend — holding the animal, which brought $850

Traffic Blocked From Downtown Thoroughfares

Oil Applied on Town Streets To Settle The Dust Problem

Rolled from dust at least in the downtown streets of Lacombe.

So at present this week, as blocks of road were cut off from traffic for a big oiling job.

Incidentally, the oiling with on the streets is as completed early Tuesday morning, and the stage for an oil application

A total of 1,700 gallons of oil were laid. Tuesday's operation began pressure by big tank trucks

The oil was allowed to soak in for about an hour and then yesterday, as traffic was diverted for the third successive day away from the normal business area.

In all some mile or more of road was treated in this way. Four blocks on 50 (Ross St) are now from 47 street to 52 street or from Leslie's to the Lacombe Furniture Store corner.

Single blocks were done on 48 and 49th avenues (past Fraser MacDonald's and past Hardy Brewer's) and a block on ... street past Moore's, and approximately three-quarters of a mile on the road leading out of town way from the Royal Bank corner to Brown, and Sparling's corner.

Town councillors are hoping the treatment will be a permanent one, and not just from dust-worst, at least for the remainder of the summer

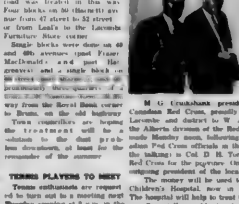
TENNIS PLAYERS TO MEET

Tennis enthusiasts are requested to turn out to a meeting next Tuesday evening at 8 p.m. in the banquet room of the Lacombe Hotel It is hoped that a local tennis club can be formed at this meeting. All interested are urged to attend Jim McRae will act as chairman.

NO WORD OF HOUSES

No official approval has been received here to date on the veteran's housing project for Lacombe The plans calls for construction of 25 houses in Lacombe this summer under the government's veteran housing scheme and award is expected some time this week.

$2,000 Red Cross Check Presented



M G Urquhart, president of the Lacombe branch of the Canadian Red Cross, proudly presents a check for $2,000 from Lacombe and district to W A Austin of Dominion president of the Red Cross Society. The presentation was made Monday noon, following a small luncheon at Con cafe. Red Cross officials in the Lacombe Hotel On the left ed ing the talking is Col D H. Tomlinson of Calgary commander of Red Cross for the province On the extreme right is W H Jackson outgoing president of the local branch.

The money will be used to furnish two wards in the Crippled Children's Hospital, now in process of construction at Calgary. The hospital will help to treat those crippled children whose parents are financially unable to stand the cost of hospitalization It is expected some sort of plaque will appear in each room signifying that all furnishings were supplied by Lacombe and district. The hospital commenced construction this spring, and will be completed by the end of April, 1950. Red Cross presidents Austin thanked H. Cruickshank and all members of the local Red Cross for their hard

PEDERSON-BUCHER

The Ashmont United Church was the scene of a pretty wedding on June 1 when Nelda Olive Bucher, daughter of Mr. and Mrs. D. R. Bucher, Ashmont, became the bride of Robert Wilfred Pederson, son of Mrs. G. Pedersen, Lacombe and the late Mr. Pedersen. The double ring ceremony was performed by Rev. Mr. Hall.

For the wedding, the bride chose a dress of white chiffon, with a ribbed velvet bodice and sweetheart neckline. The long sleeves were fitted with lace cuffs. A lace insert in the front of the skirt was repeated in the lace train. She carried a bouquet of red roses.

Miss Lorna Bucher was her sister's only attendant. She wore a floor length dress of lemon yellow chiffon, with matching velvet bodice and sweetheart neckline. She carried a bouquet of red roses.

Best man was Mr. John Wendt, brother-in-law of the bride, and Mr. Jack Bruger of Ashmont also. Ushers were Mr. Wendt and Mr. Bruger.

Mrs. Vera Tetzlaff of Edmonton was a week-end visitor at the home of Mr. and Mrs. H. Ide, Lacombe.

• • •

Mrs. W. J. Parsons is a guest this week with her mother Mrs. O. Vickerman of Calgary.

• • •

Serves 4
Cooking Time, 1½ Hours.
Ingredients: 1½ lb. chuck steak 2 tbs. all-purpose flour, 1 tsp. salt, ¼ tsp. pepper, 2 tbs. butter or margarine, 1 cup canned tomatoes, 1 cup canned beef consommé, 1 tsp. Worcestershire sauce, 1 tsp. sugar, 1 tsp. chili powder, 1 bay leaf, 1 clove garlic, minced, 1 onion, sliced, 1 green pepper, cut in strips, 1 cup sliced celery, 1 cup sliced carrots, 1 cup sliced potatoes.
Cut the steak into serving pieces. Combine flour, salt and pepper and pound into meat. Brown meat in butter or margarine in a large heavy skillet. Add tomatoes, consommé, Worcestershire sauce, sugar, chili powder, bay leaf and garlic. Cover and simmer 1 hour. Add onion, green pepper, celery, carrots and potatoes. Cover and simmer 30 minutes longer or until meat and vegetables are tender. Remove bay leaf before serving.

STRAWBERRIES . . .

Latest information indicates that there will be some movement on B.C. strawberries about June 10. As usual supplies will depend on the weather. We hope to have a fair quantity of berries this year and would appreciate your orders in advance for arrival. All prices quoted competitive on day of shipment. All basket orders will receive our best attention.

Strawberry is now at its best. Try this recipe for your children's lunch. It's been finding great favor this year.
STRAWBERRY JELLY
3½ cups (1¾ lbs.) sugar
1 bottle Certo
To prepare juice. Cut an 1 inch pieces (do not peel) about 3 pounds over-ripened strawberries. Crush a few berries at a time and squeeze out juice thoroughly. Use cups only for measuring.
To make jelly. Add sugar to juice in saucepan and mix well. Place over high heat and bring to a full rolling boil and boil hard 1 minute, stirring constantly. At once stir in Certo. Then bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat skim, pour quickly into glasses. Paraffin at once. Makes about 11 six-ounce glasses.

Lacombe Pioneer, H. M. Trimble is A Town Visitor

H.M. Trimble pioneer resident of Lacombe arrived The Globe last week that he has just returned from paying a visit to C. J. Dayton, another district old timer, now living at Hanna. Mr. Mr. Dayton, who was 101 years old last November, is still hale and hearty. Mr. Trimble reports.

Mr. Dayton homesteaded east of Blackfalds before the turn of the century, and later opened a store on Lacombe around 1906. Mr. Trimble, who brought considerable land here and bought and sold it, during the early days, is a long list of professional and business men.

Write for a free copy now. If you are an investor or trader, you'll find it most useful for reference when investing or trading.

THE ALBERTA HAIL INSURANCE BOARD

Do you know that in addition to giving lower average rates with better protection, this Board is also returning money to its policyholders? Of every dollar of premium and that for 1942 80% of the policyholders got cheques from the Board.

This co-operative non-profit, farmers organization deserves your support, and I do want to see that the farmers in this district have protection against that calamity. And it is only through all ensuring that we can have a reasonable level of premium rates. Let's get behind and help it grow.

It is well to get your insurance early and I look forward to writing your application shortly after your crop has been seeded.

Record Bull Sale

GRAND ... cattle rummaged under a ... roof at the livestock stables here last week. They were brought in here to-ch, by truck and by almost any other conveyance on wheels ... home involved a good many miles. It was the occasion of the Lacombe annual bull sale, an event that has come to be recognized as one of the best in the province, in its 40-year history.

The animals were herded down at the barns, and carefully washed and fed by the owners in preparation for the judging and auction which was to take place. There were 300 of them, some with a good breeding strain built on the reputations of all outstanding sire or dam. There were bulls that looked like they could shake the ground, whose hair-to-ward and straight tribute bowed being high ... and there were bull attached well known breeders from all parts of the province. Visitors wandered through the barns at closely chosen, looking over the bulls and prospecting ... before the ...

... of the big livestock sales prevalent, almost every ... was arranged. The terms ran one of great activity. One bull was being led around the sales ring, other bulls were being warmed up ... the auctioneers were trilling out the bids. Sold! ... the auctioneer's voice boomed over the ... Next lot, please.

Three bulls sold for better than one thousand dollars apiece. That sounds swell for the benefit of visitors who pass. Prices created new records ... There were forty-two bulls sold on this one ... last sale totalled $42,800 more. Over $12,000 ... changed hands.

It is doubtful if sales much better than this ... will be seen in Lacombe again.

No More Pie-Suppers

SOCIAL CREDIT has been a strong-hold in Alberta now for almost fifteen years. In the first election in 1935, the people were fooled ... into a chosen cabinet of monetary reform which was to bring monthly dividends and prosperity ... All ... time, having money has lost its appeal, but Social Credit has continued to enjoy power in Edmonton on the basis of compulsory ...

The same campaign cry does not hold for Social Credit and the dominant party, however, and ... can only ask, Why do Alberta ... continue to return a Social Credit majority in the house at ... Ottawa. It is a non-sensical staged practice.

Last election, 12 Social Creditors were elected ... Alberta's 17 seats. No other province elected ... Social Credit member. Ontario, the largest, represented by 13 ballrooms at party which can ... claimed to ... support from any other province. ... The most ... Social Credit ... not as a ... but ... parliament like ... in the ...

In time the proper representation for a given ... or province ... like cops' There must ... in town at all. It was a stranger. It was a distinct group speaking for the interests of the province but ... neither support or re-spect.

It is up to Albertans to see, as this election ... that Alberta has a voice in the house worthy of its dollars and position as a citizen. That means a vote ... for the real Credit or C.C.F. but a vote for Liberal or Progressive Conservative where the roger ... who speaks for his constituents has a strong party backing. We have had enough of 12 cabinets from a minority party, often seen but ...

Security For The Farmers

AS OF August 1 it is proposed to extend the ... mandatory powers of the Wheat Board to include the storing of both oats and barley. It will ... an effort, he no longer a wheat board but rather a ... board.

Very little need be said about this overseas step ... of pointing to the obvious trend to ... world security which has developed since the end ... the 30's. At that time, all grains were sold on the ... to hedge the rough open markets. Prices fluctuated. It was gambling at its severest form, and the farmer never knew from one day to the next what price he might expect from a bushel of wheat.

Then, with the added complication of war the ... boomed, dropped in and directed the ... business of trade. Food-stuffs were rationed ... otherwise made to. Britain on a direct government ... change level. The bartering of governments ... one ... international trade has extended right into the post war era and it looks as far as great ... concerned that it will continue.

The farmers want it that way. In the street ... discussions ... Britain during the past three years, ... engage they only stood under the war ... pressure and ... But the market was ... ... with the drop ... which meant ... Canadian ... stand to gain by the ... ... bought ... of sacrificing ... ... security ... of the ... of security which has changed the view-point of the farmer to the position where he is prepared to submit to the direction of a grain board agency

X-Ray Tuberculosis Unit To Visit Here Late Next Month

Mobile X-ray units operated by the Indian Affairs Branch of Alberta will visit Lacombe to assist the work part of the year, it was announced this week by Dr. A. L. Sharp, Lacombe health unit director.

The mobile units, which will be equipped with the latest and most modern equipment in the modern field of chest radiography, will be put through every Alberta municipality.

It has got a powerful medicine behind it.

Golf President vs. Vice - President Draw is Made

The president vs. vice president golf tournament started early this week.

Ladies served tea on the club house during the afternoon. It is reported that all present completely enjoyed the playing of music by Mother Nature.

Draw committee members Bill Reiser and G. T. Jackson are working on a handicap system and challenge system, and have all members to hand in five score cards 18 holes each as soon as possible.

Clive Team Wins

Lacombe Cubs in Second Place In Central Alberta Baseball Loop

	W	L	Pct.
Stettler	4	1	.800
Red Deer	3	1	.750
Innisfail	3	2	.600
Lacombe	2	3	.400
Ponoka	1	3	.250
Bowden	1	4	.200

Lacombe Cubs outfitted a get-together opportunity by a nighttime baseball game with Innisfail and showed against the latter's team. Innisfail's 8-3 win over Lacombe last Sunday 6-3 win. The locals weren't beat but Bowden showed themselves better than on every game to date and never before they'd be tough to beat in any way.

Innisfail	200 011 02	6 11

Morris and Tanner Lacombe and Hambly

Lacombe Cubs spotted Red Deer nine in the 1st inning and Red Deer scored back with a 17 hit attack to win 8-3 at Red Deer last Friday night.

It was the second encounter Red Deer on three nights and Lacombe's 13th in six league baseball game this year. Jim Flewelling of the eager-to-beat visitors batted four for four to lead the locals batting attack.

Hints to Farmers...
IN THE PRODUCTION OF
"Special" Grade Cream
Milk in Clean Surroundings
1. Keep barns clean and well ventilated. Avoid raising dust at milking time.
2. By means of a brush remove loose hair and dirt from the flanks and udders before milking. Clipping flanks lessens chances of contamination. If a damp cloth is used, it should only be used in connection with a chlorine solution.
3. Milk with clean dry hands. Wear clean clothing.
4. Strain milk through a single service filter steamer. Cloth strainers should never be used.

SHARP'S *Weekly* NEWS

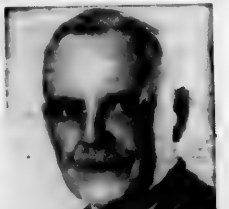
INTERNATIONAL HARVESTER

We're sort of hanging our hoses across the shop between. We don't mind. Besides, running a shop sorta of an hose-less, hanging out to dry on a line at the expense of the neighbors hasn't been the best of the Lacombe Lake. That it's handy to have the water the week end and get your hose when you want it. And as one hose Bruce is all the better and Travis B. up. Then I, that doesn't mean that I'm Carl A. and less Tra-

But we've got other things to think about. The fact is that bad. We've got our back shop and the work we've to do, for instance. Our equipment for repair work is good and the boys who run it, know what they're doing. When you've got some repair work to be done, bring it to A. L. Sharp and Son. We've got the best of equipment and the best in parts to use, and that's the kind of service you're entitled to, particularly now.

Try out our repair service and you'll be sold.

A. L. SHARP and SON
PHONE 37 LACOMBE



RIGHT HON. LOUIS ST. LAURENT, Prime Minister of Canada

Canada's great Leader

It's the path on June 27 the voter must ask himself, ahead of anything else, who should be head of the government.

In Louis St. Laurent, Canada has found a great national leader.

That he had high abilities of the mind was proved by his career in law. That he had wisdom in counsel, unique gifts in parliamentary debate and a quick grasp of large affairs became clear as soon as he entered the Government. In international affairs, as one of the original advocates of the Atlantic Pact, he made himself a world figure who spoke out as no Canadian before him, in the councils of the nations.

He also revealed an understanding of ordinary people, because he is one of them.

This warm and essentially simple human being is the real St. Laurent, the product of the small town, of humble beginnings, hard work, a big family and the friendliness of country neighbors.

In blood, language and instinct he combines the qualities of two great races.

To the voter it is equally important that St. Laurent is the leader of a truly national party, with proved strength from coast to coast, the only party which can hope to form a stable government after the election. His character, his ability and his achievements have made him the leader of all the Canadian people.

Clive Students Attend "Henry V" Picture in Theatre

(LSPP) Members of the Clive school students attended the movie in the Red Deer Theatre Thursday evening to see the picture "Henry V" at the 7 o'clock performance.

The production, all in technicolor, was of particular interest to the high school students as it gave a complete and representative picture of the life and times of Shakespeare's time. The elaborate costumes and scenic settings were the work of the famous movie artist Roger K. Furse.

Cars for transportation were supplied by Morley Green, Clive minor Sherwood, Mr. MacLean, Lacombe Wagner and Stanley Goode.

Cops Presented in Finals of Cricket 1 and 2 at School

Pupils of the grades one and two classes (Miss L. Sharpe's room) were presented with the finals of trade cup last week but the first showing of all results of the school on the recently completed point up. Cups up competition sponsored by the local board.

Hal Edson made the presentation on behalf of the local board of trade.

GOOD RADIO TALK

Rev. Isaac Hoogendoorn of La Combe gave a series of addresses on the subject "Jesus Christ" at the morning and evening services of the Lacombe United Church on Sunday. The sermons were broadcast over CKRD at 10.30 a.m. Morning and Evening.

Popular Bentley Couple Celebrate Silver Anniversary

Mr. and Mrs. Clarence Hargett, well known Bentley couple, were honored at a happy gathering at the home of Mr. and Mrs. W. A. Nelson Friday night, in honor of their silver wedding anniversary.

About 30 attended the party and Walt Terry presented them with a beautiful electric clock on behalf of the assembled guests. An engraved plaque appears on the clock from Bentley and many friends.

In addition, Mr. and Mrs. Hargett received a number of messages of congratulations and best wishes from Bentley and many friends.

The hostess was Mrs. William Nelson, assisted by co-hostesses Mrs. Wilfred Terry and Miss Doris Nelson. Pouring tea and buffet lunch were Mrs. William F. Pringle, Mrs. Clarence Emerson, Mrs. Glenn A. Wright, Mrs. Harold E. Hopkins.

Assisting with the serving were Mrs. Claude Hargett, Mrs. Lorne Emerson, Miss Mary Gamble, Miss Vera Dorsey, Miss Mary Desmond, Miss Jo Ann Wright, Miss L. McMillan, Mrs. Ross Nelson.

Mrs. Harold E. Pringle sang "I'll Walk Beside You" accompanied at the piano by Mrs. Stanley (Mrs. Claude Summers, Percy Dorsey and Dr. Wayne rendered quartette selections.

The actual anniversary date was Saturday and Mom and Dad were pleased to receive a wire of congratulations from their only son, Clifford who is presently at the Coast on a University course.

Girl Softballers From Clive Win at Minor Sports Day

Last Friday the Clive high school girls softball team attended the annual minor sports day at Blaver winning first place by defeating the Blaver girls 16-15.

Winners' ribbons were presented to the members of the Clive team. Pictured here are Miss Clive Anning other members were Marjorie Dawson, Joyce Waterman, Betty Duffy, Noreen Joslin, Mary Lou Anne Grosbeck Gwen Muldoon, and Velma Kroh.

Good Church Service Held at Tees Last Sunday Afternoon

Around 50 persons turned out for the interdenominational church service in the new building of the O. Concord at Tees last Sunday. Pastor L. J. Clegg of Red Deer was back as the pulpit, after his recent illness.

All residents are asked to remember the regular church service each Sunday at 2.30 p.m. There will be Sunday school at 1:45 p.m. under the direction of Mrs. Fred Archibald.

M.R.C. Hall To Be Used This Summer?

Another $6,000 spent in the maintenance and recreation centre ... use the hall unable for the summer months. It was decided at the annual meeting of the society before the town office last Friday evening.

Heard at many committee meetings ... members of the board as the various committees chairmen gave their respective reports. Board chairman Dist. McFadden presided.

C. D. Williamson chairman of the ... construction committee stated that the hall could be put in shape for use "possibly by July 1." Windows, ramps to stages and the entrance ... and ... are needed before the hall can be finished. Mr. Williamson said about sufficient to finish off the portion of the building.

Cost Totals To Date

We have spent very close to $40,000 on actual cash to date" Mr. Williamson reported. "And the estimated cost of the complex is projected at somewhere in the vicinity of $120,000. He stated that, in his opinion, it would take not less than $6,000 more to completely finish the complex to...

Wes Jackson, chairman of the canteen committee gave the meeting some frank and interesting facts.

In addition to the $40,000 ... have spent, we have contributed an amount of $10,430 to pay as stated. The present bank total... Last month it was $707.87.

He pointed out the tight ... of the picture, however when ... the actual interest on bond ... not yet built into the prospect would more than offset the ... standing arrears.

To put the rink into shape ... Mr. Jackson reported, ... new piping, roofing, wiring and lighting, washing room and dressing room at an anticipated expense of $2,000 each. In the arena, another $7,000. $4,000 must be made the hall portion of the building ... roofing" and $4,000 more to make a good hall floor. Plumbing heating, ... and ... canteen ... building was not included in ... figures.

Financial Situation Here

Referring to finances, Mr. Jackson stated that from $6,000 to $8,000 was raised on ... during the opening of concert last fall, and urged the use of ... rather than ... wherever possible.

"To finish this hall in three years at a ... money in ... an average of at least $20,000 per year," he stated flatly. He pointed out that during the past three years over $20,000" has been raised by various ... organizations ... committees for the MRC building fund.

Sherwood Dixon spoke of the disgraceful attitude on the part of the parents. "If we have to ... wards the MRC ... Stating that "the MRC is for ... children and deserves ... entitled to support" he deplored the lack of interest among parents here.

Softball Organized

A ballot was cast to decide the town-man board ... Elected were A. J. Stevens, Don McFadden, Wes Jackson, Sherwood Dixon, Jack Henderson, Jack Purvis and Don McCormick. Clare Williamson and Bob Pringle, ... representatives, ... did not stand for re-election.

Representatives ... were Ivan Erskine, ... Walters. Hoyd and A. M. Pruse ... under of these groups, ... floors, with a number of added nominations coming from the floor.

Before closing the meeting, chairman D. D. McFadden expressed the thanks of the board to all those who have helped.

At a brief meeting of the new board members immediately following the meeting, Sherwood Dixon was elected chairman; Lawrence ... treasurer and ... secretary. Mrs. ... was appointed ... canteen manager.

Funeral Service Held Wednesday For Mrs. C. Dibb

Many persons turned out at the Clive community hall yesterday afternoon to pay their last respect to Mrs. Catherine Elizabeth Dibb of Clive, who died at the Lacombe municipal hospital Tuesday.

She was 54 years of age. Rev. Thomas Smedmor of Clive officiated assisted by Rev. S. J. Waterman. Pallbearers were Bro. Mr. Medd, Henry Walters, Mike Shrubsall, Bill Barbour, Earl Carlett, and Parley Marrical.

The late Mrs. Dibb had been a resident of the district since 1906. She had been ill for the past three years.

She is survived by four sons, Rollo, Cora and Gilbert all of the district, and Ralph of Vancouver B.C. and one sister, Mrs. Ethel Hargreaves of Iowa, U.S.A.

New Tennis Club Formed in Lacombe On Tuesday Evening

Revival of an active tennis club in Lacombe made its first appearance of an enthusiastic meeting of tennis players in the Lacombe Hotel Tuesday night.

About 25 turned out to discuss ways and means of rehabilitating tennis courts and re-turning a club, which faded into oblivion during the war years.

The following executives were named president, Les Walker; vice president, Tom Smith; secretary-treasurer Cecil Gallinger.

It will be the first duty of the new executive to obtain a suitable site for the construction of courts, and get an estimate of the cost of building two courts, either on shale or cinders.

They are to report their findings at another meeting next Tuesday at 8:00 p.m. in the Lacombe Hotel. If possible, prospective members want to be play ... for ... fee.

Don Lund has offered a net and some tapes he has on hand which would equate one court The club has about $100 in the bank and have obtained the use for sale of fixtures when the old courts were dismantled

District Wedding Bells

HEALD-PORTER

The altar of the Baptist church at Clive was banked with cut flowers and ferns last Sunday afternoon at 3:00 p.m., when sacred songs were rendered by Bonnie Porter, youngest daughter of Mr. and Mrs. G. B. Porter of Clive, and Stanley Lloyd youngest son of Mr. and Mrs. Alvin Heald, also of Clive.

Rev. A. J. Waterman performed the double ring ceremony.

The bride looked lovely in a dainty pink floor length gown of nylon net, with navy accessories and a corsage of white gardenias.

Jessie Porter of Edmonton was her sister's bridesmaid. She wore a lovely grey floor length gown with navy accessories and a corsage of red roses.

Best man was Ralph Heald of May Porter of Clive, sister of the groom. During the signing of the register Miss Lois Hughes, Bentley, and Audrey Shandelford, sang The Wedding Prayer.

A reception for 23 guests for Mr. and Mrs. Lodford Finnell was held at the home of Mr. and Mrs. F. S. Finnell over Sunday afternoon.

Mr. and Mrs. Pryzgoa are the proud parents of a baby daughter, born June 10th. Grandparents are Mr. and Mrs. Ben Zinetz and great grandparents are Mr. and Mrs. Pryzgoa.

Mr. and Mrs. Lee Smith, Mr. Smith's father and Mrs. Hugh Lord were Edmonton visitors on Friday. Mrs. Jessie Hobbs and girls came back with them, and returned to Edmonton Sunday evening.

A meeting of the Morningside band of the Alliance Church will be held on the Innisfree school on Wednesday evening, June 22. Lunch will be served.

What of the Election?

THE battle raging domestically in the town on June 27 is causing surprisingly little interest. People are casual almost indifferent. They would much rather talk about the weather. Perhaps the lack of any sparkling issues is a contributing factor to the apathy.

The same general disinterest seems to prevail in all parts of the dominion. According to the editorial passages of newspapers following conservative leader George Drew's tour of Canada, the people in most areas are showing only mild concern in the election campaign, and those reports indicate it hasn't aroused the ranch of the interviewing reporters.

Those widely travelled newsmen seem to be pretty good examining board of public opinion across Canada, and it was interesting to listen to their views as to who might be the next government of Ottawa. Two of them believed the C.C.F would be lucky if they held as many seats as last time. A couple of others boosted the Progressive-Conservatives would show enormous, particularly in Quebec where they need support badly, but that it wouldn't be enough to give them a clear majority. And the most striking point of all, few of them thought that any one party would have sufficient numbers to give either unreserved support to the house in either direction, a coalition of two parties might be necessary to form a government which could enjoy stable and absolute support. The only alternative would be a minority party forming a government and facing potential defeat by opposition members at every turn. Consequent dissolution and a new election.

Next, of course this is only an opinion shared by a small group of observers and we know what happened to the so-called experts in the last American presidential election. Still it should have taken on their tone, but the fact is there seems a hop

Learning a Lesson from Tragedy

A BIKE mishap which could have been very sad was reported in these columns last week. The girl (from Bentley) died in hospital following collision when her pedal machine struck by car. The girl was 11 years old. No doubt her parents are stricken at the loss especially since the accident was avoidable.

One does not have to go very far away to learn of similar tragic events. A couple of months ago a nine year old Mirror youth was dragged to his death around a farm field by a horse which had been tied to a gallop. The boy had a turn [illegible] around and was caught in the harness. Almost every week, recently, a farmer's baby boy also nine years old met the same fate in this province. It was a case of a minute's lapse by the horse owner. There are the other isolated circumstances he had a rope securely tied around his waist, and when the rope loosed, the youth was hastened to death as he was pulled across the ground.

These experiences should be a warning to all [illegible] and [illegible] In this district particularly [illegible] where [illegible] to the animals. Tell your children to keep the rope IN their hands as what [illegible] around to secure AROUND the hand when the operation might be difficult or impossible. Drivers also should heed the same advice too. No matter how quiet and safe the animal may appear a sudden noise or unexpected movement may cause a stampede. And then it would be too late

Farming Notes

from the Provincial Department of Agriculture

1948 Alfalfa Seed

The latest 1948 estimate of alfalfa seed production has now been placed at more than 24,000,000 pounds, and all previous production records have been exceeded. The 1948 crop was 50 per cent more than the previous year which was also of record proportions. This compares with the 5 year (1937-41) average of 7,624,000 pounds. More than 70 per cent of the total crop was produced in Manitoba, Saskatchewan and Alberta.

There has been a move in two fields crops seen as alfalfa seed production during the past few years in timothy areas in the three Prairie Provinces, and particularly in Saskatchewan and Alberta. Growers in that area have found alfalfa seed production an important source of land revenue. Farming record items due largely to the financial support derived as the United States for Dominion grown seed.

During the period of increased production in Western Canada, there has been at the same time, a steady decline in alfalfa seed production in Ontario, which at one time was the main source of supply.

Keep The Soil on The Farm

It takes about 400 years to produce an inch of soil. One heavy rain can make centuries of farmers' soil material of the rich water in soil completely. Given the opportunity, the soil will be washed into creeks, rivers and out to sea.

The top six inches of soil is the most natural resource of farming lands the world over. In all the many countries it is being allowed to run away." Conservation of this soil is the job of you and me and spreading millions of dollars on drainage, reforestation, contours in the state of Northwest and agricultural land, and on other conservation projects.

Changing a cutting growing a water course planting a few trees build a hundred small and inexpensive operations of doing at time, controls up to the council program of soil conservation.

Reflection of the Times

Dissatisfaction With Highway Building

Modern engineering has not yet solved all the road problems involved in road construction. From travelers to Olds on surface newly laid but a year ago, it has been necessary to retouch again this spring. We know that a lot of study has been put into this problem, for we heard it discussed by a professional engineer even before the war. Just when they hope they have the thing licked, something new pops up.

The motoring public in Alberta, and in all Western Canada for that matter is definitely becoming impatient over the slow progress of permanent road construction. The dry spell just now ended dissipated thousands of motorists over our backward road programs. They are a surplus of asphalt in the Lloydminster oil fields and a surplus of dustless roads while at the same time the motorist is taxed all the traffic will bear

Those with [illegible] were [illegible] Kenneth Bayer, Harry Sharp, Ellen Smeets, Ralph Tebbutt, Richard McGee, Stanley Hamm, Ernest Chesser, John Hutchison, Allan Cole.

Those with Grand were Sharon Smith, Joan Chesser, Lorraine Kenworthy Mary Hutchison, Ron ree Anders, Glenn Hewett and Kenneth Bates.

Hapless Resident Has Failure in Favor of Mail Service Through Red Deer

Fifty an of the lofty note but [illegible] in the Hayes post office have signed a petition asking that their mail be sent from Red Deer via C.N.R. rather than by rail carrier from Clive

The petitioners would put their mail one day earlier on the way. The petition will be sent to of Lacombe and the post master general in Ottawa C. R. Stuart and Hayes. There have been most of the collecting of the signatures.

Red Deer Advocate

GOOD HOSPITAL

You have an excellent hospital building here said Dr M. Osborne in Rocky Mount Alta. [illegible] Mr. and Mrs. Kenneth Gerrard's at the [illegible] Two district [illegible] I was [illegible] The [illegible] Mr. Osborne [illegible] Mr. Osborne surprised that in the 75 years I haven't seen anything to surpass your hospital, and the reception chorus needs no down."

The years are bound to bring changes...

Do you know what your insurance needs will be in 1953? Marriage, a birth or death in the family might change the present picture completely. So, plan ahead, but make your plans flexible.

A Crown Life convertible Policy gives you that flexibility. At the end of five years, you have the privilege of continuing your original policy into any one of five different plans at a new rate which is guaranteed in your original policy. There are no lump sum arrears of premiums to pay.

Get in touch with a Crown Life representative. He will be glad to explain how a Crown Life convertible Policy can be used to give you the flexible protection you require

Municipals Tops Aspen Beach Ball Loop With 5 Wins

LEAGUE STANDINGS

	W	L	Pts.
Municipals	5	0	10
Gull Lake	3	1	6
Bentley	2	2	4
Lacombe	1	3	2
Meadowbrook	0	4	0

With the Aspen Beach baseball league schedule well advanced, Lacombe chaps Municipals were undisputed in first place with five wins as against no defeats.

In last Thursday night's games Municipals defeated Lacombe 17-7 and Bentley defeated Meadowbrook handily 15-4.

Woody Nook

(DELAYED NAME) On Sunday Mr. and Mrs. H. Bentley entertained Mr. and Mrs. J. Ing and family, and Mr. and Mrs. Eric Johnson and Lawrence to dinner. Afternoon visitors at those home were Mr. and Mrs. S. Bentley and children, and Mrs. Schneider of Bentley. During the evening Mr. and Mrs. J. Ing called for a while.

Pete Sonning arrived home from Edmonton where he spent a week visiting and enjoyed an enjoyable trip.

Mrs. Ellis Webber arrived home on Friday from the Coast. Her mother, a much better but few small daughter was quite sick when she arrived home.

Advice: Anybody with fishing plans going or camping with his family should see Mr. Hamilton at Lacombe Motors.

Mr. and Mrs. J. Johnson are visiting Mr. and Mrs. Ed Dobson and Mr. and Mrs. J. Ing for a few days.

Mr. Lawrence left on Sat. that Mr. Wm. Hill's home at Hill 60. Mrs. Hill is very ill at present.

Mr. Hughes is spending some time with his family at Lacombe.

Mrs. Margaret Saunders spent the week end at the home of Mr. and Mrs. H. C. Kosby.

The Woody Nook school played ball with the Blindman school on Friday afternoon. The game was a large outing.

George Dartnell operated his new hobby playing ball at school this week. He is not much of a ball player.

Mr. and Mrs. H. Bunten visited at Nelson Lake on Saturday afternoon.

Those who played Monday ball at the Park Sunday after noon were 17-2 for Sprucevale.

Mr. and Mrs. George Archibald visited at the home of Mr. and Mrs. J. L. Ing Sunday evening.

Legion Denies Names of Imperial War Veterans Here

The Canadian Legion is anxious to inform names of all home members of the organized service A news release to the local to-date states:

To strengthen the organization's claim to be the representative of the true veterans' interests and to prevent members of the organization from [illegible] ... it has been decided that ... [illegible] ... veterans is being compiled.

Wanted are names of those members of the organization who served on a Monthly or active card did not have [illegible] ... Canada for a period of 28 years or more.

Vandals Go Beserk in Golf Clubhouse At Innisfail

Friday night the Innisfail golf club house took a terrific beating from a vandals thought to have been Innisfail members of the local member of empty beer bottles they left in the wake of the destruction.

All windows in the club house were broken and every stick of furniture in the place smashed up. Not satisfied with wrecking the club house, the vandals left three program of smashing and drunk, as well, by breaking over two trees, smashing the ice box in another on the use of the green keys and lock.

A cash reward is offered by members of Innisfail golf club for information leading to the apprehension of the unprincipled persons responsible.

Is there Natural Gas for Export?

At present withdrawal rates there is now enough PROVEN reserves of natural gas to last Alberta 70 years. This does not include potential reserves. Allowing for INCREASED consumption and the percent contemplated for export, with the proven reserves would be 11 trillion cubic feet. The Provincial Gas Commission accepted geologists estimate that existing reserves will be increased MANY TIMES OVER. Since then there have been many important new discoveries. Minimum estimate of potential reserves are at least 32 trillion cubic feet in the near future, enough to last, WITH EXPORT, 125 years.

MINIMUM POTENTIAL 70 YEARS
PRESENT ANNUAL WITHDRAWALS 1/2 BILLION CUBIC FEET
POTENTIAL ANNUAL WITHDRAWALS 4 BILLION CUBIC FEET

NORTHWEST NATURAL GAS COMPANY

James MacKinnon Speaker Here at Liberal Meeting

Speaker Says A. MacKinnon of Edmonton Better Orator Than Premier—Other Speakers Here Tuesday But the Liberal policy Is Not Changed

The people were both enthusiastic to provide a better hearing than they had ever had before. Mr. MacKinnon spoke for about an hour and a half and was followed by Mr. Wilson in a brief address in which he stressed the speech.

At the conclusion of the address Mr. Wilson invited questions from the audience. Mr. Lee asked the Liberal party's attitude on the question of the Canadian Wheat Board. Mr. Wilson replied that the Liberal party was in favor of the Wheat Board.

Mixed Foursome Draw Planned at Golf Course For Next Wednesday

It would be well for the social golfer well to pass at the clubhouse and like of Mrs. window before the week end, t. T. Jamieson, chairman of the draw committee said. The Globe was informed by the committee to be placed on the Wednesday June 29

Besides the foursome draw there are keen parades Last of season points golfers are reminded that handicaps are a must for the social golfers to be given here with.

Members Castle Site of U. N. Conference

Eastern Canada Wants Farm Help To Aid In Harvest

A call from Eastern Canada for farm help to aid in the prosperous has now been made and the dominion and provincial governments have announced that they are sponsoring a farm labor service to help eastern Canadian farmers harvest their crops.

Any experienced farm workers who could like to harvest in the east should contact the local district office or Lloyd Rasmussen.

Going away rates are June 18 to July 12 and return dates, June 27-31. Special rates for harvest workers. Daily stopping points are Vermilion and Melville.

There is a call for 1,200 harvest ex-men. Do you see this one? The province of Alberta is home asked to fill a quota of 600. About a dozen Lacombe harvesters have already passed on the scheme but ever

Fresh Fruit News

The following information on the B. C. market is brought to you by Cash Foods in the belief that it will assist you in your purchasing of Fresh Fruits

As in the past, Cash Foods will handle a complete line of Fresh Fruits in season direct from B. C. growers.

Cherries — Good normal crop. Three should be considerable red cherries on all markets about July 4 with good movement the week of July 11

Pears — A good crop. About the same as last year

Apricots — Good normal crop. Should be considerable quantity on all markets about July 16 to 18, continuing for about three weeks

Prunes — Prunes normal crop for Prunes normally are for Fresh Fruit use

Apples — The trees are in good shape and they have a normal set. It is too early however to make any definite statements as to the size of the crop.

Crabapples — Lighter than last year. Normal crop is expected

Peaches — Good normal crop. Some to be shipped from last year

It's Democracy's Privilege —Vote

NEXT Monday the electors of Lacombe will march their ballots to determine the government which will be in charge of dominion affairs for the next five years.

On Saturday evening, at midnight, the actual campaigning of the various delegates will be finished and Voters will have Sunday free from all election propaganda and Monday will mark the beginning of another campaign.

The Lacombe public, electing a right to govern their own affairs, will be the first to express their progress of the past term of office of the government but refuse to govern. The Liberal party, which has been in power, the present government has already governed by the wishes of the Dominion as a whole, judging from all constituencies and has re-affirmed the work party's record in free enterprise.

The U.F. has pleaded the cause of northern government by co-operative and public ownership of but refused, as its leader has referred to the Liberals and Progressive Conservatives as having [illegible] of socialistic ideas. The Social Credit party, [illegible] philosophy which is rather free enterprise.

The Social Credit party is with only [illegible] debate on the dominion issue as the big issue as the country's war services, which is the issue, [illegible] Mackenzie King, who has been in power [illegible] 1935, the Liberals have conducted a very good campaign. Regardless of these arguments of the party, we call every candidate a splendid gentleman and every worth wisdom in the Canadian House of Commons.

Monday, June 24, is up to the electors of this constituency and all constituencies, to say whether the country is up to you to vote according to your convictions and your beliefs — but above all, it is up to you to vote

The Punishment is Complete

A [illegible] in keen the case in the past [illegible] men minister's leaders are being absolved of their war charges by Western courts and allowed to go free. The latest to be released from the minister's custody is German Field Marshal Von Rundstedt [illegible] to be considered less ill to stand trial [illegible]

Many spiteful persons with revenge in their hearts in the should mete out that judgment and punishment [illegible] greater than that we [illegible] [illegible] [illegible]

Lacombe Legionnaires Attend Conference at Red Deer Early Last Week

From Lacombe yesterday reads like the page in Daniel had seen, to whom amounts as the southern Legion convention.

Lacombe legion president Dick Beattie and Bill Chapman represented the town, and Mrs. Bill Beattie and Mrs. Chapman were delegates for the ladies' auxiliary.

The convention lasted three days, up to last Thursday, and all of the arrangements proved most enlightening and interesting to the local representatives.

Mrs. Beattie found several of the girls in vending her sister Anna in Lacombe and other friends of the district.

Mr. and Mrs. Ed. Rae and Mr. and Mrs. Barlow Hall and family were dinner guests of Mr. and Mrs. Frank Rae and Lorne, Sunday.

Mr. and Mrs. Harry Proudfoot and family, Pendant and Mr. McKinnerly, Mr. and Mrs. C. Rasbo and family and Mr. and Mrs. Tony Proudfoot were supper guests of Mr. and Mrs. John Bastian.

Mr. and Mrs. Charlie Avery, guests and Mr. and Mrs. Phillipson were on a fishing trip to Rocky Mountain House on Sunday.

Mr. and Mrs. Walter Reed of Lacombe were guests of Mr. and Mrs. Lloyd Hunter of Lacombe on Sunday.

Spruceville

ROSEBUD, Alta.
Mr. and Mrs. Lester Ingram and Bryan of Vancouver B.C. arrived Monday to visit for a time with Mrs. Ingram's parents Mr. and Mrs. W. Burton and their respective families.

Mr. and Mrs. Lewis Burton of Olds were visitors with Mr. and Mrs. Fred Burton, Wednesday.

Charlie Braithwaite spent a few days at Swan Lake on a fishing trip to that district and had a good time.

Mrs. Rosalie Southward of Calgary is visiting her sister Anna in Lacombe and other friends in the district.

Mr. and Mrs. Ed. Rae and Mr. and Mrs. Barlow Hall and family were dinner guests of Mr. and Mrs. Frank Rae and Lorne, Sunday.

Mr. and Mrs. Harry Proudfoot and family, Pendant and Mr. McKinnerly, Mr. and Mrs. C. Rasbo and family and Mr. and Mrs. Tony Proudfoot were supper guests of Mr. and Mrs. John Bastian.

Mr. and Mrs. Charlie Avery, guests and Mr. and Mrs. Phillipson were on a fishing trip to Rocky Mountain House on Sunday.

Mr. and Mrs. Walter Reed of Lacombe were guests of Mr. and Mrs. Lloyd Hunter of Lacombe on Sunday.

Meadowbrook District News

MEADOWBROOK items — Mrs. Preston Irwin was attended the Youth for Christ rally at Wetaskiwin on Wednesday, June 12.

Mrs. R. J. Irwin spent a couple of days last week with her parents, Mr. and Mrs. Edwin Chamberlain of Red Deer.

Mrs. Ben Schmidt of Lacombe, U.S.A. is visiting with her sister Mrs. L. Johnson for a time at present. Miss Marjorie Sedberg of Ralston is also visiting at the Johnson home.

Mr. and Mrs. C. Long are visiting their children from Saskatchewan arrived from mid-June during evening.

Mr. Long and the two younger children are staying up here with relatives for the summer. Mrs. Long and son, Dan high school boy, had a bad time in Saskatchewan and started back on the long journey of most Wednesday. Mrs. Long, who is teaching school in Saskatchewan, had to return to attend summer school.

Master Marvin Holmes spent a few days recently in the Rimbey hospital. He was having treatment for pneumonia.

John Holland Shreve's father-in-law has been taken to Rimbey and hopes continued treatment will soon be able to return to the same city.

New Home

Mr. and Mrs. Johnson Shreve journeyed to Edmonton on Tuesday of last week and purchased the necessary furniture and equipment that comes with it.

As readers may remember, Mr. Johnson is the one who lost his hand in the farm accident at the time of the big Hamilton fire.

Mr. Johnson is very thrilled and pleased with it and a very good fill he has made and wishes for the happiness and prosperity they have chosen from many his associates.

Mr. and Mrs. J. Riley and Mr. Riley's brother in law and sister, Mr. and Mrs. Caswell of Red Deer, visiting them for a few days recently.

Quite a number have been at the big corral at Alix for Dave Ramsay and enjoyed it very much.

Bert Taylor, who had been visiting his relatives and friends here, returned recently to his home near Edson.

His cousin Gordon Taylor stopped with him to spend part of the vacation with his grandfather and other relatives here.

We are sorry to report that Mrs. F. Walton is a patient in the Lacombe hospital. Her many friends wish her a speedy recovery.

Mr. and Mrs. Bob Kinley had a number of friends and relatives in to supper on Tuesday evening, June 11, 1940, to celebrate Mr. Kinley's birthday. The evening was spent in visiting and playing cards.

Mr. Long and children left for their home where the spend the remainder of the year before moving to the U.S.A.

Our school ball team practised on Wednesday and Friday evenings in a game and it was the first ball they had been out.

The prizes cups have arrived several games lately, but just can't

Commencement Exercises Held For 69 Graduates

Union College Educational Term Comes to Close Last Sunday

Addresses, medals and scholarships were presented to graduates of Union College at the annual commencement exercises held last Sunday afternoon in the College Auditorium. Rev. Wm. Hordern, president of the Manitoba Conference, was the guest speaker and presented the graduating class with the challenge: You have been chosen and sent into the world as witnesses of the character of Jesus Christ. You are the men and women who will carry the lantern of light to the world.

Special music was provided by Egon Gregersen, violinist.

The third annual Alumni banquet of Canadian Union College followed the exercises. Under tastily gowned, the alumni were shown the campus buildings and transportation facilities by Herbert Zeigler called the group together on the lawn in front of the main building, where Roy Burnett was directing. Exhibits were shown in the home economics, wood working and biology departments. The new elementary was visited as well as other points of interest. The same route was followed as at the open house two weeks ago, when approximately one thousand people from the Lacombe and Red Deer districts were entertained at the college.

Ponoka Stampede Starts 4-Day Stand Next Wednesday

Ponoka's annual Stampede has grown a long day event gets underway next Wednesday at the Ponoka stampede grounds and runs up to and including Saturday July 1.

Featuring this year's stampede are the same reputable Bloomer Girls, crop producers, cowpuncher riding, rodeo specialists. Along with the bull riding, are the chuck wagon races, wild steer riding and decorating, wild horse races and, of course the hornless steer riding.

The stampede committee this year announces that one of the finest stampede cities ever brought to central Alberta.

Swimming Courses At Gull Lake to Start on July 1

A swimming, safety campaign to run three days per week through the summer will start at Gull Lake on July 1. It was learned this week from Harwood Brown of the Lacombe aquatic club.

A Red Cross instructor from Calgary has been obtained to conduct the classes, and a complete course in life saving, under the rules laid down by the Royal Life Saving association will be given.

Many Young Farm People In District Take In Conference

Twenty-one farm young people from the Lacombe area attended the 31st annual farm young people's conference at the University of Alberta earlier this month.

They were among 200 delegates from all over the province who attended the conference from June 3 to June 10

Held under the direction of the University department of extension, the week featured lectures and demonstrations given to the young farmers by the staff members of the University faculty of agriculture, and the schools of household economics and nursing.

The junior farmers' session of Alberta was founded on Monday, June 6, and there was a recreational program of sports, community singing, movies, and dancing.

Those attending the conference from the Lacombe area were: Bill Richabuck, of Byemoor, Clarence Dawson, of Bentley, Ken Johnston, of Alix, Bryce Woodrow, Lily J Archibald, Rita H Archibald, Margaret A Bailey, Muriel I. Bussy Marie Dailly, Helen Graham, Marguerite Nail Kenneth Sorbie Joseph Drader and Orville Jones, all of Lacombe John Ross, Gadsby, Jack Ogilvie of Rimbey, Rev Scott, Fenska, Alan Barnes, Elmore Delbert Calvert and Kenneth Thurston, both of Knee Hill Bill Stevenett, Innisfail.

Will Run Golf Lake Students To Bentley School

Lacombe school students into Bentley next fall, following a regular monthly meeting of the town's school board Thursday night.

A report on a recent Golf Lake school board meeting revealed that 29 persons at the meeting voted in favor of running buses to Lacombe to the Central Bentley children, some of who 16 opposed.

Max Moore acted as chairman of the meeting from the night's several contributions, the board decided to authorize a bus service to Golf Lake children on a part time basis.

A large amount of business was conducted at the board's meeting.

Delegates on Hand

Several applicants, as approved before the board, came from the Bentley district were: Mr. Vyden Johnsmen, Hal Bentley and Mrs. Anderson.

They asked for reconsideration to send to part time high school, but the board decided to continue to study the matter until the end of the year. It agreed to pay the transportation of the community hall committee where has been in use.

Secretary Al Brooks reported that educational grants from the province to the district amounted to almost 14% of the total expenditures. It was stated that the large proportion of education expenses was shouldered by the general ratepayers.

A Bredo also reported on the three-day meeting of secretaries and trustees held in Edmonton on June 2 and 3.

Mrs. Lorraine Jardine of Lacombe will continue as her office as school secretary to Mr. Brooks for the coming year.

The local branch of the A.T.A. has accepted the invitation to be agreed by the teachers' negotiating committee and the d

The purchase of three vans for bus routes in the district was also discussed. Final decision was left to the appointed committee. The meeting also dated at a later meeting to be held on July 4 previously. Bus routes through the local agent London's

RAY THOMAS

Ray Thomas, Social Credit member, fully re-Mandatory election in the constituency of Battle River, smooth over three other contenders, and will replace Hon. Norman Jaques as Social Credit member in the dominion house.

Jaffe Receives Stony Building Bee
Active Citizens Aid Aldyne Home

Active district residents turned out in force last Thursday and Friday to help Mr. and Mrs. Fred Van Aldyne build their new log farm house E Meddlington organized the two-day bee which saw about thirty volunteer workers out the first day and twenty out the second day as the Van Aldyne farm four miles north of Haynes.

Wives of the volunteers brought along lunch, and social visits throughout the hours periods were enjoyed by all.

WI W.C.T.U. AWARDS GIVEN BENTLEY, ALTA.

Rodney Robertson and George Robertson, sons of Mr. and Mrs. Percy Robertson of Clive were presented with W.C.T.U. central Alberta district school awards early this week. Rodney won first prize in the essay contest for grades 10 and 11 at the Clive school while brother George took first for "best work book" in grade six at the Clive school.

"Talk about real-life dramas— you should try my job!"

Bill: "I don't see how you keep so shoestring, Dick. I should think a life insurance agent's job would be

Dick: "You're wrong there! You'd be surprised how much drama there is in my job — and what a kick I get out of it. Yesterday, for instance . . .

1. "At the office I found a death claim awaiting delivery in a widow who needed that money. Don't you suppose her gratitude made my day? Sure it does!

2. "Then on the way back, I dropped in to see a policyholder who had agreed to let me write a new policy. Now, if one of the partners should die prematurely, his partner will be able to carry on the business.

3. "From there to my George Williams' office, getting some dictation on new policies. I'll start paying him a salary increase next month — and he should have some extra spending cash when I'm through. Isn't a happy life?

4. "Coming out, I met Jim Brooks and his family on the street. Jim's thanks to the policy I sold him a few years ago.

5. "Then, I helped a couple arrange their life insurance estate. They've just had an addition to their family. They were happy before, but now they've got more of mind, too!

"That's the way it goes. "And that's why I think it's the best job in the world!"

A helpful citizen in your community

When your agent sells you life insurance he also helps to improve your community. For a large part of each life insurance dollar is put to work through investments, to build schools, hospitals, highways, industrial plants and many other projects that create jobs and make for better living.

So when you buy insurance, made possible through the efforts of your helpful life insurance agent, the modern life

THE LACOMBE GLOBE

Serving Districts of Clive, Bentley, Blackfalds, Tees, Alix, Morningside, Mirror, Chigwell, Joffre, Haynes

VOL. XLV — No. 27 LACOMBE, ALBERTA, THURSDAY, JUNE 30, 1949 Price—5 Cents

Heavy Vote in Dominion Election

Ray Thomas, Social Credit, Wins Clear Majority Here

EARLY STANDINGS — WETASKIWIN CONSTITUENCY

	1949	1945
Social Credit	6668	7297
Liberal	5916	8456
Progressive-Conservative	3512	4419
C.C.F.	3017	3569
Labor-Progressive		246

The polls are yet unreported. Wetaskiwin Town — Victory: Aster Flats 1581 votes; Leduc 1321 votes; Ray Thomas 1581 votes; Ray Thomas 1581 votes.

Ray Thomas of Mirror was elected to represent the Wetaskiwin federal constituency in the House of Commons at the dominion election Monday. Thomas carried the Social Credit party banner to victory on one of the more closely-contested federal battles in this riding. He received 26 per cent of the popular vote cleaning over most from that received by the late Norman Jaques in 1945 as compared with Labor-Col Paul Mercier's 1945 vote for the progressive-conservative candidate polled 1945 votes and 9 votes more than the C.C.F. leader. 10% of the votes polled.

It was hugged past on hustings at the Wetaskiwin constituency with every 10,000 counting three ballots. In 1945, 18,218 ballots were cast in the election, and 19,684 cast in 1940. A total of [illegible] turnout today was one of the preliminary voters list.

An election results poured into the Lacombe office of W. H. Odell, returning officer, as reported during the first hour Paul Mercier would take the lead over the Social Credit candidate Ray Thomas, but the northern part of the riding gave Thomas a slate lead of over 100 votes with the first 100 or 50 polls heard from, but Thomas gained steadily from then on, showing strength in every section of the riding.

Mercier became an unusual progressive-conservative result this year, as he was the first leader to remain loyal to although he polled well in the Lacombe district, Bentley, Clive and Alix, where he is well known. He received only twelve strength from the voters of the northern section of the riding, and was chosen by [illegible] of the country.

Until all polls are returned, and the official count made, it was known whether or not Ray Thomas will win his deposit. At the present time, he is lacking about fifty votes to save his deposit with three polls still to hear from.

Walter Stevens, C.C.F. candidate, [illegible] a total of 3,017 votes, losing his deposit. Stevens has definitely lost his deposit, polling less than 50% of the total votes of the winning candidate which are needed to save a candidate's deposit.

Most outstanding feature of the election here was the big increase in votes obtained by the Liberal candidate in 1945, the Liberal candidate received 3,686 votes, while this year nearly doubled the year, as close to 6,000 voted Liberal.

Policy of School Divisional Board in Busing Children Receives Endorsation

Trustees Favor Centralization, at Annual Meeting

District school trustees from the large divisional area surrounding Lacombe went on record as favoring the school policy by the division board in regard to busing students, at the third annual convention of their body held at the Church Hall here last week.

Rules and all aspects of school centralization were discussed, as were the transportation of students to larger schools with the consequent closing of outgrown schools.

Another move taken by the convention was to obtain a vote of opinion on the strong rural vote at a business.

This the meeting of local trustees of the Lacombe school division goes on record as opposed to any further centralization of schools and as being strongly opposed to the closing of rural schools and transport of pupils by bus except in exceptional circumstances.

This proposed resolution was put forward by G. A. Pretwell, secretary of the Eclipse school district, and seconded by T. C. Pangle, Central district it was carried unanimously.

On reason the convention went on record as being opposed to centralization so far as this area was the very close and genuine interest in the welfare of the district given by R. V. McCullough, school division superintendent.

Mr. McCullough compared the centralization program with the [illegible] country cafe, run by a local housewives. We wouldn't consider condoning all meal engagements of our children to a one-room school, he said. Better roads and better transportation have changed that old fashioned idea and today they go to homes and cities for entertainment.

In the same way, new modern of transportation are available to the students' work and education must keep pace with these developments.

Mr. McCullough defended the board's policy in not forcing centralization on any district with which certain residents or ratepayers of that area first favored the rest of October and November school meetings to discuss the question have been held with the past fortnight.

J. W. Rogers, divisional board member pointed out the reasons for the board's decision in his address.

Blindman and Canyon district will go to Blackfalds next year, he said, but it was decided that Blindman pupils only after rate payers had witnessed an earlier vote to continue the old Blindman school.

Mr. Rogers also outlined the history of the inclusion of Bentley and Bellville into the division with Lacombe now in the process of amalgamating.

"Each party bears the costs of the school on a per pupil basis," he said, and these methods will not bear unduly on the division," he said. The idea is to give the best education possible to the greatest number and the [illegible] of the district.

Those taking part in the discussion were Rogers, J. K. Henderson, R. Hunt, Otto, W. Bertner, R. Fenneagh, P. J. Curr, H. Brooks, L. Knapp, W. S. Wright A. Ewert, G. Call, R. C. Bauer C. F. McEachern, W. Lee, H. Lambert, H. G. Hunter, L. Walker.

Those at Lacombe responsible for entering were Glover Vetterson Clint Martin, Ernest Otto, Frank Adamson, Stewart Chapman, Henry Rowe, Wes Jackson, Andy Bates, Ken Cronn, Glen Morrison, Irvin Todd and Buster Brown.

Late graduates to the newly wed... Mr. and Mrs. Ken Brownlee, who were married on Friday June 24.

Annual Outing Successful

The annual farmers holiday picnic was held at Dan Barth's on Tuesday, June 21st with a very good attendance. There was a good program of sports including some softball games. Fast game played was Wilmott and Parity Forest and Wolfville vs Meadowbrook. Wilmott coming out the winner. Second game between Wolfville Juvenile and Meadowbrook, with Juvenile taking that game.

Third game found the two [illegible] teams opposing each other, with Juvenile winning a six inning game over Wilmott.

Wilmott boys don't feel too badly about it as they were the only team of the day who didn't have any imported players" or should we say borrowed boys. Wilmott and Wolfville softball teams also played, with Wilmott the winners.

Last to be mentioned but not of all was the splendid booth of refreshments which the ladies provided.

There will be church services in the United Church here at 11 a.m. on Sunday morning, June 26, and every other Sunday following by the minister responsible. Everyone is very cordially invited to attend.

Mr. and Mrs. E. Porterfield have taken up residence in Penhold.

Cliff Long spent the week end at Red Lake with a friend.

Mr. and Mrs. Ivan Riley motored with friends at Innisfail on Sunday

Bentley Women's Group Meets For Month of June

The Get-Together club at the Bentley district gathered at the home of Mrs. Roy Peck's for the June meeting. The meeting was called to order and opened by singing O Canada followed by prayer and roll call. There were 17 active members and one honorary member in attendance.

Cards of thanks were received and acknowledged from Mrs. Witherell, Evan Bennett, Mrs. Sanderson, Mrs. Stevenson, Mrs. Gregory, Mrs. Speede, Mrs. A. Larson for fruit and flowers received from Mrs. Peck, which they received during illness. Business being slight, a social time was enjoyed by all.

The meeting was adjourned and Mrs. Lewis Gladwish won the raffle which netted $4.15. This was followed by a delicious lunch served by the hostess. July meeting will be held at the home of Mrs. Jack Rae

WILL ALL PERSONS HAVING CLAIMS AGAINST JAMES APE, KINDLY FURWARD SAME TO R. A. GORDON Barrister and Solicitor Lacombe, Alberta BEFORE THE 15th DAY OF JULY 1949

Wool Collections Being Made Here On July 6 and 7

Commercial Alberta wool growers, approximately 300 in number, will be assisting there wool through the territorial Alberta wool growers' association during the week of July 4. Shipping dates for districts have been set for the year as follows:

Wetaskiwin, Monday, July 4
Red Deer, Tuesday, July 5. Penhold, Wednesday, July 6. Lacombe, Thursday, July 7. Ponoka, Friday, July 8.

An estimate payment of 20 cents per pound will be made at the time of delivery, with the settlement for wool shipped will be made later.

Last year's initial payment was 16 cents per pound, while the final payment in 1948 averaged 31 cents per pound. It is expected that a substantial final payment will be forthcoming this year as quite a number of the growers have held the final returns to the wool shipped the association will not be known for some time.

Interest suggestion, developed by the Canadian Wool Growers' Association that CCF Leaders will be at the back of the above ventures on the speculative duties and handling will be done each day from about 9 a.m. to 5 p.m.

The biggest single factor each affecting wool production in this district is the export market. The only popular export which is still on the increase and there are doubts now being a continuous and increasing bolt of sheep flocks in the district.

PUBLIC NOTICE

To the Proprietary Electors of the Village of Blackfalds

TAKE Notice that a Poll will be taken at the Village Office on Friday, the 8th day of July between the hours of 10.00 a.m. and 7:00 p.m. to determine whether or not a By-law passed by the Council of the Village of [illegible] ers on Monday, June 6, 1949, to enter into an Agreement with the Northwestern Utilities Co. of Edmonton, to grant a term of franchise to the said Company for the supply and delivery of Natural Gas to the Village of Blackfalds for a period of twenty (20) years subject to removal or purchase by the Village.

WAIT FOR ONLY LARGE CIRCUS to Exhibit in This Vicinity

This Season—Coming in Its Entirety
LACOMBE, THURS., JULY 7
FAIR GROUNDS

ADMISSION CHARGED CHILDREN UNDER 12 — BACK TO PRE-WAR PRICES — ADULTS $1.65 Plus Tax

Circus Coming To Lacombe on Thursday, July 7

Fresh from triumphant sprint engagements in Eastern cities, King Bros. circus troupe performers to unveil the latest in the way of streamlined thrills, when they appear here at the fair grounds next Thursday, July 7.

The seven shows will give two performances, one at 2:00 p.m., and a second at 8:00 p.m. Rain or shine the show will go on with large tents providing adequate cover.

Traveling with the big combined shows this season are 500 people, a herd of elephants, 12 menagerie animals, and horses. Great convoys will transport the circus here, and the unloading should be a spectacle in itself.

More than 150 performers, representing the best talent obtainable from the four continents of the world are to be seen with the show, advance reports indicate. There will be daring-do girls, somersaulting, aerial wire displays, clowns, and animal acts to amuse, to the circus ring, lions, tigers, tapirs, goat, camels, zebras, dromedaries, kangaroos, llamas, yaks, pigmies, mule, and a herd of elephants.

The King Bros. circus is now in its 39th year, and the management promises circus thrills which haven't been seen in three parts in years.

Rain Thursday is the date for grounds the place, 2:00 and 8:00 the times.

At Annual Meeting Last Week

Central Alberta Dairy Pool Reports Successful Year in 1949

The Central Alberta Dairy Pool operating 11 creamery plants and 1 cream station in the Lacombe district, enjoyed one of its most successful years in 1949 as was realized at the regular annual meeting at Red Deer on Tuesday, June 21. Delegates from all over the district were present to hear reports of the year's business and other matters affecting the dairy industry.

Directors were re-elected at the meeting as follows: Lacombe, A. Ritchie; Blackfalds, Ed. Ellis; Red Deer, Mr. Gordon; Innisfail, Mr. Martin; Olds, Mr. Wetherup; Didsbury, Mr. Bell; Carstairs, Mr. Cochrane; Sundre, Mr. Hall; Bowden, Mr. Hunter; Penhold, Mr. Hall; Delburne, Mr. Bell; Three Hills, Mr. Hall; Trochu, Mr. Hall.

Directors of the Central Alberta Dairy Pool met on Wednesday, June 22 and elected the following executive for the year: President, A. Ritchie, Lacombe; Vice-President, Ed. Ellis, Red Deer; Secretary-Treasurer, J. A. Wood, Lacombe.

The Central Alberta Dairy Pool is one of the largest co-operative organizations of its kind in Canada. Its annual business runs into millions of dollars and its membership includes hundreds of dairy farmers in the Central Alberta district.

J. A. Wood, secretary-treasurer of the C.A.D.P. reported that business with the 1949 pool is running ahead of last year. Plant Superintendent Lawrence reported that 4,351,391 pounds of butter fat an increase of 70,353 over 1948; 1,339,695 pounds eggs an increase of 107,788 and 906,641 pounds of poultry, a decrease of 142,141.

E. A. Jonkheer, assistant manager, dealt at some length with the cooperative competition and its methods.

Two of the four resolutions passed were in connection with the C.A.D.P. should be held at the same place from year to year as now carried.

The second was in connection with a resolution asking that steps be taken to ensure a supply of feed be brought that no new grants be assigned east of Alberta at this time.

Terms of four of the eight directors had expired and they were all re-elected: J. A. Wood, Elmer J. Hutchings, Calvert; H. Bailey, Lacombe and J. Stow Alta. The other four are: S. Robertson Bowden; J. A. Reid, Didsbury; F. Downey, Penhold and A. W. Green, Bowden.

A banquet and evening program followed at the Buffalo Hotel. Among the guest speakers were: R. O. Gorman, secretary-manager of the Alberta Wheat Pool and C. H. Hunter president of the Alberta Federation of Agriculture

Tuberculosis Test For All Patients Entering Hospital

The patients entering Lacombe municipal hospital, still in history as the ground in tuberculosis test for discovery of tuberculosis, it was announced this week by hospital officials.

The survey is provided free by the Alberta tuberculosis association which is financed by the provincial Christmas seal sale, and the hospital is co-operating by informing nursing the sick, and keeping the records, and also by assisting in the survey. The tuberculin test does not indicate that a person has tuberculosis it merely shows whether or not he has ever parted up even a slight infection. Most people who react to the tuberculin test never develop tuberculosis. The test is made in an extremely simple and convenient way merely by a small patch placed on the skin. If the patient has any tuberculosis germs in his body, a small red mark will appear.

A total of 48 Alberta hospitals are now participating in the T.B. screening program, and already a number of formerly unsuspected cases of tuberculosis have been discovered by means of the x-ray examination.

Railways Offer Special Low Fare For Calgary Exhibition

Low rail fares to Calgary for the Calgary Exhibition and Stampede July 11 to 18, will be in effect from all stations in East Alberta, Alberta and in British Columbia, Vancouver Prince Rupert and east according to R. H. Parsons, vice chairman of the Canadian passenger association. The special rate of single fare and one half for the round trip will be good on all trains leaving Lacombe on July 11 to 18 inclusive. Tickets will be on sale from July 7 to 18 and on July 19 for trains arriving Calgary on or before 9 a.m. standard time July 19.

5,000 Mile Inspection
Summer time is driving time and driving time is an enjoyable in the efficiency of your car. Let us put your car through its paces ... give it a 5000 mile inspection. Road thrums and squeaks and possible trouble centres before they develop into major breakdowns that ruin a trip, or ruin turn a Sunday afternoon into a nightmare. A 5,000 mile checks are comprehensive, complete and thorough, and after you've had one done on your car, you know that your car is in shape for a long trip, or a pleasant drive

Women's Institutes

The 25th week, we notice on our home home there of activities locally and abroad to pay tribute to the quiet people on of various bodies groups hundred thousand country's youths. They are identified by a wide selection of names women's institutes, community clubs, social workers, etc. Almost every district south and as proud of the corn social organization. To attempt to list those individually would run beyond the limit of this column of space. But these work usually bolders a friendlier purpose, and it is well for us to dwell on the part they play as community life.

It is only natural by our very gregarious nature that we cluster together. Whether it be a casual meet with neighbors a group of neighbors in the farmhouse or tea and an afternoon chat John the Baptist knew these social highlights a group decides to meet regularly under a roll call and club name, the women themselves taking turns to act hostesses. This custom meet, or not, dinner, supper of course, and thereby contribute to the social life of the rural dwellers.

It is through these regular meetings that much of the community improvements and moral welfare work is done. Many of the women are active in the promotion of handicrafts of many kinds, in disposing food parcels to needy persons overseas, in providing relief for those at and. A home where the road is cared for by the The ladies are quick to offer their services. Sensible fingers make bed quilts, sheets and mittens sundry household items to help the students couple with on their feet. Popular Mrs. Bo-and-So is in the hospital Take her a basket of fruit. Visit with her, chat with her cheer her up. These are some of the humanitarian duties efficiently handled by willing and interested women.

The small contributions of the little groups add up to an amazing total effort of general good for all. They are a busy lot, these women workers, but we wish them well in their future endeavors which are often endorsed from the outside, but too seldom recognized.

Responsible Government

ONE result of last week's dominion election has been a general public sentiment of a permanent revamping and reorganization of the Progressive-Conservative party, including its aims and future policy. The alleged dismal showing of the PC's has led most observers to believe that there is a vast sentiment of the party members can settle it a major political party once again. Progressive-Conservative supporters were disappointed at the election result, but few have bothered to scrutinize one feature of the election which is more important even than the number of elected members that is the popular vote

Almost all most persons have been willing to do at least at all Progressive-Conservatives will all at the next house alongside the 195-odd Liberals. There will PC sympathizers will honor the contract The actual percentage vote twists the decisive character of the Liberal victory, however.

The Liberals polled just under 50% of the total ballots cast. The PC's received the confidence of just over 29% of the electorate. No one can deny this isn't a handsome margin won by the Liberals, but it doesn't begin to approach the near-all-powerful position they have inherited.

In other words, the PC's received 20% of the popular vote, yet the party still represented less than 10% of the constituencies. The Liberals polled 50% of the vote, but under our system of proportional representation, they will speak for some 72% of the people.

On the surface, this would appear to be a very unfair method of electing our representatives to the government. Yet that's the way it is. It could not be otherwise if a 20% vote entitled the PC's to an automatic 20% membership in the house. The parliamentarians would not represent a country unless they would not be responsible government in any sense of the word, because members would not be responsible to any group of electors. They would not have the interests of "their own" constituency at heart, nor would they understand any local problems which might arise in one particular part of Canada. The elected representatives from "their home" wouldn't be there to explain the pro elections.

Thus, our members speak for a small segment of the people inhabiting a certain area within the boundaries of the constituency. Your vote in favor of a candidate who is not elected is not a lost vote. All ballots cast against the successful M.P. only go to remind him that he must give his best at Ottawa to win those votes next time. All ballots cast against him serve as a warning that any irresponsible actions on his part may increase the number of "losing" votes next time. And, of course, for the majority voting in his favor he must try to justify their faith and support.

Fair or unfair this is the way democracy works. Progressive Conservative Election seem look only to the popular vote, however in their calculating campaign. They need close only a 30% 39% gap, and with a 60-40 break might conceivably even power in the next election. The margin of seats they occupy in the house does not tell the story.

Farming Notes

19 from the Provincial Department of Agriculture

Ancient History of Beekeeping

It has been said, "There is no new thing under the sun" and this is certainly true of beekeeping which is known to have been a thriving industry in Ancient Egypt 4000 B.C., and probably much earlier.

In very early times bees apparently lived in the natural state in hollow trees, in rocks, in holes in banks or other suitable cavities in warm climates such as India, the nests would be found hanging from the branches of trees. Wherever the nests might be they were hunted for and robbed of the honey and wax they might contain, however in ancient times these commodities were highly prized.

It would be interesting to know how man first discovered the idea of keeping bees in hives rather than hunting them in the forests, but since developed, the practice probably spread rapidly. No doubt the first hives were hollow sections of trees in which swarms of bees had established themselves. The trees used by the ancient Egyptians were hollow tubes made of clay and these that have been found in tombs are almost every conceivable thing that could hold them. Virgil spoke of hives made of wattle and of bark and Pliny in charge made of straw is still in use in Basque countries.

The first instructions on the care and management of bees were given by Plato, Aristotle, Virgil and others living part prior to the Christian era. These instructions were copied and handed down, with little or nothing changed, until about the middle of the seventeenth century when Swammerdam, a Dutch scientist devoted part of his life to the study of the honeybee. During the latter part of the eighteenth century Francois Huber, a blind Swiss naturalist, with the help of his servant Francois Burnens, laid bare most of the secrets of the bee.

But it was the work of the Rev. L. L. Langstroth of Philadelphia who invented the first long, movable frame hive, who enabled the beekeeper to study his bees and control their activities at will. It was his invention that marked the beginning of modern apiculture

Reflection of the Times

The Mad Cake Story

Then odd story comes out of the 1021 Isles of The Times but the tale it tells is still true It goes like this:

The other day an Oklahoma a man went into a hardware store to buy a saw. He found the kind he wanted and asked the price. It was $1.45 the dealer said. Good grammar, replied the shopper, "I can buy that same saw cheaper from Sears Roebuck, the catalogue house for $1.35.

That's less than I paid for it," replied the dealer, but I'll give you that new for $1.35 also.

All right said the customer, you send it to my house and charge it to my account.

Not on your life replied the dealer, no charge accounts on that. The most write house don't trust you. I am accepting these price and terms. Pack over the cash." The customer complied Now 2 cents more for the postage and 5 cents more for the money order for the dealer ring.

What!"

Certainly you have to send a letter and a money order to a mail order house. you know The customer, scarcely ever, has the money Now 25 cents for the express charges and the dealer, still holding out his hand Well, I'll be d. " said the customer but he paid up string. Now hand me that saw and I'll take it home myself and let rid of the money."

Hand it to you" Where do you think you are? You're in Oklahoma and I'm no Chicago You'll have to wait two weeks for that saw" Whereupon the dealer hung the new upon a peg and put the money in the cash drawer That makes $1.67" said he has cost two cents more and has taken two weeks longer to get than if you had bought it from your local hardware in the first place"

Blanked Bennett in a perfect no-hit, no-run game 9-0.

It was an abbreviated affair called at the end of the seventh because of the storm, but it didn't detract from McDeavitt's fine pitching performance.

While McDeavitt was rendering Bennie hapless, his mates were clubbing the offerings of Fred for 10 hits and seven runs.

Mary Leggett of Lacombe prepared the toast to the bride.

For the honeymoon trip by car to Yellowstone, California, and the Western States, the bride wore a navy blue gabardine suit with tailored accessories, and a corsage of yellow roses.

The bride is a recent graduate in homecraft course at the University of Alberta, and a member of the Kappa Sigma Society.

The groom is presently attending the University of Alberta, and is a member of the Kappa Sigma fraternity.

McGregor Memorial Church in Edmonton was the scene of a quiet but pretty afternoon wedding on Tuesday, July 5, when Marion Wilma Hoffmeister daughter of Mr. A. D. Watson and the late Mrs. Watson of Lacombe, became the bride of Clifford Hoffman Veld, son of Mr and Mrs. J. F. H. Veld of Pinedale. Rev. E. J. Bursey performed the ceremony.

The bride came to her wedding a white afternoon dress, with navy hat and accessories. She carried a cascade bouquet of red roses. She was attended by Miss Ruth Rosenberg of Pinedale, a cousin of the groom. Miss Rosenberg wore a frock of pale blue pongy, with navy hat and accessories. The groom's best man was Mr Ralph Veld of Pinedale.

Following the ceremony a reception was held at the home of the bride's brother-in-law and sister Mr. and Mrs. Ronald Taylor. The table was centered by a three tier wedding cake, flanked by bouquets of pink and white carnations. The toast to the bride was proposed by Mr Ralph Veld of Pinedale.

After a honeymoon trip to Jasper and Banff the young couple will reside on the groom's ranch south of Pinedale.

Mr. and Mrs. Fred Webb of Montreal They are en route to California.

Mr. Perry was one of Alberta's pioneer ministers, having come from Brantford Ontario, in 1903 to be the first ordained minister of Pinedale under the former Methodist Church. Later he was the Lethbridge before returning to the east to Quebec City in 1911.

Estimate Population For Red Deer Now About 6,000

Red Deer's population has passed the 6,000 mark, according to the latest estimates based on the voters' list for the federal election. There about 4,000 adult voters in the city proper.

To this can be added a school population of 1,200. The residence of Eagle School pupils. One approximately number of city students. Then there are 200 students in elementary and other schools of note.

Added 150 of the 200 pupils of St Joseph's convent and separate school are not included.

Based on these figures for school population, it is estimated that there are at least 750 pre school children from infancy to one-year-old. This brings the total to 6,000

THURSDAY JULY 14 1949

The McRae Clinic

Over all the periods of unrest in the public mind during the past few years, the public health has been the one which has aroused the greatest interest. Nothing has caused more concern than the spread of tuberculosis. It has already destroyed many young citizens and is still taking its toll throughout the province, and by its ongoing can prevent the future development of many more unless it is checked. X-ray studies have made a fast and extensive recovery possible, but it has not gained the upper hand.

The purpose of the X-ray unit now available to all adults and children over two years of age is not only to prevent the outbreak of tuberculosis among the general public, it is also to assist those that have it undetected the chance that they are now.

The mobile unit now has both electricity and refrigeration and can operate in the isolated areas where it is not possible to have electricity. Its operation is very simple and the time taken for each X-ray has been cut to the minimum.

Let us help the mobile unit to do the work for which it was designed, and if the person in your family has not had a chance to have an X-ray, see that he or she does so when the unit comes to your district.

Remember, it is the ones we bring back from Jasper or Lacombe that can be saved, safeguard yourself and your family and help to assure the recovery of the person who is attended previously for your peace of mind.

Wishing Canadian Friendship

The arrival of a party of 250 Toronto students at Calgary the week on a direct result of Calgary sport fans attendance at Toronto last fall at the opening of the new Toronto Maple Leaf football team.

Such a delegation as this from Toronto to Calgary is a rather challenge to the road to take them only. This certainly suggest problems, also always has been, but that is fundamentally how we do start. The distance between east and west has been more than just a question of miles, it has been a question of different outlooks, of different property problems, and different problems.

These differences on both sides have largely grown from ignorance. Ignorance on the part of the west of problems existing in the west of the east, mostly of fear.

Playing host this week to the Toronto visitors has, Calgary will have a chance to show visitors just what the west can do. If we know Calgary, the easterners are bound to be highly impressed by the west's hospitality even if it does fall there.

Restricted Cattle Area

An announcement this week that a determined effort will be made to have a cattle T.B. free area in the province, and as a big step forward in the establishment of such a district, cattle, provincial and dominion departments of agriculture have made their intentions clear of endeavoring to set up the T.B.-free area in the rich cattle country, lands between Calgary and Edmonton, and in this district they will be ably supported by the local agricultural service board, a body which has been in favor of such an area here.

Pressure farms will be established in all farmers of this district, and it is suggested that these herds will be circulated by tuberculin tested cattle. Before the area can be recommended as a restricted (T.B. free area, two-thirds of all cattle owners must have signed petitions in favor of the plan.

Following the acceptance by the dominion department of agriculture of the petition, testing for tuberculosis of all cattle within the area gets underway. Cattle infected with the disease must be disposed of, and a veterinarian is on the veterinary inspectors of the health of animals division, to have the owner of the cattle to be done on, with compensation at least in part, for his loss.

The main advantage of having a restricted area are apparent, of course, to the preservation of human health. Milk from a tuberculin cow can spread this disease to humans. Also of importance to the cattle raiser is the fact that cattle from a T.B. free area can be easily exported to the United States without the veterinary health and inspection test for result of a tuberculosis test.

The areas presently have been selected is selecting a large area primarily each between Calgary and Edmonton, as they immediate objective is setting up the restricted area. By having a large area, cattle can be sold and moved between the restricted areas without tests, and without the trouble which results in movement of cattle between an restricted and restricted areas.

The Stettler district has long been a cattle tuberculosis free area so has Camrose and the Leduc district is at present in the process of setting up such an area. With Lacombe the centre of one of Alberta's richest cattle raising districts, the formation of a T.B free area here will be another forward step taken by this district's most important

Farming Notes

From the Dominion Department of Agriculture

Hints on Binder Reading

The new season is now under way and with each additional binder, comes a host of new hints and a host.

The care of field was dispensed with by Saturday Evening and Sunday and Monday the binder was ready.

Any one contributing will get full value when they see how happy they have helped to make

The response to the appeal for help was most wonderful. On Sunday afternoon at Johnny Hands, his parents, the sponsoring committee of the all communities (Vernon Ogaden, Bob Cox, Ruby Ralph Sweetsbury, and the expressly thank Hall and every the canvassers, Dr. John Ryan, and the different organizations for their generous support.

Sincerely,
Violet G Ogden
(for) Thos. John (Hands' fund)

Meadowbrook District News

(LAURENTIAN) Mr. and Mrs. Hughie Morrow and family were Sunday visitors with Mr. Morrow's parents Mr. and Mrs. Ivy of Bentley.

Red Deer Point

Meadowbrook school was a crowded place last Monday evening when both were and a number of parents to hear and have an answer to the sad there years what it is to be sadness.

Although they only visited a couple who are in grade eight and under, they have played an important part in the lives of every one. Mr. Hughes appeared to be very much interested in the games and sports, but of course, this is not sports only, a splendid organization must be made by the society.

The tent on usually erected across is constructed because what a number of years ago, in the grasses, actually a first surrounded by a fairly native Frequently the males are grouped in the nesting stools but this cannot be known by single looking at them. Because a veterinary has not cannot be completed unless these empty nests are counted to sort males and separated from the good seed, the smallest must remove them from the sample.

The shrivelled stem of seeds, both weed seeds and crop seeds, is often a matter of much difficulty. For example, couch grass an almost wheat grass, wild mustard as nearly, Canada blue grass is Kentucky blue grass, and timothy others must be separated under the microscope. From the microscope fails when separating almost rye grass in perennial rye grass. To make the separations, special equipment is used.

Reflection of the Times

Government Supervised

Nothing health services in Britain are still operating all under the N. Health Service, compulsory hospital is only to a small degree. Most people say that the number of beds will have to be increased by thousands to take care because the health ministry means to provide nothing but private patients pay for hospitals now

Dentistry

One recent ruling is that no hospital beds only may have more than 24 inches apart that, if necessary nothing must be found. This arose from the fact that one lady, with an unusually small head, slunk it through the bars of the cots and broke his neck.

The Letter Review

From The Files of The Lacombe Globe

Five Years Ago

Hon D B MacMillan, minister of agriculture was nominated to represent the Rural Credit party in the next provincial election.

Mr and Mrs George Budd, pioneers of the Rumsey district celebrated their fiftieth wedding anniversary with 100 persons offering their congratulations

Members of the Blindman Valley Co-Operative Association applied for their twenty-first annual meeting, and show surplus of $1300 on operations in 1943

Crop conditions throughout the Lacombe district are very promising and indications are that the yield of wheat, oats, barley and other grain will be as good if not better than has been the case for some years

Ten Years Ago

Possibility discussed of building dormitories at Lacombe to provide rooms for students from rural districts during High School education.

Seventy one golfers compete in local golf tournament in the perfect weather prevailing for the occasion

Reports of progress on the building of the nurses home were heard at the regular meeting of the Lacombe and District community hospital

Letters . . . . . To The Editor

(EDITOR'S NOTE)

Dear Contributors,

Johnny Hands is now safely home with an artificial limb, owing to his accident and a fund.

The sum of $101 was deposited in Barnegat Savings and Loan. The hospital and doctor bills are also paid.

Mr and Mrs Harold Sanderson visited on Sunday with Mr and Mrs Ivy Sanderson.

Mr and Mrs Cecil Hoffbeck and family were Sunday visitors with Mr. and Mrs. Ivy Sanderson.

Mr. Harry Hanson is attending the Olds School of Agriculture this week.

Mr and Mrs E. Sandreth visited relatives in Cooks' last Tuesday.

Mr. Curt Bennett and Mr. J. Bee spent last Saturday morning on a fishing trip to Jumper.

Eclipse

By ELIPSE The Eclipse Ladies Aid and W.M.S. held a joint picnic at Brewer's Beach on Thursday July 7. About fifty attended and enjoyed the dinner and ice cream which was served at the afternoon. A real silver tea meeting was held in the afternoon.

On Wednesday July 6, a shower was held at the home of Miss Ruth and Marion Sanson for Mr and Mrs. Ernest Sanson. A large number attended and the young couple received many useful and good gifts. The host wishes of the district go with them in their new home.

Mrs Marcel Storey from Lacombe is visiting her brother, Mr. and Mrs. Wilfred Shorp.

Visiting the Stampede

Robert Storey is attending the Olds School of Agriculture this week.

Mr and Mrs E. Sandreth visited relatives in Cooks' last Tuesday.

Mr. Curt Bennett and Mr J. Bee spent last Saturday morning on a fishing trip to Jumper.

News From Wolfville District

WOLFVILLE The local ladies' club and their friends held a picnic supper at Gull Lake.

At the last church services in the school, plans were laid for a fall ice building for the children, to be held at the lake.

Interest centred with the usual interest in news and sports that Wren then visited her sister, Mrs. Haycock, in Edmonton, prior to returning to the west coast to visit her parents.

One of our local girls, Miss Hazel Wilson, was married in Edmonton on June 25th to Mr. Val Sosnosky of the Amber district.

The local Ladies Club held their July meeting at the home of Mrs. G. C. Archibald.

Mrs. Dorothy Orchard's wife of the late Mr. Orchard, who passed away in Edmonton recently, is visiting with her parents Mr. and Mrs. Wm. Orchard.

Mrs. Orchard's wife of the late Mr. Orchard, who passed away in Edmonton recently, is visiting with her parents Mr. and Mrs. Wm. Orchard.

Rogers Family Hold Dance at Forden For Son, Daughter

On the evening of July 1, Mr. and Mrs. John Rogers held a dance in the Forden hall, in honor of their son, Roy, who returned home from overseas, and their daughter Rose-mond, whose 18th birthday was on July 2. Almost 100 guests were present.

During the evening, Mrs. Loren Craig, on behalf of the guests, presented Roy with a leather letter case and Rose-mond with a dresser set. In a few well chosen words they thanked their friends for the lovely gifts. They announced that played Happy Birthday to You and For They Are Jolly Good Fellows and everyone joined in the singing.

A. E. Freeman attended a vote at Ibsha to Mr. and Mrs. Rogers for putting on the dance. Lunch was served at midnight, the tables being tastefully decorated with pink and blue streamers, pink and blue tapers in silver holders and pink roses. The centre table held two birthday cakes, complete with candles.

Mrs. Dan Walker, Mrs. J. Day of Calgary is visiting relatives in the district.

Mr. and Mrs. Mac Brand and daughter, Edna, and Audrey, of Portland, Oregon, are guests of Mr. and Mrs. C. B. Fowler. Mrs. Brand nee Carrie Rynd was a resident of the Blackfalds district, having left here with her parents over 30 years ago.

Mr. and Mrs. Roy Miller and family of Edmonton were visiting relatives in the district over the week end.

Miss Betty Johnston, who has been visiting relatives at Sunday has returned home.

Mr. and Mrs. C. Rye visited Mrs. Rye's parents at Willow Dale on Sunday. Miss Florence Johnston returned home after spending a week visiting Mr. and Mrs. C. Rye.

James Miller of Bowden was a guest of Gilbert Rae on Saturday night.

Lacombe

LOWALTA The district extends its sympathy to the Lloyd families in their sad bereavement.

Mrs. Dorval Hastings of Calgary visited her mother, Mrs. Nelson Blain, recently.

Mr. and Mrs. Laverne Ness have two parents, Mr. and Mrs. Ness of Innes, visiting with them. They are attending the Calgary exhibition.

Mr. and Mrs. Clements of Edmonton, cousins of Mrs. Wallace Johnston, were hosting dinner guests at the W. Whitesides home.

The Baby Band will have their August meeting at the home of Mrs. Dion Lord. Hostesses were to be Mrs. Leather, Fennell and Mrs. Lindsay Gordon.

Mr. and Mrs. Pete Dumas to be congratulated on the birth of their son, Lionel, Jr., on June 30th, being totally delivered with Mrs. Dumas' mother, Mrs. Lefebvre.

Miss Emma Lefort visited at the home of her parents for the week end.

Bowden

BLINDMAN Miss Anne Miller of Calgary is visiting relatives in the district.

Mr. and Mrs. Max Brandt and daughters, Edna and Audrey, of Portland, Oregon, are guests of Mr. and Mrs. C. B. Fowler. Mrs. Brandt nee Carrie Rynd was a resident of the Blackfalds district, having left here with her parents over 30 years ago.

Mr. and Mrs. Roy Miller and family of Edmonton were visiting relatives in the district over the week end.

Miss Betty Johnston, who has been visiting relatives at Sunday has returned home.

Mr. and Mrs. C. Rye visited Mrs. Rye's parents at Willow Dale on Sunday. Miss Florence Johnston returned home after spending a week visiting Mr. and Mrs. C. Rye.

James Miller of Bowden was a guest of Gilbert Rae on Saturday night.

Canadian Business Trend Holds Steady, - - Bank of Montreal

...ing was very similar to 1948, the commercial situation was a wider one here, as regards many things, perhaps particularly with foreign trade as well as general activity in the employment field, given one can safely construct this very same up the middle of September appraisal of current statistics, on which considerable emphasis is placed. Looking out over seventeen months during this period, appears healthier than many acts quoted, the bank commercial trust, on the actual record thus far, the course of business more seems to have been rather better than the current assessment of it seems.

It is, however, by the minute a tendency to perfect the review notes. In a few instances, further extraction have been marked up and new records established. In the majority of cases, rising trends have been halted or reversed, but declines have for the most part been from extraordinarily high levels and moderate in degree.

The most vulnerable elements in the immediate prospect continue to centre around manifest uncertainties in the realm of overseas trade," the report states.

Trade with all countries in the first three months of this year showed a marked increase in the value of merchandise exports but a slight decline in total exports as compared with the same quarter of 1948.

SERVING CANADIANS THROUGH INDUSTRY

"Chemistry IN MY HOME!"

YES, MADAME, it is a fact that practically everything you use, wear or consume is affected for the better by chemistry.

"Foam" puts the fluffy into your electric refrigerator; chemical treatments mean better fabrics; chemical fertilizers help grow your food. Nylon hose and "Cellophane" both start in the chemist's laboratory.

The chemical industry is never satisfied. It forever seeks new ways to serve you in this chemical world of today.

For Booklet . . . "WHERE MEN MEET MINDS"

This booklet tells how industrial chemistry is helping to make your life better, safer and more enjoyable. Write for your copy to Canadian Industries Limited, P.O. Box 10, Montreal.

Gayland Shows Will Appear Here On July 28, 29, 30

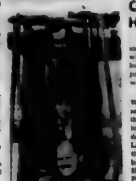
Gayland Shows, reported to have Western Canada's largest mechanized midway, will be setting up stakes at the baseball diamond here in Lacombe on July 28, 29, 30, to give everyone more fun.

The midway boasts two exciting rides, according to advance reports —the merry-go-round, Ferris wheel, swooper, p. p. Sam's plane, and streamlined train for the kids.

There will be three sideshows to attract fun-chasing thrill-seekers and, the magic show and "Along the Amazon" for some first-hand impressions of reptiles, alligators, etc.

The shows will be open from 2:00 p.m. in the afternoon to midnight. Part of the proceeds will go to aid of the Lacombe memorial recreation centre fund.

Alix



Members of the British Empire Society who will explore uncharted and regions on British Columbia are shown on their arrival at Quesnel aboard the Princess of Prince Rupert. They are top to bottom: Capt. C. H. Pelham Burn, M. G. Cox and Capt. R. C. Curtis.

Annual Church Camp Meeting Opens Here Tomorrow

The eighth annual camp meeting of the Full Gospel Church will commence this Friday at the location on the west side of town, just south of the Gull Lake high way.

Pastor H. C. Pyrett of Saskatchewan, Sask., whose ministry and fellowship have been enjoyed these last two summers, will return again this year. Pastor Gordon Larsen, formerly of Lacombe, Lobo, Sask., will also minister at the camp. Other ministers will be taking part. Miss Margaret Rose, returned missionary from Pakistan, will be present on the opening day and will relate some of her experiences and work in that land.

Pastor Pergusson arrived here from Banff on Friday.

The gate school is progressing quite rapidly under the supervision of McGregor Construction of Alix.

Herman Bite is also busy preparing for construction of a new home.

Nebraska

NEBRASKA Mr. and Mrs. Wilbert Harris and Miss Hattie Harris of Barrie Ontario, arrived here on Tuesday to visit the three families.

Mr. and Mrs. Ken Robins a son of Bernice of Ladner, B.C. visited at the home of his father, mother Mrs. S. Knight and Mr. Knight the last week.

Mrs. A. T. Mendie and Miss Jean Ellis of Calgary will be in charge of the children's work. Material of great interest to children will be presented.

Reminiscences of Former is Victim in Friendly Poker Session

Two strangers persuasive enough to interest Bert a game of poker would be an interesting pastime on Saturday, June 18, with two strangers unable for the moment.

The game was played without a hitch for a moment, and the two strangers were the best of luck. Bert, however, thinks that the two had never played poker before was worth the loss of four hundred dollars in cash, under the careful instruction of his two friends who evidently were experienced at poker.

Later on the day the victims of the poker shortly reported for trouble to the R.C.M.P. who unanimously started a search. It was thought however that they probably had a car at their disposal and were far afraid by the time the search got under way.

Ladies Group Meet at Forbes For Month of July

The regular monthly meeting of the Forbes Community Club was held at the home of Mrs and Mrs. Judd Whitworth on July 7 with 12 sisters and five brothers present, and two visitors, Mrs. Ivy Hunter and Mrs. Mac Underwood.

One new member signed the roll call. Cards of thanks were read and flowers were read from the Sam Freeman family, Joyce Harmon, Jean Dudley, Bentley and Allan Kozak, Mrs. Walton, Mrs. Minnie Ellsworth, the Allison family, Mr. B. Walker on behalf of her grandmother, and Mrs. Hunter Hopkins on behalf of Jamie.

The hostess raffle netted $9.10 with Mrs. Ian Stoner holding lucky No. 21. At the close of the meeting, Mrs. Whitworth served a lovely lunch.

The next meeting will be at Mrs Ronald Wetzel's on August 4.

Lo-Flyers From District Honored At Air Investiture

Several Lacombe and district air cadets were among a large group of airmen inspected at an investiture at Northwest Air Command, Edmonton, last Saturday.

Lieutenant Governor J. C. Bowen pinned the decorations on 120 flying airmen. It was the largest group of airmen and cadets ever on parade at any one investiture in Edmonton since the war's end.

The following from the district received the Distinguished Flying Cross, Flight Lieutenant H. E. Glass, Stettler, employee at the local veterans organization and Flying Officer Flight Lieutenant R. A. Anderson, who resides in the Ramsay district, and Flying Officer W. R. Ford, ex-publisher of The Gleaner.

In addition, Flight Lieutenant Harold McKinley of Vermilion,

Legion

SARGENT Bennett visitors at the home of Mrs. K. Reeves were W. Western of Jefferson, Oregon, and Mrs. Florence Jamily of Portland, Oregon.

Mr. and Mrs. A. Skelton and family motored to Gull Lake Sunday to visit Mr. and Mrs. C. Bower and Jeannie.

Mr. and Mrs. Skelton motored to Gull Lake with Mr. and Mrs. J. H. Lee of Penhold.

Bindmen Valley Co-op Reports a Successful Year

(Continued From Page 1)

time remains for the bridges of Canada to live up to the confidence that has been expressed by the shareholders of bonus, he said.

He predicted we may be on for bonus rates per cent, if the present trend in grain tend shortage continues. Likewise, cattle may found the market better in months to come.

He added, with a wry smile, that we may count our United States corn to load up bags for the country should we have need. There is a surplus of corn and feed in the States for sale, and if customs restrictions can be satisfactorily overcome, we may use corn on this side.

Mr. Bierbach dealt with the oil industry, stating conducted at the local distributor, a spur continual stations, relative to long running.

Our experience, he said, is concentrated on an as breeding of grain, and we hope to keep out the good qualities so long. The ideal, of course, is the grain A bunch of cattle in the province, 31% of which in Canada graded A last year he said, and in Alberta only 20%.

Although three experiments are based strictly on subsurface, it is hoped that the soil packing program will pay off the bills by and better and half over several growing seasons.

You get the good with the bad in co-operation, he said, in the end, but the bad must be rolled out the way. He mentioned the success against silver-grading, as the experimental because "it is a true suggestion."

In another breeding project at the experimental station, he said efforts are now underway with Minnesota No. 1 and Lambton Queen Barley in order to develop a strain "through a combination of entirely different blends."

Afternoon and Evening Performance

Circus Attraction Last Week Please More Than 2,000 Persons

Those weren't many genuine disappointed children the Shrine circus performance given under the "big tent," when King Bros. circus brought their show to town here last Thursday.

Rain, and threatening clouds kept a lot of people away from the afternoon performance, but 1,000 persons packed the grounds for the evening performance, and the evening crowd was only slightly less.

The show was presented nearly aerial displays. The Edwardian ring was complete, clowns and Arabian steed through a series of entirely different bloods.

WEDDINGS

WARD—CASTLEMAN

The marriage of Miss Linda Castleman, only daughter of Mr. and Mrs. Henry Castleman of Lacombe to Mr. Ronald Ward, son of Mr. and Mrs. Clarence Ward of Pine Lake took place on Saturday, July 19 at 2 p.m. in the Lacombe United Church. The ceremony was performed by Rev. C. C. Armstrong performed the ceremony.

The bride was given in marriage by her father, she looked lovely in a floor length gown of white satin with lace bodice, lace shirt and bouffant tulle panel sleeves. A satin and lace picture hat completed the outfit. She carried a bouquet of red roses and white carnations.

Her only attendant was a little flower girl, Miss Sandra Ward, niece of the groom. For attending she carried flowers worn by her grandmother, Mrs. J. Lemon, at her wedding sixty years ago.

Miss Audrey Wayte, sister of the groom, was bridesmaid. She was gowned in a full crepe with headdress of pink net and carried a bouquet of pink and white carnations.

Maid of honor was the bride's aunt, Miss Florence Lacon, who wore a gown of blue taffeta with headdress of blue net and flowers and also carried pink and white carnations. Little Kay Brentnall made a sweet flower girl, carrying a bouquet of yellow taffeta with floral headdress and carrying a basket of multi-colored sweet peas and ferns.

Best man was Mr Donald Castleman, brother of the bride. Ushers were Mr Calvin Stoner of Stanley, cousin of the bride, and Mr Gerald Brown of Red Deer, cousin of the groom.

Mrs. Harold Hopkins was the pianist and Mrs. Gwen Thorne sang "Because."

Following the ceremony, a reception for 80 guests was held at the home of the bride's parents. The room was prettily decorated with pink and white streamers and wedding bells. Toast to the bride was proposed by Ken Brent with a life-long friend of the bride and responded to by the groom. Rev C. C. Armstrong was master of ceremonies.

After a shower of confetti and loads of good wishes from their many friends, the happy couple left for a honeymoon at Waterton Lakes and other points. For going away the bride wore a beige colordrive dressmaker suit, complimented with white accessories. On their return they will reside on the groom's farm at Pine Lake.

Mrs. Ward's trousseau was chosen from clothing she collected at the Hilda Edgington wedding held years ago, a wedding like wish with the bride and Mrs. Tom Smith and Mrs. C. McQueen.

Miss Sheila Forrest, district home economist from Spirit River, spent the week end visiting with Miss Mary Ramsay here.

Mr. and Mrs. Charles Hopkins left Sunday to visit their daughter Mrs. Lewis Hussey of Ocean Falls.

Shower at Milton On Friday Afternoon For Mrs. John Woods

A delightful shower atmosphere prevailed in the home of Mrs. J. S. Horton, Milton district, on Friday, July 18, when Mrs. Horton entertained at Lacombe yesterday.

There were twenty-seven ladies present for the shower and a most enjoyable time was spent in games and visiting. Mrs. Woods received many gifts. Mrs. McIntosh of Innisfail, West, made the presentation in a very clever manner. Many lovely gifts were drawn into the room by Miss Betty Hocking and Master Donald Simpson on a very beautiful beautifully decorated wagon.

The bride to be was assisted by many beautiful and assorted gifts for which she thanked everyone present. Lunch followed by a show with a delicious lunch.

Spruceville

BYELAVILLE Bobby Gott exhibit left on Thursday with the Red Deer Boy Leaders for Vancouver to attend camp.

Mrs. Nelson Hall and Percy Hall spent the week end visiting relatives in Edmonton.

Mr. and Mrs. Morris Barnes were holidaying at Innisfail and Calgary last week.

Mr. and Mrs. Merrie Barnes were holidaying at Innisfail and Calgary last week.

Murray Gottenheim is visiting his uncle and aunt, Mr. and Mrs. Cliff Carlson at Rimbey for two weeks.

Mr. and Mrs. Wm. Maughon and boys have returned from a month's holiday at Portland, Oregon, and other points.

Miss Phyllis Hall and brother Gerald attended the Stampede at Calgary last week.

Graeme Kreuzer of Wilmott is spending a few days with Dennis Gottenheim.

Showers Held For Miss Marjorie Gordon, Hospital Matron Here

Miss Mary Gordon, popular matron of the Lacombe municipal hospital and bride-elect of next month, has been honored at several showers during the past two weeks.

On Monday night, the nurses at the hospital were hostess at a shower for their confrere at the nurses' home. They held a much enjoying, and successful shower with many useful kitchen articles.

Mrs. Jack Harvie has entertained at two showers in Miss Gordon's honor recently. The hospital board presented Miss Gordon with a gift of fine napkins receiving last week.

Miss Gordon a marriage to Mr. Ted Isaacs of Clive will be held at Ponoka on August 4.

THURSDAY JULY 21 1949

The Town Election

With many absolute Without there seemed exhibition in the town council, on the election Monday night. He puts another compulsorily into record on the council. Jack Power. How many can affirm to have heard and now look to a doubtless only into the council, and while the new returning officer, Mr. Ben Chas Williamson will be council, they have able replacements.

The actions of Bill Beniston and Bob Addison in withdrawing for office in last week's election are to be commended. It shows they are public-spirited men with a real interest and appreciation in town affairs. As this paper has said before, there is no disgrace in standing for election and losing decisively. Somebody has to be the loser and it is the admission of a wide group of voters can be as much as the process. that is all to the good.

Unfortunately the entire interest of the ratepayers of both does not seem to match the vote enthusiasm of the three nominees. Only 552 but vote were cast, out of a possible 1,312 on the voters' list. One of the less than 50% of the entitled — not good for a really good civic administration. public spirit: an community effort.

We wish the new councillors well in their new office.

Dollar Dilemma

The almighty dollar — pursued and hunted relentlessly by harassed, hard-working Americans, is taking its toll on Britain now. But on a sparing governmental as all to the end that the "gold standard" is to which the trading business of the world is set to balance their countries has not changed to the dollar standard of value. And Britain's chancellor of the exchequer, Sir Stafford Cripps, has just announced that because there are less dollars than all the Old Country, imports from America will have to be cut to the dis-dollar, dollar standard doesn't shrink until then!

Its inconvenience to some will have to get along next year with less bananas, less sugar and less candy. Others people will have to get along with as plentiful due to import limits to them. It may will buy less, and as trade expand so many dollars. At the same time, an effort will be made to produce more by striving for greater efficiency and lower production costs to use the Dominion's words its exporting more. Britain will convince more dollars which are so desperately needed.

Britain has to export food to survive. She has to import raw materials to keep her industries going. In the past, the segments of the nations trade has made these imports possible. Commonwealth and Far East empire possessions, even in a glorious British dollar pool. Now, with many of these valuable raw supplies which dollar areas were willing to pay handsomely for. Those customs have been disrupted, since the war's end. Britain is now one of the greatest of developing African, in the hope of realizing on some of the vast, unsuspected, but that will take a good many years.

Britain was a victor of the war, but a loser of peace war. Her industrial areas are in ruins, her shipping and potentially rebuilt. Plants and machinery, largely unimproved as 10 or more years, are worn out, obsolete, outdated, and costly to run. Britain is paying for a hundred mistakes of her own, and a few hundred more which she has not her own. Private Britishers complaining in a quiet but restrained way continue to queue for some of those few delights, continue to accept with equanimity paltry rations doled out by the week or by the month.

This unhappy picture of Britain is only equalled or surpassed by poverty-stricken, war devastated nations of Europe. The dollars are in their supply there, too. The Americans, which we accept almost as necessities, just aren't to be had.

We're trying to do something about it. Reparations through services have been set up to bring aid and relief. Americans, through the European Recovery Plan, or dumping billions a year to the countries of Western Europe. The dollar currency is gratefully accepted by European nations, who naturally turn it back to the United States in America purchases. Slowly, there should be production step up, and some time they will be able to pay back in more exportable goods. Canada has contributed sizable amounts, quite a those amounts, particularly Britain.

It is not completely a question of business versus gentlemen which moves us to give away our millions. If we don't, Europe simply cannot pay for our goods and much of the vast production being turned out of our plants and factories would have no market.

The complexities and complications arising from "world scarcity" and balances of trade puzzle the minds of the businessmen. That is the reason there are more meetings between governments to thrash out whichever trade agreements. There will likely be still more in the future. Let us hope individual trade ties between two countries do not affect world trade as a whole. He who dares to predict where that will all lead. But one thing is sure: the every cheap and easy dollar every green dollar will be appreciated as everyman's friend

Farming Notes

(From the Provincial Department of Agriculture)

Records Help in Good Breeding

Although it is generally realized that many breeding and dairying problems in dairy cattle are of a pathological and possibly regional nature there are a number of factors relating to the breeding efficiency of the dairy herd which are within the direct control of the dairyman. Good management undoubtedly pays dividends.

In most cases it is a good plan to manage the breeding operations of the dairy herd so that the cow calves at approximately the same time each year. This annual calving season has many advantages. Normal three-week heat periods in the reproductive cycle of the animal, and ensuring that the cow is bred approximately two and one half months after calving. Barrenness heifers are bred at eight-month intervals so that they may calve at twenty-seven months of age.

It is generally well known that the conditions of the cow and the feeding of the roughage may affect breeding efficiency. Cow condition and lack of condition are undesirable while specific deficiencies in the ration may result in trouble. Attention to quantity of roughages and pasture is of considerable importance in this manner proper care of the dairy cow is required.

It is of value to the dairyman to keep a record of calving dates. Investigation of the calving dates of others the dairy cow is due to calve again. This careful recording of dairy cattle breeding operations cannot be stressed too strongly.

How Weeds Winter

It is well that a farmer should know the different kinds of weeds in order to be able to fight and them. When growth is checked in the fall of the year, the surviving quantities of seeds are in their vitality. The surviving seeds of these same weeds should be known so that suitable opportunity may be taken to reduce the weed infestation.

Perennial weeds, which [illegible] perennials as egg or roots, sometimes even one reproduce by how weather in the fall, [illegible] when caught by autumn frosts, and leaving the property too new young within seed crops, capable of [illegible] to winter adversities. For the annual therefore, it is the seed that holds the strongest position, and the objective is well attended to by the destruction of its seeds as compared with other weeds For most annuals, any practice which will hasten germination is useful to the good. Most annuals are thus started before any crop is on the way of their destruction. Winter annuals include such weeds as shepherd's purse, stinkweed, tumbling mustard, false flax, and stone.

Perennial weeds, which [illegible] producing by seed maintain themselves from year to year by their strong root systems, which may be creeping like those of Canada bad perennial sow thistle, or short and fleshy as with dock and dandelion.

For annual generally it cannot be over emphasized that a regular short rotation of crops is the best measure against weeds. In addition, enough should be known of the life history of each weed to be a guide in the best method of control.

Reflection of the Times

Community Cause For Ladies

Community cleaning week [illegible]

project, proposed for Lacombe, will fill a long-felt need on this community. The proposal is to erect a covered skating rink, with standard ice area, and at the same time provide accommodation for community gatherings in connection with the rink [illegible]. Club rooms for hockey players, a public assembly, a library, and space for various games are envisaged in the project. Enthusiasm and budget will see two games which might be covered by the proposal.

Labor, suffering growing pains due to in rapid expansion, has for some time felt the need for improved recreation facilities. Not only the young people brought to the area by the oil boom, but also those who were born and brought up in the town and surrounding community are being handicapped by lack of provisions for recreation, particularly in the winter months.

The project is a large one which will require the whole-hearted support of the town and district if it is to succeed. Not only money but labour and community effort will be required to put the project over the top, but the end appears well worthy of the effort

—Labor Representative

From The Files of The Lacombe Globe

Five Years Ago

Harry Trave defeats Joe Welch of Red Deer to win the [illegible] 72 g-liters from all parts of Alberta.

Almost 50 relatives and friends gather in the Adolphe Hetzel to honor Mr. and Mrs. Sam Nesbitt on, old timers of this district.

Twenty-two members of the Lacombe ac cadets under F O Jack Pa and F O Bill Mc Kenzie leave for camp at the R C A F station, Claresholm

Ten Years Ago

Members of the tennis club add more red shale this week to the court now in use and rolled and leveled the second court which should be ready for play soon

Born Grant, 20 year old Edmonton Mercier golf star defeated Bob Copstick of Cliffmore 4 and 3, to win the annual golf tournament here

Select hogs are selling for 20.70 per cwt. the week, steers 20.00 to 20.75, cows 18.00 to 19.00.

Letters to the Editor

July 15, 1949

Editor, Lacombe Globe

Dear Sir:

As an American tourist in your country, I am only concerned on the truly wonderful crops you have back up in Alberta, and the equally wonderful co-operat you meet in the people.

I never be a fact that one of my fellow Americans ended up at the backyards at Calgary by the to hand could to the border.

Highway patrolmen, I don't [illegible] are a dangerous and the same thing people close to the border. It is [illegible] discouraging to a tourist.

Meadowbrook District News

MAIDEN [illegible] Mr. and Mrs. A Lidbeck went to [illegible] Calgary on Sunday, to visit the grand daughter and lady at [illegible] of the Sharpens

On Sunday afternoon, July 3, a [illegible] gathered at [illegible] Mr. and Mrs. Leonard Brethaven to [illegible] the bride welcome to Meadow [illegible] and to have a chance to [illegible] happy young couple

After visiting for a time with another and discussing who had had the least rain this summer, how the crops were looking, and how smaller every week, etc., Lawson and Brethaven were invited indoors to table of gifts. With a few well and chosen words from Oliver Bank expressing the best wishes of the [illegible] present, they opened and displayed the contents of the gaily wrapped packages for which they sincerely thanked their [illegible] Refreshments were then served and all left to visit often.

The afternoon was brought to a close with the serving of a tasty lunch by the hostesses, Mrs. Gi and daughters, and Mrs. H Dillman and other neighbors.

On Wednesday evening, a large crowd enjoyed the wedding [illegible] Mr. and Mrs. Leonard Brethaven, given in their home. Music was supplied by the Crystal Spring boys.

On Sunday evening, July 10, at the R. J. Kirby home Miss Blanche Mrs. Roy Kirby and Mrs. H. Carlson were hostesses at another shower for the young Brethavens. This second shower was carried on in much the same manner as the first one and came to a close with the serving of a dainty lunch by the hostesses.

Mr and Mrs Robert Olson and family of Bentley were Sunday visitors with Mr and Mrs H Olson and family

W L. Ingraham, Vern Morrow and Norman Gilliand attended the F.U.A. convention at Wetaskiwin recently

One deepest sympathy is extended to J J Dorow of Lacombe and all members and relatives of his family and also to Mrs. Wa Lacombe, in the Lacombe community and all members and relatives of Mrs. Dorow of Bentley, on the recent and bereavements.

Mr and Mrs Morrow and baby [illegible] Vancouver B.C. are visiting a few days, here with Mrs. Morrow's parents. Mr and Mrs. [illegible]

Brue Zutter of Drumheller has been visiting at the Elmer Gilliand home for a few days.

Miss Sheila Campbell and her brother Donald, of Wetaskiwin, are visiting at the Porter home, and also with other friends here

Sunday dinner guests at the Elmer Gilliand home on July 10 [illegible]

Small Attendance At Local Tennis Club Dance Last Friday Night

Quite a small number turned out for the tennis club dance at the Church Hall last Friday but those in hand appeared to have a good time.

The office noted about $30.00 for the newly formed tennis club, and the funds will allow members to be charged with plans for the erection of two courts.

Mrs F J Stewart was the tennis ticket and three tennis balls at the door [illegible] number was 22

District Wedding Bells

RURAL CEREMONY

Miss Mary Gertrude Shiplington, younger daughter of Mr. and Mrs. F. J. Shiplington of Lacombe, was changed marriage vows with Mr. Lorne Medley Medley, son of Mrs. A. Medley of Lacombe, in a pretty ceremony performed at the Lacombe United Church parsonage on Wednesday July 20.

The church was festooned with pastel tinted pinwheels and entwined with white gladioli, delphinium, spirea and other delphiniums. Rev. Mr. Hamilton officiated at the ceremony, assisted by Rev. S. F. Marston of Lacombe.

The bride, who was given in marriage by his father, wore a white satin gown, fashioned with a fitted bodice with long pointed sleeves, and full skirt with panniers and matching effect. Her full length veil was held in place with a headdress of white gladioli and she carried a bouquet of white gladioli and roses, with a shower of white gardenias entwined with white gardenias.

Mrs. W. F. Parker of Saskatoon, sister of the groom, was matron of honor. She chose pale green brocaded taffeta with a full skirt and pointed sleeves. Full skirt with panniers and matching effect. Length attendant she wore a picture hat of green net with headdress of pink carnations and carried a bouquet of pink carnations.

Miss Isabel Fennell and Miss Janet Brooks, both of Lacombe were bridesmaids in similar dresses of taffeta with full skirts, pointed sleeves and full skirts, and other length uniforms to match. Miss Fennell wore blue, and Miss Brooks in yellow. They each had a bouquet of carnations to match their costumes.

Little Sherri girls, Sandra Smith and Sheena Sutherland, scattered rose petals in pale pink aisle also in pastel coordinating tones and wore a crowned coordinating hat into. They each wore a headdress

Mr. Ed. G. Bridges of Regina, brother of the groom, was best man. Ushers were Mr. T. A. Smith of Lacombe and Mr. J. McLeod of Lethbridge.

Mrs. W. M. Sutherland of Lacombe was organist. Mrs. R. Lauder of Okotoks, sister of the groom, sang "The Lord's Prayer" at the close of the service, and "Because" during the signing of the register.

One hundred guests attended the reception in the Church Hall, which was beautifully decorated. The bridal bouquet was served by part friends of the bride.

The bride's table was oval with a white centre piece adorned with a three tiered wedding cake topped with sweet heart roses, and embellished in pale pink and green bells. White lighted candles and vases of pink roses added to the setting.

The bride's mother received in a gown of powder blue crepe, with white accessories, and wore a corsage of sweetheart roses.

The groom's mother was in a grey dress with accessories complementing, and wore a corsage of burgundy roses.

The young couple left on a honeymoon trip to Banff and other points of interest. For travelling the pale blue gabardine suit, pink blouse and hat, and white accessories. Her corsage was of white gardenias.

Guests have guests came from Calgary, Edmonton, Regina, Saskatoon, Drumheller, Ottawa, Brandon, Lacombe, Bashaw, Clive, Red Deer, Port Alberni, Montreal, Hartford, and San Francisco, Calif.

Meadowbrook District News

MEADOWBROOK Mr. and Mrs. Roebuck and son William of Camrose spent a few days recently with Mr. and Mrs. J. Hunts and daughters.

We are glad to report that Master Grant Gilliand, who has been a patient in the Bentley hospital for a few days recently is able to be home again.

Also we wish Mrs. H. Wedlund a speedy recovery. She has been in hospital in the Lacombe hospital for part of last week.

Mrs. Lloyd Partridge of Innisfail also attended a portion of the Calgary stampede over Mr. and Mrs. Tom Riley. Clive Riley left

AT CAMP

Sergeant Major Trevor Hopkins plants on leaving camp Monday August 1 for Banff. He will be the base Lacombe representative at a senior cadet camp to be attended by cadets from across the dominion. The division is composed of a holiday and will last for three weeks

Miss Anderson of Bentley visited with Bobbie Ulmen part of last week.

Mr and Mrs J. D. MacLean of Black Custer and Mr. and Mrs. E. Yee and daughter of Calgary were recent callers at the Maxwell home.

Miss Orene Stokes of Mullin Saskatchewan visited Mr. and Mrs. Mannhville and daughters.

Riverbend Cabin Resort

Mass Betty Jo has been visiting pleasantly surprised on Wednesday evening, July 14 when a good number of her young friends gathered at her home to help her celebrate her fifteenth birthday. The evening's frolics spent a very pleasant evening.

Those present several outdoor games including a treasure hunt which they enjoyed very much especially Miss Betty Jo as she got the lucky baubles and found the hidden treasure at the end of the trail. Helen was a late host of candy.

When darkness overtook the merry party they went in where Betty's home where they played some indoor games. Freezing prizes were Cheri Betty Jo was given a few gifts and gadgets.

The evening came to a close with a very nice lunch in the company of ice cream served up by Mrs. Ed Bebo assisted by Mrs. B. Bebo herself.

Many regrets are evening out in these parts for the damage the recent rainstorm caused.

Barns, granaries, sheds, ranches, stackers and many other things were damaged but fortunately no buildings for farm.

Mr. and Mrs. R. J. Webb and family of McBride are visiting at present with the Pierce home. They also visited other relatives while here.

Mr. and Mr. Paul Woodward and family, Ralph Bowers and Miss B. Campbell were guests and callers at the W. J. Kinley home included Mr. and Mrs. V. Morrow and family, B. Larson of Lewisville, Mr. and Mrs. Ed. Bebo and Mrs. Jessie and Cliff Manning of Elkhorn. Mr. and Mrs. G. Then reported it was Sunday but driving

Clive

Mr. and Mrs. Williams Jr. and baby of Edmonton visited with Mr. and Mrs. Tom Riley over the week end.

The Municipal brothers held a whole day's work on the blacksmith just the day before the storm, all to avail. They should have completed the wreath work, and saved themselves the trouble of hauling back full of water by heavy rain. Mr. and Mrs. Hone and family who have called to look after them a week ago by the death of a close relative returned home Monday.

Miss N. West who is on leave of the Lacombe Hospital staff, visited Mr. and Mrs. George Ingle of Penhold.

Mrs. Herbert Robbins was home from Calgary over the week end.

Mrs. F. Thompson of Lacombe is visiting at the home of her mother Mrs. E. Matthias.

Congratulations to Mr. and Mrs. Bob Farnworth on the birth of a baby daughter July 24.

Mrs. Don Hopkins and daughter Donna of Lake were visiting with town at the week end.

Mr. and Mrs. Geo. Ingle of Penhold visited with Mr. and Mrs. Ed. Todd over the week end.

Mr. and Mrs. Ed Todd were visitors on Edmonton on several days last week.

Mr. and Mrs. C. G. Taylor of this town

Blackfalds

BLACKFALDS A Lacombe visitor was in town on Wednesday on business with Mr. Woody. Mr. Woody is a former resident of Blackfalds. Mr. and Mrs. Wilfred McAllister motored to Red Deer on Wednesday.

Mr. and Mrs. H. E. McLennan along with Mr. Bert Ackerson Mr. and Mrs. Frank Jeffries motored to Edmonton on Wednesday. Mr. and Mrs. McLennan to be accompanied there by Calgary and was a visitor of Mr. and Mrs. Cody Jones.

Mrs. Jack Brewer has been visiting at the home of her parents in Medicine Hat for the past two weeks.

Mr. and Mrs. Tom Trimp of Red Deer have made a short visit with Mr. and Mrs. F. Koch. Mrs. Trimp and Mrs. Koch are sisters.

Mr. and Mrs. Frank Jeffries left a few weeks ago for the south of a short relative returned home on Wednesday.

Mrs. Wheat who has been confined to the hospital for the past few weeks was able to be with her parents here.

Mrs. Tymstra is spending the week with Mr. and Mrs. Ed. Todd on holidays.

Highway Marking

OUR Association (and all friends who attended Lethbridge last week) can justifiably invite a letter to The Globe complimenting about Lacombe's road signs, and evidently had something better the path of most of their letters. We have had some fine custom cards to the effect from other persons who have come to purchase the Lacombe Lethbridge highway route, and all of them noticed and the lack of the letter Lacombeans, too, notice the lack of proper highway markings and signs of the like. We've the best to subscribe that it is only positively easy for strangers to get lost, on habit driving the best most highways.

Does the provincial government recognize the fact? There have been scores of people complained by Americans on holiday at Alberta this summer—and at least a portion of these have remarked that more good money could be made if what they doing about it?

The government has spent millions of dollars during the past five or ten years building up a network of good highways which are a credit to the province. And our motorists who use roads are as good as any they have travelled on in the States. It is a pity, perhaps, to so that the government, in the light of its lavish road construction program, refuses to spend a few thousand to mark the roads they build. It is like a well mannered host building a penthouse in the middle of the city but neglecting to provide a doorbell to point out the location. His guests will get there, we out of the building only if they find it.

We would like to see No. 2 signs plastered along the highways from Castor clear up to Edmonton, at every major crossroad and at intervals of not more than 10 miles. Repetition gives assurance to the mind of the doubtful driver. Chamber Lethbridge and district travel publicity and attention and proper markings should be more frequent at the corners. It's the lingering hesitancy that makes an otherwise good job complete

The Tooth Hak

NEWS emanating from Sylvan Lake tells of an additional hole which has been built into the many half golf courses.

We were immediately impressed, but our fears were at least partially allayed when on accompanying descriptions attempted to define the location of the extra hole length of fairway number of strokes required for par, etc.

This seemed to be on the up-and-up instead of around the citizens of Sylvan Lake had run against a genuine addition to the course. And we felt relieved. It seemed to us like the twentieth hole though we had never heard of the twelfth hole on a nine hole golf layout before anyway.

Family Allowances

AN INTERESTING news [illegible] outlines the history and evolution of the family allowances scheme. Since its inception four years ago in the length of time, the article reports, 21 millions of dollars have been paid to mothers in the province of Alberta in total payments of family allowances the cughest all of Canada. Some [illegible] million dollars.

When the first cheques were paid back in 1945, there was a great deal of discussion devoted to the matter the month of the [illegible] Many didn't think it was a good idea particularly when anyone but registrants at that time provided for requirements to the government of a portion of the family allowances. It seemed the government was giving with one hand, and taking back with the other. The costs of setting up machinery and hiring civil servants for still another government bureau made it an expensive way for taxes to many people.

If family allowances were introduced to stimulate Canada's birth rate we might argue that is not a reasonable increase. This argument has tempered but it is difficult to distinguish whether it is the result of the allowances, or part of a trend in population the which occurs after any war.

Many mothers according to the news release have written to describe the great help that the cheques have been. But these aren't free' loans for in any sense of the word. They [illegible] have to [illegible] contribute the same amount in taxes [illegible] for the government must collect money from the people before it can pay it back.

There are regional offices established in every provincial capital, and the government payroll for its servants must be a healthy one. Hundreds of clerks are hired to investigate alleged abuses in the uses of the allowances and the spending habits of the mothers. Rules are checked on and [illegible] rules the [illegible] and report action is required.

This sounds to us like excessive government interference. The government takes away hard earned taxpayers' money, doles some of it back to mothers as family allowances and then in some cases investigates how it is spent. Here government employees [illegible] operate a home whose workers are [illegible] and more tasks to meet the [illegible]

Small monthly cheques to mothers may look good but on the over all picture [illegible]

Farming Notes

(From the Provincial Department of Agriculture)

The Story of Seamless Wheat

Seamless wheat was produced in 1934 and since distributed but withdrawn one as 1938. It came from a cross made at Ottawa between a Hope a Garnard hybrid and Thatcher. It matured early, ripening, stem, rust, and loose smut resistant with variety developed for areas where early ripening is important.

At the time of increasing only 250 bushels of seamless were produced. This quantity was increased that summer under contract at Beaverlodge, Lacombe. A crop of 5,700 bushels of seed was harvested and distributed to 287 farmers and growers in Central and Northern Alberta. Ninety hundreds of farmers were disappointed, as the demand was in excess of the supply. It is hoped that there can be as few as possible and many more will be [illegible] grown next season.

It will be realized that the spring of 1942 was very late in many areas the season remained cool and wet until June. Farmers were unable to start seed late in May and some did not get any wheat seeded that season. In spite of these drawbacks, it is estimated that approximately 20,000 bushels of Seamless were harvested.

Reports received from over 60 per cent of the growers of Seamless wheat indicated that they were well pleased with their first year's experience with the new variety. They were impressed with its earliness and yielding ability under rather extreme conditions, and remembered it a very promising variety. A number commented on its ability to resist its height, shattering, and frost, and its suitability for combining purposes.

Seamless is not being recommended for the open prairie areas of Saskatchewan and Manitoba, but a limited amount of seed is available. 1,000 bushels to 625 farmers was made at the northern sections of those two provinces in 1948. The thirteen experimental stations were unable to supply over 1,250 persons who applied for seed but it is expected that those who grew Seamless in 1948, and those who will grow it in 1949, should be able to secure all necessary for seed in 1950.

The results to date indicate that Seamless is definitely well adapted in the Peace River area. Its suitability for the Edmonton-Lacombe area and for parts of northern Saskatchewan is indicated, but further trials are required to establish this with certainty.

Why does the editor call himself "we"? He the fellow who doesn't like what he says well think there are too many of him to talk.

Reflection of the Times

Unkie to July

July gets a poor shake from the poets and the literary gentry in general. Burnett's Vanilla Quotations consists of three lines, but only one of these references is humorous. Longfellow's Ages is favorably noted twenty-eight times and May gets thirty-eight pats on the back. That is rather What's the matter with July? What's the matter with poets? What's the matter with people?

July is the best month. The all-around best month in Canada anyway. For one thing, it is a good month for getting to your dates. Another advantage is that you don't need clothes in much food, so work a unnecessary. People are young, so you don't have to talk to them. There is no question about July's being the best month. Its only rival, August, is apt to have bust towards the end, except in years favoured again by the Dominion Nuts is out, of course, because of the recuperation, but in spite of that Burbles has fourteen fairly reformers. Even March is prouder more often than July

The fault is not July's, but with the poets and everybody. We live in anticipation and don't appreciate a good thing when we have it. Burbles lets fifty-eight honorable mentions about the Spring and only natives for Summer. Yet Spring is merely the promise of Summer. When the promise is fulfilled we lose interest and complain about the clothes starting to the chest the peanut try Willie get into, the cold wave of heat-ch the auto traffic the crowds on the trains, the slow the three potted green, the dusters on the beach, the umpire's patent loss and how hot the Summer is going.

One of those days you'll live in an . . .

aluminum house

Many people, perhaps you yourself, already live in homes which are as modern as tomorrow — as others are "Tech-of-Tomorrow". Just look at the amount of aluminum that already is going into Canadian buildings:

Roofing and Siding. Last year alone, almost 100 Canadian homes were sheathed in aluminum for roofing and siding and exterior trim.

Windows. Today a score of Canadian companies are making aluminum windows and doors which have unique advantages: they never warp, swell, shrink or stick, and never need painting.

Insulation. Aluminum has outstanding insulating properties. Already numerous Canadian homes have adopted it to keep homes warm in winter, cool in summer.

Kitchen Cabinets, Sinks, Architectural Hardware. Because aluminum is attractive and lasts a lifetime, dozens of Canadian manufacturers are now busy [illegible] making it into all sorts of forms for use outside and inside the home.

Why Aluminum?

Aluminum is becoming more and more popular for use in home building because . . .

. . . it does not rust . . . is practically indestructible. Therefore maintenance costs stay low.

. . . it is light and easy to handle, is very strong, resists rain, snow and corrosive fumes.

. . . it has an attractive natural finish, and can be painted if desired.

. . . the other building materials can be had from [illegible]

Ask your architect or contractor about aluminum for building. He knows the story of Alcan's continuing research into its uses. So he can tell you about its overall advantages and how you can profit from them when building or remodelling.

Experimental Station Experiments Shows

Diversified Rotation Farming Gives Some Excellent Crop Results

Intensified summer-fallow substitute crops in diversified rotations combining hay crops with grain to advantage by replacing the summer-fallow in areas having an adequate rainfall.

This fact is established in tests made in experiments which have been in operation at Lacombe and Lethbridge since 1911 according to experimental results announced by L. D. DeLong and H. W. Leggett.

Rotation "L" a rotation of hay, wheat and oats, which has obtained an average yield of wheat on summer-fallow of 29.1 bushels per acre for the 34 years from 1913 to 1946 and 21.7 bushels for the 10-year period 1937 to 1946.

In rotation "J", a diversified rotation, wheat grown on fallow yielded 32.2 bushels per acre over the 34 year period and 26 bushels per acre during the last 10 years, wheat following an intermediate crop of potatoes during these periods yielded respectively 36.9 and 31.7 bushels per acre.

In another diversified rotation "K", in which summer-fallow has been summer-fallowed once the rotation was started in 1911, wheat following oats yielded during the same period of years respectively 34.3 and 44 bushels per acre.

These experiments have shown that yields are increasing at the Lacombe station where diversified farming is practised, and are increasing in the straight grain growing rotations. It is of interest to note that the most productive and at the station has not been summer-fallowed since 1911, and during the 37 crop years this rotation has been in operation.

Diversified farming rotations which are not in general use in the open prairie regions where numbers of animals but are quite general in the black and grey wooded soil zones where and broken after hay or harvest takes the place of, and serve a somewhat similar purpose as the summer-fallow in wheat and oats.

Experimental data indicate that wheat grown on legume sod grass and has produced yields within three bushels of wheat grown on summer-fallow

Diversified farming rotations vary with the amount of precipitation, the soil type, the weed problems, the type of livestock interest, the kind of cash crop produced, the demands to market the available farm machinery and numerous other factors.

For that reason it is suggested that farmers discuss the problem of the most suitable rotation for them to follow with officials of experimental station or other agricultural adviser.

Mountain Grove

MOUNTAIN GROVE Mr. and Mrs. A. B. Gibson were Edmonton shoppers on Saturday.

Mr and Mrs. Dale Blackmore and family and Mr and Mrs Jack Ball and family were all-day Sun visitors at the R. W. Black home.

Gordon Gamga from Bentley spent week-end with the Harold Gibson family last week.

Mr and Mrs. C. A. Blackmore have gone on a tour to Invergordon, Oregon, to visit Mrs. Blackmore's parents.

Several holidayers at Banff were Mr. and Mrs. Art Krone and family

Mrs. Harold Gibson is now spending a few days with her sister, Mrs. J. Turnbull of Red Deer.

Visitors at Rocky Mountain House on Wednesday of last week were Mr and Mrs Robert Black more.

We are glad to report Mrs. Jack Darvosh is home from the hospital.

Pete Sampsel from Calgary was a week end visitor at the H. Gibson home

Police Court

Police chief Joe Collett picked up two runaways from the South Edmonton home for boys on Saturday when he spotted them at Lacombe on July 14. They were John Bryan, 13, and Philip Tracy, 11, and both admitted stealing a truck at Devon, and driving to Lacombe City police were notified, and the boys were returned to Edmonton.

Russell Beaton, on the east construction road gang, was fined $15.00 and costs when he pleaded guilty in Lacombe police court on Wednesday of last week to a charge of creating a disturbance on the Lacombe Hotel veranda

Will Show Films At Gull Lake On Thursdays

Outdoor films on topics of interest will be shown at Gull Lake each Thursday according to information received from the Recreational Film Board.

C. J. Gudinger of Calgary will be in charge of the films each Thursday at Gull Lake, in co-operation with the recreational part of summer resort owners.

The programs include subjects suitable for Canada's natural attractions, skiing, fishing, and all outdoor sports. Instructional films also be films on and tender and wild-life conservation, trail and safety in camping and motor safety, and films on Canadians in dustry.

Outdoor showings are being made at other Alberta resorts, at Sylvan Lake, Banff, Jasper and Waterton Lakes. Tuesdays, Lakeview Wednesdays Medicine Hat.

In addition to this weekly film circuit, the Recreational Club are sponsoring a outdoor showings of historic and safety films at the Uptown Theatre at Sylvan Lake on Sunday evenings.

The National Film Board's film [illegible] is transported last year on the summer resorts, are being extended to provide for [illegible] summer resorts, church and young people's camps in order to provide [illegible]

Tourist visit from the United States and all parts of the world bring more customers to western Canada, and you owner, and give observation by visual means at safety-first methods and to wild life conservation.

Annual Sports Day Scheduled at Bentley Wednesday, August 3

Bentley's annual ball teams and sports day will be held next Wednesday, August 3 postponed from Wednesday of last week due to bad weather

The same top-notch day is being planned by the Bentley Athletic Association, with two good home hockey teams in the baseball league, the Bentley Athletics, and Bentley Merchants. Both of these games will start at 11:00 a.m. followed at 2:00 p.m. and the finals at 6:00 p.m.

There will be kiddies' races, [illegible] competitions, horseshoe tournaments, as well as a refreshment booth. Let's get friendly to attract the crowds it should be a worthwhile day

Everybody's Business by Don Graham

It is a human tendency to blame everything and everybody for our misfortunes and failures.

Just sometimes about his working conditions, his hours and everyone he deals with on the job. Sometimes he is justly concerned on this item, although he is unfortunate in not getting the co-operation he should and should be [illegible] the cause of his trouble. But the biggest mistake!

Suppose about that the unnecessary cause of job failures is our lack of technical skill. Suppose poor quality workmanship, consistently poor management and lack of initiative.

Those who have the opposite qualities — comprehensive knowledge of their work, dependability and driving initiative — are the ones who are found to be the most successful. Failure is their responsibility. They are the ones who have the forward of circumstances. They will find them trying to [illegible] them. Failure through their own efforts.

Above all, you will find them trying to correct their own personal shortcomings. To [illegible] the world owes them the biggest reward!

Because some that the unnecessary cause of job failures is our lack of technical skill. Suppose poor quality workmanship, consistently poor management and lack of initiative.

Those who have the opposite

Thank You!

I have now sold my business in Bentley, the complete JOHN DEERE AGENCY to Mr. C. M. Farrell, effective July 1.

In my thirteen years in business in Bentley, I have enjoyed the patronage and friendship of large numbers of district residents. I wish to thank you all for the wonderful support you have given me.

For my successor, Mr. Farrell, I bespeak the same patronage and business, and feel sure that you will receive courteous and efficient service at all times.

HOLDEN — Miss Joan Bury left over a Thursday routine at the home of Mr. and Mrs. G. Olson.

Mr. and Mrs. G. Barron and Pete and Clarence visited at the home of Mrs. C. Hunter Thursday.

People in the district are still repairing buildings and telephone lines which were damaged in the recent storm.

The Chapel-ettes have held their annual picnic at the Lacombe experimental farm last Thursday. There were about 17 present.

Mrs. G. Barron and family visited at the home of Mrs. C. Wesley Friday.

Norman Hall who is staying at Mrs. Cockburn's, had the sad misfortune to burn the end of his finger badly off last Thursday.

Miss E. Fyfe is spending a few days at the home of her aunt in Sprucevale district.

News From Wolfville District

(Lac Ste. Anne Local Week)

WOLFVILLE — Rain fell in this district on Thursday night of last week and again on Saturday night, totalling nearly one inch. At times, a high wind appeared and it was terrific velocity, when numerous telephone poles, trees, outbuildings, etc., were damaged, toppled, moved, and in some cases broken down.

Some gardens were lost the last will return at the time, and with so much moisture and other good prospects. The newly graded side roads are a great improvement. Many thanks to the road boss and other field duties of road building, and the men who carried out and cleared with all who cared to help.

The past the weather has not been favorable, garden crops are not ready, growers are thinking of and the support given the event a week. Visitors to all the club house that this is a worthy while enterprise and would like to see it continued.

The annual flower show will be held on August 18 and we wonder if all the garden gardeners, especially those who exhibited last year, is going to bring exhibits of their crops and make it a visit to while demonstration of what can be grown here, even on an old

All residents of the district who are interested are eligible to become members of this club which is always an active interest in gardening or not. We have not yet seen a crop failure at Lacombe and if the present rains keep up we are promising that they were a good year for all provide a comparison for the bigger and better crops of 1950.

Red Deer Fair To Be Held Next August 4, 5, and 6

Central Alberta's big annual show the Red Deer Fair will be staged on Thursday, Friday and Saturday, August 4-5-6. The directors feel it will be the finest fair ever seen in Central Alberta.

Luncheon entries are coming in steadily, the grandstand show is reported to be excellent, and the midway the best ever.

There will be plenty wagon room every evening, and rates for Friday and Saturday after noon with part-mutuel betting.

The Fair opens on Thursday morning with a complete grand stand performance and church parade every.

The completed accommodation has been doubled, and reserved seats for the show may be had at the Secretary's office.

While the Fair is primarily an agricultural one the directors have opened no doors to improve its many other features, with the result that this year's exhibition will prove interesting, instructive and entertaining to all classes in the community and will be a well rounded effort.

Request Support For Flower Show Here on August 18

(By George Hussey)

Once year ago, the Lacombe and district garden club was re-organized, its purpose being to promote a greater interest in horticulture and home grounds beautification. It was a good year and the 1949 season ended with a fine exhibit of flowers, vegetables and home baking which crowned a credit to the province.

Monthly meetings have been held, at which various problems of gardening were dealt with and interest with all who cared to attend.

This year the weather has not been favorable, garden crops are not ready, growers are thinking of and the support given the event a week. Visitors to all the club house that this is a worthy while enterprise and would like to see it continued.

The annual flower show will be held on August 18 and we wonder if all the garden gardeners, especially those who exhibited last year, is going to bring exhibits of their crops and make it a visit to while demonstration of what can be grown here, even on an old year.

All residents of the district who are interested are eligible to become members of this club which is always an active interest in gardening or not. We have not yet seen a crop failure at Lacombe and if the present rains keep up we are promising that they were a good year for all provide a comparison for the bigger and better crops of 1950.

A home of service at the time it is most needed with details. When bereavement strikes at any such that your trust be placed in the experience understanding of our service for the complete and faithful attention to your desires. For a memorable home without the shade of responsibility call us.

The most Beautiful BUY of all!

CHEVROLET

"I'm biding my time until I get a Chevrolet—

I want to be sure I get the most for my money!"

• That expresses the sentiments of countless people in all income groups, including many who can afford to buy much higher-priced cars. They're surveying the vast but awaiting the best — Chevrolet, the most beautiful buy of all? We believe you, too, will decide that Chevrolet gives more for your money — more fine-car beauty, more fine-car features, more EXTRA VALUES of all kinds — at the lowest prices and with outstanding economy of operation and upkeep. Yes, the new Chevrolet is the most beautiful buy for everything from styling to stamina, and we cordially invite you to confirm this fact and tell your friends — "I'm biding my time until I get a Chevrolet!"

Insist on getting these EXTRA VALUES exclusive to Chevrolet in its field:

- World's Champion Valve-In-Head Engine
- Fisher Body Styling and Luxury
- Fisher Unisteel Body Construction
- Centrifuse Hydraulic Brakes
- Largest, Heaviest Car in its Field with Widest Tread, as well
- 5-Inch Wide-Base Wheels
- Center-Point Steering
- Curved Windshield with Panoramic Visibility
- Extra-Economical to Own — Operate — Maintain

Bentley Farmer in Mental Condition Here Last Saturday

Alfred Anderson, 47, of Bentley was committed to the Ponoka mental hospital for treatment at a court hearing held in the Lacombe police court Saturday afternoon.

The man made two attempts to climb to a slim iron hanging out from the second-storey window at the McCormick and McCormick new office on downtown Lacombe. It was no suicidal attempt, witnesses say, but just a desire on the part of the man to get fresh air.

His father, Andrew John Anderson, had died earlier in the week at Bentley, and it is thought this may have had some bearing on his mental condition. Alfred and his brother Andrew drove in from Bentley in the morning, and planned on going to McCormick's law office to see about the father's estate.

HEAT and COOK with OIL

Now you can enjoy the comfort and convenience of heating and cooking with oil. Reduced prices on domestic heating oils are now in effect. Use Esso Domestic Heating Oils in cooking stoves, space heaters, hot water heaters, stock trough heaters, chicken brooders.

Old Time Lacombe Resident, Mrs. Smith, Visitor at Gull Lake

Mrs. Glover Gee, Ben and Stan Gee, and Mrs. Gee's parents, Mr. and Mrs. Cox, came from Edmonton to Gull Lake by specially chartered bus to attend the funeral of Mrs. Donald E. Walbridge of Seattle, U.S.A., once the local belle.

Mrs. Walbridge was born in Lacombe, and was married here. She was a sister of Mrs. Glover Gee, Mrs. Cox and Mrs. Ben Gee.

Mrs. Walbridge's death occurred in Seattle on Wednesday, July 13, after a long illness. She was a member of the Methodist church.

Mrs. Walbridge is survived by her husband, Donald E. Walbridge, of Seattle, U.S.A., one sister, Mrs. Glover Gee, and two brothers, Ben and Stan Gee.

Mrs. Walbridge's parents, Mr. and Mrs. Cox, were pioneers of Lacombe district.

Mrs. Glover Gee, Ben and Stan Gee, and Mrs. Cox returned to Edmonton on Thursday, July 21.

Mrs. Walbridge's many friends in Lacombe district will extend sympathy to the bereaved relatives.

Gleichen

BLOOD CLOT

The Hedging Time game at Sylvan Lake was well attended. The day was spent visiting, and the ladies enjoyed the water. There was a beautiful beach, with tea rooms and cold drinks.

Mrs. Hedgewood of Strathmore, Alberta, is visiting relatives in the district.

Mr. and Mrs. A. Johnston are visiting relatives at Salmon Arm, British Columbia.

Mr. and Mrs. Ray Bertram returned home from Banff, Banff, Jasper, where they had been visiting Mrs. Bertram's sister Mrs. Jean Jones and Mr. Jones and family.

Mr. and Mrs. Maurice Hunt, Ivy and Shirley have returned from a holiday at Banff and Jasper Parks.

Mr. and Mrs. F. E. Ward and Brent were week end guests at the Amundsen home. Also Mr. and Mrs. T. Steven, Hans and Margaret of Bowness are spending holidays at the Amundsen home and visiting Mrs. Amundsen, who is in the Lacombe hospital.

Mr. and Mrs. Cyril Eggen, Barbara and Larry spent the week end at Edmonton. Douglas, who had been holidaying at the city parks of interest.

Miss Lois Hall of Red Deer was a week end guest of her sister Mrs. C. Smith and Mr. Smith.

Mr. and Mrs. Myrland Haugen of Innisfail and Mr. and Mrs. Harry Haugen-Sommer are holidaying in Yellowstone Park and other parts of interest.

Power Disrupted at Clive and Alix

1.08 Inches of Rain Falls in Less Than 2 Hours

RUNAWAY THUNDERHEADS which started about 1:00 p.m. Tuesday night left more than six inches of rain in the district in a period of less than two hours. It thundered some heightens into one of the most severe storms in the history of the district. Lacombe where the storm seemed to be heaviest. There were many washouts, one on a small bridge on the C.P.R. tracks between Clive and Chigwell, and the road from Lacombe to Clive was closed for 24 hours on Wednesday morning. According to official figures at the local [illegible] station 1.08 inches of rain was recorded in two hours.

The lightning struck at Lacombe caused the most damage. Power was cut off at the Wendy Nash district, dried at the Holy Cross hospital in Lacombe, and Joffre. The log had been dry for the past six weeks, and has been a danger for three weeks.

Thunderstorms are also reported from other parts of the province, including afternoon at St. Lazare along the Yellowhead highway 16 and in the Peace River to Lesser Slave Lake.

Damage was well inhand by all the members and pupils, and many of them were glad of the rain after having attended the Exhibition.

Surviving are his parents, one sister, Barbara, and one brother Marlon, both at home. The grand parents are Mr. and Mrs. George [illegible] all of Lacombe district.

Mrs. A. H. Peach of Calgary is a guest at the home of Mrs. J. Reddish, also resident at Calgary.

Clive Resident Observes Her 93rd Birthday on August 1

Mrs. Esther McWilliams celebrated her 93rd birthday at her home at Clive on Monday of this week.

Many friends and neighbors called to present her with congratulations.

She received many beautiful gifts from friends. She is still very active, and enjoys tanned gamely by sewing there a few days.

Vote on $40,000 Bentley Hospital Wing Must Wait

Ratepayers of the Bentley municipal hospital district will vote on Friday, August 5, on a by-law proposing to raise $40,000 by debenture for the erection of a new hospital wing.

The vote will take place between the hours of 10 a.m. and 5:30 p.m. at five polling stations. Carroll school, Bentley community hall, Bentley school, Penhew hall, and Lochhart hall.

Fred Hinton of the Bentley district is returning officer. A two thirds majority of those voting is required to pass the by-law.

Quarter-of-a-Million Building Announces Stage

Work Proceeds Rapidly on New School

Lacombe's six-classroom quarter million dollar high school building is being rushed to completion by crews of carpenters and workmen. Contractors Ltd. of Edmonton, general contractors, are pushing the work ahead as rapidly as possible, and it is expected that the building will be ready for occupancy by the beginning of the school year in September.

The new and larger of the class rooms is now forming a clear pattern. The eight classrooms are located on the southwest side of the building, with the centre one the administration offices, and to the north the "work" sections for manual training, household economics, agriculture, etc.

John Bourmaster of Edmonton is the chief foreman in charge of the work. He said Tuesday that he hoped to start roofing the work from next Monday. The roof will be completed in time to allow the arrival of colder weather this autumn.

The trusses are being prepared for the huge auditorium at the back (east side). According to plans, the auditorium will seat some 750 persons. It is complete with stage and back stage properties.

The brick along the outside comprises a pretty shade of blue and red stone. It is known as tapestry rug, who owned brick.

Above the brick along the top of the building's walls will be a glass brick which will allow full benefit of outside light, while being non-transparent.

There are two brick layers at work, under the brick foreman, Jerry Gerdes Horse. Miss Dora Gerdes that most of the brick lay will be completed on the east side within two weeks.

The east and south entrances of the school are of white stone. The east doorway is composed of a terrace stone (marble chips). The south is a type of white brick.

Some of the better features of the building include acoustic tile for the ceilings, which deaden the sound between rooms, a patented floor tile, which deadens the tramping into how fire-proof materials, and an automatic steam heating unit beneath the windows in each room, in colours that will prevent the room's dress off and last air and provide a perfect ventilation system.

The classrooms are also finished with [illegible] which is especially attractive to the eye. The corridors are also finished in this manner, will be laid this year on August 15.

Station Officials Will Be Hosts

Experimental Station Field Day To Be Held Thursday, August 11

Plans are now complete for the annual field day at the Lacombe experimental station to be held on Thursday, August 11, it was announced this week by Superintendent W. H. Fairfield.

A feature of the event this year will be a [illegible] demonstration. Visitors will be invited to view the various projects on display at the station.

Sports and amusements will be given to subjects dealing with crop production, soil conservation, and [illegible] control and control.

Some things which visitors will have an opportunity of viewing at last hand will be results of long time rotations, means to control weeds growing side by side with grown standard varieties research work being carried on at the station.

It should be an instructive affair and one which will attract

Old Timers Re-Union To Be Held Here Wednesday, Aug. 24

Old timers of central Alberta will gather at the annual old timers' reunion picnic to be held on Wednesday, August 24, for there has been planned to entertain visitors to view the various projects on display at the station.

Sports and amusements will be given to subjects dealing with crop production, soil conservation, and [illegible] control and control.

Some things which visitors will have an opportunity of viewing at last hand will be results of long time rotations, means to control weeds growing side by side with grown standard varieties research work being carried on at the station.

It should be an instructive affair and one which will attract

Eight Changes in Lacombe School Teaching Staff

Lacombe school students will see many new faces on the school staff when the school for the 1949-50 opening school year. There are eight additions to the staff this year, in response to the increased enrollment of some 100 pupils up the project for the tournament.

Bentley school will be glad to know that A. B. Tweedie will be back as school principal for the coming year. The well-rounded high school staff will remain about the same as 1948-49, with Miss Hodge, W. H. McLaren replacing Miss E. Tuite.

The other high school teachers will be: Miss L. H. Sim, Jack Allen, Alan Avery, Howard Sharp, and Miss K. Sherman. Mr. McLean, the new teacher instructed at Lethbridge last year.

Only one of last year's public school teachers will be return in the fall, Miss Mary McEachern as grade seven.

New additions are grade one teacher, Miss Betty Cuthbert, grade two, Miss Betty Cuiler, who taught at Gull Lake last year, grade three, Miss Dora Brooks, who taught at Bentley, grade four, Miss Shirley Hughes, at Spring Valley last year, grade five, Miss Alma Vickery of the county, former Penhew teacher, grade six, Miss Winnifred Cuiler, who taught at Blackfalds and grade eight, E. D. Sterling, who attended the University of Alberta last year.

FLOWER SHOW ON AUG. 10

Lacombe's flower show on August 10 will be more on the nature of a "Central Alberta" horticultural show, garden club officials have hopes. Entries are expected from Rimbey, Bentley, Hunter and Alix.

Joseph Nelson Falls to Death in Unfortunate Mishap

Joseph Albert Nelson, 37, of Bentley, was killed about 5:30 p.m. Tuesday when he fell off the roof of a moving school building.

The young man, better known as Joe, was employed with Pratt and Lambert, and was assisting shop a school house which was being moved from the Bentley district to Tees.

The accident occurred when the building struck a rough spot and lurched, about half a mile north of Tees. Joseph with his hand his balance and fell. Witnesses say he plunged head first about 12 feet onto a stone bottom.

He was taken to the A Penhew hospital, but lived only about 20 minutes. Cause of death was a fractured skull.

Funeral services were held from the Trinity United church at Bentley on Saturday afternoon, with the Rev. R. Lundberg officiating. Pallbearers were Bob Bowes, Jack Cuiler, Gordon McNeal, Fred Gerdes, Sam Gerdes and Bob Cuiler.

Mass was supplied by Mr. O. Sanders at the piano. A male quartet, Mrs. Joyce Hughes and a duet by Mrs. Lundberg and Mrs. Sam Johnson at the graveside.

Mrs. Nelson, two children, and moved to the Lochbrevie district in his early school years. He was a member of the Trinity church.

His undertaker passing will be mourned by his wife and mother, Mrs. Art Nelson three brothers, Carl, Walter and Percy all of Bentley, and sisters Mrs. John Hammerton, Bentley, Mrs. Helen Bough of Penhew, Mrs. Ed Gerdes of Bentley and a number of nieces and nephews.

Nick Sachuyko Involved in Accident While Visiting in Calgary

Nick Sachuyko 1009 3rd was involved in a collision at Calgary last Sunday morning, while he was spending the week end in the city.

Nick was involved in an accident at the intersection between 37th avenue and 1st street east when he failed to yield to Wolf to the Peter car of Calgary.

No one was seriously injured but cars were damaged to some extent the Calgary vehicle ob watching the most punishment

Robin Wants a Cracker

Nine months-old Billy Cobelle of Syracuse, N.Y., finds a cracker to a pet robin, "Cheep Cheep" as the bird perches on his leg on a play visit to Mrs. Nicholas Cobelle, the boy's mother, and Aunt Billy as his playmate some time ago and is no time it answers to it. Billy often holds the bird while feeding it and his pet love

Water Supplying Starts in West

Road Crews Re-Build East-West Main Arteries

Road construction is now in full swing on the main highways, both east and west of Lacombe. Crews have been busy [illegible] surfacing operations has started and the road preparation to be a much better all weather road. Gravel and road gangs are handling and grading the highway along the old Buffalo Lake trail from Lacombe past Tees. A distance of some 10 miles. The job is a headache to Lacombe and east district residents, because it has to abandoned a one mile stretch of gravel road on the east side of town and a three [illegible] summer. Hours of construction have been dragged through and [illegible] to higher and lower levels, but and the soft earth still appears after most

Lac suggested gave of motor delayed to Tees and Mirror residents were the report from the engineers office on Tuesday that the government crews will build a road directly east from Tees to Mirror a distance of about 10 miles.

This road will be necessary for the main highway government [illegible] 2 [illegible] road from Tuesday but it will be gravelled and put into shape for fall after completion of the main road.

Big Maintenance

The west highway is having lumber and [illegible] bridge two old culvert crews working between Lacombe and Clive, upgrading some [illegible] going culverting of 15 men is upgrading long sections and a half dozen bridges are being built between Clive, and Clive, crushing road

Another group of men is working a ten miles east of Lacombe toward Clive. They are [illegible] and [illegible] and [illegible] bridges.

It is estimated the crews in three weeks, more should have miles of highway per week. There are about 15 miles of road still left to [illegible]

Mr. Crawford stated the gravel from contract to the road high [illegible] way was let last week. Gravel [illegible] highway will start stretch from Lacombe to the old [illegible] Clive, and Lacombe with [illegible] [illegible] [illegible]

SHOWER HELD

Greenshields Church Hall, Red Deer was the scene of a miscellaneous shower on the 30th inst. when Miss Hazel Neal, and Herbert Sharon, second son of Mrs. J. and the late Mr. Sharon of the Mountain district were united in marriage by Rev. Bentley. The double ring service read at 11 o'clock with Rev. C. C. Armstrong officiating. The bride's marriage by her father, she looks were a floor length gown of white satin with fitted bodice and long sleeves. Her veil was held in place by a lovely coronet of white satin roses and white roses. Little Shirley dressed in white and carry a bouquet of pink and white carnations made a sweet flower girl.

The groom was supported by his brother Jack and Ken Neal and Howard Neal were ushers. Mrs. Roy Dicks played the wedding march.

Following the ceremony a reception was held at the home of the groom's mother for about 35 relatives and friends.

Mr. and Mrs. Sharon left on a trip to Edmonton and Jasper and on their return will reside on the groom's farm.

District Wedding Bells

WOOD HILL

A summer wedding of interest to Bentley district residents was solemnized in Edmonton on Saturday July 30, when Miss Bessie Gertrude Cartwright exchanged marriage vows with Ben John Tomyn, eldest son of Mr. and Mrs. E. D. Tomyn of Wood Hill.

The bride is the daughter of Mr. and Mrs. Peter Bell of the Bentley district. The groom is the son of Mrs. J. Alexander and the late J. P. Tomyn of the Spring Valley district.

Given in marriage by her father, the bride looked lovely in a floor length gown of white satin fashioned with lace and net. Her veil was held in place by a lace coronet and she carried a bouquet of white roses.

Following the ceremony a reception was held at the home of the bride's parents, Mrs. Alberta Avenue. The table was centred by a three tiered wedding cake, with white streamers and bouquet of roses.

Miss Lois Cartwright, sister of the bride, chose a dress of lavender pink.

Best man was the groom's brother, Edwin Evan Tomyn and Robert Tomyn were ushers.

Following the wedding supper the couple motored to Banff and Lake Louise for their honeymoon.

The bride is a graduate of the Bentley district high school and has been teaching the past two years in the Wood Hill district.

The groom was graduated from the Bentley district high school and has been engaged in farming with his father and brother.

Among the out-of-town guests present were Mrs. Alexander, mother of the groom, Mrs. Tomyn, grandmother of the groom, Mrs. Alberta Avenue, Mrs. Cartwright, mother of the bride, Mrs. Lois Cartwright, sister of the bride, Mrs. Alberta Avenue, Mrs. Cartwright, mother

Keeping Town Streets Clean

Traffic cops and gutters were cluttered again last week with empty cigarette packages, gum and candy wrappers, and other paper rubbish and litter because the town has no by-law compelling us all to observe decent work from agent had to sweep and clear away the litter from the downtown streets.

It is hard to see how the town council can blame the public for the condition of the streets when the town wouldn't use disposal cans if they were placed at frequent intervals about the town. And it should at least give pedestrians the support of placing receptacles at a convenient distance from the curb. We have most parties with an astute sense of cleanliness, would not be the first to complain if a by-law were drawn and the consistency reminded of the streets is sometimes shocking.

During these summer days particularly our cafés appear to greater increase because of the greater number of holiday "tourist" passers-by. Many employees do a good job cleaning up the atmosphere, but why not provide receptacles for the public right at the source? Council ought to see that receptacles, like the one at the post office, appear on all downtown streets.

School Consolidation

In 1942 interests of both rural and urban people to be promoted, a consolidated school plan was one interesting rode in school affairs. Trustees of the Lacombe school division seemed to recognize that rode when they approved the plan unanimously, the policy of the divisional board is dealing with consolidation ranges. The board has shown boldness and assistance during the past year in conducting a learning and rural education scheme which is the people asked for. In the west, particularly a number of schools like Centerview and Bingham have been closed, until the students hauled to a large central school at Bentley by four educators. It was steps like this one that brought a vote of approval from the voters at the recent annual meeting.

There are certain segments of the population, nevertheless, which are dead set against any form of change toward consolidation. We have heard some of their arguments, and one seems to be a worry of town over the closing of "the little red school house." Now there can be little doubt that the school house serves a vital and necessary purpose in any district it is like a community hall which embraces a community spirit. It is common meeting place. With the school gone rural halls are prone to think the district itself is passed out of existence. A move and in spirit if the school does go however, those inhabitants should remember that the building still remains. They are given first chance to purchase it for their use as a community centre and there can be no question but what district people should retain control.

Other pros and cons can be debated back and forth. Those favoring the status quo are usually content with the one room, single school. They can attend it conveniently, learn in a learning environment and have to walk to the highway. On the other hand the children are kept most of the time in dark and the weather, and the children bring at least decent pools and clear time on an early bus in order to accommodate those closer to the central school.

These arguments, while having a flavor of truth, do not carry much weight. They are simply handy distractions erected to block the path of progress. Along school consolidation lines. Per cent education is surely a mark of progress.

It means better education. The student in rural schools is treated as a number in a large school by grades, with an opportunity of seeking and obtaining a grade 12 entrance matriculation if he desires. There are more facilities and the caliber of teaching is found to be better. The larger group of pupils gives more better inspiration on either than rural schools. There is social training and upbringing to consider in the larger, broader atmosphere of a school attended by students mostly each by conveyance any handicaps like distance, inclement weather is easily surmounted nowadays, a few centuries or a small school.

There are more varied sports activities. A larger school is more likely to have the facilities to offer the student any of a dozen different sports during the school calendar year. Sports which in a rural school couldn't hope to offer because of a limited enrollment. There are more assistance library endeavors, like the staging of plays, etc. All these factors help develop the powerful school boy or girl, and they all come under the broad heading of "education."

Education of our children is something in which we all ought to take an interest. It is no personal affair. Study over the question carefully, and then draw your own conclusions. We would not cause bothers on the subject, either for or against

Farming Notes

Of the Provincial Department of Agriculture

Farmers' Income

Preliminary figures issued by the provincial bureau of statistics in July, indicate that during the first three months of 1949, farmers receipts from the sale of farm products totalled $45,000,000, as compared with $39,000,000 in 1948 and $35,710,000 in 1947.

Compared with a year ago, cash receipts from the sale of field crops at $14,857,000 for the first quarter of 1949, was up more than 20 per cent. This increase is largely attributed to the increases in the marketings of the live principal grains and a higher price for wheat. Income from the sale of livestock and livestock products at 1,854,176,000 for the January-March period of this year is relatively satisfactory. It was that of the same period of 1948. With the exception of cattle and calves, the 1949 marketings of livestock were down this year as against last. Prices on the other hand were without exception higher than a year ago, with the index of live-stock prices maintaining an overall increase of more than 20 per cent.

Seed Crops Less Than in '48

Though it is too early to harvest the 1949 canadian seed crop with great certainty, the second preliminary report of conditions early in July issued by the dominion department of agriculture indicates a probability lower crop. Drier than average conditions, as well as late frosts have been general in most of the prairie provinces of Canada this season and certain seed crops not as normals and some legumes and grasses are not promising.

Overall production of the major kinds of alfalfa, clovers, timothy and alsike clover is estimated at 10,000 acres all provinces records over for exceeded its alfalfa sweet clovers, timothy, creeping red fescue and meadow brome.

There is no reported reduction in acreage in alfalfa and sweet clover. Lack of moisture, frost, and weed setting conditions are favorable there is the possibility of another large crop of seed of both these kinds.

The drought conditions in Ontario will reduce the amount of red clover and alsike clover harvested in that province but only has moisture growth been seriously retarded, but the acreage of hay and pasture will have more increases in the three crops for purposes other than seed production. Winter killing and above growth due to dry weather in Quebec will reduce acreage devoted to red clover seed production as in Ontario. The dry conditions along with late frost may reduce the crop of both red and alsike clover seed in Alberta

Reflections at the Times

Reduced Hospitalization at High River

There has been no more general hope of decreases in the past week than that of the hospital staff, that hospital service is to be reduced owing to shortage of rooms on the staff There are a variety of reactions to this news and no one is happy about it, most of all the hospital board obliged to make the decision.

The understanding is however that it is a temporary situation which will be relieved as soon as the summer holidays pass and it is hoped that the case the prevailing diagnostics may not be increased. It's possible that the general level of health may be good at the end of two months There may be fewer accidents than usual, fewer people critically ill It is too late now to do anything about August babies They are going to come regardless and service must be provided for them and babies though the period of hospital repairs might be shortened.

Mark River Time.

Close Bond Indicated

A heavy rain, similar to the one witnessed Friday afternoon, invariably results in a close bond between the farmers of the district and the citizens of the surrounding area. That was everywhere among those who were in the city on prospects were bleak and well washed with showers for the rest of the week and Saturday the sun had changed completely with local visits and a taste of autumn being in evidence.

One of the true qualities of the Canadian way of life is the fact that our industries, agriculture and professional services are closely allied and dependent on each other. The Lacombe district has many and a better understanding of this would follow graphic example of the Saturday rain for one each of some importance Drumheller Mail

Wheat Pool Achievements

The Alberta Wheat Pool was organized by Alberta farmers some 26 years ago. Alberta Pool Elevators started business in 1926. Grain producers of Alberta put up over $6 million to build Pool Elevator facilities. They did this because experience had taught them that only through the operation of their own co-operative grain handling system could they obtain protection and efficient service. By so doing Alberta grain producers are now freed from the shortcomings of monopoly control.

Alberta farmers have given generous support to Pool Elevators. The openness of operation and efficiency in directing and managing the Pool Elevator system has gained for this co-operative widespread respect and confidence.

In the years Pool Elevators has been in operation it has paid $3,982,000 in cash patronage dividends, $3,531,000 in reserves, and has redeemed reserve contributions from original Pool members to a total of $4,864,000.

Pool members can increase their reserve holdings by patronizing Pool Elevators. In seasons when earnings warrant same, cash patronage dividends are also paid. It is to the advantage of every Pool member to deliver his grain to a Pool Elevator.

Grain producers can become members of the Alberta Wheat Pool by the delivery of 200 bushels of grain to a Pool Elevator and the securing of Wheat Pool receipts to the value of $5.00. Your local Pool Elevator agent will be pleased to give advice and assistance if you desire to apply for membership.

You can help the grain growing industry, agriculture in general, and yourself in particular by giving every support to

Those present were Mrs. Shelly Holman, Mrs. Ernest Bond, Mrs. Ernest Bond, Mrs. Ernest Bond

Town and District News

THERE Don't forget the garage sale at the Lacombe community hall on Thurs. Proceeds will be used for new uniforms. Plenty of good bargains. Everyone welcome.

Johnnie Bullard's truck was damaged last week when he took it to the city garage in order to avoid obtaining an oil company explosive truck permit while in Town. The driver of the Lacombe was called to the scene. No one was injured. Great credit is due our fire department operators, Mrs Duffey and Victor Mason, who drove and fought the fire at Lacombe who pleased us in a day or and assisted in putting out the parades of the late Joe Nelson, who met with a tragic death south of Tees last Thursday.

J E Plowden of the B.C.H. Vo-kara spent a few days visiting his parents this week.

Parks S A Hollands Mr and Mrs S A Flowers and daughter Helen attended the funeral of Joseph Nelson at Bentley last Saturday.

Parks S A Hollands has at present his parents Mr and Mrs H H Hollands and brother Oliver of South Current Bank.

An Old Landmark

The old Nelsonia school house, which was built 47 years ago six miles north of Tees, was moved into Tees last week. It was purchased by the Agricultural Church of Pentecost and will be used for a church house now on.

This building removes one of the old land marks of the Nelsonia district. It is being replaced by a new school which will be in operation by Sept. 1. Mrs. Ed Cross was the last teacher in the building in its fine condition. Some of the old boys contend it's expense to it's best with the building. Many pupils received their education there. Numerous social functions have been held there.

Gull Lake

GULL LAKE The P Knight crew P Knight luncheon returned home Saturday after two weeks holiday trip to the coast.

Lovejoy, Dorothy and Fred Gretch Calcolm and Larry Hoots went on a two day fishing trip at Pigeon Lake.

Mr and Mrs. Harry Bennett motored their new Chevrolet to Edmonton down to Great Falls, Montana last Monday. They returned Thursday.

Mr and Mrs Bob Pollock and Sharon, motored to Edmonton to Mrs Monroe on Wednesday.

Mr and Mrs Joyce McLachlan are Edmonton visitors for a few days.

Mr. Dave Bennett and son Gordon of Lethbridge are visiting at the Bill Bennett home.

Dodavan Hall, the new rink is the gathering place this week. Rumors have it that Mr. Hall's brother-in-law, Carol Moore for a few days.

Mr and Mrs. Bobby Maher have had their home observed the past month, at one of Mrs. Maher's parties. Mrs. Maher received a little pond running onto the farm belonging to Ed Lemke. I've noticed it before, that silver piece of under which nurses guess and conscientiously, and wondered where it came from.

Glenn tells me it originated from a little spot on which and I'll shortly and continuously from a small opening on a hillside a mile or two away. The steady trickle of water in the source of a stream which flows into the farms of Ed Lemke, and Johnny Sakowski and E. E Stevenson on the other side of the road. Pretty Stream.

We passed some very pretty farm homes. It doesn't do to judge our municipal examples, at the end of harvest and efforts, but I might mention Harry Knott and Gordon Cox. They both have lovely homes. I still by the late Charlie Abbott who was not only a successful farmer but one of the finer builders as well, a trade he kept for his third hobby.

There were plenty of attractions left to be seen where the fence starts to climb a couple of weeks ago. There were still some left on the farm and poles stretched on the ground and some two-by-fours. Also a couple of wheels. After which we had collapsed.

Passed by the Gould farms down Bureba Valley and Bentley way (men and father work at present properties here) and so on

(Continued on back page)

Mr. and Mrs. J. Stewart Fraser and son Ian and daughter Jill of Lacombe left on Tuesday for the Pacific Coast, where they will holiday with relatives and friends.

WEDDINGS

HENDRIX—CARLSON

A pretty wedding took place on Wednesday afternoon, August 3, at the home of the bride's parents, Mr. and Mrs. Oscar Carlson, Bentley, when their daughter Joan, daughter of Mr. and Mrs. George Hendrix of Portales, became the bride of Mr. C. Edward Hendrix, son of the late Mr. and Mrs. Hendrix of Clive. Rev. R. S. Chester performed the ceremony.

Given in marriage by her father, the bride wore a floor length gown of white nylon over crepe with long lace sleeves and navy accessories. She carried a bouquet of talisman roses.

Attending as bridesmaid was her sister Miss Margaret Carlson, who was attired in a navy blue floor length gown of nylon crepe, with hat and other accessories in white. She carried a bouquet of pink roses.

The groom was attended by his brother Mr. H. Hendrix.

The bride's mother wore a two piece afternoon dress in navy blue with crepe with small flower, trimmed hat and corsage of red roses.

Following the ceremony, a reception for about 100 guests was held at the home of the bride's sister Mrs. J. M. Galbraith, where a profusion of pink summer blooms decorated the rooms.

A three-tiered wedding cake centered the centre of the table which was iced with a beautiful hand overlaced cloth. Pink candles in matching silver holders and tall white tapers completed the arrangement. Pouring coffee were Mrs. William Lorimer and Mrs. J. F. Gordon.

Assisting at serving were Mrs. J. Hoyle, Miss S. E. Jepson, Miss Betty Bell, Miss Florence Kennedy, Miss Arlene Likens.

The toast to the bride was delivered by her brother-in-law, Mr. J. H. Galbraith.

Out of town guests included many from Lacombe where Mrs. Gordon has for some years held membership of matron of the municipal hospital. Also present were friends and relatives from Wetaskiwin, Calgary, Edmonton, Ben Avon, Edenbury, Clive and Bentley.

Immediately after the reception, the newly wedded couple left on a honeymoon trip to the west coast. For travelling, the bride wore a dubonnet suit in fall tone with navy brown accessories and brown bag and shoe colors. They will reside in the Clive district.

Coming Events

Remember the date of Home Baking and Farm Produce at Angus Hall, Gull Lake on Friday, August 19, from 2 to 5 p.m. Sponsored by Sparrowvale W.M.U. 31tfp

Mrs. G. L. Lord, Barry and Leonard, and Mr. and Mrs. Willis Henderson and Dora visited at the home of Mr. and Mrs. Alvin Anderson of Wilmott on Sunday afternoon.

Lacombe Garden Club Notes

By Ella Chapman

The members of the Lacombe Garden Club met at a special meeting last Thursday evening, and got the finishing touches on their arrangements for the second annual flower show which is to be held next Thursday August 18.

Alden a summer, which has left every garden green in the district, the flowers are not as plentiful as they usually are, but the members are having a tough time keeping pace with the demand. If the public would only realize there is no reason why there can't be a couple of flower shows during the summer instead of just one.

Don't remember that the show is open to the public. The various classes for competition are listed elsewhere in this issue. Remember the flower show must be staged between 1 and 2 p.m. on Thursday August 18 and the doors will be open to the public at 2 p.m. Admission is 25 cents for adults and children under 12 years of age are admitted free.

The show is open to all gardeners in the district, whether members of the club or not. Any gardener who has a garden and is not a member is invited to enter the show. The last three weeks have revolutionized the appearance of gardens. Many vegetable patches are getting quite ragged and unsightly, particularly the gardens that were sown in mid summer.

Lacombe which a month ago were bare and in some cases dusty, are now a mass of flowers and vegetables. Many of the lawns have been cut twice and the whole district is looking its best.

Pop Wagner and Jim Stine are leaving this week to visit the Toronto Exhibition and will attend the Canadian National Exhibition.

Walter Vance, a former resident of the district, is visiting old friends here.

Miss Hoskins is spending a few days at the home of her sister Miss Cogan.

Mr. and Mrs. Vern Sanggaard and family, who have been visiting at Sylvan Beach, motored on to Blackfalds over the week end before returning to Ituna, Sask.

Members of the community hall committee with others interested supporters went all out on pot-luck chicken dinner held at the Red Deer Inn. This project required considerable co-operation and work from the members and their wives and families but was given to B. Bolze, H. E. McLennan, Simon Tye, Ralph Wales and Homer Wesley on their co-operation in making the booth the success it was. Those who helped who gave of their time and energy to help out The committee has said $100 will handle

Composite High School
RED DEER
Registration
August 17 to August 30

The year's work will be divided into three semesters. Classes begin on September 1 and the first semester will be completed on December 23. There can be no late registration for the first semester. Students may register for all three semesters before school begins. Any student likely to miss more than two weeks of school during the first three months should not register for the first semester.

Prospective students who cannot register in person should write for a registration form and if this is received by August 30, together with certificates and diplomas, the student may begin with the classes on September 1.

Those desiring Dormitory accommodation should make arrangements with the Secretary. Red Deer School Division No. 23, without delay.

Composite School
At Red Deer Tries
Semester-Type System

Red Deer Composite school will embark on a semester system on experiment for classes this fall and winter.

Under the plan, a student will concentrate 13 weeks on two or at the most, three subjects. The term credits may be earned in one semester.

A student who is farming for example and wishes to earn a high school diploma, could register to begin classes on December 5. He could thereby earn 10 credits in the two-thirds of the school year (two semesters)

A Modern School For Education

HARD as the task seemed construction on the last month. A routine build-and-did it before a year and we took over the kids two school building ready and theirs. I could get a little peaceful on Lacombe. After I sat was from the night. Then we should his home and said, Imagine that! Not a single kid in Lacombe has a wife to

That statement about sums up the thought of two years who has taken the trouble to read the news about all progress. It is a magnificent building. It is a magnificent environment for the boys even a child can't put but many to encourage of the school board. They have done a wonderful job. The paper has among the circles that the project was a big one like any school in Alberta. What citizens should be proud of but the engineering curriculum. Here many city depts. still at work, all with a new country in town area has distinct town corporate. These were some of the many important questions to be answered.

Perhaps the school in the present circumstances is all classroom of the models and hours. It is a costing $271,000 to erect. The grow would have been shaved, but only at the sacrifice of a change and few efficient ventilating system — a change or in the choice of a less expensive and probably inferior weatherstrip. The school board was wise in selecting, as the man, the better type materials.

Readers would find it worth their while to plan a visit to the school site, in building grounds. They should keep in mind what the auditorium and the gymnasium-to-be above will mean to Lacombe as these parts Lacombe has lagged as a booming center for years, hampered by inadequate space. Here Lacombe will take its rightful place among the province's leading educational centres, with one of the newest, most modern schools.

Is Still Attracts Attention

PRINCESS Wede Tilsen The headline em- phasized the front pages of newspapers across the continent recently.

The interest in connection to one of royal blood would have been a striking admission of any past. But, in a country which looking up to the Twentieth century, was bound with titles, and which only abolished centuries ago, such position and class is an obvious practice to this sudden city's growth with the duchess and the nucleus and the romantic royal splendour who also wondering at their own individual path around the sun, have encouraged hundreds of middle-class groups, as compared to the aristocrat rank it wasn't done.

Today, we consult ourselves the careful selection of lawmakers, if chosen by unbalanced ability and basic morals. There can be little doubt that we have the right of choice. But as remember all human beings are equal with some better than the other.

Our tradition will cling to the present age. Martin Eden, the successful of a newspaper, he gave up his newspaper career because he would not have control to engage headlines, to attract the attention of sentiment and perhaps still emotional public.

Welcome Tourists

TOURISTS are more and more visible again in Lacombe. Many of the business men are making a determined effort to meet the needs of a travelling public with greater comfort, convenience and safety. The public is reminded that in addition to the combined tests of material this summer is going to be a great deal of Alberta. Tourist business is big business in a province which [illegible] of [illegible] province in [illegible] Many [illegible] Rockies. We must [illegible] the government is trying to add a few extra dollars [illegible] and tried and [illegible] and a look on the last of month. It is the duty of [illegible] which makes the flavour complete. The prosperity [illegible] the service and the courteous [illegible] help the business depend on [illegible] a visit [illegible] Lacombe a second helping [illegible] government announced recently in an announcement that it would place some 20,000 signs on the highways [illegible] the province.

The newest innovation to attract the tourist trade down our streets this week. It is the establishment of a tourist information bureau at Blackfalds. It is strategically located at the junction of highways No. 2 and 2A point which we passed by all tourist motorists approaching from the south. It will be a year-round centre of information and accessible to all. It will provide a necessary service to those in doubt about accommodation, road conditions, directions, etc.

At last we seem to be putting forth an effort to meet our tourists half way. We are trying to cater to their comforts. We must still learn the art of playing the proper host, and to do that we simultaneously we must remember it is not the sole essential of making dollars and cents. We propose attitude "I'm doing this to take the earlier's money" will not give returns in the long run. It is the natural impulses crops of comrade shop which will pay off and make everybody happier in the bargain.

Farming Notes

(From the Provincial Department of Agriculture)

Legumes In Crop Rotation

Legumes have an important place in any cropping program designed to ensure satisfactory yields of the crops grown. Legumes in crop rotations they give stability and productivity. Legumes have a beneficial effect on the physical condition of the soil. They improve the structure of the soil, increase the water-holding capacity, and increase the amount of organic matter in the soil. They also help to control weeds and insects. They are also important sources of protein for livestock.

Master Machine for Modern Farmers

A recent survey showed the owners of self-propelled combines in Western Canada to be divided like this

64.9% were owners of Massey-Harris
35.1% were owners of other makes

This is a very significant fact. Farmers don't choose their machines by whim or fancy. Such a high preference for Massey-Harris is proof beyond doubt that Massey-Harris combines give them the best all-round performance . . . in fast harvesting, clean threshing, freedom from field delays, low cost of operation.

If you were to visit the Massey-Harris combine factory and watch the long train-loads of combines pulling out of the railway siding, you would see something else that is noteworthy. Many of these train-loads are destined for United States points, because Massey-Harris combines are popular in Kansas, Texas and the Dakotas as they are in the Canadian West.

And if you observed further, you would find many carloads destined for far-away countries like Argentina, India, Turkey, Paraguay, Australia. All over the world, the Massey-Harris self-propelled combine is known and recognized as the master machine for modern farmers. Wherever you find modern agriculture, you find Massey-Harris combines in use and in demand.

Hail

THE 1948 hail holds a slightly outstanding [illegible] which rival in intensity and [illegible] August hail of [illegible] storm [illegible] Lacombe district. Hail [illegible] strong forces of nature which destroy rather than build up. They are enemies of Mother Nature's [illegible] They mark the destruction and ruin of the good work accomplished by their fellow brothers of the [illegible] of growing trees, and bush crops and gardens. [illegible] the hail is terrible, its one true is the loss [illegible] from the hail.

Crops can stand up to some evils. There may be a scorching of grasshoppers, but for example but the farmer usually salvages a portion but not from a hail. There may be a dry spell, when nature is quite to blame for poor pasture. We expect spells—something like a drought this year but after the rains did come farmers were still hopeful and optimistic of pushing up half a crop. It is only [illegible] a destructive, devastating, relentless [illegible] path that leaves no time and complete. There are soldiers and criminals left to gather.

The last hailed area of Lacombe district [illegible] suffered such a storm a couple of weeks ago. It was a broken, patchwork [illegible] But a package of grain—only scattered here and there, a grown appeal to recruit the hail in severed growth. It would take [illegible] another to [illegible] and there wasn't enough of it to say Green Hill, on stands of oats [illegible] had been broken and pounded into the ground. The fields were barren and bare and to rein on the downed through about [illegible] It had been plain, red it stood a plough, just a queer myth which stood every thing in its path and then [illegible] ground.

The true hero were [illegible] and [illegible] had been [illegible] and [illegible] [illegible] August it wasn't the cold bite of fall and winter. The cold hand of barking stone and had [illegible]

Eagerie Eagle

THE RED BIRD Eagle must have been quite a [illegible]

In short if it was planned in order to give pep to sports a taste of real combat, and to explore any weaknesses in Canada's defence systems, then the exercise can be termed a real success. For, from all reports, it was marched under as near wartime conditions as possible. And from observers, after the display were out rotten in evil, a young many aspects of Canada's not be perfect was found. The armies were hampered by the old boogie sleeper flying machines. It was revealed that they were, even some Harvards, small planes reserved strictly for training during the war. The air drill is a rather shocking admission of our defensive power. Much of the army equipment used was apparently old, and inferior to modern weapons of war.

The general conclusions of questions, after the mock battle operations, was that Canada would be helpless to stop an offensive army [illegible] a strong band of paratroops from [illegible] and holding a major level in the north.

It's the same old story. This country will be the United States in the event of war, by providing if necessary. It will be up to our friendly American neighbors to provide the navy, planes, [illegible] armaments, and the whole troops, to hold the Canadian [illegible] will offer token resistance against such [illegible] while shouting to the south with [illegible]

Of course, it is physically and financially impossible to fortify Canada similar to the way we do for the population, the resources, or the trail that is quite at present from aggression of any nation. We should be having some more cold [illegible] defence. We can afford a small quantity, but we realized that it should be up-to-date. We can [illegible] with a small [illegible] army. But it should be [illegible] and well-trained. Defence Minister Claxton could look to them good enough of lacking to even attend. Here are Eagle. It can't all up to the Slade.

Farming Notes

(From the Provincial Department of Agriculture)

Couch Grass Control

[illegible] couch grass has resolved in using a harrow, cultivator. If a strong grass in your land has strong-rooted root stalks have a gathering, abandoned. It may be couch. The only easy way to eradicate couch is when the land [illegible] months ready [illegible]

Couch grass, also known as quack, twitch, scutch, etc., is one of the most persistent weeds with which a farmer has to contend. Method of control depends upon the circumstances of the situation. Isolated plants or small patches a few square feet in area can be readily disposed of by forking and cutting the roots. Each piece of root [illegible] gathered up to a square rod can be more economically eradicated by sodium chlorate. The area [illegible] should be [illegible] as soon as the rough is showing head. It may be mastered on dry or [illegible] Use [illegible] as [illegible] [illegible] and a less bothersome. Two pounds per square rod is sufficient. Care should be taken to apply the chlorate well [illegible] the edge of the patch to prevent [illegible] the creeping root stalks. It is not necessary to apply [illegible] the entire [illegible] patch unless the [illegible] danger of it spreading next before it is killed by the chemical.

Where a patch of couch grass [illegible] not root about 50 yards to eradicate by the use of sodium chlorate and since the end of the treated area will be removed strictly for two or three years. However, it is obvious that the use of the chemical is limited to spot treatment. For [illegible] [illegible] or for fields heavily patched with couch [illegible] control must be used. Care of the [illegible] methods is [illegible] [illegible] the one-way starting in mid-June followed by repeated and thorough [illegible] every [illegible] [illegible] to complete eradication, according to [illegible] trips will be required for many years [illegible]

Reflections at the Times

Newspaper Ad Power

Remember [illegible] and local merchants have [illegible] and [illegible] [illegible] of the power of newspaper advertising in the last three years [illegible] [illegible] [illegible]

Among the Recent Rambles . . . With the Mail Man

When Roy Hansen, postmaster at Clive (right) hands Lacombe Radio his mail box, it seems a long claim overdue. It is the rural route carrier at Clive, delivering mail over a 66-mile route to 70 farmers.

It's been tricky with the weather for the past three weeks here a new record was added yesterday when over the R.R.D. as it did last Friday. Mr. and Mrs. Ed Bolton of Clive through Haynes, and on to the Red Deer river.

Driving from the memorial at Clive the road is down to the Red Deer river bank was a real treat. Here the G. K. Thompson farm there has one of those beautiful locations which only the river can have, the grassy hills behind make good grazing land for the cattle. The flats beside the river are good for crops, and the river itself provides water for animals.

But Thompson's a little ahead of myself, and had better start back at Clive as we did. Mr. and Mrs. Justin is the regular driver on Clive rural route. Justin has a few extra pounds of fat on his frame and he's the typical "jolly" type.

His grand dad is the late Chas Justin, who homesteaded the west of Clive in 1898. Later he travelled over the 64 miles of route for many years, and he's familiar with each and every one of his 70-odd patrons. "They're a swell bunch of people," he insists.

First stop was at the R.P. Weaver farm just out of Clive. Mrs. Lancaster, sister of Weaver's junior farmer, and the only other number onto Clive—Spencer on the route.

The Green brothers monopolize the next couple of farms down the road. There's Gordon, who has a fine herd of Ayrs building up, and Ernest, who specializes in Shanley, and Leslie. By this time, we had crossed the Red Deer bridge south of Clive and had branched off onto Valley Centre. Here Valley Centre overlooks his farm as the "Prettiest Valley Acres."

A bath was taken at the home of this joined Art Stanton. Mrs. Stanton and the Blount brothers, Bo's Bobby and Jimmy, and Mrs. Effeda, of course, serve the route of Mrs. Effeda is the mail man, Jay, Archie and the new farm the land.

Passed by the fields of George Bennett, who lives on the old Dave Smith place. Bennett has an old timer, now resides in B.C. George has a nice large field of barley on a hillside, and it looked good.

Brief Strolling and his son Harold farm together on the old Mr. Kenworthy place. They have a lot of land to cultivate.

At Jim Archibald's, I saw for one of the first times a tractor driving again in action. The drill operated almost like an old drill, with a front wheel and the 25 foot high, but it seemed to much rather than two and more.

Met Art Raybould at this point. He and his wife have been living on the elevation of Clive, as Lorne stopped and chatted with each one of one of the big mail bags.

Walter McCutcheon, Richard McGee and Gordon Clive's last names only by code, and just pass them as Vince Ripley and E. Nelson. Vince has a nice, fairly new house which was just built and completed last winter, and Mr. Nelson on the other side of the road is building now.

Travelled by Bob Dodds place, and the Mrs. (the former Muriel Cull) was leaving a busy time of it. She had another of the washing hanging out on the line.

Bob has a fine field of barley.

(Continued on Page 8)

A Thought For The Week

The man who made obstacles in his way began to believe it but he who made all things ready is the harvest of barriers regrets.

Local Residents Plan 15-Cabin Motel Here

May Purchase Town Lot To Build Auto Court

An auto court for Lacombe may be the newest piece of construction work in the town's building boom. Two local residents, Mr. and Mrs. Lawrence Longstaff, made application to the town council for the purchase of a lot on 49 street between Row 8 and 9 avenues, and Delongs Woodcraft. They want to build an auto court. Mayor Tom Hutton reported at the regular council meeting of last night. Proposed cost of the auto court would be around $30,000, it was stated, and plans call for the construction of about 15 cabins. Council was not adverse to the application.

Mayor Hutton stated an Edmonton firm was interested in a motel and has made overtures to the town. He has stated what is known as the Rosedale property on the corner of 2 and 3 Half Line Trail as a possible motel site.

Well Known Teas Couple Observe 54th Anniversary On Friday, August 19

Mr. and Mrs. T. J. Harris of Tees celebrated their 54th wedding anniversary quietly at their home on Friday, August 13.

Congratulations came from many of relatives and friends of the couple who have resided on the district for 44 years.

Flower Show Here Is Excellent

An open air all outdoors session, the Lacombe Horticultural Society presented a successful flower show on Lacombe's own annual thrower show on Thursday. There were 66 exhibitors and 200 entries in the show.

Among the attractions were the potato contest over the floral and vegetable exhibits, and they were nothing but prizes for the excellent showing.

The display was long tables, filled with beautiful flowers. The vegetable section that was the potato contest was also well represented. Many had helped to put the show over, with Mrs. Hutton and Mrs. Hutton, Mrs. Holmes, Mrs. Jubbs and Mrs. Bray.

The afternoon tea was well attended in the evening, and the dance which followed, Mr. Allen presented the awards and prizes to the various winners.

Grand aggregate winner and winner of the Newman and Sons' Challenge cup was G. E. Welch of Bentley.

The Lacombe Globe grand aggregate prize for the potato contest was won by the Alix garden club, which also won the Lacombe and district challenge cup trophy for roses, and the Lacombe and district challenge cup for asters.

The Bentley garden club trophy for sweet peas was won by Lacombe.

The best gladioli in the show was grown by H. C. Allen of Bentley, who also won the first prize for a collection of flowers, the gladioli trophy for roses, and the Lacombe and district challenge cup for gladioli. Runner up was G. E. Welch of Bentley.

The best decorative dahlia in the show was grown by Pearl B. Hall of Lacombe. Mrs. J. E. Wolper of Alix second.

Mrs. H. J. E. Riley of Lacombe won the Jenkins Groceteria Ltd. special, for the best bouquet of sweet peas. Mrs. Pearl B. Hall of Lacombe was second.

The Lacombe Department Store cup for the best collection of annual flowers was won by Mrs. Pearl B. Lacombe. Mrs. J. E. McCormick of Lacombe was second.

The Vickerson-McDonald Drug Co. cup for the best collection of perennial flowers was won by Mrs. T. H. Newman of Lacombe with Mrs. R. O. Patterson of Lacombe second.

Mrs. L. P. Dinter of Joffre won the special award for the best collection of vegetables, with Mrs. O. D. Harrington of Lacombe second.

The Parsons Bros. Cup for the best display of asters was won by Mrs. Pearl B. Hall of Lacombe. Frontage was won by T. R. Howarth, Mrs. P. D. Locke second.

The Cameron Studios cup for the best home grounds cup for the best frontage was won by T. H. Newman, with Mrs. J. S. McCormick second.

The special award for the best floral display in a Lacombe store window was won by the Owl Restaurant, with the Lacombe Hotel second.

Other winners are listed on page 8.

Three Young Pullets Give Away Eggs Which Make a Cake Really Rich

Mrs. B. A. Watterson of Clive had quite a novelty when she brought in a cake to Lacombe Radio Service Station. The cake was made with eggs from three pullets. The eggs were so unusual that the cake was baked in the form of a rooster. Mrs. Watterson is shown (at the left) decorating the cake.

Experimental Farm Sponsoring Swine Field Day Here

At somewhat hotness and somewhat humidity, the swine investing program has been a delightful one for the field day to be held at the Lacombe Experimental Farm on the final from Thursday.

W. T. W. Hill, livestock commissioner for Alberta will be the guest speaker.

Government Road Gangs to Harshap Portion Town Road

Road construction matters with the provincial government in the town in Lacombe, with a stretch of road for a flat-top section.

The road, from the west town limits to the C. & N. road, is being levelled and shaped.

It is hoped next year that the provincial government will take over the highway from the C. & R. road to the east town limits.

Pioneer Here, Henry Trimble Dies at Calgary

Citizens of Lacombe were shocked at the news of the death Thursday of an old-time resident, Henry Trimble, which took place in Trimble died at Calgary, where he has lived since 1934.

From 1904 to 1933, he practiced law, and engaged in the real estate and grain business here. He was mayor for a number of years, and always took an active part in community affairs.

He was prominent in curling circles, and for seasons on and skipped a Lacombe rink against those of the Macdonald Rose rink, Bentley, with Harry Jones, Bill Sage, still a resident here, used to play third on the rink.

The late mayor of Lacombe was born in Ontario, and came to Lacombe in 1897, and went to Calgary in 1934 where he died. He was married to Miss Ida and Sons.

He is survived by his wife Mary Jane, four daughters, Mrs. Mervin Tees, Mrs. T. M. Johnston Mrs. T. W. Johnston, Lacombe, and Mrs. R. J. Hougard of Lethbridge, and two sons, Max of Lethbridge and Lee of Calgary.

There are eight grandchildren, two great-grandchild, and two brothers, Ernest of Los Angeles, and John of Sidney, B. C.

Funeral services were conducted from Jacques funeral home in Calgary on Saturday, and interment was made in the Burnsland cemetery.

Among those attending the funeral from Lacombe were Tom Johnston, Howard Landon, George Walters and Bill Sage.

TO TEACH AGRICULTURE

For the first time in the history of the Lacombe school, an agriculture course will be taught here. The course, available to high school students, will give pupils instruction in agriculture. Lacombe school divisional courses said yesterday from

Lacombe Wins Ball Tournament

Lacombe's baseball nine were undisputed champions of the Lacombe baseball district when they defeated Pottsville Bentley and Alix on Sunday to hold the district championship for the second year in succession.

Lacombe's nine defeated Bentley 7-6 in the morning game, and then defeated Pottsville 8-5 in the afternoon game. Alix defeated Bentley 10-9 in the semi-final game, and Lacombe won the final from Alix 11-6.

Both teams made five errors in the final which turned out to be the poorest game of the day. Jack McDevitt on the mound for Calgary held and his fellow team mates were pounding those Bentley pitchers for 11 hits.

Ideal afternoon weather prevailed for the tournament, although a heavy rain fell on Saturday for the first game of the day.

A keen dance was held at night in the memorial recreation centre.

Goods Stolen In Stores After Three Break-Ins

Three business places in town, Ferguson Bros. Hargreaves Bros. Hardware, and Fauleker Motors were broken into and goods stolen from, in early Sunday morning, and should valuables be missing.

Local police worked on the job yesterday and by Sunday evening they were on a juvenile from the Clover mental hospital was apprehended and later identified by R.C.M.P. The boy had escaped from the hospital.

Entrance to the entrances was gained into the buildings have been broken in windows, which had been pried open.

From Ferguson's, local police found nothing missing, but the cash register had been pried open.

At Hargreaves, police said $17.00 was taken out of the cash register, and also cigarettes, as well as two portable radios and some watches.

The theft was reported about 11 a.m. Sunday. A fair description of the boy has been given out at the Club Cafe, where a youth of his description was seen driving a radio under his arm. The information was forwarded to the R.C.M.P. and Chief Jim uncovered on the boy walking on the highway near Lacombe, still with the radio under his arm.

All the stolen goods were recovered, police reported, and the rest of the cash except for the amount which had been spent in the interim.

Crabapple Trees Burst Into Bloom at Odd Season of Year

Mrs. Gordon Sharp has many crabapple trees which just don't seem to care what season this is. During the past week these trees have burst into full blossom for the second time this year. "The trees were just a mass of blooms in May," Mrs. Sharp stated and they seem to be starting all over again.

Mrs. Sharp explained that the trees had had the year the blossoms were nipped by a late spring frost.

Special Test At School August 31 For Beginners

Special tests for beginners at the Lacombe school will be held on the school next August 31 at 10 a.m.

Those children who have not yet attained the full age of six years may be admitted, if they can show they should they successfully pass the tests.

Parents of children who will start school this fall are urged to attend to bring the children for the examination.

Three Pounds Man Hurt in Accident Near Chigwell

Three young Pottsia men were injured, two seriously, as a result of a car accident about 12 miles east of Chigwell last Monday evening.

Brought to the hospital here are Ernest and Johnson Lambourne, both of Pottsville. Ernest suffered 15 fractures to the arm.

Provincial police investigated the accident and it is charged 2 C.W. Car-nett at a local elevator. The crop is the heaviest in years in this district. There may be others, but there are no reports as yet. Combining operations to be reported by local elevators. Many farmers are now cutting and combining.

Old Timers At Reunion Yesterday

More than 300 persons from all parts of the district gathered to attend the town and district's attended the annual old time reunion and rounded up hotel at the pavilion yesterday afternoon and evening.

Under cover, the gold ribbon bee demonstrating there who met their friends of the Great Lakes during as per 8:1600, had shrunk. Many of these were staid a few of them 1-1 well known in old times like George H. Grant, C. I. Barnard, and others.

And they turned from there up for the Youngest group in the 1942.

78 Years Old

Pendelton, the oldest person there in years was Dr. W. J. Sampson. The grand old man, who gives latest reports on his health from 1880 to 1888, travelled down from his home at Didlet to be present.

The oldest person in terms of pioneer days was Bill Dalton, who came to Lacombe in 1891, and has spent all his 71 years around the town. Mr. Dalton He once of to Lacombe in 1894.

The person who came the longest distance to attend the gathering was Bert Wellsmon, all the way from Prince Edward Island, since 1910. Another old timer was Edward at the old R. J. McLeod apartment store here back in 1902.

All the old timers engaged in afternoon of renewing pioneer There were Idiza Lacombe, and Alix, although were the product of the National Film board.

Dies Suddenly

Supper followed at 5:15 p.m. with Mr. Alf Prior and her in charge. Mr. Harold Lloyd Gerard speaker after the banquet was Wm. F. Bothwell of Red Deer.

The annual meeting and election of officers took place and the following officers rounded out the big day with an old time dance. Mayor Flegal handled together some of remarks for the special old time music.

Election of officers, details of the annual meeting and picture will appear in next week's issue.

District Farmers Start Combining During the Week

First combining of the year was reported from two areas over the week-end.

One was Ken Henderson who started combining some fall rye last week and reported a good day enough, but the straw was a little tough, and made the going slow. He finished out 80 bushels which graded 2 C.W. rye.

Fred Le Langevin, some miles south of town in the Lobstick district, got a new record for combining operations last Friday. August 19. He picked up a new Massey-Harris combine and finished 15 bushels to the acre.

Fred had 17 acres finished for today and it graded 2 C.W. Garnet at a local elevator. The crop is the heaviest in years in this district. There may be others, but there are no reports as yet. Combining operations to be reported by local elevators. Many farmers are now cutting and combining.

WEDDINGS

STOCK—McBETH

A pretty through quest wedding took place at Juniper Alta., on Saturday, August 16, when Miss Heather Elizabeth, youngest daughter of Mr. and Mrs. W. G. Chapman of Lacombe, became the bride of Mr. Arthur L. Stock of Juniper.

The bride was given away by her brother-in-law, Mr. J. Crowther of Juniper and attended by her sister-in-law, Mrs. Betty Stock, of Lacombe. Donald MacBeath of Lacombe assisted the bridegroom.

After the service friends of the bride and groom attended a reception held at the home of the bride's sister, Mrs. Gordon C. Crowther. The newly wed couple left for a honeymoon trip to Jasper.

Junior Oats Club At Clive Holds a Plot Tour Thursday

There was a fairly successful trip planned of the Clive section oats club last Thursday, for a potluck tour of the plots. There were some unavoidable absences, and some who also attended, and didn't have the parents to all meals up the group.

Lacombe district superintendent Lloyd Rasmussen, and field rep orester Jim Richardson judged the plots, and Mrs. Ruth Hall of Lacombe Municipal, L. Andrew Ure, A Douglas Hendricks.

The plots in general showed up well, but drought and hail lessened the yield somewhat. There were a number of entered results in evidence.

Special prizes were awarded for the hardest of plots in Lacombe Wagner and Harmon Ratzenberger.

The tour ended with a wiener roast and get-together at R. F. Bandorf's farm.

Mr. and Mrs. D. Cameron Married 50 Years, Celebrate Anniversary

Congratulations are extended by a number of old Lacombe people Mr. and Mrs. Duncan Cameron, who are celebrating their 50th wedding anniversary today.

Mrs. Cameron is 69 years old and Mr. Cameron 70. They have four members of the town for 45 years, and both are in good health. Mr. Cameron still runs his clothing business in Lacombe.

They will observe the occasion at home with a family dinner party.

Permits For 15 New Homes In Latest Batch

Building Permit Values Here Close to $200,000 in 7 Months

At least 15 new dwellings are to be put up in the province of an application to Lacombe municipal office. The latest list of building permits completed at the town office, so far this year shows monthly. Lacombe permits have been valued at $4,14 per cent. Other figures to be known. This is the most comprehensive permit a combining, home business which is valued at $114,000 for the past 10 months.

The figures, to the end of the month, show a total of $194,000 for permits for all of 1969 amounted to $202,000, and at present pace this record figure will be surpassed in 1969. Most impressive business among the six months reported May at the $70,000 office building being erected by Lacombe school division.

The statistics, giving up and before, reflected in her storage.

A quarter by Mason dollar high school building and May $140,000 erection of two church units.

Mrs. Two log garage L. A. John and are established in the building labels.

Latest permits issued from the town office are as follows:

Alberta Pacific Grain Co.	dwelling	$ 5,000
A. L. Ellis	dwelling	5,000
Lacombe school division	office building	70,000
R. D. McDougall	dwelling	6,000

A Good Flower Show

THE FLOWER show held here last Thursday within a fourth epidemic certainly lived up to its reputation as a good show. Volume lasted a most trying flower season. The number of it still in their home gardens after the show at all. Fact, it was the early summer drought. There came the dampening hail storm only a week before the show and many plants and many were had beyond recall. For just one hundred hours previous to the show there was a great scurrying and hoeing done there was few flowers outdoors, it made the show just that much better. The man for us and made it so small, but the quality was good.

All of which means that the garden club here has surmounted the handicaps of a bad summer in fine style while still in its infancy. It is a long time before there will be a greater growing season at least we all hope so. The flower show is still an annual event, and one which is bound to get better with the years.

We hope for more support from town and district next year. We feel that the club has a right to expected much in the way of a show this year, and that may account for a more 300 persons who visited the show during the afternoon and evening.

Our flower show, with the co-operation of club members and other residents, could really grow into something big and spectacular. Let's make Lacombe the horticultural centre of Central Alberta.

For Fields Aren't Always Greener

RESIDENTS of the area are being deluged these days with a volley of advertising pamphlets, small and big catalogues, and "give away" prize list sheets.

All this advertising, of course, is designed to get the right money into circulation, and a lot of the farms are not too many on how they get it. In closing by mail is often known as expensive business. Order an article by mail "sight unseen", and like as not, you've stuck with an inferior product which has cost far from an inferior price.

Many of the offers look good — but don't be misled by a lot of verbiage accompanied by beautiful coloured illustrations. The only protection a buying public has, is to see what they are getting before purchasing. Otherwise it is all a matter of luck.

Retail stores in the town do most of their business and better merited than they have ever been. Shoppers have run into the habit of buying almost anything they wish. They can see the merchandise compare the cost, and rest assured that they will get satisfaction or have merchant "make it right".

There have been cases where local shoppers have ordered from the city an article which is selling for less right here in Lacombe. Why not do? Are the Retails always greater? Check your local stocks before you order by mail. It'll save you money, and give you better satisfaction.

Baseball

WASN'T it just three months ago that you or would count the number of lists at a baseball game here on the fingers of your two hands? And there was no name except for the little town rivalry existing from the players between Bowden south of the last meeting ball was audible to the ears. These thoughts came to us last week, when Lacombe is now meeting Penoka here in one of the play-off games. How the scene had changed! There were at least 400 fans present. They rushed a grandstand and also what hardly allowed anyone to think. But can't that all part of the game? In three short years Lacombe has become a good baseball town — one of the best.

You can thank the management and players of the local baseball club for this. They've played the game well this season, they've made it interesting, and so they've succeeded the support from the town.

Lacombe is out of for all the league finals are concerned this year, but they've laid the groundwork for other ball activities. The ball team has this baseball scheduled yesterday, one one good example. Next year the home club has big prospects. They are planning a two day tournament here, inviting teams from B.C. Saskatchewan and the States, as well as Alberta. Prize money will total $250. The sponsor evenings 10 000 or 15 000 base-ball fans over visiting the town. An attractive tournament of this kind could only be held every second or baseball year high. You can count on town support from Lacombe. Give Bentley and the Central Alberta ball men for the tournament next June. In fact, they've already looking forward to it!

Farming Notes

(From the Provincial Department of Agriculture)

Caring For Hen-Raw Calves

Proper care given to the new-born calf is critical in subsequent growth and general health. Some the calf at birth is highly susceptible to disease, a clean, dry, well-bedded maternity stall, free from dirt is essential. To avoid infection, apply an antiseptic such as tincture of iodine to the navel.

It is suggested that the calf get the mother's colostrum. This first milk is rich in fat and other nutrients that the new born calf against disease, particularly those of the digestive system. Colostrum is contained in sufficient quantity to be obtained from that of ordinary cows, it is also found in other breeds and livestock, and varies from up to 17 per cent more protein than ordinary milk. As the young calf has a low storage of vitamin A and suggests a large amount of protein, the value of the colostrum is readily seen.

A common practice is to have the calf with its mother for the first day. It is not advisable, however, to leave the calf with the dairy cow for more than 36 hours, as an excessive quantity of milk may cause scours. The practice followed at the central experimental farm, Ottawa, is to leave the calf with the mother several hours after birth, then enough for its need to be thoroughly licked dry and then to remove the calf to a clean, dry, separate pen where dry. The calf receives its first meal of colostrum from the mother or from an open pail.

The calf will learn to drink more readily if it is allowed to become quite hungry before about 12 to 13 hours after separating it from its mother. An effective method of teaching the calf to drink is to have it stay in a corner and then entice its neck to keep it in one position. Holding a pail containing a small amount of fresh cow's milk on one hand, slip the finger of the other hand at the mouth and when the calf is sucking the fingers, work the nose down into the milk. The calf will, within a few times from the calf's mouth, and hold them at the end of the nose for a short time. With patience and a few repetitions of this process, the calf will soon learn to drink.

After the calf has learned to drink it will be thoroughly drained. Avoid over feeding in the early stages. A good rule is to feed once or twice all often rate time and sparingly later.

Cutworms May Be Bad in '50

Next year is likely to be a bad one for cutworm damage in parts of Alberta and Saskatchewan according to a forecast from agricultural officials.

The best way to reduce the ravages of the cutworm is to begin observations in the fields harvested during August and the first half of September in case the moths are laying eggs. Cutworms will not lay eggs in fields that are well cultivated and crushed from roots. Destruction of the crop by allowing livestock to pasture over it on the fields can be as serious as if the fields had been ploughed.

The area involved in Saskatchewan is enclosed by a line passing through Chauvin, in Alberta, the line continues east and south from Chauvin through Edgerton, Sheffield, Provost, Queenstown, Tober Westbrook and Coutts.

A final check of the crop will be made in August and September by entomologists where the cutworm moths are most abundant and detailed information for spring control will then be made.

Reflections of the Times

Cow of the Soil

Land is a heritage Those who occupy it are custodians thereof only for a little period of time They should care of carefully and well. Future generations must rely on the land for sustenance and clothing.

In new countries land is often treated carelessly and with little consideration for the future. It is comparatively cheap and has not had its virgin fertility. Little thought is given to conserving nutritive elements to the soil. Yet good land is the most prized asset of any nation.

Alberta's future depends largely upon the care given its cultivated lands. The Drumbo Bulletin.

From The Files of The Lacombe Globe

Five Years Ago

With the late school opening presently in vogue, special training classes will again be established at "Ourtain School" which proved so popular in 1935.

Magistrate I. D. LeRoux, former assistant commissioner appointed to old timers of the district to preserve records of pioneer days, at the old timers re-union here this week.

Lloyd Jones pitches Clive to an 11-0 victory over Bricville in a league contested this week, had to Bricville 7-6 in the semi final, while Clive blanked Bentley, 6-0.

Ten Years Ago

C. H. Jones, former mayor and prominent lawyer here for many years, will retire and take up residence at Comox shortly.

Two Lacombe local lacrosse boys have cracked up at the Lacombe golf course this week. Claude Irish and Hamish Gillespie crashed 36's over the par 36 hill out on their locker grounds, and Lila Harrington posted a 42 for the latter.

Tapes for the second court were had at a tennis boy' Monday night, and players are enjoying games on the first court now.

An Editorial Feature

Let's Not Bury The M.R.C.

By Harwood Steele,
Chairman, M.R.C. Committee

Let us not flatter, that it is almost time the guns were turned in to the completion of the M.R.C.

Let us not flatter, that with the fields, meadow, and forests we need almost every day, that it should be considered something in the line of a luxury to use any horse-power.

Let us not think that the M.R.C. might solve the problem of "what should we go", "when should we go".

Do you not think there are too many boys and girls hanging around the local public places for lots of night, with no place to go?

I believe, that we all agree here we have a problem to stop, were with regard to a place for our children to play a home of recreation where you and I can see that proper games and good sportsmanship are carried out.

Did you ever stop to realize that our better citizens were raised on good sportsmanship a good game?

Do you not realize we have no place to raise good sportsmen?

Citizens of the town and district of Lacombe now need the M.R.C. more than ever before. We are undertaking an all out drive for funds this week. Don't wait to answer! We ask you to donate all you can possibly give and help to complete one of the biggest projects ever undertaken for our boys and girls. Wanted to build a recreational where good sportsmanship will always prevail and a memorial to better citizenship.

Without your support, we might just as well throw in the towel, as a handful of men can not carry on the M.R.C.

We can not promise you a race on the opening rink this year but we will promise you the walls of the rink will be completed and that a start we will be made for skating and hockey early in the winter.

We would like to mention again, make a donation, no matter how small it will be greatly appreciated. One dollar per month from every citizen in the town would soon see one of the most outstanding recreation rink centres in Canada and one more home town, a memorial to be proud of.

Do you realize for every $7 Do you realize it will take 1 to finish the M.R.C. Let's all pitch in and help.

Canadian Fashion

A three-piece ensemble that will appeal to the fashion-conscious miss is this suit with matching hatrel. Made of taste fully colored tartan, it is colorful, smart and practical.

Wolfville

WOLFVILLE — During last week, John Morley moved his family from the S.W. 23 quarter to the S.W. quarter, just a ten mile south and east of the school. The G. C. Archibald family along with the Gordon Brewsters, Nanaka Udell, Elsheen district, Morris McDonald's Pleasant Hill and John's Bog, Woody Nook, spent a very enjoyable time last Sunday at Beauty Mountain Resort.

Miss Jessie of the Orange Hall held Friday evening, sponsored by the Lacombe group, was well attended by the Orange Hall.

Janet and Jimmie Mann are still hanging their pails and sand, Mr. and Mrs. G. Cunningham, Dunns district, who were in a bad accident a few weeks ago. They are progressing nicely

Last Monday evening, Mrs. Lon Barth was an at-home hostess for a shower for Miss Vera Taylor, a bride-elect of this week. Although the heavy rain of that night kept many away there were around thirty present and all had an enjoyable evening. Vera received many lovely gifts. A few more school chums, Janet Archibald of Morrin, were also present.

Clarence McCaig spent a couple of days early this week, at his home in the Lacombe district.

Mr. and Mrs. Cliff Veld were recent visitors at the A. D. Webster's.

Mr. and Mrs. J. A. Archibald, Morrin, were recent visitors at Sunny visitors last Sunday.

Letters . . . . . To The Editor

Lacombe Alberta
August 23, 1940

To the Editor of The Lacombe Globe.

Dear Sir:

On the pavement of the boys and girls attending the swimming lessons at Half Lake, under the auspices of the Lions Club, appreciate how much better that would be for their children.

I have attended nearly all the lessons, and have watched the children gradually grasp the rudiments of swimming.

One hundred and fifty-two — children received the Red Cross swim tests — a splendid record — and lessons started the live of deep water two weeks ago — and the best, in addition to learning several different strokes Another reason should see all the children accomplished the testers.

Good credit is due Dennis Duggan for his patience and skill in how long the children will should appreciate his efforts.

Yours truly
ANN SKELTON

CLUB CAFE
LACOMBE

EVERYBODY'S BUSINESS
by Don Graham
Do you think you're too old to achieve success? Have you resigned yourself to a life of mediocre achievement?
Henry Ford was more than forty before he became famous. Edison was the road to fame and fortune. Yet he was but one of a host of great leaders at all fields in life who had made their mark until they reached middle age.
This is not surprising. For there is plenty of evidence to prove that, in almost every kind of work, youth efficiency is only attained after many years of experience. An efficiency that increases, more slowly perhaps, as one progresses through forty-seven years of age!
"Ah," you reassure, "but you can't teach an old dog new tricks!"
Nonsense! Modern psychology has exploded that idea sky high. The middle-aged can learn just as well as youngsters if they want to. So if you feel that lack of education or technical knowledge is holding you back, don't let it! Just realize the fact. Start a planned program of study. It's worth the effort!
Practical men of middle-age make definite preparations for their retirement. Millions of people have saved for their old age through life insurance and enjoy basic comforts — and often much more — because of it. Are you saved — which living happiness is "sweet years".

Gull Lake District News

Last Week

GULL LAKE—Little Merlyn Cornwell was a patient at Lacombe hospital on Tuesday when she had her tonsils removed.

Audrey Andrews visited the past week with her cousin, Barbara Fraser at the Lockhart district.

Mr and Mrs Ken McLachlan motored to Lacombe on Sunday to Sunday Joyce and Merlyn returned home with them.

Frankie Cox, Louis Cubetta and Moe Moore went fishing at Prairie Creek on Sunday.

Jerry Pollock was back in the district over the week end. He and Freddy Cott are doing carpenter work down near Lethbridge.

Mr and Mrs. George Cubetta visited with Mr and Mrs. Pete Knight on Sunday evening.

Mr and Mrs J. L. Hog visited at Miss Mussett's on Sunday evening.

Miss Tena Price is at the Lacombe hospital having undergone a goiter operation this morning (Monday). She is reported doing fine.

GULL LAKE—The recent hail storm here done a lot of damage in the district. Anglers are planning up some of them. Harry Hannan's also suffered a lot amount of damage here the storm two weeks ago. Jo Belanger, most of the district got quite a little bad, especially Mellon, Hughes, L. Cubetta and Johnny Wanek's and J. Hannan.

On Wednesday evening, the Beveridge's club members and families enjoyed a weiner roast down at the lake.

On Sunday Dr. Larsen family were all home to celebrate Grandma Larsen's 90th birthday.

Owen and Frederick Cubetta have been visiting with their grandparents Mr and Mrs Fred Nelson. Mrs. L. Cubetta also visited there for a couple of days.

Power Troubles

The Blackfalds rural electrification association held a meeting at Miss Moore's on last Tuesday evening. A re-tamping crew is starting work this Monday, so maybe our power service will be better in the near future. Mr Gale stated that much of the trouble was caused by slack rubbing on the wires.

Mrs. Sandilands, Lacombe Resident Observes 91st Birthday

Mrs. Isaac Sandilands from the town and district go to Mrs Sarah Bentley who is observing her 91st birthday today.

The grand old lady was born at 1858 in the Staten, and came to Bentley in 1898 She has lived in Lacombe for the last eight years and now lives with Mrs Roy Baines.

She has been blind for about 15 years, but still enjoys the radio, and frequent visits from her friends.

Down, Down, Down -- Nearly a Mile

Otto Barton, 48, Boston mine engineer, peers from the door of the bathysphere in which he descended to 4,500 feet below the ocean's surface, deeper than man has ever penetrated the ocean. He gets instructions from Dr Maurice Ewing, prior to making the descent. The bathysphere, owned by the University of Columbia, is shown straight being lowered during the initial test. It is a cast steel sphere, 5½ inches in diameter, weighing 1,500 pounds. It is lowered by a 9-inch steel cable by a crane from a 100-foot steel barge. He shall a 1½ inches thick at the thickest point. It has a 15 inch door and two windows of fused quartz, 2 inches thick and 9½ inches across and the other 1½ inches in diameter. Two lights outside the sphere illuminate the depth for the lobby and for taking pictures.

News From Iowalta District

(Carried over from Last Week)

IOWALTA—Mr. Florence Bainbridge, Jane and Bobby were at the home of Mr and Mrs. Chester Keeler and family of Bellville on Sunday.

Arnold Rodenmiller is visiting at the home of his mother and brother and family.

Mr and Mrs. Charlie Lehet and family visited at the home of Mr and Mrs. Pinto of Bismark on Sunday.

Mr and Mrs Laverne Starr and family and Mr and Mrs. Lothard were Sunday dinner guests of Mr. and Mrs. Lee Saunders.

Mr and Mrs. C. Jonnes, and Jimmy visited at Red Deer one day recently.

Miss Betty Lord of Calgary and Curtis Lord were supper guests of their mother and brothers on Sunday.

Mr and Mrs Charlie Zeiler accompanied Mr and Mrs Laverne Hughes to Ritzville on Sunday.

Mr and Mrs. Orville Death and baby were Sunday dinner guests of Mr. and Mrs. Ray Hubbard.

Miss Helen Henderson spent Sunday at her home here.

Miss Lord visited over the week end with her mother Mrs Doris Lord.

Miss Doreen Kay is at the home of her parents with an injured arm.

Experts Farmers Vaccinate Cattle Against Disease

At this early date, farmers in the district are showing an interest in combatting losses disease among cattle.

This is the word from Lloyd Rasmussen, Lacombe district agricultural rep, who reports that many farmers have signed applications for the vaccination against losses of their heifer calves this fall.

The calfhood vaccination program the farmers will likely take place during the first week in November.

If advance registrations in August are any indication the drive will be greater than ever.

Alsina Family Arrive From Holland to Settle in District

Mr. and Mrs. Alsina with their five children, have arrived in the district recently from Holland and are at present employed at the farm home of H. P. Sheppard.

The name of Alsina is well known in cattle breeding circles. Several champions of the world's famous Percheron cattle came from this farm, and it is hoped that the traditions of this cooperative will be equally successful in Alberta.

Along the Rural Routes - - - With the Mail Men - -

Continued From Page One

...ment on breaking it looked back to me, and of all that good ...much fame of her, he showed have a better three-cornered crop.

...T. Cumberland has the former ...ttle thoroughbred herd, and he ...ported with the same kind of ...ll, plant and fix a certain ...ng system.

...Frank Colpus and Ivan H. ...hold were north, and Frank ...ed a lovely new home ...ded, a little further up, has the ...Ivan Bennett's place.

...Peter Fawcett and Ulo Soosaar have used an opposite sides of the ...ad from each other There was ...ome or some of the best ...provements but I'll not the writer ...n't there during that horrible ...ry spell this spring.

Country Farmed

They are a lot of old buildings along this road, and the homesteaders must have had an eye for the future when they planned the building location. There was no crowding of them, and yet the road is already today only 7 for from any of the buildings.

Lots of new homes are going up along the way now, and good sadly I suppose the old land ...ches will disappear.

Ulo Saalore another of the district pioneers, has one of the nicest farms I've seen. It's a half section, almost all broken, with just enough bush left alongside the road to give some protection from wind and soil drifting. Ulo Lorne tells me, takes great care of his timber and the clean bushing crops show it.

J. O. Fawcett a little further on, has a nice field of oats coming along. The trouble is the same as so much of the district now, coming along slowly still very green and quite short, and fronts will have to be exceptionally late to make it a grain crop.

The E. Rathwell box is located right on the corner eight miles south of the highway and he now on in a light delivery to get the mail. The road we had just travelled down is called the Rathwell road, and we were here to ...

...Rathwell's offered ...ut this point.

Turning west, and shuffling mail on set boxes and grabbing letters ...ey were like flowers, I don't ...ember, I met Messrs. Albert ...ckenson, Ralph Mitchell, Dick ...pper, C. S. Short and H. C. ...ook.

Frank Hopper, who makes a permanent habit of walking up from the Short farm to get his mail, didn't disappoint us. He opened his parcels under the shade of a clump of poplars, and then turned from a two-week holiday in Saskatchewan.

At Pine started the mail rushing for a pleasant few minutes chat. And I had time to get through a lot, and quite that Stuart Dobson is doing a little breaking of land right by his house (he's a garden, Stuart?), and that Lloyd Bell's new house is coming along well, with a green roof and surrounded by evergreens.

The conversation rolled on, and the writer remembered that it was the old days when he came to the country (1910), and he got to ...now Lawrence — when no fences stood in the way — to Gleissner's slaughter-house. Then the town knew Gleissner was around them.

We back-tracked some mile, and then headed straight east onto Mitchell's road, and on down to the Haynes. We nearly came to a Dobinson. A fine herd of Milking Shorthorns. Mr. Dobinson has been in the district a number of years, and at the annual meeting of the district's council, for the last couple of years.

On Cliff Bell, place formerly the Orville Whaley, Mrs. Bell ...lined a lot of sheep grazing.

We crossed the C.N.R. railroad and came to Joseph Barrett's. Joe couldn't help seeing how the location of the tracks had changed, and added up several of the farms there. There is a narrow gray ...ansing east west on it. Mr. Barrett's property for example R's too narrow to be used for anything south of the highway and he now on to a light delivery to get the mail. The road we had just travelled down is called the Rathwell road, and we were here to ...

...Rathwell's offered ...ut this point.

Chignell

...ORE HALL. Mrs. Wootton ...nder and family from Cheshire ...ld have been visiting her ...Mrs. I. Pattison was a Calgary visitor last week.

Mrs. Jamieson and Miss E. Robinson spent last Friday at the home of Mrs. L. Porter of Hoyt's ...ppoint.

Mr. and Mrs. D. Hall are vacationing at present in the U.S.A.

Mr. and Mrs. J. Vernon were visitors Sunday at the home of Mrs. G. Sellmer.

Mr. and Mrs. R. Frank of Calgary visited at the home of Mrs. R. Winslow last Sunday.

Mrs. Barron, Pete and Chesley and Mrs. Fawcett and Chesley were at Sylvan Lake on Sunday.

Woody Nook

...Correspondent — Mr. and Mrs. H. Banning and Fred were Sunday visitors at the home of Mr. and Mrs. Ed. Banning of Gull Lake.

Visitors at the home of Mrs. J. Jenkins on August fifteen were her daughters and family, Mr. and Mrs. A. Harrison and Mr. and Mrs. Thornton, Harrison, Sherry, Roger and Glenna, and Mr. and Mrs. Barnes and children from Mr. Ewan, Sheet.

Mr. and Mrs. Otto Weimer were entertained some old neighbours, Mr. and Mrs. Ed. Beard from the Lake on Sunday. Mr. and Mrs. A. Kearney and family were there also.

Personal Items

Mrs. M. Frizzell, Mary and Bonnie-Rae, have returned to Alix, up to Steve Bavender's. Steve fences the old homestead of Bill Calpin's. Mrs. Bavender arrived before the turn of the century. Steve was born on the land here in the corner with Albert Fox, Cecil and Ernest Fox's.

Welcome Rain

We were now upon VLA grazing, farmed until recently by Ray Hamm, and they largely occupied by returned veterans. We welcome them to the district, believe it's S. Livingstone, August Shelley, Larry Reed, Carl Knudsen, Alfred Donald, Harry Schmidt, D. Larsen, C. F. Gibson, and G. R. Archibald.

I was glad to note the boys have some fair-to-middling crops, for they sure Don't deserve less. There'll be still better years ahead.

All this land is part of the old Pringle estate, which used to comprise everything this side of town. Apparently the late W. Pringle was a wealthy man, and had a big spread of land and stock during one of his Edmonton visits sometimes years ago.

It appears he would be a hotel to get a room. There wasn't one available, but manager explained "How much do you want for this hotel?" The late Mr. Pringle wouldn't be put off, and he wrote a check.

When the astounded hotel proprietor found the check was good and was able to confirm the deal the late Mr. Pringle got his hotel room, and thereafter, they say he owned one.

Just beyond the VLA lands is Ray Heckle's farm. He just completed his house before Christmas, and it's a fine one. At Dave Scott's we were met by a small boy, Jimbo, who got the mail "How old are you?" I asked. But he was a bit too small, "I don't know."

Onto ruins a lot of registered seed, wheat and barley, and he's making a specialized cropping. We along this road that the power line will go in. Chet's rural electrification project. They're clearing away a lot of brush from the side of the road to make room for the poles.

Turning west, the Escher brothers, Lyle and Ken farm opposite each other. Lyle has his dad's farm, W. Escher, who now lives here in Lacombe.

Another old timer, Fred Gilbert, has completed the route further along the road. His homestead and a barn were badly wrecked when that furious windstorm we had a couple of weeks ago.

That was it and we now just three miles south and one mile east of Clive. Thanks Lorne

Alix Grain Club Members Square Plot Tour Last Week

Members of the Alix junior grain club conducted a tour in the two plots they sponsored in Jubilee at Tuesday of last week.

Lloyd Rasmussen, Lacombe district agricultural, kept track of plot results of the various members, and passed the time for the tour.

Norman Gilbert of Alix, Ronald Bevins of Tees, Ilo Bennett and Bernard Bennett of Mirror accompanied Mr. Rasmussen on the plot tour was the club leader Bev Anderson, Dewey Gilbert, son of the directors, and P. J. McLaren, a keen farmer who also assisted with the tour.

The members grew Olli barley on the plots and Garry wheat.

The plots are each three acres.

Mr. Rasmussen stated that the members made a commendable effort in their summer fallowing. He commended the contestants for their cleanliness, and the best plot was that of Ilo Bennett.

The plots on the whole were not up to standard, but this can be partly explained, too, by the dry spring. There were a lot of annual weeds in evidence.

Twenty Persons Attend Community Meeting at Forshee

The August meeting at the Forshee community club was held at the home of Mr. and Mrs. Ronald Wetzel, with 18 native and three honorary members present. There were two visitors, Messrs. Ray and Chester Gideon and Shirley.

Cards of thanks were read from Mrs. J. D. Taylor and family for a plant, and from Mrs. Ernest Sproule for fruit.

The business examined a very pleasant social afternoon followed. The members voted to donate $5.00 with Mrs. Gordon Dolmage holding hockey member 20 At the close of the meeting, Mrs. Wetzel served a lovely lunch.

The next meeting is being held at Mrs. Simon Nemeth on the first.

Meadowbrook

Harvest over from Last Week!

Extending the Frontiers of Canadian Farming

Twenty years ago, agricultural scientists looked askance on the idea of farming Canada's vast northland. The brief northern growing season was too short, they said. The number of homes a farmer would need to work his land, and get his crop sown in time to mature, would eat him out of house and barn. *But then came power farming!*

In the northern areas of the Prairie Provinces alone, *five million acres* have been brought under cultivation since 1926! Even in wheat at present prices, this new acreage could yield in a single season a revenue of $180 000,000.

Generations ago, Massey - Harris served the early pioneers of Canada's West and North. Today, Massey-Harris is proud of its part in the continuing extension of Canada's farm frontiers—through the development of the indispensable power machinery that alone makes possible the opening up of vast new areas for settlement and prosperous development.

M.R.C. Hall Serves as Setting For First Social

First dance on the mezzanine overlooking centre building was held last night following the successful baseball tournament here.

About 20 volunteer basketmen merchants from town were busy Monday laying the floor for the social so that the dance could be staged by 8 p.m. A short lunch and a good crowd attended, and all report a good time.

Tonight is the first of a series of social activities which will be held at the hall this summer.

CATCH 15 FISH

Lacombe fishermen report some good catches in recent outings. Les Chapin and Joe Mist from town dragged out 15 jackfish from the river's bank at Gull Lake on Tuesday of the week. The big ones cut the scale at 10 pounds, and there were a couple of others around four and five pounds.

Bikram Resident Sees Opening Bridge At Grand Prairie

Mrs. Ken Bowland, resident of Bikram's district, has just returned from an interesting trip to Grande Prairie north of Edmonton, where she was presented for the big opening of the bridge there on August 15.

She was visiting her sister-in-law Mrs. Hugh Dool, who—like inhabitant of the Lacombe district—and she just happened to be in attendance for the bridge opening, which spans the Peace River.

Mrs. Bowland says it was a magnificent show-up with a parade more than a mile long adding to the ceremonies.

A ferry service had been in operation since 1914, and the new all-steel bridge 650 feet long, completed an all-land route to Alaska. This was the last ferry in service.

Obituary

CLIVE — Mr. and Mrs. R. Bentzen, Mr. and Mrs. J. H. Wilkinson and Mr. and Mrs. J. H. Williams motored to Banff, Lake Louise and Field, B.C. over the week-end.

Hugh Rowlands Honored at Party On 25th Anniversary

Annual fifty minute, refreshed and re-lightened barbecued life after Mrs. Hugh S. Rowland of three years in the Elkhorn district northwest of Lacombe on the occasion of their silver wedding anniversary last Thursday, August 25.

The couple first enjoyed a big day supper at the home of their three sons and one daughter, Mr. and Mrs. Fred Rowlands. There were 20 present, out of town guests included Mr. and Mrs. F. and Tom Rowlands of Blackfalds and Mr. and Mrs. Jack Rowlands and daughter, Miss Barbara Rowlands of Red Deer.

Mr. and Mrs. Rowland were presented with a beautiful chest of silver, and other gifts, one the recipient of which was a Pyrex baking casserole dish with a matching cover, supplied by Frank Rowland and Harold Hughes, and everybody had a good time.

Leaves Neighborhood, Little Home Shower is Entertained By Friends

On Tuesday evening, Carlos Jean Martin held a party at the home of her mother, Mrs. J. B. Martin, in honor of Bette Rowena Martin, daughter of Mr. and Mrs. B. C. Brown, who is moving out of the immediate neighborhood.

The invited guests, in addition to Bette Rowena, besides Beverley Brown, were Mrs. Brown, Mrs. Campbell and Patsy Anderson.

Mrs. S. Frizzell, Now 93 Years, Town's Oldest Citizen

Congratulations and best wishes are extended to Lacombe's oldest resident, Mrs. Samuel Frizzell, who celebrated her 93rd birthday anniversary last Saturday.

The genial old lady spent the day with her family at the home of her son and daughter-in-law Mr. and Mrs. A. M. Frizzell. She has a home in Lacombe and alternates it with her own residence.

Mrs. Frizzell has been a resident of Lacombe since 1906, when she moved here from Ontario. She has lived in the district since 1903, when she moved to Innisfail from Ontario. Her husband, who predeceased her, was a farmer.

Mrs. Frizzell has been a member of the Methodist church for many years and is an ardent supporter of the Ladies' Aid.

Mrs. Frizzell has been in good health all her life and has never had to be confined to bed for any length of time. She is a great reader and enjoys keeping up with the news of the day.

Mrs. Frizzell has two sons living, Mr. A. M. Frizzell of Lacombe and Mr. Ernest Frizzell of Edmonton, and one daughter, Mrs. Ethel Fyfe of Lacombe. She has also 12 grandchildren and 12 great-grandchildren.

Mrs. Frizzell is a remarkable old lady and her many friends in Lacombe and district will join with The Globe in wishing her many more years of health and happiness.

• • •

Bentley Colt Club Will Enter Team in Provincial Competition

... members of the Bentley junior ... club intend to choose a team to compete in the provincial ... at Olds on September 29. This was decided at an ordinary meeting held Monday night at the Central School, south-west of Bentley.

The club will hold a special meeting this coming Saturday at 10:00 a.m. at Harold Peterson's farm, and it is expected the two representatives of the team will be announced at that time.

It was a good meeting on Monday, with 26 in attendance. Two new members, Harvey Wetzel and Ronald Wetzel, entered membership in the club to 42.

Mike Anderson of Gilbert Plains Curling rink he new president, and Dennis F Carruthers vice-president. Re-elected as secretary-treasurer was Martha Nelson.

The same club leader, Ronald Nelson, was re-appointed, along with the two senior members, Harold Brattberg and Les McMillan.

Lloyd Rasmussen, Lacombe district agriculturist gave a speech on club work. He touched on training a team to compete at [illegible] and of next month.

The members will be getting their new calves soon from the agricultural department, and the coming winter They should have orders at the Bentley Creamery.

Audit Bureau of Circulations
THURSDAY, SEPTEMBER 1, 1949

And What of the MRC?

NOTHING much could be done during the summer but with the return of the majority of residents from their holidays, officials of the municipal corporation realize that the time is getting for an extensive tourist ad campaign. Once again, the chairman, Reeve Mitchell, will be phoned over every hallowed and sign which could in any sense have for the rest of the year. The question is: How much will you pay?

Before even attempting to answer that, just think briefly over what the municipal had made for and what it will do for the town. It will have contributed to a movement to see you and who bought and surveyed how the an old. The investment we construct will serve a similar purpose for those who succeed it. It will be a concentrated bull designed for betterment of the community. There will be literary activities within the district, basketball games, baseball games, hockey and other organized sports for the M.R.C. Some have pointed out as a special activity last week, the ball will do a great service in checking delinquency. Children will stay off the streets and be occupied in beneficial recreation when they have a place to go.

How "How much will you pay?" That will depend on your financial status, and on your own personal desire to see the maximum of cash, shekels and liker in all circles out ask. The committee needs $1 000 to pay off all accumulated debts. It needs a minimum of $2,000 to carry out the recommendations of the organizing set with. And it needs much more money, besides cash, to finish off the buildings. "The dollar-a-month club" idea will be on the ball. A separate campaign will enlist your support. Don't wait for it. Send in your donation of a sum. What about a real response and get the ball rolling?

Cigarettes and Society

HAVE A cigarette? Do you do, and your friend does. That question is complicated many times during the day. You and your next door neighbour are total smokers of cigarettes. The other 4 million cigarettes contributed by the remaining total of 10 billion cigarettes smoked in Canada last year. The increase was considerable, by half a billion.

That's a lot of fags, serious bellum Brothers shown by population, it means that each inhabitant in the dominion smokes four cigarettes each day. Non-smoking children, and a half of grown-ups don't smoke the cigarette. The average per habitual smoker per day is much higher than that.

Why do they smoke? Well, most of them say they enjoy it. To be realistic. When a cigarette is lighted a cigarette it helps to break the ice and have one with him. You have something to occupy you and conversation comes easier. Then there's the pause when strong smoking helps him to think. You can also roll one cigar by roll any, and procedure as the smoke wafts around your nostrils. The smoke acts as a screen between a pair of eyes and the other person. For others, smoking quenches a nervous pain of pillars. It calms down the nerves. In a party declares, and relaxes the body. The habitual smoker the habitual addict pleasure he lose for a cigarette and if he feel of all these reasons he can't think, he can't. I still he can't even sleep without a drag.

Non-smokers are just as numerous as there consuming in name, there is no particular suggestion to habit and smoking, and for the moment anyone or whether his neighbor does or not in others and in varying degree the habit of smoking a cigarette is ch dodgier.

But whatever your belief the cigarette plays an active part in society. An activity reckoned by materials in the billions.

Government Shoes Surplus

WITH an over all cash surplus of five million dollars for the first three months of the present fiscal year the provincial government is well on the road to establishing an all time record for piling up revenues not calculated on the budget. In his budget speech last March, Premier Manning is suppose But there are danger attached to a surplus budget. It is likely the government will be subjected to all sorts of pressures for the balance of the year asking for appropriations for this and that purpose. The department of education, for example will meet strenuous petitions for more grants to help financially hard-pressed school districts and divisions. The department of public works will receive increasing demands for the improvement of roads through less travelled portions of Alberta.

This position is a natural one for the public to ask. The province has taxed us and now they are showing an unexpected surplus. The answer is primarily to use such old resources. Let us try to get some of the money back in increased services. The government's reaction is likely to be a natural one too. But, most vehemently and emphatical is all across the table.

We seem to recall Premier Manning stating in his budget speech that the government would not form a definite policy for the future regarding grants and services since there was a

[illegible] no longer valid. We feel that the Leader of finds are [illegible] beyond a doubt and that a change in program to distribute our wealth should be undertaken for the coming fiscal year. It is too late to do much this year but the surplus can be put to good use in reducing the provincial debt

Farming Notes

From Department of Mixed Farm

Late Summer and Fall Pasture

There are several other types of pasture that can be planted during the late summer and fall months, says H B Bentley of the department experimental station here at Lacombe. In places where sometimes conditions are usually favorable, the seeding of oats or two pounds of Sweet Brome mixed with the grain crop at the rate of 20 pounds of crop gives reliable grazing, especially by using A combine of two bushels of oats and one bushel of field pea seeded in the spring can be used as an autumn pasture the supplant the crop in the fall. The oat crop can be grazed and the oats harvested as grain or greenfeed.

Where greenfeed has not already been made for such supplementary pasture the seeding of a good part of the summer fallow area to a rotary crop would be worth considering. Wheat or oats seeded at the usual rates of seeding during the last month of July or the first week of August are usually ready for pasturing in September and normally provide adequate pasture for one cow per acre for a two-month period. Nitrogen should be paid of the grain crop following the sown crop can be expected that the practice will be time effort by the returns from the extra crop pasture. The cover crop used should be the same as the crop which is to succeed it. Fall rye is recommended rather crop usually leads to germinate and well vegetation in the succeeding crop Volunteer oats in wheat may result in a lowering of the grade.

Where ample permanent or cultivated pasture have been available for spring and summer grazing additional supplies of grazing should be designed where possible so that part of the pasture is reserved for late autumn and fall use in some cases it may be necessary to pasture the second cut of hay instead of harvesting it for hay. Sometimes other feed suppliers are likely to be lacking in previous such as grain or hay so alfalfa hay other kinds of pasture should be utilized where we possible and the hay crop saved for winter feeding.

Some good pasture is one of the most economical and nutritious feeds for livestock, precautions should be made to have an abundance of high quality pasture available for late summer and fall grazing. Any retirement that can be made of the fall grazing period should be made, if at all practical. This is an important consideration with the prospect of feed supplies being short.

Reflections at the Times

The Worm Turns

While on a train headed for New York, Monty was talking to a friend when he was temporarily interrupted by an announcement on the loudspeaker. Perhaps I misheard, thought, who dismissed how much Monty was carrying. Monty told him the

"Have you your Form 16?" asked the stooge. Monty produced it.

"Is this all the money you have?"

"Yes"

Let me see your wallet," the functionary ordered.

Monty complied, still keeping his temper under control, with some difficulty. The inspector counted the money, found nothing wrong, and appeared to disappointed. handed the wallet back.

He was about to pass on to his next victim when Monty spoke, in a voice loud enough to be heard by everyone in the car.

Hold on," he said. You've had that wallet in your hands for quite a while Now you count it until I count the money in it."

Monty reminded it with some deliberation while the other passengers grinned. Then he said, It's all right You may go."

The inspector spent very little time in once beating the remaining passengers.

Letter . . . . . To The Editor

Editor
Lacombe Globe.
Dear Sir

Last week there were half a dozen or more children running around the post office playing on the road with the R.M.C. building.

Children in my duty were such that I had to call them off the road from the building. Playing on the road at this building is a dangerous practice. Children, please, it is unlawful for children to attend anyone on the R.M.C. building. The store of lumber is built for that purpose for workers only. Children are welcome to co-operate with R.M.C. officials, and make sure their children keep away from this lot.

Yours for a longer and better town.

Maxwell Dunn

August 30, 1949

Editor, The Globe.
Dear Sir:

There is quite a bit of discussion around town concerning the site for the proposed hospital money here, and not everyone is in agreement with the town council's decision to sell the property next to Iowa & Iowahills northwest to that purpose

This lot should be reserved for future business which ought more suitable Lacombe Surely there are other locations available for a site empty.

Have our committees considered the large growing district, property, the present beautiful site of Mr. Mrs. Dunn would have a new field on the present for grounds, or the Joe Boyer place Joe Boyer's home is empty.

These are all suitable locations keep the business district for business. I'd be interested to have other letters and opinions from dissatisfied merchants who want the best for the town.

Yours truly,
Iowahills

Iowahills

IOWALTA The busy hand of the Ladies' Aid was busy at the quilt on September 7.

Along the Local Routes

— With the Mail Man —

[illegible] continued from page 1.
mental farm. It runs extensive cattle
feeding operations on its 640 acres
and has a herd of 1,000 head of
cattle. The herd was topped
short with a carload, and looked
fine. The cattle will be fed for
about a year yet.

Mr. Mitchell has just had his
house re-modelled, and now enjoys
a new garage at the back. It's a
fine job of workmanship throughout.

We saw Mrs. Walter Johnson
Gwen Johnson, busy lining up a
letter as an assistant in the office
Below a couple of re-o-here notices
and examples of Grandma's quilt
were used, where now they won't
be able to create the same effect.

Young 11-year-old Walter Ja-
cot hopped on the back of the
truck to collect a can up to Gordon
school corner. When I passed
there he had three of Arthur
Jones, R. Hunter, Phil Mantyka,
Walter Allbush, Chester Mellin
Grant Jolly for the children, those
summer days.

Bentley Items

Pressing a date sheet of Chapel
related he ought us to the Joseph
Eagle farm. Then daughter, Pvt.
E? is married and Bentley ex-
pects. Harold Harrison was away
and his little son Richard, also.
I was on hand to take the snap.
Then came Arthur Maxwell. He
has some lovely plots on his
farm, and I noticed he was busy
with a power mower breaking land
for a new breaking job. He
owns a summary four-quarter, three
parts. The country's rough, with
hills.

Arthur's farm is built on many
rocky hills, just like those of his
native Scotland. Then I saw Wm.
Young, M. H. Rowbotham,
George Johnson, J. F. Hall, R. C.
Hall and A. Olmstead, all with
beautiful country but hard to
farm.

We turned west, and passed out
of the hills again into fertile
land. Robert Johnston and Ed. F.
Veysey have farms along this
road. Bentley was a couple of
miles down to the left, and there
were the new car but two stops
coming by it.

Had a friendly chat with Mr.
Foster and others on the post of-
fice staff at Bentley. Bentley is
to my hobby to Miss Pringell and
Mrs. Hutchinson in the Lacombe P.O.
The postmaster at Bentley was on
holidays, but he was busy paint-
ing his residence. Seems it's to
help our hobbies that way. We
will just leave Bentley in Bentley
for John to sort out mail for the
return trip, and then we were off.

The road to and Bentley took
us along the Lacombe road, past
Oliver Peabody's and across the
Blindman River. Here and there
beginnings of the river are up in
the hills, but by the time it gets
here and it looked to me like
little more than a small thread of
water. Some distance to the east
were Blackfalds.

We turned easterly across the
bridge, and then south again past
Arthur Craig's, Homer Siddings',
Mrs. Hutchinson's and Mrs. Ed.
Hall's. Then we were back on
the Lacombe road, and I could un-
derstand why Mrs. John Hall and
he had been pulled out of the
mud more than once after a rain
(Lacky me, the car was cleaned!)

We made another turn at the
C. L. Connelly corner and from
here headed into the southwest
country of the trip. Except for
the hills, it was like the old
world thank you were miles from
civilization. We were travelling,
were a winding lane, where tipped
us and at could hail from along the
side of a lake.

Farmers at this stretch of country
included Glen Skaggs, Glen
Trotter, Julian Bohnet, Otto Hein-
mann and Oliver Jacobs. You
wouldn't see these farms but the
names have located by the
side of the road so I guess they
are there, as they are, where
they are.

What a location as the shimmer-
mirrored half distance of the sturdy
Bentley, with Mr. and Mrs. Hanson
as the pair to arise, stretch, and after
Bentley Hotel, where we
turned to our beat on open
ground again, or, cautiously as on
the highway, we headed for home.

A. Grantham, H. C. Walker (a
Symonsgrad) and F. C. Simpson
farms were handed along and
and then we crossed the Blind-
river road again. It looked bigger
now.

Ben Hancock was next, and then
we turned south onto the old Ben-
tley highway which hasn't been
used much since the by-pass was
built. Young have a road down
corridor. Then we saw Arthur
Jones, R. Hunter, Phil Mantyka,
Walter Allbush, Chester Mellin
Grant Jolly for the children, those
summer days.

Bentley Items

Pressing a date sheet of Chapel
related he ought us to the Joseph
Eagle farm. Then daughter, Pvt.
E? is married and Bentley ex-
pects. Harold Harrison was away
and his little son Richard, also.
I was on hand to take the snap.
Then came Arthur Maxwell. He
has some lovely plots on his
farm, and I noticed he was busy
with a power mower breaking land
for a new breaking job. He
owns a summary four-quarter, three
parts. The country's rough, with
hills.

Arthur's farm is built on many
rocky hills, just like those of his
native Scotland. Then I saw Wm.
Young, M. H. Rowbotham,
George Johnson, J. F. Hall, R. C.
Hall and A. Olmstead, all with
beautiful country but hard to
farm.

We turned west, and passed out
of the hills again into fertile
land. Robert Johnston and Ed. F.
Veysey have farms along this
road. Bentley was a couple of
miles down to the left, and there
were the new car but two stops
coming by it.

Had a friendly chat with Mr.
Foster and others on the post of-
fice staff at Bentley. Bentley is
to my hobby to Miss Pringell and
Mrs. Hutchinson in the Lacombe P.O.
The postmaster at Bentley was on
holidays, but he was busy paint-
ing his residence. Seems it's to
help our hobbies that way. We
will just leave Bentley in Bentley
for John to sort out mail for the
return trip, and then we were off.

The road to and Bentley took
us along the Lacombe road, past
Oliver Peabody's and across the
Blindman River. Here and there
beginnings of the river are up in
the hills, but by the time it gets
here and it looked to me like
little more than a small thread of
water. Some distance to the east
were Blackfalds.

We turned westerly across the
bridge, and then south again past
Arthur Craig's, Homer Siddings',
Mrs. Hutchinson's and Mrs. Ed.
Hall's. Then we were back on
the Lacombe road, and I could un-
derstand why Mrs. John Hall and
he had been pulled out of the
mud more than once after a rain
(Lacky me, the car was cleaned!)

We made another turn at the
C. L. Connelly corner and from
here headed into the southwest
country of the trip. Except for
the hills, it was like the old
world thank you were miles from
civilization. We were travelling,

Two New Members Join Women's Club Monthly Meeting

September meeting of the Women's Institute was held at the home of Mrs. A. Watts with 15 members and two visitors present. Both visitors joined the club before the meeting was called to order.

The treasurer reported $64.50 on the bank.

There were quite a number of their sock articles on hand. Mrs. Hammond and Mrs. Duckworth were the judges and the prize went to Mrs. McEwen. The guess on different articles was also won by Mrs. McEwen.

Mrs. Pryde and Mrs. Watts were appointed to buy material for 500 for guests to be made into articles for sale at a later date. Plans for a supper to be held around Halloween time were discussed.

All members are asked to bring articles of needlework to the October meeting, to be made into a quilt by a luncheon at the home of Mrs. Greenwood, who also asked to take an article of wool clothing.

The ... taken at the meeting will be given to a needy family of the west district. Mrs. Lewis gave a very interesting paper on Citizenship She was lucky winner of the draw.

October meeting is to be held at the home of Mrs. Green, with Mrs. Hamlet and Mrs. E. Wadey as entertainers.

Meadowbrook

MEADOWBROOK We are sorry to report that Master Lorne Hines is a patient at the municipal hospital in Ponoka, recovering from a recent appendectomy.

Mr. and Mrs. H. Schmitt and daughter, Miss Dorothy, spent the week end with Mr. and Mrs. R. E. Gilliand and other relatives here.

Mr. and Mrs. E. Rhodes and daughter, Joyce, were visitors and guests of Mr. and Mrs. J. Mandville and daughters.

Nearly a hundred persons attended the communion and baptismal service and basket Sunday morning. Almost every one remained to enjoy a picnic lunch. Congregation included guests from Miller, Wetaskiwin, Lacombe, Rose, Wilmont, Sunny Crest and Wolfville. It is expected there will be services again Sunday, September 16 at 11 a.m.

Betty Kenley, Mary Ingraham and Don Kenley are attending school in Lacombe taking the grade 9 Gary Riley is attending school in Rimbey taking his grade 8 Miss Joan Ingraham is attending school in Lacombe taking her grade 10

Miss Eunor Walker accompanied Mrs. Hammond over Mrs. Walter and Mrs. Lawrence to Wetaskiwin Sunday P.M. and will take her grade 10 there.

We wish all our young students success for the coming year.

Bill Baker of Calgary spent the week end at his home here.

Jim Melbourne of Lincoln district is breaking a land for Bill Baker at present.

Mr. and Mrs. John Mandville and family were attended Mrs. Mandville's sister's wedding in Three Hills, recently

Little Donnie Dean Mandville was a wee flower girl at this wedding.

Wolfville

WOLF'S HILL Recent guests of Mr. and Mrs. Ralph Kenerton were Mr. and Mrs. Ed. Kenerton and two of their children, Lorraine and Mrs. A. Cheverie of Foremost, Mr. and Mrs. P. Thorn, Gladys and Alex, and Mr. and Mrs. McCaig and Clarence.

Mr. and Mrs. Francis Kenerton and daughter Elinor of Hemmingford were guests over the week end at the Ben Turchinsky residence.

Mrs. McCaig ... her home at Lincoln last Sunday evening.

Mr. and Mrs. Bernard Lyon of Edmonton spent the Labor day holiday at the E. S. Harley home

Mr. and Mrs. P. Davies of the Dakota district were last Sunday callers of Mr. and Mrs. A. T. Johnson, and all were guests of Mr. and Mrs. Joe Kobrysh, Wilmont

On Monday Hubert Ogilvie attended the stampede at Calmar

Mr. and Mrs. J. L. Bog and family of the Windy Nook district were last Sunday visitors at the G. C. Archibald home

Former Residents Observe 60 Years Of Wedded Life

Mr and Mrs. A. N. Woody became quite emotional, (Centreville Tex. Journal) when they observed their 60th wedding anniversary at their home in Long Branch. Calhoun, on August 6. Both are extremely well known throughout Calhoun county.

Mr. Woody was in business with Mr. Charles Raymond in the Raymond-Woody store there two years ago, and Mrs. Woody taught school there.

Both are natives of Tuscola, Illinois, where they were born in 1877 and 1880. Following their marriage Mr. and Mrs. Woody moved for 18 years as a traveling group which operated from 1899 to 1902.

They filled engagements at various republican national conventions, and appeared on the same platform with successive presidents at that time including Garfield, Benjamin Harrison and McKinley.

They eventually came to Longview in 1906. Two years ago they left for Calhoun to reside.

Mr. Woody was a veteran of the Spanish American war.

Spruceville District News

SPRUCEVILLE — Mr. and Mrs. John Proudfoot and Lorraine have returned home after a week's holiday in Banff, where they met Mrs. Proudfoot's brother, Mr. and Mrs. Frank Bussey of Montreal, Quebec, who returned home with them to visit for a few days.

Percy Holt was able to return home on Monday of last week after spending the past month in Lacombe hospital. We all hope he continues to improve.

Mr. W. Barton is spending a few days with Mr. and Mrs. Jack Richardson at Bentley.

Mr. and Mrs. Clarence Krahn were holidaying at Banff last week.

Lacombe Presbyterial Women's Missionary Society Daffodil Tea of Calgary spent the long week end with Mr. and Mrs. J. Proudfoot. Mr. and Mrs. J. Krahn and Mr. and Mrs. George Dunwell of Calgary were supper guests of Mr. and Mrs. Clarence Krahn on Monday evening.

Mr. and Mrs. C. C. Burton returned on Tuesday after spending several days visiting their nephew and niece, Mr. and Mrs. Harmon Rees at Wardlaw Alta.

Mr. and Mrs. John Proudfoot, accompanied by several members of their family, motored to Edmonton on Friday to attend the ball game.

Harvest will become general in the district this week. Wheat is turning red and oats is already threshed. It is generally thought the general yield in many years after spending the past month in will be less than at Gladstone Oregon. U.S.A.

Quiet Impressiveness

Peace and quiet impressiveness expressed themselves in every memorial service in our modern memorial funeral parlor. Consultation without obligation, to serve to the best of your ability those who are in need of comfort and help. When the need arises, depend on us.

Look Out Teacher To Complete Staff Of Lacombe Division

Lacombe school division is one district about to commence required for instruction throughout the coming month.

Last year, the division was four teachers short, so that the non-government school may be due to the greater number of teachers available in the province, as well as to the good reputation which this district has built up.

A request now has been received to fill the place of a teacher at Mr. Pethick, where Mrs. John Rose will be in charge. The name of most teachers were secured at last week's issue of The Globe and other items can be seen in the schools every last month. Three more have been filled out before.

Andrews, Betty Boulton, Eleanor, Ed W Dowling, Bobbie August Bruns, D W Dawes, Mrs. D W Dawes, Mrs. Lenny Sheets, Mrs. Elsie Mortensen, Gladys Rosenberger, Gladys Lohn, Marion Fay Lawson, Lee Tyrone Sobieski, Alice Christensen, Ruth Rae, Mrs. Gertrude Schmidt Rutherford, Frieda Hoeft.

Sunday Services In Lacombe

Sunday services in Lacombe and district next Sunday will be open this coming Sunday, September 11 after closing for the summer months. The Baptist Church at Lacombe opened Sunday school classes last Sunday. This coming Sunday classes for the children will get under way at St Andrew's United Church and St Cyprian's Anglican Church here.

Along the Rural Routes . . With the Mail Man

A terse report on the farm of John Richards, about a mile and a half west of Bentley, proved interesting on the rural route last Saturday.

The little fellow with the pointed ears on just how sensitive old, and his Richards have been seen to notice. He's kept as a great deal of the time, but a given a certain amount of freedom to roam around the yard.

He was found last June when about a week old by a neighbor, Leo Anderson, and Leo's son, he knew him, Anderson, who reluctantly home with them to visit for a few days.

Percy Holt was able to return home on Monday of last week after spending the past month in Lacombe hospital. We all hope he continues to improve.

WHERE THE THIEF?

A deal has been concluded which calls for Canada to supply Turkey with 25 million pounds of wheat. This is the first time that Canada has ever sold wheat to Turkey which is normally a surplus producing nation. A bad crop this year has been responsible for the purchase.

Bowling Alleys in M.R.C. Hall?

Bowling alleys in the Memorial Recreation Centre? Such a possibility is the question on the minds of many Lacombe residents following a meeting of the Memorial Recreation Centre Committee. The meeting was called to consider the matter of the construction of the alleys which would be installed in the basement of the new addition to the Memorial Recreation Centre.

Bowling leagues are reported to be a popular feature of the winter program, once the alleys are in full use. Mr. Mitchell will be obtaining the cost of putting in the alleys and will present the matter to the next meeting of the committee.

The alleys would be installed in the basement of the new addition to the Memorial Recreation Centre. The new addition is expected to be completed this month, and if it is, construction of the alleys will likely start next Monday.

Although the question is still pending, Mr. Mitchell has expressed the opinion that if the alleys are put in, the committee plans will be prepared for the go-ahead. He intends to install nine alleys in the west side of the basement, leaving north end vacant.

Bowling leagues are reported to be a popular feature of the winter program, once the alleys are in full use. Mr. Mitchell will be obtaining the cost of putting in the alleys and will present the matter to the next meeting of the committee.

Although the question is still pending, Mr. Mitchell has expressed the opinion that if the alleys are put in, the committee plans will be prepared for the go-ahead. He intends to install nine alleys in the west side of the basement, leaving north end vacant.

Construction Proceeding Rapidly on New Quarter-Million-Dollar Lacombe High School

Lacombe's new $311,000 high school is entirely along. This picture of the changing building was taken a short time ago from the northeast side. In the foreground can be seen the old Bentley building. In the background on the extreme right is the old school. Its walls are bulging down the length of the building and the men entrusted the right to a classrooms will be located. The top of the big superstructure can be seen peering above the tops of the one-storey building. In the background on the extreme right is the old school. At the School Division Meeting

May Speed Construction of School Classrooms, if Feasible

Construction of the classrooms of the new Lacombe high school may be speeded up, according to a report given by J. S. McCormick, K.C. at last Thursday's meeting of the Lacombe school division.

Mr. McCormick and J. H. Hansen, both members of the Lacombe school board, were invited to the discussion meeting to discuss the present school situation on town.

Mr. McCormick said the suggestion had been made to him that completion of the south portion of the new school, where the eight school rooms are located might be given priority over the gymnasium and other parts of the building. Chairman might then be available a little earlier to allow the crowded quarters in the old building.

The division may take the matter up with the building contractors, Hall Brothers, with costs and general construction, the speed up plan may be adopted.

It is reported that the new school is nothing along to well as might be expected. However, a temporary delay in construction a couple of weeks due to the Lacombe Hotel spring is generally conceded to be the earliest possible date for completion of the whole building.

Trustee Jack Rogers reported that eight fire extinguishers had been purchased for the new Bentley school. Two have been posted, one each at the three halls, one is in the principal's office, and one each in the two classroom rooms.

W. H. Sharpe shop instructor for Lacombe and Bentley, was present to ask for the board's consideration in purchasing certain tools and equipment for the shop room at Bentley.

The tools in particular, a power saw and a jig saw, and the board were somewhat influenced by the instructors in his predictions.

The board stated it would consider the matter before the close of the present year.

Lacombe high school principal, Mr. Andrew Hoff, was present to ask for the board's consideration in the matter of the installation of a new electric clock in the classrooms of the Lacombe school. He advised that school desks were urgently needed in classrooms, and that the commercial room was short on typewriters.

James Fraser, L. Beddoes and F. Raymond were present as a delegation from Clive Valley west of Bentley. They were seeking permission from the board to build a standing for the Lacombe high school grounds.

The board could see no objections, providing it didn't interfere with the children's playground activities. Construction of the rink is on the hands of the Lacombe's sports club.

Students Organize School Patrol for Coming Session

By Robert Wright, School Reporter)

The Lacombe school safety patrol will be organized in the new term next week, when new members were chosen to replace those from grade seven, and grade eight classes.

Lynn Pethick and Bob Hagen grade eight pupils will serve as captain and lieutenant, respectively. Their duties will be to keep a check on the other members.

There are 16 patrolmen this year, 10 from grade seven and six from the grade four class. Later on, one more will be appointed for the school bus. As a reward for their services and attendance, the patrol will be presented with a free pass, every other week, to a show. Two more lieutenants will be held for them during the year, one at Christmas and the other next June.

Members of the patrol are grade 7, Bud Norris, Bill Wescott, Jean Morton, Joyce Graydon, and Ken Wright; grade 8 students Stock, Norman Brooks, Harvey Sharp, Yvonne Vanbiesbrouck and Lois Payne; grade 4, Bill Luther, Dale Nesbitt, Sherry Hirsch, Barbara Frizzell, Sherry Rasmussen, and Lorraine Trudeau.

Board of Trade Agriculture Meeting To Be Held on Tuesday

A general meeting of the newly reorganized Lacombe and district board of trade and agriculture will be held on Tuesday, September 20, at 8.00 p.m. in the Memorial Hall.

All members and others interested in joining the organization are hereby invited to attend this meeting.

Temperatures Drops Last Week Are Bad Omen

Thousands of Acres of Grain Lost in 15-Degree Frost

Temperatures slumped almost 20 degrees in a few short hours last Thursday and again on Friday, as a grim prelude to heavy frosts which wiped out thousands of dollars worth of crops in this district.

The warning signals went up last Thursday. During the day the mercury climbed to 82 degrees. But by the evening it dropped to 57 — a variation of 25 degrees!

On Friday, the hot sultry day brought temperatures up to 90 degrees. During the night, it turned cold and blustery. Thermometers slipped to 35, and the first snow of the year fell during the night.

On Saturday night and Sunday morning, official temperature readings at the local dominion experimental station registered three degrees of frost.

Sunday night and early Monday morning, the minimum readings were 31 degrees — the lowest so far for the crop growing year to date.

This heavy frost wiped out any chance farmers had of getting near-maturing grains. We may get lots of mellow summer yet, but it's too late for late grain crops like oats and barley. The frost runs first.

It is estimated that approximately 50% of all grains are safely cut and put away. Wheat has been threshed. The certified seed of barley and oats is estimated at 70% complete. The bulk of the remainder in the fields will undoubtedly be damaged from March of the remainder in the fields will undoubtedly be damaged from March of the remainder in the fields will undoubtedly be damaged from March

School Hi-Lites

by Robert Wright

First new group to organize at the school this year the science club held its opening meeting on Wednesday last week.

At the meeting, the following officers were elected: president, Ken Dwight; vice-president, Ronald Bowman; secretary treasurer Ivy Kennedy. Plans are being made to buy a duck, a rabbit and a guinea pig for the use of the school for developing and growing purposes.

Student Elections

At the time of writing his plans are in progress for the election of students' school officers. A list of which organizations' members are eligible to vote, and the names of the candidates for the various offices will be posted in the place today. A full report of this will appear in next week's issue.

Interesting Fact

Incidentally if you are wondering who these people were in the early little kids are: they are the high school freshmen. All grade ten students are required to be in by your three hour period, at all times when they appear in public with a green pencil case hanging over them if they disobey. They unfortunate will end at the office which is to be held out each hour Wednesday.

Victoria Citizen, Well Known Here, At Family Re-Union

J. W. Bolton who will be well remembered several years before moving to Victoria, sent a 1940-model car to The Globe the week before last, and in company with his wife made up to the Okanagan for a family re-union held at home of his wife in the eastern suburbs of New Hampshire.

Mrs. Willis travelled from her home in Victoria to Toronto by train to The Globe last week. The Bolton family re-union was held at Duffy Lake last June. Mrs. Bolton also renewed many friends during a visit of several days. Mrs. Willis also is visiting a sister in Boston, Mass. before returning home.

STRAWBERRIES BLOOMIN

First it was crabapple trees blooming, then chokecherry plants now we've been given further proof that this district has a "tropical" climate.

Last Saturday Albert Beaudry who farms near Dull Lake informed The Globe that there have been strawberry plants blossoming in his garden.

Not bad for September although we're afraid these latest fruits have finished the temperate zone for good.

Farming Notes

Sheep Flock Often Too Small

Among the many factors influencing the returns from sheep on the farm, the size of the flock is an important one. The average for 1941 shows that the average number of sheep on a farm in Canada was 23.5 head. The number of sheep on the large range districts of Western Canada, where the average is considered for Alberta, Saskatchewan, and the Province of British Columbia, the census figures are collected just before the lamb crops is of its highest figure. Again, it is a ridiculously small size of flock to average lots from a standpoint.

Four flocks of this size are far from economical. The charge for the flock size and his maintenance must be divided among very few ewes. Buildings and equipment costs are likewise too heavy on a few head basis so as a more head the cost, subsequent buildings and equipment will be proportionately with a consequent reduction in returns due to increased morbidity and decreased thrift.

The minimum efficient flock size is that which can be handled by one man, that is 50 to 60 ewes. When the term flock is the case it does not become the poor relations of the barnyard and adequate provision is made for feeding during the winter months and winter. Proper equipment will profitably be made or purchased. A superior ram must be purchased and the flock becomes a stable source of income and a matter of pride to its owner.

Reflections at the Times

Election Days of the Late W. F. Puffer

As a typical pioneer, who lived a full life on the open, and in the pioneer spirit of helpfulness we might mention Mr W F Puffer who died at Lacombe last year at an advanced age. Mr. Puffer came to Lacombe in the 1890's and he resided there continuously until his death, that is for nearly sixty years. In his early years he was a rancher and a dealer in livestock and as he travelled all over the country which is now known as Central Alberta, he was the logical choice as a candidate for the legislature when Alberta became a province in 1905.

At that time the provincial constituency in these parts stretched from Innisfail to Stettler and beyond and Mr. Puffer opened a butcher shop in Stettler under the management of Vance Lovegrove and Archie Taylor. Later he was the sole of E. P. Johnson Agencies.

Mr George A Wells of Bashaw, who is also an early pioneer described recently in the Bashaw Star, the first campaign in Alberta and his association with Mr Puffer in 1905 when he was elected as the Liberal member for Lacombe-Stettler.

In the first election held in Alberta after it became a province, Mr W F Puffer was running as the liberal candidate for Lacombe-Pretty nearly all members and homesteaders would vote for Bill, as he was known.

Mr. Wells says he travelled miles and miles by using cattle in Barns. No one was more welcome than he to stop and camp the night with you.

After supper he has been and having supper, I can see him sitting in a chair with his feet either on the top of the table or the stove, enjoying an all hours of the day. And generally before going to bed, he would recite poems, mostly those of Robert Burns.

Well, I got a ride one way from that election day. The balloting closed at 5 p.m. and I suppose when everything was finished and put in the ballot box it would be 8.30. The last had to be delivered at Lacombe. I started out on horseback with the last filled supper and fed my horse at Teddy Closter's, three miles west of Lacombe, then pulled out again and made the 25 miles to Bluffy Grey, the R. D. was going out the results to the bag crowd as fast as they came in.

Our pal gave Mr Puffer a big hoist and he took me in his home. After having a drink I went to bed there I was over level a fifty-mile rate after 3.30 p.m. was enough to make anyone tired."

From The Files of The Lacombe Globe

Five Years Ago

John Bowels is appointed new pastor of the Christian Reformed Church at Wardy Nook. He will be ordained in a special ceremony in October.

Mayor T Wilson makes special appeal to local residents to gather waste paper on a salvage drive designed to aid the war effort.

Rev Dr William Hollingsworth pastor here from 1906 to 1921. Victor Dunn has letter masonry at Calgary after 30 years service.

Ten Years Ago

Scarcity of ducks is expected in the district as the hunting season gets underway due to the lack of water in many of the swamps.

An inch of rainfall drenches the district this week, to interrupt harvest operations which are nearly underway in this region.

Herb Henderson, H Gillespie, E. H. McCaugherty, R Hulse, H Tower and P. Dewar will represent Lacombe at an invitation golf tournament.

53 Beginners Commence School Training This Year

It's a good idea to have a choice

SUPPOSE you have what you feel is a good opportunity which calls for bank credit. If one bank cannot see it your way, or if you think you can get a better deal elsewhere, you're free to "shop around".

Banks compete to serve the most diversified needs, no matter how specialized any of them may be . . . personal, business, or farm loans, money transfers, collections — to name just a few.

More than 95 out of 100 bank loan applications are decided "right in the field" — in the branches by bank managers who take a personal interest in serving their customers' individual requirements.

"Banks compete to serve the most diversified needs."

Alberta's New Found Wealth

A survey is made at last week's newspapers conference by C. G. Rands is worthy of widespread dissemination. Mr. Rands is the editor of the daily oil bulletin and his first-hand study of the oil picture in Alberta was enlightening. He advises that Alberta has a proven reserve of the oil similarly and if some of his predictions are fully realized then province could be in a long period of prosperity borne from its oil and natural gas resources.

The western oil industry has recently set forward natural resources in Alberta worth at least three billion dollars. That's a staggering sum of money when compared, let us say with the provincial government's total 1949 budget which appeared on the 30 millions. Geologists and engineers place known oil reserves in Alberta at around one billion barrels and feel reasonable safe in predicting ultimate oil reserves of at least five billion barrels.

With these oil reserves a pipeline project can been undertaken to connect Alberta with Superior on the head of the Great Lakes. The first 650 mile leg to Regina will probably start delivering oil next fall. The pipeline is expected to extend the line to the Great Lakes the following spring.

As Mr. Rands pointed out, the benefits of the big oil boom will mean much to Alberta. Until recently the province has had to rely on many of these industries which are not sufficient for all to get clean needs it will reduce the gravity of the U.S. dollar problem it will supply revenue.

Of possibly greatest value!

There are oil results which are a matter of great satisfaction to all Albertans. In the study of this bill of newly found wealth, however it is easy to overlook that still the largest in industry in the province and the backbone of our entire economy is agriculture. Its position, in number of people employed in its primary, and in actual dollars and cents production per year, will be established by all within the foreseeable future.

Not Based On Business, Either

The C.C.F. said tonnes have a way of knowing. They've lived in the district, many of them, for 20 years or more, and when it comes to the matter of judging the so-called weather support book a trifle pessimistic. The meteorological student foretells the country by a series of "highs" and "lows" on the station map. The old-timer measures in the sky which he diagnoses from long experience. Usually, we suspect the diagnosis of the latter.

Then it was with a certain amount of doubt, that we turned from the lips of one of the district's early pioneers last week that we can expect an early winter. In other words, the pioneers there have been practically no rainfall in the town for the past two weeks. There is an abundance moisture in the ground, and some fields have the standing crop. They have come down from the north early this year, he asserted.

Add to this the general run of seasons on unusually early spring like we had this year garden, crop the long-term average, an early fall. In 1935, he points out, the winter dropped on October, and our luck of opening was made up by a long fall.

We don't care to argue over his surmises. We are not eager to see the start of winter—in fact, but on the other hand we haven't table enough to a weather prediction built on years of latest lodge. All we can do is hope he's wrong — without having too much faith in the hope.

Central Alberta Weather

We are in end of our achievement at winning the trophy for the best editorial page among weeklies in the province. The announcement last week that The Globe had been awarded this prize for the second successive year was one of gratification to all the staff members of this newspaper.

Of course it is easy to over estimate the value of such an award. These "better newspaper competitions" are a product of the newspaper members of the association and are meant to give the publishers an opportunity to judge the quality of his paper rather than as a basis for hero and will praise.

It is in this spirit that The Globe gratefully and humbly accepts the editorial prize cup. We hope to improve and make improvements in our editorial page yearly and welcome honest suggestions from our readers incidentally we still have room for letters to the editor" would be a decided asset to the page. You don't have to be a professional writer you know! An opinion voiced cogently can supply a effective and timely we all must have opinions on current topics of the day.

Incidentally, special mention should be made of the Red Deer Advocate's distinction in winning the award for best all-around weekly newspaper in Alberta. The fact that The Globe placed second in this competition is evidence that the people of Central Alberta are getting some of the best in their weekly digest of news.

Farming Notes

Farm Improvement Loans

Loans to farmers under the Farm Improvement Loans Act in the first six months of 1949 Thus was an increase of 45 per cent over the corresponding period of 1948. The number of loans made during the first six months of 1949 was 1,000 more than the number made during the same period of 1948. The number was 1,000 more than the number made during the same period of 1948. The number was 1,000 more than the number made during the same period of 1948.

Number purchases	$11 000,000
Trucks and replacements	4 000 000
Farm buildings and repairs	000,000
Clearing land	000,000
Farm electric systems	75,000

Over 14,000 tractors were purchased under the loan act.

Under the act loans are made to farmers through chartered banks and are guaranteed in part by the dominion government.

In the case of farm equipment the borrower puts up one third of the cost In most other instances the borrower puts up twenty five per cent of the cost, but for conservation, afforestation and repair of farm buildings, loans may be made up to ninety per cent of the costs the borrower putting up only 10 per cent. The maximum individual loan is for $5,000 or five per cent simple interest

Exporting Our Fertility

In the annual report of huge quantities of grain, Mr. Dominion Minister of Agriculture, in his end to sale to Britain is over one of the most serious problems facing us today.

The minister says that in the past 10 years we have exported 1,000,000,000 bushels of wheat, 200,000,000 bushels of oats and 100,000,000 bushels of barley. Added to this is the fact that we have exported 1,000,000,000 bushels of wheat, 200,000,000 bushels of oats and 100,000,000 bushels of barley.

Mr. Gardiner says that the total amount of wheat and oats exported is 1,000,000,000 bushels of wheat and 200,000,000 bushels of oats. The total amount of barley exported is 100,000,000 bushels.

With these vast exports a question prompt action has been launched to restore Alberta with Superior on the head of the Great Lakes. The first 650 mile leg to Regina will probably start delivering oil next fall. The pipeline is expected to extend the line to the Great Lakes the following spring.

As Mr. Rands pointed out, the benefits of the big oil boom will mean much to Alberta. Until recently the province has had to rely on many of these industries which are not sufficient for all to get clean needs it will reduce the gravity of the U.S. dollar problem it will supply revenue.

Of possibly greatest value!

Reflections of the Times

As Editor Looks At Radio

As the rest of being remembered amidst ordinal we'd like to state that the CBC seems to us to have overpowered the word business of Canadian and British systems, with the good features of neither. In the United States good programs are varied and the listener is provided with considerable of it's time to choose, the commercial BBC goes on its way with little regard for the likes or dislikes of its listeners, but they are operated the soulless commercial Canada's right of choice seems to be to obtained the anti-social position of providing many programs lacking in popular appeal, at the same time, a multiplicity of commercials. All this in addition to a $1.50 annual license fee.

How, however, the CBC seems almost as adding insult to injury with its proposal to double the rate these fees has been used almost entirely to swell the number of programs, but what authority is reasonably well satisfied therewith it would seem to follow as a matter of course that we are to be asked to pay two or three times as much for a service which in the first place was not worth what it was getting. Certainly, where we are asked for these big sacrifices qualities but it seems to us that the CBC should make some such a show of prudence as would cause withdrawal of the demand.

STAY IN SCHOOL AS LONG AS POSSIBLE

Educational authorities claim there is a definite relationship between the number of years spent in school and earnings. A study of figures taken from the 1941 Canadian census reveals that during their most productive years, workers with only five years schooling earn an average of 40% more than those with only one to four years in school. Similarly, those who had completed nine to 12 years schooling had average earnings 60% higher than those in the "five to eight years" group. Those with over 13 years schooling average earnings almost 50% higher than those in the "nine to 12 years" group.

From The Files of The Lacombe Globe

Ten Years Ago

A bales of 672 cotton sacks destined for the Ellen school fund under the stewardship of Mrs. E. P. Sandwith. The Lacombe school district, the same week, had 724 exhibits. Bowden Valley was the outstanding district exhibit in the sports events.

A. T. Inskip returns from a holiday to the British Isles. He says that Britain are on the best of spirits, and determined to down Hitlerism. He returned home on the first armed passenger boat to leave Britain since the outbreak of war.

Five Years Ago

A total of $2,305.81 was netted in the local home Club war activities drive. Pte. "Pulled Boy" on Aberdeen Angus steer donated for the draw by Sam Henderson.

Flying Officer Milton Due was awarded the distinguished flying cross for meritorious service with the R.C.A.F. overseas.

Baseball figures for the months of June and July were the largest ever recorded With 14.53 inches almost evenly split between the two months, there is ample moisture for the growing crops

You wouldn't believe how much I've saved on clothes since I stopped drinking evenings

Becoming A Major Problem

Face New Task In Disposal Of Combine - Thresher Stubble, Straw

EVERYBODY'S BUSINESS by Don Graham

Whenever someone does you a wrong, you make sure to tell your better or worse by your own conscience.

Hazel and Al went at the same time to the same church every week but he does. Al often has words with her and starting everything. He learned Harry's friend up.

Naturally Harry resents being thus imposed on. But he nourishes his resentment and soon becomes grouchy with everyone even his own family. His sense of his grievance, his friend suffers.

Then one day a friend of mine of Harry refused to be upset by these accusations. He talked things over frankly with Al, or been often, and continues with the result that Al and Harry are to build best one.

Now, as a suggestion, some friends of Al's should get him to build a bit better with local fire trucks and all equipment, equip some of the local departments.

Be sure and remember that Al's building is of better quality than the old one. The new building, alongside the present

Be as it is whenever someone offends us. We cannot live happily with and do good deeds while smouldering with resentment. We must learn to take these wrongs in our stride, to get at the root of the trouble and try to correct it.

Scarcely more than a generation ago, the folk remedy against wrongs was severe. Lynching, burning, the most cruel tortures were inflicted on evil doers. Today we have reformatories where the unfortunate is not severe. And the modern method is to be treated as a helpful financial adviser.

"Actions speak louder than words"

MIRROR Mrs. George Hart was on Edmonton visitor this week

Mr. and Mrs. Harold Hart and family, whose home was Harold was a motorcycle accident about two months ago, have purchased the home of Mr. and Mrs. Bentley

Mrs. Virginia Hart, wife of Mr. Harold Hart, has purchased the home of Mr. and Mrs. F. McLeod.

George Hart, brother of Pte. Hart, is visiting in Edmonton.

Mr. William Walker and Mr. Alexander Milton have been assisting in haying during the week.

Mr. Hart's friend of mine of Harry refused to be upset by these accusations. He talked things over frankly with Al, or

Letters . . . . .

To The Editor

Lacombe Globe.

How many of the rural school sections were ready for the opening of the school?

I know one school that was completely cleaned, and I suppose no one got a pretty penny of the enlargement money for the job. It had been done

Walls and floors had been varnished over the dirt, tables, chairs and windows had not been cleaned. The basement had not been touched since and drinking cups had been used in plenty.

Our local school board had a chance to have the school prepared but were not allowed to because the "official cleaners" were to do the work.

Fortunately the janitor of the school took over the duty had to have the school ready for the opening.

It is fine to teachers and pupils' hygiene to have a clean school room.

A RATEPAYER

Bentley

BENTLEY Miss Doris Connor was the guest of honor at a stag evening when a number of her friends gathered at her home to help her celebrate her birthday.

Mrs. W. Garner of Kelowna, B.C. is visiting relatives in Bentley and district. On Sunday over 60 relatives gathered at the J. E. Ellsworth home, where a supper was served and a social time enjoyed.

Mr. Garner

Miss Janet and Howard Carroll, evangelist and soloist, held a Youth for Christ rally at the Presbyterian Tabernacle on Tuesday evening of last week. A good crowd was in attendance.

A meeting of the executive of the home and school association was held at the home of Mrs. Ed. Mrs. H. Peterson on Wednesday evening of last week. It was decided to hold the meetings on the fourth Tuesday of each month, the first meeting to be held on September 27 at the school house. Parents are urged to attend.

Mrs. Ross, superintendent of the Pumaka school division, will be the guest speaker.

Mrs. Bert Brown arrived by motor from Ontario on Monday, to be with her sister and brother-in-law sisters, Mrs. R. R. Chown and Mrs. D. McRae in Bentley.

The first meeting of the home and school association for the year was held in the auditorium of the school on Monday evening, with a small crowd present. Following the usual routine and reading, lunch was served. It was decided that everyone attend the next meeting should bring a cup, which is to be left at the school to be used for future meetings.

Mr. W. L. Thorp entertained a number of ladies to afternoon tea on Wednesday of last week. Mrs. Don Garrow is relieving at the post office while Mrs. Thorp is having holidays.

Born to Mr. and Mrs. S. A. Green, at the Bentley hospital on Sept. 16, a daughter, born at the Lacombe hospital, to Mr. and Mrs. Jim Morrison, on Sept. 16 a daughter.

Mr. and Mrs. R. R. Chown returned home last Monday, after spending the past six weeks at the South coast

Along the Rural Routes -

(continued from Page One)

-- With the Mail Man --

...in the side of the highway carrying the boy's lunch bucket.

Shortly the subject is Cyril from...ston's home. Cyril was C. U. F. candidate for Red Deer with...ntimacy at the last federal election. He has Married Long...r brother Bob and Percy Lowe ...ome neighbors.

Lowe's farm is located half way down a hill which overlooks a wide expanse of the Blindman valley and it's a lovely sight. Bob Cuplin's farm is situated on the foot of the hill but if he farm buildings are out of sight from the road there is one of those good community workers, just like Art Wagner. Crossing the bridge over the Blindman river are a number of those mud holes. Tom Brenner and brothers Philip and Roger Schmidt Archie Carlile a breeder of fish, is next, and then Tom Brewer and Bert Schmidt who is an uncle of the above-named Phillips and Ross.

Claude Was Busy

To the...of Lome were most de...ed when I called. Mrs. Cook ...ed me in for a cup of tea with some real good cookies. Mrs. Cook is one of those jolly good sorts and always seems to...

Next I met R. L. Lefferts & Mr. Brooks after being together from...rning and F. Kelly. Here I saw...the same owner (Dalton Brown). There is the pole...in the ground...the line have been...ed. Next I met Mr. Brooks a...

At R. Speaker's place, Mrs. Copland told me they boys have a...ck-cutter. Brush-cutting and ...ts are in demand around here and I imagine they had a busy summer chopping land for...ds to farm on.

D. Begg was the last stop because of the...the purchase of the Bentley by...Lake highway. At the corner are Frank Wyatt and O. A. Klinger and after leaving...ill meet for Gus...for Parliament, he turned back to Lome and my...turned home.

We planned to make that most of the grain along this 12-mile stretch had been cut or threshed. That's a blessing, because the heavy fruits earlier in the week hampered the summer work.

First stop after our lunch hour was at Gerald Parkin—as I...to get to meet the page ... as Johnny does, according to Mrs. Copland. He asked the same question he always asks, too. "Any customers?" There is an endless order of customers who...morning early!

Located up this road are Ray Furnald, Fred Nelson, the the Carrot school and M. C. Stone. We drove up to the door of the farmhouse at Stone's, because there was a registered letter which Mr. Stone had to sign for.

Stretto, back east we visited R. C. Peterson and Arthur Tebbick Arthur is the owner member of the family.

A couple of his sons operate under the name of "Tebbick Brothers" and they are well known for their cattle exhibit at summer fairs. There fore have been very plenty of prizes in the past.

Passing over the Blindmore...ke to visit again I saw a sight which will be the envy of many a...hunter. There must have been at least 30 ducks on the water there well, the shooting season was due to start the next day.

...of M. Stone, C. Zimmerman, and then Cyril's...mother of Bob's brothers.

...

The modern Massey-Harris dealer is one of the key businessmen of every live community.

Serving Canadians in Town and Country

It's an old saying that if you build a better mousetrap, the world will beat a pathway to your door . . . but it's only partly true. Unless somebody takes it out and shows it to the people who need mousetraps most of them will never hear about it.

It's the same with farm implements. Even though Massey-Harris has been building better implements for more than 140 years, thousands of Canadian farmers would still be using their work the hard way if it weren't for the service of Massey-Harris dealers.

Many of the earliest days, the dealer or "agent" as he was once called, has performed a triple service. He has served his district as implement merchant, he has sometimes acted as banker because he sold mortgages, and as better farmer, better citizen, better churches and hospitals.

The Massey-Harris dealer of today is as modern in his methods as any merchant in town. You find him in an up-to-date building on "Main Street" with a showroom to display his equipment, spare and service facility to serve the needs of mechanized farming. He is one of the key businessmen of his community.

Farmers May Receive Benefit Low Yield Crops

In some areas in this district are likely to receive some assistance this fall under the grazing loss assistance act, Jim Sebastian, local field supervisor told The Globe this week.

The committee consists of certain appointed by the PFAA for their local area and supervisors are appointed to serve in the district to...ine the...ount...ance...

PFAA...ents are made to farmers if the average yield of wheat on any township is under eight bushels to the acre. Any wheat...ed yield must be computed on the...ing basis.

The grants are made on the...ified acreage but wheat in the only crop that is taken into...ount when computing the township average yield. If the average yield is less than four bushels to the acre, PFA compensation is necessary.

In this district, where crop yields are very low this year, it could take care in having the crop assessments carefully...

A written record of the number of acres of wheat which were plowed down must be kept, along with computations of the yield that might have been realized. Any...ents where as a result...ould be called in to work the figures.

Town Council Committees

At the newly elected...ouncil meeting held Monday evening, the Lacombe town council for the first time at last week's meeting, Mayor T. Willow was able to re-appoint members to the various committees.

There have been three new councillors elected recently and it was impossible to form committees until the re-shuffle had been completed.

The new committees are as follows: finance committee:

Finance and...ounsellors Jack Parvin, Colin Dalsell, Oliver Vickerson.

Fire, water and light committee: Oliver Vickerson, Wilf Hunt and Jack Parvin.

Public works committee: Ed Bowman, Ed Burrows, Parvin.

Police, town property and by-laws committee: Burrows, Parvin, Hunt.

Parks and trade...ards - Bell...ell, Bowman, Burrows.

Health, cemetery and summer ground: Hunt, Vickerson, Dalsell.

Province of Ontario Takes Lions Share of Tourist Dollar Melon

How fast a slice each province gets from the U.S. tourist melon is revealed in a report issued this week by the...ments bureau of statistics and reported in The Financial Post.

Here is what a tourist...

	Percentage of Total	
	1949	1948
Maritimes	7.0	6.2
Quebec	11.6	11.9
Ontario	54.2	55.6
Manitoba	5.0	5.2
Saskatchewan	1.5	1.6
Alberta	1.0	1.5
British Columbia	13.8	11.1

British Cars Take Lead In B.C. Sales Parade

British cars led the sales parade in British Columbia up to the end of July and were likely to hold second place to the number of Canadian and American cars for the...quarter, said T.E.D. Mc...ie, B...ian...

The dealership for a Canadian make that stood third in sales...ce January 1, says he delivered six or 12 months behind demand, assuming that the orders are his ...ly by then.

More Austins have been put on the road since the first of the year than any other two cars.

Salesmen of British cars stress low first cost, low fuel consumption, ease of handling in small spaces, and the British name for quality goods.

From Jan. 1 to July 31, 3,374 new British cars were put on the road in British Columbia and three 1,876 were Austins. The other makes sold in the...mon, 599 English Ford Anglias (Prefect) 322 Morris, 297 Rover...

...44 Standard 236 Vauxhall, 99 Chrysler Corporation's 1...ts, 1...Triumphs, 139 Jaguars, 56 Rileys, 1,145 Morris Chevs, 238 Oldsmobiles, and 942 Pontiacs.

Ford Motor Company sales totalled 1,501 these were 1,005 Fords, 209 Mercurys 286 Meteors and 201 Monarchs.

August new car registrations (Prefect) 322 Morris, 297 Rover...are not yet published. And

Stage Production "Night in Vienna" Here Next October 6

On Thursday, October 6 every living deliberately or otherwise is going to be a night spent in Vienna. Lasting a singing group from the Ukrainian professionals in the name

The show is being sold living by an stage each well known among Ukrainian audiences as Pete Mazur, Wasyl Wilkowski, Mrs Helen Chomiuk, Mrs Mary Dowd and Mr Ben Van Assen from Edmonton.

Also on the show will be Mr Herbert Leith, talented young baritone from Red Deer, musician who will be with Leith at Night in Vienna. Vera Hrynuk, young soprano, and Steve Bortnowski, violin.

The stage show has been arranged by the Lacombe committee to raise funds for the building of the proposed hall to be the B.B.C.

The local committee is trying to be as large as after every group at Red Deer. and it is possible that Lacombe citizens will be treated to the best that is now in the province of entertainment.

Among the Rural Routes . . . With the Mail Man

THE LACOMBE GLOBE

Serving Districts of Clive, Bentley, Blackfalds, Tees, Alix, Morningside, Mirror, Chigwell, Joffre, Haynes

VOL. XLV —No. 50 LACOMBE, ALBERTA, THURSDAY, SEPTEMBER 29, 1940 PRICE—5 Cents

As the bus pass within a hundred feet of Mrs. Mercer, who has been confined to her home for the past month, she waves to the driver, who in turn waves back. Mrs. Mercer has been isolated with chicken pox, and the bus driver is a pleasantry trip with Jim Mercer, postmaster of Tees, and Rotary meeting.

Jim tries to stop, he agrees, but pressed with the post-departmental thought of the oncoming order. That's probably the only thing that's agreed entirely . . . the rules that authorize passages across third, another until it is not within sight of a terribly cold.

But Jim, when treasure a little more than tongue-in-cheek seconds the onslaught of other storms and general health to get the roads often interrupts the steady delivery of mail over R. R. 1 out of Tees, and makes the posts some 30-odd customers on the roads which live near the Tees.

Jim is pretty proud of his 15-year record to date. Except for a six-year period, he missed only one trip in the whole time. That was on account to go the hours on account to go the rounds, and has spent the entire day more than once. But a taken bad-dog snowdrifts like we had in February to really stop him.

Then a car-country direction out of Tees to start all the trip last Friday. Tees road goes by the Tees cemetery, and we made our first stop at Fred W. Anderson's.

Crossed the little creek window out of the Tees valley (it's a) opened) and Jim remembered a bet on how that same road we were travelling had been a virtual lake during the wet spring of '38. There were a lot of ducks reported lakes popping up on the district during that flood period of '38.

This brought us to the corner of the gravel pit, which was occupied by gravel loading machinery as we went by. The gravel is being laid on the new Lacombe-Alix highway.

The Ray Spenbolt farm is here, on the farther Guy Spenbolt's place, and I remembered the first post office for Tees occupied that spot 40 years ago. Mail was delivered to Philip DeShave Spenbolt's son Guy Spenbolt, to a her appointment of Mrs. Spenbolt, second district, and then Frank Knight. The Knights have sold to Meyers, and Jim knows one of the best to say "hello."

Remember, now you don't know, is the home of the Buffalo Lake baseball champions this year. Two of the Knights play on the team. Clare the catcher, and Kenny on first base.

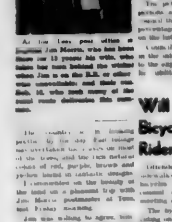
The Fred Ferguson family one next stop, beside three ball players on the team. Fred plays first, Bernie at second, and Fraser at third. Just down the way from the Ferguson farm is the Nebraska house ball diamond, and a pretty one, too, it is, too. It perched the hills in this summer.

Turning west at this point, we hit Stanley Ferguson. Stan is the ball club's manager. Mrs. Ferguson is The Globe's Nebraska correspondent, and she keeps us well posted on news from this district.

(Continued on Page Five)

Problem Turned Down, More Names Necessary

Town Refuses to Assume Responsibility MRC Rink, Without Ratepayers Consent



Will Apprehend Bicycle Sidewalk Riders at Alix

Interference riding boys by on the sidewalks at Alix with fifteen more complaints considered, the Alix council decided at its regular meeting on Monday of last week.

The by-law prohibiting bicycle riding on sidewalks will be strictly enforced in future.

A large amount of routine business was dealt with, with Mayor Langley in the chair, and councillors F A Graham and E Butterworth present.

Efforts will be made to organize a road patrol for Alix. The council intervened control with a view to appointing a patrol man responsible for the safety of small children crossing the C P R tracks and the main highway.

To Check Vandalism

With the approach of Hallowe'en, the council of the Alix school board intervened control with request to organizing a joint committee to check vandalism. Protection of property on hallowe'en night.

It was agreed that a request be sent that on R.C.M.P. officer be stationed prior to October 31, and requested the students with the police force at hallowe'en.

Three Building Permits

Three applications for building permits were approved by council, one of these from W J Robinson for a garage, Lorne Stallings, for a house, and George Warfield, for addition to his house.

The annual meeting of the women of municipalities will be held at Calgary on Thursday and Friday, October 3 and 4. Mayor O. O Lambert and secretary-treasurer W D. Clarke applied for their attendance at attending the meeting.

Tees Cemetery

It was reported to council that several buildings were being erected or repaired within the Tees cemetery. Council wishes to call attention of all ratepayers to the law which stipulates that permits must be obtained from the secretary before any buildings are erected, or moved inside the Village limits.

New Trustee

J. S McCORMICK K.C.

Who was elected trustee for the Town of Lacombe on the Lacombe school division board, last week. Nominations for office were accepted for two weeks by secretary-treasurer Al Brede up to last Friday Mr. McCormick's name was the only one put for ward, and he was elected by acclamation. He has been active in local school executive positions for many years.

MRC Button

The . . . a graphic representation of the double a month, club button which the M.R.C. members and all Lacombe residents to subscribe to and wear.

These buttons will be sent out on the usual shortly together with letter of explanation, and a portion of the letter is as follows:

Enclosed find receive charges noted for each of the last twelve months which you are unable to remain financially interested in the plan are dollar for each other member of the family wishing to join.

Most look to us on the subscribed receipts enclosed. No collection necessary . . . do men as you have met in your various offices since this button. It will be a sign that you are supporting us in our efforts to with your communal committees centre.

The committee has an additional mention on the correspondence, which is worthy of a little more. It is underlined, and stated: "With 100% membership, we can finish the job."

Don Woods Win I.O.D.E. Scholarship For Grade 9 Results

Don Woods, son of Mr and Mrs. Tom Woods of Lacombe, was the winner of the I.O.D.E. scholarship this year for having the highest marks in the Lacombe school in the grade 9 departmental examinations.

Mrs Ben S. Cameron, regent of the local Lord Lacombe chapter, I.O.D.E. presented him with the $25.00 scholarship at the first school "Tea" of the year earlier this month.

Betty Collett was the winner of the I.O.D.E. award last year.

Blood Fund Drive Commences Here Next Monday

Lord Lacombe chapter, I.O.D.E. has again launched a drive for funds for the blood, according to announcement by Mrs. Frank Adamson, who is heading the committee locally.

This is the fourth successive year that the local chapter has campaigned for the Canadian national institute for the blood, and the same generous support is again requested.

Booths will be set up in two Lacombe stores next Monday and Saturday afternoons for two weeks starting next week, and the campaign will be made in the business area of town. This canvass will start next Monday. The campaign will be in progress from October 7 to October 19.

The Globe will assist the drive by accepting donations over the telephone, or through the mails.

A Thought For The Week

He who wills the end must will the means.

Unusual Snake Line at Mischief Scene

Fire at a portion of the school students make line, which stretches up the hose on Wednesday afternoon at last week with the fire brigade pumping water. Fire, a lot of improved fun. The long line of students, which stretches from the fire hydrant on Lacombe business pieces, two and a half blocks above the hillcrest hall and the A.1 Cafe. They passed the water from Calgary-Edmonton highway stopped a bucket, and so on, until the water reached the fire. Doctor Woods Clinic handles were Lloyd Lacombe and Eddie Haines Presenting. [illegible] at the rear was Dan Dempster and drummer Bob and Bill Pearson.

New Lacombe-Alix Highway Nears Completion

Completion of the Lacombe-Alix highway from Lacombe to Alix is now virtually completed, with small bit of the finishing touches still to be done, it has been reported.

Contract for the construction of the highway was awarded to Mr. Cohen Bidwell, Blazer Tees Village, occupied the claim.

Lacombe-Ponoka Line

A lumbering by-law was given third and final reading by council on July 29, by-system, (2) (1 hereby) business 50 - sale, tax) $10 per cream, curb cream vendor $100 cream, truck and shops $100 plumber, $25, electrician, $25 laundry $10, laundry pick-up and barber shop, $10, carnivals $25

Personal Delegations

Fred Rammell appeared as per on at the meeting to discuss the purchase of lots at the Lacombe cemetery.

Herb Morrison and John Smith main town pressent to ask for the purchase of three town lots on (if Railway) street

They stated they planned on erecting a good building at a value of $8,000 to $10,000. Their machinery business would also be conducted from two locations. the present one and the new building.

Council agreed to sell Rammell these two 50-foot lots, and rent them a third lot with first option to buy. It is understood the garage building will extend to 50 foot frontage Counsel adds can be made to the lease, which would be attractive, although this is not binding on the agreement

To Attend Convention

Several councillors stated they intended to go to the annual convention of Alberta municipalities at Calgary on October 6 and 7 These plannings on making the trip are Mayor Wm. Tom Wilson, councillors Oliver Verbrugge, Wilfred and Ed Burrows, and secretary C B Hyndman

The trees have been removed from the M.E.C. rink site Mayor Wilson reported, and the lots then in new close for Sunday Council weather note in

Councillor Hunt reported on a health unit meeting at Red Deer last week. Meeting adjourned

They will be appearing in the musical Alberta pavilion, presenting a semi-opera program, "Night in Vienna."

Tabling the leading roles are

William M. Henderson Passes Away Here At Age of 59

William Morgan Henderson died in the Lacombe municipal hospital last Thursday at the age of 59. He had been in poor health for the past year and a half.

Born on Palmerston Ont. he came west in 1911, and was a mail clerk out of Edmonton for a good many years. The last year and a half he has lived in retirement in the Lacombe district.

The funeral was held on Ed monton last Saturday with the Rev D C Ramsay of Edmonton officiating.

He leaves his mother Mrs Robert Henderson of Edmonton, and a son, Robert Henderson

Night Garments Feature Mirror School Initiations

A novel night event in the light of day great of residents here last Friday when here were seen walking the streets carrying night garments, one pair to many pajamas.

No, it was no nightmare just school initiations.

These were the garbs designed by the almighty upperclassmen for freshmen initiation festivities which were held here on Friday night.

The marked freshmen were paraded down the main business thoroughfare, and then to the swimming pool and Rec-E garage.

A memorable parade it was, and one that will be long remembered by many of the day's activities.

Junior Members Vie For Trip To Toronto

Junior beef, dairy and grain club boys on the town have been chosen selected to represent three clubs in the judging competitions and finals to be held at the Olds school of agriculture, September 29 and 30.

The junior beef town includes Gerald Cole and Lawrence Wright of Clive They will represent the Lacombe junior beef club which has 21 members. Joe Big bends of Lacombe is the club leader.

The Clive junior calf club will be represented by Leonard Orr and Calder Hutchings. There are 14 members in this club, under the leadership of F P Wright.

The Bentley junior dairy club, what was organized a year ago with 20 members, will be represented by Dainby Hodgkinson and Herbert Anderson

All of these clubs are under the supervision of L. W Hammond, district agriculturist at Lacombe

Winners of the semi-finals competitions at Olds on September 29 will take part in the final contest at Olds the following day. In the final contest, provincial winners will be selected who will represent Alberta at the junior beef and club judging contests at the Toronto Royal in November

GOLF TEA NEXT WEEK

The ladies golf club plan on holding their last tea of the season next Wednesday October 9 at 2:00 p.m. There will be bridge and golf, weather permitting.

District Wedding Bells

HERRIMAN-JONES

A wedding of interest to La Corene and district took place on Saturday, September 7, in the All Saints Cathedral, Athabasca, the contracting parties being Stephen Herriman, son of Mr and Mrs. George Herriman, and Miss Nora Mc-Cann, R.C.M.P., stationed at Arctic Red River, son of Mr and Mrs. W. B. Herriman.

WALLACE-HILL

On Tuesday September 24 a quiet wedding was held at Knox Manse, Edmonton, when Rev. Earl Orton Hockaday Hendersen, Red Deer, eldest daughter of Mr. and Mrs. A. A. Hill, Red Deer, married the bride of Mr Lloyd George Wallace, eldest son of Mr and Mrs G.H. Wallace of Lacombe. Rev. W. R. Bell performed the ceremony.

The bride chose for her wedding a blue dress with accessories in wine and white gardenias and sweetheart roses.

Miss Jean Bell, sister of the bride, was bridesmaid. She wore a dress in autumn crepe with blue and brown accessories and also carried sweetheart roses and chrysanthemums.

Harry Lansdowne of Lacombe was best man.

Only immediate members of the family were present.

Following a reception at the Club Cafe, the couple left on a honeymoon trip by the Pacific Coast and northern United States.

HOLSTEIN KING

Students of tall white gladioli and fern decorated the chapel at Lacombe United College in an afternoon ceremony recently when Cynthia Lillian King of Lacombe, daughter of Mr and Mrs G King, exchanged vows with Mr John C. Holstein of Winnipeg, senior theological student at the college.

The bride, given in marriage by her father, wore a white slipper satin gown styled with long sleeves and yoke and full circle skirt, sweetheart neckline, and long train and finger-tip veil, held by a pearl crown and she carried a shower bouquet of pink roses with white chrysanthemums and vine trails.

Miss Audrey King of Leon, Saskatchewan, sister-in-law of the bride and matron of honor, wore a gown of blue and brown crepe with pink flowered head piece to match. She carried a mixed bouquet.

Miss Arlene Horn, Wells Wells Williams, M.B.A., bridesmaid, wore a blue floor-length gown and matching flowered head piece. She also carried a mixed bouquet.

Marlene Stubbs and Shirley Stubbs were junior bridesmaids and Marvelee Hawk was flower girl.

Pastor Dan Rewbold of College Heights read the nuptial service. Mrs. Rewbold and Norman Wagner, brother of the groom, was best man.

Following the ceremony, a wedding supper for the bridal party was held in the college dining room, tastefully decorated in a pink and white color scheme. The bride's parents assisted in receiving the guests.

For her honeymoon to Banff and Winnipeg, the bride wore a blue tailored suit with navy accessories and corsage of roses.

Mr and Mrs. Holstein will reside at the college when they return.

WHEAT FED TO LIVESTOCK

It is estimated that 39.2 million bushels of wheat or 9 per cent of Canada's Commercial Crop have been fed to livestock in Canada by the end of the 1940-41 crop year. Almost half of this wheat was fed in Ontario

Lacombe to Be a City?

Lacombe may, one non-politician on a city in the province of Alberta. As that, there's a few more years to go before it can make any claim to being a city, and a consolidation of three districts have been working to such a consolidation for a number of years. Some of the people in both municipalities are opposed to it, and a petition, signed by 60 ratepayers, which is up in favor, is now circulating here. How it will terminate.

But the business of there now proposed either to make an honest invasion of the high brow. They have asked for full responsibility of a normal municipality. And that is unlikely to happen with good things, and the opinion of most people is something that was suggested that Lacombe try to remain as it is for management as it is only an under that things unfavorable might be avoided.

Representatives from the two district committees are expected by the town council at a later date. The council can then act as it sees fit.

Devaluation of Currencies

WHAT EFFECT the devaluation of currencies will in some its countries will have on world trade is still a puzzle.

The Americans dollar is about the only piece of currency which remained at par during the rash of devaluations last week. Britain's pound sank in exchange value from $4.03 to $2.80, in relation to the American dollar and Canada's dollar from $1.00 to 90 cents.

Latest government tactics in the U.K. keep the new value of the pound well low as necessary for American visitors to overseas their purchases of British goods. The sorts of production will remain the same as Britain in terms of pounds, but since the purchasing power of the dollar is now greater those goods will cost us less.

Latter point should make the attractive to British goods more attractive. But Britain will in getting less dollars for each individual sale, and the total will expect more to get the same number of dollars back.

Another problem bothering the Labor government's most leaders with the result of production to help of trade a level? For the currency of the export countries to also low dollar imports of American goods will cost the English consumer more as pounds. This will drive imports, another good feature but need it if products are popular and the cost of living may go up. This could mean a demand for higher wages, and the lid on costs of production would be blown right off. Imports of raw materials are necessary and the English export industries would get a pressure we the lid, too.

This is the theory of devaluation, some of the good and bad features, and it applies equally to Canada as well as Britain. The move was to stimulate to check the dangerous drain of American dollar reserves. We will have to await results to have evaluating its success or failure.

Farming Notes

Eradication of Volunteer Sweet Clover

[illegible] advertising a weed law once [illegible] with the advent of 4-D Weed Killers, this command ended running ground clovers from rough tools. The same liability as it does crops, weeds or noxious municipals. There have always been and still remain, such super-clover. One of the rules of 4-D are necessary for the effective eradication of volunteer [illegible] clover. This is to say only when the legume is treated at its most susceptible stage.

[illegible] possible to control clover at grass crops are most readily killed by 2,4-D when the clover is in the bloom stage. At this time the leaves have not reached their mature stage while the stems are caught at a rudimentary period. Treated plants [illegible] are generally easy borne to be treated when the stage of the plant warrants.

Reflections of the Times

A Guest Book

At every [illegible] and on all flags there have been rumors in and suggesting that the Mackenzie Cabinet have a guest book. This should have been a part of the liquor equipment from the time they [illegible] the Chateau Laurier. It should of course, be very thought of as they who and did not put some forward with the proposed big guest on the seal. Nowadays, the guest book should have been known as [illegible] who would have been known as visitors who would have been happy to write their names. A great many of them have lived their residents, relatives and daughters who have been entertained at an unlimited [illegible] and hospitality.

Those people have come and gone and we have no record as their total one exhibition of those up [illegible] to point. And it would be a shame for us to sign we record here for an engraving array of signatures by name. If we had books column for names and address, an additional space for comments, we would no doubt have an assembly of opinion that would be exciting. It would be a fine gift as of 1949 to pass on to succeeding generations.

We have [illegible] quite an opportunity in neglecting to provide such a record from the start. We have not at this point, the importance of quite a number of town residents, whose names would be an honor that those to still have to sign their little entry of a book. Such a book would be available to all.

High River Times.

Letters .... To The Editor ....

Sept. 19, 1949

Editor of The Lacombe Globe

Under date of Sept. 1, The Globe carried an article headed "Open-air and Beauty."

I was not sure that that head bullet [illegible] and I checked back a few issues but could not locate the article. However, I remember that the paragraph was to the effect that [illegible] cigarette was to [illegible] and that [illegible] a very large amount of information from both sources [illegible] by [illegible] and [illegible] Gardens, Australia. The information thus gotten was signed [illegible] by an arm of the law, presumably the [illegible] in the line of the fourth being [illegible].

The Globe feels that would you please answer to why people should [illegible] to be amenable. What does it [illegible] the country to be amenable by cigarettes. In 1948 we smoked [illegible] more than 5 billion cigarettes. Here are smoke authors but [illegible].

The investigation into the cigarette evil by the Russell committee in 1914 showed that it was [illegible] of every 10 men and women in the trade were [illegible] smoke [illegible] and said if you study the history of most any criminal you will find he is an inveterate cigarette smoker.

According to statistics and all [illegible] authorities 70% of [illegible] fires are human and carelessness and more than 50% are caused by smoking. That being so, we pay about 50% higher rate of insurance on a policy [illegible] than in [illegible] fires, and we could show more than 100 people a year [illegible] by fire.

We have a lot [illegible] that [illegible] cigarettes and liquor [illegible] [illegible] [illegible]

EASTERN HARVESTERS HELP

A good number of harvest hands have arrived in the district [illegible] during the past month from Ontario, Quebec, Manitoba and Saskatchewan.

There have been 78 men placed through the district agricultural office recently. Most are being hired by farmers at the rate of $2.00 per day for driving the grain trucks from stooks, and $7.00 per day for threshing.

Due to the short crop, the harvest runs will not be very long in many cases according to Lloyd Rasmussen, the D.A. here from Edmonton. He expects to be pulling out by the end of the month.

Some Students to Receive Certificates At Lions Meet Week

Twelve qualified students will receive their certificates following lectures at the Lions club meeting next Monday as a result of their attendance at a swimming classes conducted at Gull Lake this summer.

They are Gordon Fennell, Joan MacMaster and Sandy Campbell, who will receive senior awards, and Joyce Muller John Muller, Jack Muller, Jimmy Hall, Mitch Shandro, Ida Mae Anderson, Lawrence Dunn, Joyce Gaughan and Jean Gaughan, Penhorn, Lacombe, junior awards.

Following instruction received by upwards of 75 children at the lake this summer Tom, Jack and Jimmy Muller left on a canoe at Red Deer and the survivors of those successful candidates were released by public swim last week.

Sunday

STANLEY A Gentleman, of Stanley visited a long time friend on Sat. St. when entered a pleasant evening the occasion being the occasion of Nobby Hall's birthday. Mrs. Wm. Hall and the ex Gill120 There was present a very pleasant evening and it is wondered if that could possibly be the year in which Nobby used ten candles.

Mrs. Jacobson Jr of Ontario visited with friends here over the week-end, relatives at Kelsey in the service on Thursday for a short visit with her father Mr. Lloyd Taylor, with old family, and her brother Harry Lloyd and family.

Mr. and Mrs. Lawrence Stephenson and family of Hussar motored to Stanley over the week end.

Lloyd Lloyd attended the parties here from The Vanished Boy aggregation" sponsored by Ellis and Ralph Lawrence.

Mr and Mrs Leon Carvit and Mr and Mrs Warren all of Twin Town, and Mrs Tom Carvit of Hussar, here, home from visiting relatives in the Lacombe district On Sunday, a family dinner was held at the French Hall home at which seven of Mr Herman's brothers and sisters and their families attended. Mr Herman's brothers and sisters present were Mr and Mrs Frank and children of Rocky Creek district Marion of Red Deer Mrs Tom Carvit of Brown Mrs Leon Carvit and Mr and Mrs Warren all of Twin Town, and Mrs Tom Carvit of Hussar, here, home from visiting relatives in the Lacombe district On Sunday, a family dinner was held at the French Hall home at which seven of

Dividend Cheque Again Distributed By Pioneer Agents

The payment of the eighth quarterly dividend on the co-operative basis was announced by the executive of Pioneer Grain Co. Ltd. at a luncheon in the Macdonald Hotel, Edmonton, on Monday, when approximately 1,000 shareholders were present. The meeting was addressed by the president, Mr. J. A. Maclennan and Hon. Dr. W. A. Fallow, minister of agriculture for Alberta.

The company started a policy of paying patronage dividends to its customers on their proportionate use of its facilities. Dividends are paid annually on the basis of earnings. Since the first dividend was declared in 1933 the company has paid out $1,000,000 in dividends.

Pioneer Grain Co. Ltd. has 1,200 shareholders and operates 150 elevators in Alberta and Saskatchewan.

Wetaskiwin

WETASKIWIN (By Wednesday) — Mrs. Ben Hall entertained a group of friends at a miscellaneous shower on Friday evening in honor of Miss Phyllis Edmondson, whose marriage to Mr. Ernest Hall will take place on Saturday. Mrs. Hall received many lovely gifts.

Mrs. Ben Hall is among the latest to leave on the Saskatchewan harvest excursion. She left on Monday for Lloydminster.

Mr. and Mrs. Ben Taylor and Dorothy Anne, Silverdale, returned home early this week after spending two months at the A. D. Watson home and with other relatives in Wetaskiwin.

Mr. and Mrs. Elton Mowbray, Hall and Phyllis, Edmonton, were visitors of Pte. F. Thorn home for a few days with their parents, Mr. and Mrs. J. McCaig of Lacombe, over the past week-end.

Mrs. Ivan Thompson entertained at a birthday party for Miss Shirley of Mondownville, held at her home last Sunday afternoon. Several party friends and relatives joined in the celebration. Afternoon tea was served at 4 o'clock, the birthday young guests being served by several of the younger ladies.

Miss Margaret Archibald of Wetaskiwin, Wash., is visiting for a month with her aunt, Mrs. Ida Walker, and other relatives.

Mrs. A. Archibald is home again after spending a month in the Royal Alexandra Hospital, Edmonton.

Next week, Miss Mona Booth is commencing to take care of baby Shirley while her mother, Mrs. J. A. Hartley continues to be under the care of a doctor. Both are recovering nicely attending. All grades are represented, except grade 1.

Mr. and Mrs. L. A. Brownsdon, Lindbrook, Calgary, returned this week after their return trip last week.

Many cattle buyers are on our market these days. We trust most of them are good buying judges but some of them can surprise both in knowing the good cattle and the poor.

There has been fairly good harvesting weather since the showers delayed spell we had over two weeks ago.

Clyde

CLYDE — Mrs. Dalzell visited at the home of Mrs. L. L. Breithe last Thursday.

Mrs. Breithe left for the Coast on Saturday.

Visitors at the home of Mrs. Schilson last Sunday were Mr. and Mrs. Scott and daughter of Rimbey, and Mr. and Mrs. B. Byers of Pinedale.

Births

At the Hospital

Recent births at the Lacombe municipal hospital are as follows:

On September 18, to Mr. and Mrs. Jack Perry, a son; a daughter to Mr. and Mrs. Lee Anderson, Alta., a son.

September 14, to Mr. and Mrs. James Sherman, Bentley, a daughter; to Mr. and Mrs. Bissett Fraser Lacombe, a daughter.

On September 24, to Mr. and Mrs. Roy Barrett, Alta., a daughter; to Mr. and Mrs. D. C. Thomson, Lacombe, a son, September 25, to Mr. and Mrs. T. H. Hobart, Bluffer, a daughter.

Wins Scholarship

BARBARA McDONALD

Miss Barbara McDonald, who won the highest marks in grade 12 last year. They will share a $100 scholarship.

$100 Scholarship To Miss Doudenko, Barbara McDonald

Two at last year's Lacombe high school students, Margaret Doudenko and Barbara McDonald, will share the $100 scholarship awarded annually by the Lacombe Lodge club to the pupil obtaining the highest marks in grade 12.

Both Margaret and Barbara received honors in grade 12 during the year, Margaret in grade 12 degree honors and Barbara in grade 12 with 69.66. Margaret was in grade 11 when she passed the grade 12 degree examinations. Barbara is enrolled in the Lacombe school this year and the department of education has left last week for Edmonton to take an education course. Barbara is enrolled in the University of Alberta school of nursing.

WHITE OR BLUE IN '41

White numbers on a blue background are to show the Alberta motor vehicle licence plates for next year, according to announcement officials in Edmonton. They anticipate it will be ready for order about 15,000 plates.

Lacombe School Rugby Team Loses 10-5 to Red Deer

Two 2nd touches at the goal lines and a penalty kick by Lee Anderson at the home of Lacombe 'Rugby' team's league game with Red Deer, at Red Deer's grounds.

It was a tough one for Lacombe to lose, as they had a decided advantage in the first quarter by scoring 5-0 lead in the first quarter by Lacombe's Harold Smith's touchdown. Red Deer's Bill Smith added the extra point.

A large crowd of several hundred fans watched the game with cold feet and hands. Red Deer's supporters built fires here and there on the sidelines, but in town up proceedings with refined yells.

Don Haworth stalked Lacombe to a 5-0 lead in the first quarter when he received the Red Deer line on the first scrim on a punt and run play from Lacombe's quarterback.

They were still good enough to stall a Red Deer ground offensive in the third quarter however on the 10 yard line. Red Deer's Smith, 12-year line. He also held and Lacombe regained possession of the ball on downs.

Then on the very first play Lacombe school rugby team 10-5 lead.

Lacombe player Weinbrenn here Wednesday afternoon on a scheduled league game. The locals will need this win

AROUND THE TOWN

Hostess Archie Chappell entertained at a miscellaneous shower in honor of Miss Ethel Hall Tuesday evening. A very enjoyable time was spent, dancing being in the order of the evening.

A very welcome visitor in Lacombe this week was Mr. Bishop, of Vancouver, B.C., who is touring Alberta in the interests of the Gideons. Mr. Bishop addressed a meeting in the Baptist church on Monday evening.

Visiting with Mr. and Mrs. A. Hamilton over the week-end were the latter's brother and sister-in-law, Mr. and Mrs. C. P. G. Pratt, of Edmonton.

The home economics meeting will be held at the home of Mrs. T. Lett on Friday, October 11, at 2:30 p.m. Hostesses, Miss M. Lett and Mrs. C. Gowman.

Mr. and Mrs. J. Paterson are spending a few weeks in Calgary with their son, Mr. and Mrs. John Paterson.

Mr. Fred Mowbray, Jr., formerly of Olds, left Tuesday for Edmonton, Alta., after spending the week-end with his parents, Mr. and Mrs. Fred Mowbray.

Farewell Party Held

Mr. and Mrs. George Pressey were honored at a number of farewell parties during the week previous to their departure for Edmonton where they will make their home in the future. Among the hosts and hostesses were Mr. and Mrs. F. E. Holland, Mr. and Mrs. Hal Scott, Mr. and Mrs. Harry Carruthers, Mrs. R. W. Dennis and Miss Tom Hunter.

The staff of R. W. Dennis' Department Store held a farewell presentation to Mr. Pressey last Friday.

Gallon of Gasoline Since Mid-Last in Price Here

Rotary years of gasoline increased one-half cent in Lacombe last week, as a result of the devaluation of the Canadian dollar in relation to that of the United States.

Prices went up all across Canada. In the east, they were mostly 1½ cents higher for gasoline and kerosene, and one cent for Light fuel oil.

In Edmonton, the increase was put at seven tenths of a cent, but in some cases this rise was absorbed by the retailer.

Effect penalties for automobiles were rolls of 60 cents in Lacombe. The standard is priced at 30 cents.

Patients at The Hospital

Patients of the Lacombe municipal hospital this week include:

Mr. Fred Campbell, Lacombe; Mr. Wilmon Gross, Clive; Mr. Orton Cook, Mirror; Mr. Norman Henderson, Lacombe; Mr. James Gillespie, Clive; Mr. and Mrs. Jack Haynes, Mr. James Sandels, Calgary; Mr. Alfred Rose, Lacombe; Mr. A. Shadd, Clive; Mr. Bob Goodall, Mirror; Mr. Claude Hopkins, Lacombe; Garry Clarke Parkside; Mr. Red McLeod, Clive.

Mrs. Violet Brattleworth, Lacombe; Mrs. Jessie Hamilton, Lacombe; Sandra Barrows, Lacombe; Mrs. Annie Pretty, Lacombe; Penny Davidson, Lacombe; Mrs. Bertha Trousdell, Mirror; Joyce Hill, Bentley; Mrs. Elizabeth Parsons, Lacombe; Johnny Shadd, Alta.; Kenneth Perry, Two Hats; Baby Bell, Lacombe.

Mrs. Edna Davidson, Lacombe; Mrs. Sylvia Miller, Lacombe; Mrs. Bertha Brotherson, Lacombe; Mrs. C. J. Stanley, Lacombe; Mrs. Ida Cochrane, Parsla; Agnes Beech, Mrs. Berna Whitman, Clive; Mrs. Ruby Dawson, Lacombe; Mrs. Beatrice Isaacs, Mirror; Mrs. Joe Cassata and son, Belvedere; Mrs. Henry Sandstedt and daughter Clive; Mr. W. McNaughton, Lacombe; Gloria Johnson, Lacombe.

District Wedding Bells

MILLAR - ANDERSON

A very pretty wedding of interest to Lacombe and district took place on October 1 of the farm home of Mr. and Mrs. Angus L. Anderson of the Bowville district, when their elder daughter, Juanita Aileen, became the bride of Mr. Howard Miller (manager of the Mrs. Bros. Miller store, Dalmeny district).

Rev. Frances Ross, B. D. officiated at the double ring service.

The bride, who was given in marriage by her father, looked lovely in a floor-length white satin gown with fingertip veil and bouquet of pink carnations. She carried a cream prayer book with white satin streamers and was also of pink carnations.

Miss Florence Ross, B. D., sister of the officiating minister, was bridesmaid. She wore a floor-length gown of pink taffeta and carried a bouquet of pink carnations.

Mr. H. F. Marshall of Lacombe performed the ceremony

The Concession

THE MACDONALD was made at a recent meeting of South Lacombe Board of Trade and the Town of Lacombe should encourage as much as possible the establishment of other new industries there. The Board of Trade has endeavoured to secure the establishment of a cheese factory in the district and has been unsuccessful. The Board has also endeavoured to secure the establishment of a creamery in the district and has been unsuccessful. The Board has also endeavoured to secure the establishment of a cheese factory in the district and has been unsuccessful. The Board has also endeavoured to secure the establishment of a creamery in the district and has been unsuccessful.

The Coffee Cup

'REMEMBER about semi-morning and very mid afternoon, the public begins to thirst a little. After you soak up from the pains of page on your desk, or from the typewriter or cashier machine, or from the car you've been repairing, and think. It's about time for a coffee.

Then you start thinking about it and you park the typewriter and the car and you go to the coffee counter. You, now, are going to throw A little coffee down you and you're going to throw it into your very teeth. There's a lot of horse-play and noise and confused hobbling. Whoops! The tea machine is up. Time to get back to the grind.

This same phenomenon the refreshment ground for workers in most walks of life across Canada and United States. It's become a type of institution in itself.

It is the breather hour, when the unfortunate devotees himself from the office or shop for a short spell. Some people recognize and encourage it today, as a means of resting the mind and body.

Call of the University

THE CALL of the University campus has touched thousands of young boys and girls from town hamlet and outlying jobs, for a new year. Many will be returning, and finished their first term. Most of them are just the growing age of practical, serious, they are now growing up to intellectual maturity.

As the University president, Dr. Robert Newton, said, the rapid expansion and improvement of educational facilities at the University indicates that the institution is on the threshold of one of the brightest eras in its history.

A total of 1,326 freshmen students enrolled last week, more than ever before. During the past 10 years, more students have graduated from the University than ever before. Certainly, the University is on the threshold of a bright era, with every indication that it will continue on the road ahead. Enrolment now includes 1,326 freshmen, 2,442 veteran students this fall. There seems to be a new interest on the part of veterans, and many high school graduates to fill the campus.

Lobse minister Humphrey Mitchell stated recently that there is a shortage of land-grant graduates in the province. Chairman universities found enrolment about the summer. Many under graduates are employed on all a total of some 12,000 to 15,000 students. Many of the graduates have to find their jobs. Others, by choice are going to other fields of endeavor. Many graduates find a career fresh and new each year in the years to come.

As university opens another year of training let us hope for them.

Farming Notes

From the Provincial Department of Agriculture

One-Plow Tractors on the Farm

In the last two years, there has been an increase in the number of one-plow tractors used on farms. In 1947 about 6000 were used in Canada as compared with over 9,000 in 1948. The increase can be attributed to the low initial cost and the fact that many of the heavy jobs formerly performed by the one-plow tractor can do equally well.

Although the one-plow tractor costs approximately one half as much as the two-plow tractor, and will normally accomplish half the amount of work, the two will not duplicate heavy power units. Generally 25 per cent greater for the one-plow tractor than for two-plow tractors. It has been estimated that 1 one-plow tractor will plow for about 40 while the two-plow tractor will do the same for about $5.25. The higher cost of the one-plow tractor is partly due to the increased labor cost, since one man can do approximately half as much with a one-plow tractor as with the two-plow tractor. These costs are based on operations under average field conditions.

Many farms are using a one-plow tractor in place of two or three horses. The cost of tractor will need two-row equipment under normal field conditions. In addition, the tractor will supply belt power for various operations. Large farms that use two tractors or more may find the one-plow tractor useful, as it will do many of the lighter jobs which are always numerous on a large farm.

When operating a one-plow tractor it should not be overloaded. For example some operators endeavour to draw a 2-bottom plow. Some become and greatly overwork the tractor which may be designed to pull a 2 foot plow only. The results is reduced efficiency and dissatisfaction.

70,000 Farmers Draw Assistance

In order, the annual harvest is over, it is worth remembering that the Federal Government has made available $70,000,000 to assist farmers in the Province of Alberta. Many farmers have not yet received their assistance. Many concerns relating to securing bonuses or refunds would have generally, on the board of the Federal Government.

It hardly are given special consideration as to the claim to be entitled to a bonus. Any claim to bonus be instituted in asking for similar consideration? If a new bonus programme is given consideration, would not the Federal Government have expert idea treatment? How to receive would be the commonsense be, and how long would they last?

These and a dozen other questions come to mind. The question of a bonus, however, would be all right, but it is difficult to control once started. If Lacombe ever should be a city and in a position to give concessions, they ought to be given sparingly and for good reason.

Reflections at the Times

September Gold

In ... well into September, the ninth month of the waning year. The landscape has taken on new beauties of color. Both reds and vivid browns predominate. Autumn's green has given way to a riot of russets. Although many leaves remain on the trees, others have fallen to the ground, such as the chestnut aster, the glorious ash and other late maturing species, still left bright touch to the Alberta autumnal landscape.

Nature seems endeavoring to have compared the Indian Summer of 1949 with that of 1948. Last year and two years ago, consecutively overnight, brown plotted with the previous month. A temperature below freezing point, dominating the countryside with a golden glow shining down from the sun, transforming the yellow of young poplars into a shade of mellow gold, and paled starchy shades.

Although the current month boasts of all the colors of the spectrum yellow, the mellowed yellow of autumn seems to dominate. Still a month it is as though the several hues of summer have resolved themselves, through very changes, into a single shade. Hurt, from the dust of the field, fall into the Lyrical of Time emerges a huge tinged September gold. The Brooks Bulletin.

From The Files of The Lacombe Globe

Five Years Ago

A total of 642 students register at the Lacombe school opening, which is a record. Mrs. Smith, the oldest living school teacher, was present. Public school teachers are Mrs. R. McLeod, Miss Hutchin, Miss E. Hunter, Mrs. A. Coutts, Miss E. Vetter, Miss P. Rae, Mrs. A. H. George, Miss A. Fraser, and R. W. Fraser.

Fifteen tons of straw paper are contributed by local residents, as the great drive to end the Allied war effort.

Frank Updyke is the new manager of the Lacombe Hotel, formerly the Adelphi Hotel operated by Alfred Bishop.

Ten Years Ago

* High school election ... the following officials to office for the 1939-40 term: president Bruce Sage, vice president, Eleanor Trott; secretary treasurer Helen Trann; editor of school paper Rene Hallett. Mildred McKay, Jack Vesey, Merle Wimble, executive.

You Save Money with the DODGE

L-Head Engine...

A PART OF DODGE DEPENDABILITY

YOU SAVE MONEY every mile you drive with the Dodge economy L-Head engine. There are fewer parts to buy, to wear. Oil filter, flowing oil inside, and air cleaner keep cooling and dirt from causing parts to reduce wear. Such "extra" features as four rings per piston, full length water jackets, high-velocity oil filter, and full-length valve and inserts, result in savings on gas, oil, and repairs.

Other high-priced features of the conventional Dodge engine are emphasized on the right. But in many other ways Dodge gives you more for your money.

You could pay much more, and still not get all of Dodge roominess, beauty and ruggedness. Test for yourself the Dodge ride, handling, and other extras. Compare the "Job-Rated" Dodge with high, wide vehicle should. Note how easy it is to get in and out. Try out the new Dodge on the road and see how it responds to your every performance, driving ease, safety, and riding comfort.

No matter which way you look at it, your dollars will go further with Dodge ... and so will you.

1 LOAD OPERATION is quicker, as all moving parts are built for speed. Fewer parts to wear or work hard—more dependable. Simply construction allows easy maintenance.

2 RUGGED POWER is the same given to the scientific Dodge method of measurement, which gives the chassis an that engine efficiency is not transmitted to the body. Results in smooth, quiet operation and long life.

3 OIL GETS AT CRANKS Since the air bubbles in oil are removed by centrifugal force, oil is delivered by keeping dust out of the engine, a cure does not form, and lengthens engine life.

4 OIL STAYS AT CRANKS quick, clean even the smallest particles of carbon or dirt out of the oil and to reduce wear on bearings and crankshaft. Keeps oil flowing to trouble-free engine life.

5 THERMOSTAT CONTROL gives maximum protection against overheating and due to dependable all-weather thermostat. Many cars have a new splash-proof cap which keeps distributor head has a 10,000 ohm carbon resistance which allows a wider spark gap setting for long-lasting and low-speed performance.

6 AUTOMATIC CHOKE The choke enriches the mixture for easy starting, automatically reducing the proportion of air, during starting. Choke operates during warm-up to provide easy starting under all weather conditions. Saves gas by preventing an rich an engine operates.

7 DUST SEALS on Cannon Dodge models help to delay, removal, to high gear of the time. It is particularly effective on dry roads, where dust is heavy, lowering smooth number of bearings and wear. The Custom Dodge is still the only car in its class to offer Fluid Drive as standard equipment.

Phone 201 ADAMSON MOTORS Lacombe

A Mile of Pennies Will Be a Substantial Contribution of Money

Behind children will try and buy a mile of pennies Saturday to help the cerebral palsy.

At 9 o'clock on the morning they will begin their mile which will stretch on both sides of Third avenue from northern Hardware to the Bank of Montreal. They hope to complete it by 4 p.m.

The idea was entirely upon between on the part of the child ren, who approached the city centre association and made the practical suggestion.

Along the Local Routes

(Continued From Page One)

Mr. Robert was away at the time of the threshing but by no daily I got a chance to say hello to him. He sells tractors where at Calgary Valley.

I heard on the grapevine that over the Green Elm... Sam and Lenore Fix have moved to Lacombe. Sam has his in the yard, but we shouldn't a mistake or two with their grain or note young towns. The men were born right in the district, and these parents of the town in Red Deer farm nearby.

This brought us to Leacham's, where the Calhoun Valley school is located, along with a church and a community hall. To the north is J. C. Stirton, an old timer. With a new house to begin he told us he had just made a threshing that between 100 and 1,000 yards of grain, and 160 acres of barley.

Another early settler William Jeffrey, is one of Mr. Stevens's neighbors. We had a very pleasant conversation with Mrs. Jeffrey as to the house. One of her daughters is Mrs. Lorimer. Who for who lives here at Lacombe but plans on moving to Edmonton.

In Mr. Julian farmed there was a motor running, which was driving a water pump. The water then flowing some 30 yards down a pipe to some cattle and hogs in a fenced field. There was quite a lot to bring in the harvest for the family for grinding. It was a practical farm scene.

Further along we called in to the Jeffrey school on Wilson. They were at their noon hour. Could see Mr. Wilson's car in the yard.

There was pretty Donna A. Nichols early and big blue eyes and fair hair. Also the two children of Ted Irwin on adjacent quarters.

EVERYBODY'S BUSINESS
by Don Graham

Why is it that some people accomplish big things and get what they want and do it, while others just drift and suffer?

Perhaps the most important single answer to this question can be found in the lives of those who have proved you will find that the start of achievement is the start of accomplishment. When he decided on an objective, he began to collect as much information as he could.

Salesmen equipped with more data than others are successful because he discovered the key that his requirements. This is a simple example, there are processes we may have to do in order to attain our goal.

The trouble is, most of us are too easily discouraged. If we accept defeat as a challenge to our ability and determination we will develop new powers. And when the opportunity comes to us, we seize light that too.

So add "the will to win" to your equipment and success will be hard won. You'll also find pleasure in it.

Life can be a very heavy or all can be put off doing things—even when we really do not ought to do them. Today thousands of families are going on relief because apathy continued to remind them of their need for fair necessities.

William Sage Is Laid to Rest Last Monday

Another old timer and Lacombe resident has finished his race. William Sage collapsed at his home about 10 a.m. from a heart attack and died within a few minutes. He had passed away before Dr F G Sadler arrived to give medical assistance.

Born in Bell on 1882 he moved to the district in 1898. He was past proprietor of the old Curtis and Sage livery barn, and in 1920-1921 was proprietor of the Lake. he operated a motor bus service from Bentley returns to Lacombe.

Mr Sage was also an enthusiastic curler and for a few years figured and took part in many bonspiels throughout Alberta.

Surviving are his wife, the daughters, Mrs. A. D. McFadden of Lacombe; Mrs J. C. Cramer, Montreal, and Mrs. J. C. Rice of Cloverdale, B.C. and a half brother Elias Sage of Ponoka.

Boys Banded Duck In Lincoln District Early This Week

Ducks are being shot right and left by ardent hunters these days but Don Graham's record for a duck early this week unlike the vast majority bagged by hunters.

This duck bore a band from the Washington headquarters at ostrich farms, complete with number, and with the request that the hunter notify the bureau of the location of the duck when shot.

Don shot the duck on his brother's farm in the Lincoln district.

Along the Rural Routes

Farmers of a certain small town in this province were up on the main street on one occasion, discussing the weather. Unfortunately the date was to get a little known in our complete, to find the town's rather outspoken mayor going by. He mentioned the crop prospects and the local story on those little happenings, when it started raining. The mayor let the conversation go on, and the farmers continued.

At last town opening to arrive at some comfortable level, mostly rather. These rains have come to us through the month we have passed a couple of billions, and we are the weather. One cheap rain we really wish in any county all every trip. Crops restored and now living, many from home to bread mixes of these new days have lots growth we have no more to see, and buttons, whichever be not the worse for harvest.

This is not the first time we have had to make light of the weather, and it will not be the last. We have to, because we have no control over it, and therefore it is the proper thing to do. It is the good, it seems

SERVING CANADIANS THROUGH CHEMISTRY

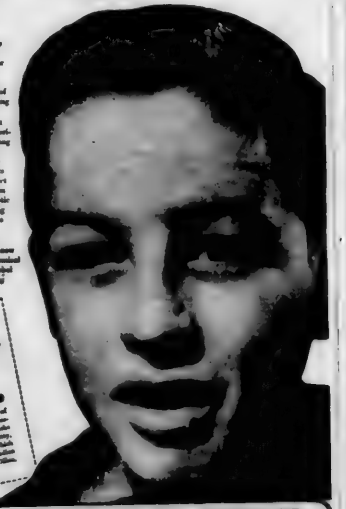
"Chemistry?

..SURE, I STARTED IT THIS YEAR!"

Yes, son, you're now mowing up with formulas and test tubes, but chemistry has been with you all your life. In one form or another it has guarded your health, helped to feed and clothe you and provided many of the things that have made your young career so restful.

Now you are learning how this great service works. Your first simple experiments are the roots from which spring such basic products as chlorine to purify water, fertilizers to stimulate food growth, insecticides to kill pests and guard crops, and paint to protect and beautify. You know about nylon hosiery, for example. The same plastic is made as a semi-element, so strong that it is used for fishing line leaders and tennis racket strings.

Chemistry never stands still. It is constantly searching for and finding new and better products. For this is a changing world and the C-I-L Oval is the symbol of an organization devoted to serving Canadians through chemistry.



CANADIAN INDUSTRIES LIMITED

If your goal is Security...

There's one way to protect such a goal—and that's by saving. Canada Savings Bonds make saving easy.

Set yourself an amount that you think you ought to save this year—then commit yourself to this program by putting in your order for Canada Savings Bonds.

You can buy them through your bank or investment dealer for cash or on instalments, or through your company Payroll Savings plan. The money you save this way is as safe as Canada, and you'll be surprised how soon it will mount up. Canada Savings Bonds can be cashed at any time at any bank for full face value plus interest.

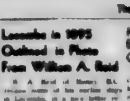
Lacombe in 1895 Outlined in Photo From William A. Reid



W. A. Reid of Stony, BA receives some of his earliest days in Lacombe, in a letter re-received here a short letter ago.

He enclosed a picture which is almost as old as Lacombe itself. It is a photograph of Stewart three 50 avenue taken in 1895, and it shows 10 buildings which were the centre of town.

Mr. Reid has most of these marked. D. G. Stewart's store about where Lacombe Ltd. is now situated. The next building was the stock between the present location of Lund's and Harrison's, one long old wooden building. J. Mac. D. Gourley the hardware and post office and G. A. Reid.

Then there is the Victoria Hotel about the present location of the Royal Bank and further down the street from that the Presbyterian Church.

Another interesting observation of the pioneer era is the listing of hitching posts erected in front of all the stores for the convenience of horsemen.

Mr. Reid also mentioned that Mr. C. T. Dayton, another early pioneer of Lacombe, who died a few weeks ago at Stony. Mr. Reid said he made a visit a short time back, and the info Mr. Day has remembered how much was quite remarkable as he hadn't seen each other for 45 years.

M.D. Vaccinations Early in November Check Bang's Disease

Upwards of several hundred cattle will be vaccinated against bang's disease in the municipal district of Lacombe by control the spread of disease in cattle.

Several farmers have applied up to date owing to the time's notice of their calves. This is an county as Stony were during the spring campaign, and farmers have until October 20 this month to get in their names.

It is impossible to state definitely how many calves will be vaccinated during the first week in November in the M.D.'s program but most farmers have at least several calves in the four to eight-month age limit.

Canada's Population Now is Estimated At 13,545,000

Canada's population shot ahead by leaps and bounds in the last year and now is estimated at 13,545,000 by the bureau of statistics at Ottawa.

The estimate announced by the statistics bureau today is based on 1946 census and a large variety of means to make the population advanced to 662,000 as the year ended June 1, 1949, and preserved in the interval except Prince Edward Island.

Largest for a year on record the bureau reported of the an increase

During the 12 months ended June 1, approximately 362,000 children were born in the nine provinces excluding Newfoundland, while deaths numbered 117 000. This caused a natural of 245,000.

At the same time, nearly 125 000 immigrants entered the dominion although this was offset by those exited by emigration of

Residents of Alix Protesting "Weak Conditions" of Power

Residents of Alix are complaining that the power supplied in the village by the Calgary Power Co. is under strength. This was brought out at a meeting of the village council on Monday last week when Mayor O. Lundberg in the Chair.

The meeting was called to write the Calgary Power Ltd. a letter for a delay in the power which may be able to start the improvements which have been promised.

Councillor F. A. Graham said he had been having trouble with running with accuracy W. D. Taylor.

It was moved that four new lights be ordered through the department of public works to protect children at the Bellevue Corner.

Secretary-treasurer of Alix Services, W. H. Clarke was appointed returning officer for the year 1950. Accounts totaling

Portrait in your bank book

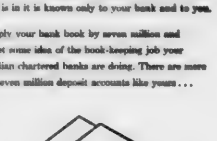
YOUR BANK BOOK is a little book . . . yet in it you can just about trace the outlines of your life story.

It pictures at a glance how much you've spent, how much you have left.

It's one of your most personal, most *private* belongings. It gives you a full accounting, figured to the penny by your bank's trained staff. Clear as a bell!

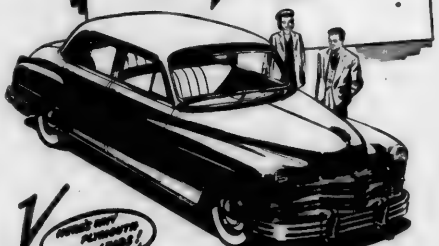
Your bank book is a limited edition — one copy only. What is in it is known only to your bank and to you.

Multiply your bank book by seven million and you get some idea of the book-keeping job your Canadian chartered banks are doing. There are more than seven million deposit accounts like yours . . .



SPONSORED BY YOUR BANK

PLYMOUTH LEADS in Value!



PLYMOUTH QUALITY CHART

All these features are STANDARD equipment on Plymouth	Safety-Rim Wheels	Safety-Level Ride	Automatic Electric Overdrive	Automatic Gear Shift	Hydraulic Brakes	Oil Bath Air Cleaner	Floating Type Engine Mountings	Rubber Seat Mountings	Chain Controlled Doors
Plymouth	YES	YES	YES	YES	YES	YES	YES	YES	YES
Low-priced Car "A"	NO	NO	NO	YES	NO	YES	YES	NO	NO
Low-priced Car "B"	NO	NO	NO	NO	YES	NO	NO	NO	NO

Plymouth is built in Canada
BY CHRYSLER!

There's only one way to judge car value, and that is—check and compare!

The Quality Chart at the left shows only 10 of the many VALUE features that are STANDARD on Plymouth. Owners of Plymouth have enjoyed most of these features for years, yet only now are some of them being made available on either car "A" or car "B".

Plymouth thus to be compared

But this is only part of the PLYMOUTH VALUE story! Your Chrysler-Plymouth-Fargo dealer has a complete Quality Chart which compares all three low-priced cars with higher-priced cars. Check this chart—you'll see that out of 21 quality features found in higher-priced cars, PLYMOUTH has 20—or "A" has 13, car "B" has 4.

You! "PLYMOUTH thus to be compared"—for VALUE!

NATURAL GAS
The Pearl in Alberta's Oyster

GIVES ALBERTA HOUSEWIVES
CANADA'S SMARTEST KITCHENS

Nowhere else in Canada are kitchens so smart or so efficient as right here in Alberta. Nowhere else in Canada is cooking so easy or so satisfactory as in the gas-equipped kitchens of Alberta homes.

Gas cooking is smart. It is luxury cooking — a luxury that millions of Canadian home wives would love to enjoy. It is yours today, at a lower cost per meal than any other cooking in Canada.

For open top or oven cooking the modern gas range excels them all. It is styled, too, with a smartness and efficiency that no other range can achieve.

Admired by millions, the modern gas range makes your kitchen and your cooking the envy of housewives throughout the world. It makes your meals tastier, too.

The primary rooms have form ed a junior Red Cross. Jeannine Northcott was elected president. Members of the Clive I.O.D.E. executive, with Mr. Lord, Ralph Bell and ... Hamilton ...

Lacombe Boy Stricken With Polio Last Week

Gerald Wentze 17 year-old son of Mr. and Mrs. Ed Wentze, is the first reported victim of poliomyelitis paralysis in Lacombe this year.

Gerald was sent to the University hospital at Edmonton last week, and on Tuesday his condition was improved He is out of quarantine, and is now in the polio ward at the hospital.

He phoned home Tuesday, and told his parents that he feels well. The muscles in his throat were paralyzed, and he still has ...

Mr. and Mrs. Wentze made a trip to Edmonton over the week-end to see him. All Gerald's friends hope for his early recovery.

Donate Over $900 To Blind Fund as Campaign Closes

Lacombe businessmen contributed $190.47 to the blind fund, according to figures released early yesterday morning by Mrs. ... chairman of the I.O.D.E. canvassing committee ...

The Lacombe Globe has received the following contribution for the C.N.I.B.

Mr. and Mrs. D. Jaffray, Lacombe $5.00, Mountain Grove Friendship Group, $50.00, Lacombe Home Lunger, $5.00. The combined figure is therefore over $900.00.

Elevator Agents Estimate Crop About One-Third of Last Year

About 175,000 Bushels Grain Marketed Locally

The agents point out that the weights of all grains are away down this year due to the frost. Oats was topping the scales at 40 to 42 pounds in 1948; this year a lot of it is weighing 30 to 32 pounds. Barley ... which ought to be 46 pounds to the ...

The grains this year are also poor. Agents estimate wheat to be 40 percent No 2 30 percent No 4 and 5, and a small percentage No 6. Most of the good wheat came in early in harvest, and generally graded No 2 Northern.

Oats and barley are going No. 1 and 2 feed, with perhaps ... quarter of it grading as low as No. 3 feed.

A good proportion of the grain has been moved out of Lacombe by rail. About 50,000 bushels have left the elevators, the destination for course grains being Fort William ... Vancouver.

The above is a bit of comfort to the local elevators to accept and all grain deliveries. This is quite a difference from last year when all three elevators were crammed with grain and were filled.

Local agents are holding back some of the heavy grain, in expectations that there will be a good demand later due to shortage of feed.

Kills Two Coyotes In 15-Mile Drive Back to Farm

Last Rites For Knut N. Fystro on Thursday Afternoon

Knute Nelson Fystro was laid to rest at the Lacombe cemetery last Thursday afternoon, at the age of 81.

He passed away at the hospital on ... evening, following a ... illness. Full obituary appeared in last week's Globe.

The funeral service was conducted by Rev. Brown & Johnson's chaplain ... Rev. J. H. Morris, C. L. Hall, L. Tasche, H. P. Patrick, H. D. Jones and W. L. Cragg. These ... all members of the masonic lodge in which the late Mr. Fystro was a prominent member.

Members of the I.O.D.E. attended, as well as Rebekah ladies who were present in a group.

Left to mourn are two sons, Andrew of Lacombe and Knute of Lacombe, and two daughters Mrs. M. Vowers of Lacombe and Mrs. B. Rose of Calgary.

Financial Drive Commences Here For Salvation Army

Canvassing for the Salvation Army Red Shield drive is now on in Lacombe. Mrs. ... in charge of the canvassing of the residential area of town are members of the local Home League, under the supervision of Mrs. Tom Lett.

Business section will be canvassed within the next week in business men under the direction of the local committee-in-charge, chairman J. S. McCormick, K.C., Bert Fred Albert Beebe and Gordon Sweet.

Donations for the drive will be received at The Globe up to the end of next week when the drive will be finished.

Our Town is Good

[illegible] ... and I say this about either ... and our highest goods I'm proud and thankful ... and most interest! The fruitfulness of specimen ... I am daily [illegible] ... assembled ... [illegible]

... Universal Union Society of the United States ... and, at a recent outside-city speech We ... how many men of science ... how many of them ... grouped the mystery of the atom ... and reported the heroism on the Hostel Main ... following through a spiritual discipline ...

... Both refute the need of God, in helping to solve those homely squabbles between nations ... Mutual Help ... assembled ... and ... combine humbly to ... Universal Brotherhood ... words. There is hope for this world so long as ... work for God, instead of guns.

The Cities Have A Problem

... It is not true to the city is enough to ... the parking problem ... faced by the traffic ... cars. Where to park is often ... owners of downtown merchants as well, because ... are likely to ... customers ... can't find a place to park ... some time ... [illegible] ... to come in to ... the city.

Parking meters were supposed to be the answer. The parking meter system has been so successful in Calgary and Edmonton ... some time. However and it doesn't seem to have helped create more parking spaces. Why should it? There are still as many cars to park on the same number of areas available. The fact that a motorist has to drop a penny or a dime to occupy ... spot for twelve minutes, or a method to well ... for an hour, still ... going to ... cars ... Usually he finds lucky to get it. All the meter ... does ... is ... income ... That may be an admirable ... an end ... but it doesn't solve the parking problem. ... original purpose.

The shortage of an adequate number of parking lots is something ... officials are worried about. The bigger the city ... the more problem ... In the States, they are experimenting with an elevator parking idea. Some ... have ... and ... spaces on the ground, they ... a parking ... to a lift. There may be nothing ... All well, when there is no more room ... for ... buildings, at ground level, ... underneath ... made again. Then we have not only ... but ... lots. Instead of leaving a car on the ground maybe it will ... 300 feet up in the ... in the sky cars.

We'll not be the bigger centres worry about ... with traffic. County ... a ... [illegible] ... seem to be just ... many ... [illegible] ... left for a ... wherever it is needed. That ... one thing that makes "home" so nice.

Reading in Hansard

WHOLEHEARTEDLY approve of the government's ... in educating Canadians to the value of Hansard. If Ottawa's circulation ... has done nothing else it will serve to ... citizens that there is such a volume as Hansard. It is a neatly bound printed book containing the speeches verbatim of members in the democratic ... of comments. It gives an official record of what has been said on the floor of the house ... and what hasn't been said. Candidates at election ... have a lot of fun thumbing through its pages, and ... questing some choice bit ... an opponent has ... at the legislature. This is from Hansard.

... course ... Hansard. That makes it official and there is no rebuttal that I didn't say.

We doubt whether the King's Printer at Ottawa will have to increase Hansard's press run by ... extend, in spite of present efforts to entertain the public in buying it. The cost is nominal only ... per year. But most people just aren't ... to ... reading it and frankly we don't blame them much. It could hardly be placed in the "popular reading" class. The necessary "word-by-word ... plan makes much of the reading dull ... and ... Since an estimated ... million words are uttered in a single session of the house there is far too much coverage in the printed Hansard for the ... casual reader to digest.

Whether it would be in the interests of Parliament to have all ... of speeches printed ... Hansard is something else again. It would ... doubt appeal more to the public but it ... end to destroy an authentic record of parliamentary proceedings. As the Wetaskiwin Times ... Hansard on its present form "suffers ... from many words, words, words."

All too often, this man spent a lifetime building a successful business, only to have it collapse in ruin when a partner dies. This tragedy can easily happen to your business if adequate provision is not made while all the partners are living.

There is a Crown Life Policy designed to give this needed protection. It provides the surviving partners with ready money to buy the deceased's interest. At the same time it protects the heirs of the deceased partner by ensuring payment of their fair share of the business.

Make a Crown Life Partnership Policy your business guardian today. Get in touch with a Crown Life Representative. He will be glad to go over your particular requirements with you.

Chipwell

[illegible] SHIRRELL Mrs. N. E. Shaw visited with Mrs. J. Vowers last Saturday.

The Women's Institute met on Wednesday of last week at the home of Mrs. R. Winslow. There were about 18 ladies present. Mrs. Pendergrast of Red Deer gave a talk on [illegible] work, after which a delicious lunch was served.

Miss G. Olsen and Miss A. Olsen visited at the home of Mrs. J. Vowers last week.

Mrs. C. Hauser Mrs. Norris and Mrs. J. Gale visited with Mrs. H. Henry of Clive on Wednesday of last week.

Mr. and Mrs. J. Straker and family of Bluffton were recent guests of Mrs. Carlson and Mrs. Gerhahn.

Mrs. D. Byers of Penhold spent a few days last week at the home of Mrs. Schirmer.

Rosario Hazel visited at home over the week end.

The Chipwell ladies held their [illegible] on Wednesday of last week at the home of Mrs. Anderson. There were 13 ladies present.

Visitors at the home of Mr. Weaver last Saturday evening were R. N. Shorter Mr. and Mrs. D. Burrows and family and Mr. and Mrs. T. Thacker.

Mr. and Mrs. J. Vowers and Miss A. Vowers visited at the home of Mrs. Schirmer last Sunday.

Chester Brown is in charge and he has delegated authority to about 12 men in Lacombe to see that the petitions go through the [illegible] of all ratepayers possible.

It is hoped to obtain as many as 150 names on the petition. There are about 370 property owners in Lacombe but many of them live out of town. The petitions is expected to be placed before the town council at its regular meeting.

The text of the petition is: "Whereas your petitioners are of the opinion that the construction and operation of a concrete by-pass is a very necessary and that the construction should be completed as soon as possible in the interests of the town.

"Now therefore your petitioners humbly request that a plebiscite be held to ascertain the opinion of the portion of the rate already assessed by the municipal corporation exists and the completion of the road by the Town of Lacombe, constituting in the name of debentures if necessary."

Are You Hoosing the Sky Above Your Home ?

Just off-hand you'd say "Yes that's ridiculous" but when you stop and consider it, may be you are hoosing the sky! Are your home heat bills high? Are your rooms hard to heat? Do they cool off rapidly? Then it will more than pay you to have your home "Fuller Weather Proofed" by the new and modified Temperature Conditioning.

MR. LOUIS SEASE'S
AUCTION SALE
OF PUREBRED AND REGISTERED YORKSHIRE HOGS, CATTLE
Will Be Held at His Farm 1 MILE SOUTH OF BENTLEY
Thurs., October 27
COMMENCING AT 1:00 p.m. SHARP
SELLING 50 HEAD
• 20 HEAD OF REGISTERED GILTS of exceptional quality and breeding Big Strong Gilts, ready to breed this fall
• 30 HEAD OF 1940 BOARS Of the same (Yorkshire) breeding and ready for service now
The above listed Boars and Gilts comprise an exceptional lot as regards quality and breeding and offer an excellent opportunity for the farmer who would like to lay the foundation for a herd of really good Yorkshire hogs, as well as the breeder who would like to add a few choice females to his herd.
This Herd of Purebred and Registered Yorkshire Hogs was established about 12 years ago by the purchase of a few Registered Boars from the well known herd of Mr. J. H. Henderson of Red Deer. Since that time, Mr. Sease has retained nothing but his very best females for breeding purposes, and always bought the very best boars possible to head his herd, as the following lists would indicate:
Clearview Pet, no. 256272 Bred by R. F. Carscadden and Son, Bethel, Ont.
Sharon Vik, no. 316170 Bred by Arthur Greenville, Morven, Alta
Morningdale 6-5, no. 309153 Bred by Arthur Greenville, Morven, Alta
Fall Show and Sale bred by William Carmack, Manville, Alta.
Rosey Ilik, no. 310681 Bred by Rosevern Acres, Brampton, Ont.
Show and Sale 1940, bred by H. F. Reeve Duffield, Alta
At the head of this herd at the present time, and three of at least half of the boars and gilts to be sold at this sale is
Sharon Pontiac K., no. 322222 bred by the P.E.I. Boar, CACEN VIEW DUKE 19, no. 305504, bred by E. Heath McLeod and Sons.
Every Hog offered at this sale will be sold if you bid on it
TERMS CASH NO RESERVE
Lunch will be served by Ladies of the Catholic Church of Bentley
C. F. and N. T. DAMERON, Auctioneers
Lloydminster, Sask. Lacombe, Alta.
MR. LOUIS SEASE, Owner J. STEWART FRASER, Clerk
NOTE You are very cordially invited to attend this sale, and we shall be very pleased to have you with us. Inspection invited at any time before the sale, and if for any reason you can not attend the sale in person, your mail order bids (either to Mr. Glen Wright, manager of the Blindman Valley Co-Operative Association or the Auctioneers will be honestly executed for you.

Total Abstinence is Liberty Liberation from the Chains of Alcohol.

Dinner Wedding Bells

CHORON—CUSH

The afternoon at 2.30, October 26, a pretty wedding took place when Betty, eldest daughter of Mr. and Mrs. Cush of the Tuscany City of Mayor became the bride of Kenneth Choron, eldest son of Mr. and Mrs. Jim Choron of Penn. The marriage took place in the United Church, Lacombe, with Rev. R. Hooper officiating.

The bride, given in marriage by her uncle, James Cush of Edmonton, looked charming in a gown of white satin with fingertip veil and carried a bouquet of roses. The only attendant was a girl friend, gift of the groom.

Mrs. Marie Duffy, acting as accompanist, wore a gown of pink satin and carried a bouquet to match.

Jack Cushman, brother of the bride, was best man. The groom's gift to Edmonton played the wedding music.

A reception was held in the Lacombe Hotel for 40 guests.

The bride's table was beautifully decorated and the bride's table was centered with a three-tiered wedding cake.

After a shower by friends, the couple left by car for Edmonton, Calgary, Banff and Jasper. They will make their home at Penn, where the groom is farming.

Carnival Shopping Week

There is something about Lacombe that makes it unique. Take the special event now being held in this city, for instance. Lacombe's Carnival Shopping Week is a unique event. Nowhere else in Alberta, or perhaps in Canada, is there a similar event. Lacombe has a reputation for doing things in a big way, and this week is no exception.

The Carnival Shopping Week is a big event. It is a week when the merchants of Lacombe have put on their best face and have prepared a special welcome for the shoppers from the surrounding district. The stores are all decorated and the merchants are all ready to serve you.

The Carnival Shopping Week is a big event. It is a week when the merchants of Lacombe have put on their best face and have prepared a special welcome for the shoppers from the surrounding district. The stores are all decorated and the merchants are all ready to serve you.

Youth in the Business World

IN AN interesting column, we reprint an editorial from the Edmonton Bulletin. It draws attention to a happy situation in Lacombe the many young men who are in business here.

Youth means life, and youth in a business means fresh business. They supply vitality and enthusiasm to the direction of our business. There is an attitude to get ahead there are fresh new ideas, an effort and appeal to the many customers that happen in that vast area. Not too long ago, Lacombe was considered by some to be rather a "dead" town compared to others on this line. But not now. There has been a change and the influx of youth into our daily business. It seems has been partly responsible. Just take a quick inventory of young men who run a business in Lacombe. They are found almost all on the basis of your two hands.

Youth — like only so long as it does not become over exuberant — is over enthusiastic. This is true in business and every other insect of life. There has to be a meeting of influence and that is where the old hand comes in. Lacombe is fortunate in having a wealthy residue of several generations business experience to lend and extend their ability in the past, and have the opportunity to profit by the mistakes of the advice often requested and the brakes when necessary. They're not old fogey with old ideas, but older men with a certain ability tempered by that wisdom and knowledge, which comes from the past.

Sometimes young and old have difficulty in co-ordinating their views. If there has been any sound of a clash here, we haven't heard it in the conversations. We think it should be a pattern for city and prosperous district. As The Bulletin says — a happy combination.

Good Publicity For Alberta

THE ... of Canada is paying more attention to the province of Alberta lately because of its rich oil resources. Alberta is hitting the headlines in the papers. The new oil finds are covering pages of publicity and outsiders even in the east coast are becoming curious.

The impact of the drought has as full force at the recent national weekly newspapers convention at Jasper. Invariably, conventions with workers turned also quite to a discussion about oil. What is Leduc really like? As good as "what do you call it? Turner Valley? Are the new fields proved?"

During meetings, the convention rests was only partially filled. This is usual at conventions. Delegates like to visit the old scenes and talk among themselves. The same thing was true when there were guest speakers. Points interest but temporarily small dividends.

This year President Manning's luck to speak. The unexpected happened — maybe it was to be expected but the large room was filled to capacity. Why? We would say because delegates wanted to see and to listen to Alberta's premier. From Nova Scotia Quebec Ontario, and the rest of Canada they came out of sheer interest and curiosity. And they listened with rapt attention.

This was Alberta ... and the listeners also impressed. Because of the premier and Mr. Manning don't pose as the opportunity he took for a hope. He sees From as Cold War. He sees method of upgrading and enrolment vocabulary found a receptive audience. If fellow Albertans felt the way we did at that moment they were proud to be Albertans.

Farming Notes

Foundation Stock Seed

In accordance with the regulations of the Canadian Seed Growers Association, applicants or individuals who have varieties approved by the association are required to produce foundation seed stocks of these varieties. This seed is then distributed to registered seed growers to further multiplication. It forms the basis seed stock of the approved variety and must therefore truly represent the variety.

The production of foundation stock seed of high quality and purity is an exacting task even for the plant breeder concerned with it. Seed of certain varieties of cereals, flax and alfalfa are normally cross-pollinated. Consequently it is difficult for the producer to maintain the purity of varieties of the same species. Seed blocks must be carefully roqued for off-type plants and to do this it is frequently necessary to grow large individual plots instead of small ones. Only land that is relatively free of weeds can be used. Harvesting of the crop must be done so that seed of exceptional quality will be obtained. Mechanical machines have to be cleaned before harvesting and threshing. Seed bags or containers must be thoroughly cleaned before the seed is passed through it.

Foundation stock seed production is an expensive and painstaking task. For this reason it is necessary to limit production to the minimum amount in order that the essential needs of the registered seed growers. The cost of producing foundation stock seed is ordinarily high and cannot be recovered from the grower. The producer can only be repaid by the increased yield and purity he will eventually secure to the farmers from the foundation stock seed growers.

Livestock Marketings on Increase

In reviewing the livestock situation in the Current Review of Agricultural Conditions in Canada, a publication of the dominion department of agriculture in a report that marketings of cattle as well as exports of cattle continue to be high in 1949 than during the comparable periods of 1948. The resulting smaller supplies of beef on the domestic market together with smaller supplies of other meats, and continued high levels of consumers incomes has meant strong prices for cattle.

Imported slaughtering of cattle have, for the first seven months of 1949 totalled 129,734 compared with 42 million during the seven-month period in 1948.

Total hog marketings in Canada during the January-July 1949 period have declined materially from 1948 levels. In Western Canada the reduced marketings, which characterized the hog markets early in the year have continued to be evident. Canada, on the other hand, steadily slaughtering began early in July to exceed those of comparable months in 1948.

Exports of cured pork products to all countries amounted to 23.5 million pounds in January-July period of 1949. In 1948 the quantity was 73.7 million pounds for the same period.

Reflections of the Times

Encouraging Young People of Lacombe

Here at a healthy situation developing at Lacombe.

There, at a quick count, there are something like 20 young men in business.

It augurs well for the town's future.

It is a tribute to the ability of the country townspeople.

It is an encouraging picture at times days when there is so much talk of young Canada seeking the so-called big country in the United States, and of our young people leaving the country for "big cities."

In these days when many talk of greener pastures further afield, Lacombe can call back and know its future is in good hands.

But with so many people joining their rays with the experience of the older people a happy combination and a good team. It is unlikely Lacombe will be inclined to do that.

— The Edmonton Bulletin.

From The Files of The Lacombe Globe

Five Years Ago

One hundred and ten purebred female cattle brought a total of $13,760 at a sale held on the central Alberta pavilion.

Mr. and Mrs. John Hunt of Lacombe received word that their son, F/O Leonard Hunt, completed 32 flights over Germany and enemy occupied territory.

A two birthday party was held at home of Mrs. H. C. Lansdell and Mrs. Laura Sauer, at the home of Mrs. Lansdell of Bentley.

Ten Years Ago

At a banquet sponsored by the board of trade in Lacombe Max Freedman of the Edmonton Bulletin editorial staff gave a short informative address to the ... Board.

Mrs. J. Sproule was elected president of the local Red Cross branch at Bentley at an ... meeting.

Thomas Henderson of Lacombe was Canada's first entry for the 1939 International Livestock Exposition, to be held in Chicago.

Sam Henderson Gets Top Price at Calgary Stock Show

Sam Henderson, well known district stockman, was in town on Monday and the top price of $4.700 for Angus was at the Calgary fall fair which opened on Saturday. [illegible] at $4.300 each was purchased by Cattle Auction Ltd. The prize steer shown $1.000 and the new owner is offering further [illegible] Mr. Henderson [illegible] Calgary.

Fenelon

PLEASANT Sunday after-noon, neighbors and friends of Mr. and Mrs. Earl Graham called on them at their new home at Lacombe during the afternoon. Mrs. J. S. Ellsworth, on behalf of the gathering presented Mr. and Mrs. Graham with a new light from the Fenelon community and a cream and sugar set from the Fenelon Ladies' Aid. A sumptuous lunch was enjoyed.

Mr. and Mrs. Hoggett motored to the Stirling ball players at a cheese dinner last Thursday.

Mr. Peggy Lloyd, who spent last Summer in Calgary, is at her parents' home at present. At present she is visiting her mother and brother-in-law Mr. and Mrs. H. Pohnham of Bentley.

C. A. Moore took delivery of a new Leader Packer last week. Dale McGowan took his old one.

Morton and Frank Schmeiser and Miss Annie Schmeiser motored to Calgary last Sunday.

Miss Edna Morris has accepted a position as matron at Lund's store in Lacombe, while Miss Alma Sikora has gone to work in the Olds agricultural college.

Mr. McNeil left Saturday for Trail, B.C. where he will remain for some time.

Mrs. Fern Passmore

Mrs. Passmore for Calgary, Penner in that district are Mrs. Graham, Phil Matthews and Sam Passmore. They brings the total number of members in the Penner branch to thirty.

The Hamlin boys, James Charles and Robert from Calgary visited their parents Mr. and Mrs. Tom Hamlin last week end. While home, they attended the surprise party for their parents. Mr. and Mrs. C. G. Gee here on Sunday. Sunday afternoon.

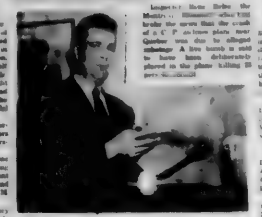
Carl Manning, who was build ing a log house for Harry Ellsworth was stricken with rheumatic fever and was taken to the Ponoka hospital.

Ray Gobeon spent several days last week in southern Alberta seeing some cattle and purchasing and hauling his own accompanied by Mr. Whitesell of Bentley.

Dean Baggett is attending the Olds agricultural college this winter.

Mr. and Mrs. Wm. Noggett, who went to live at Pershaw have sold out at B.C. and bought a hotel in North Portal, Sask.

Mountie "Books" Airline Case



Inspector Ross Rebbe the Mounties, Edmonton office Vancouver where he will be [illegible] of the case that the crash of a T [illegible] planes piloted by pilot Hans C. Christensen [illegible] A few hours is said to have been discovered by the plane killing 19 persons.

Cow Insurance in Township

Farmers in Lacombe Municipality May Receive Some P.F. Assistance

For the first time in the history of the Lacombe municipality, an application of crops is being made to see which farmers qualify for private farm assistance.

The M.D. of Lacombe council requested that this action be taken, after it became apparent that there were many poor crops in the area due to an adverse growing season. There was a careful during the growing season up to mid-July, and many farmers towards the end of August were hailed out.

Farmers in some townships qualified for P.F.A. grants a few years ago in the west part of the municipality because they were hailed out, but there has been no widespread assistance given to this municipality in its history.

In townships where the average wheat production is four bushels to the acre or less, the farmer receives $2.50 an acre to a maximum of $600. Where the average yield is more than four but less than eight, the per acre payment is $1.50 to a maximum of $360 per farm.

The P.F.A. scheme was inaugurated in 1939. In compensation farmers who had "hard luck" Grants are sufficient to at least allow the farmer to buy seed for another try the next year.

To see which farmers qualify for consideration in this area, an inspection of the M.D. is now being carried out.

Stewart Chapman

Stewart Chapman hands the work here, and he has able assistants in C. L. Gordon, overseer for the Canadian Bank of Commerce Mr. Bob Gobeon, the other M.D. of the territory in townships 39-40-41 ranging 1, 2 and 3 and Eddie Evans, working for Mr. Gobeon. Mr. Gobeon and Mr. Chapman is covering a territory from Jaffray to Morningside.

It will be at least three weeks yet before the inspection is completed Mr. Chapman says that it looks as though certain townships in this municipality will qualify for grants. This is particularly true in the east and west extremities of the M.D.

All reports are turned in to J. H. Irving, the P.F.A. supervisor in charge at Lethbridge.

For those farmers who are in the "hard luck" district, a first payment is made in December, and a final payment next spring.

The method of inspection, however, in any one township is to do "spot checks" first to eight farms in various sections of the township are picked at random and an accurate count is taken on the yields a farmer has obtained on his crop during the summer

All the information is compiled, and sent to Lethbridge for checking.

A similar inspection is being carried out in the Ponoka municipality. Five individuals are there in the Pon-Ac M.D now. The work comes under the supervision of Mr. Chapman here.

Woody Nook

WOODY NOOK. The Woody Nook [illegible] were [illegible] meeting of the home of Mrs. D. Pass. [illegible] Nook meeting at all the home of Mrs. J. Hogg, on Friday, with lunch a quilt. All members are requested to be present as [illegible] as possible.

Ollie Watkins has spent the last two weeks [illegible] Mrs. Watkins at Edmonton and Mrs. Watkins is expected home this week-end with [illegible] Mrs. Ted Bateman of Bow West [illegible] visiting Mr. Bateman Mrs. Fletcher of Lancaster and Mrs. Jenkins of Woody Nook for two weeks.

Mr. and Mrs. H. Hunnis, Mr. and Mrs. J. Hunnis, Mr. and Mrs. Albert Swanson and Bobby Gothersich did corn [illegible] Gothersich's last week. [illegible] for a few days last week. There are plenty of geese but managed to get only one. The had better success with ducks and other [illegible]

Mrs. R. Sargent and children of Myrtle have been visiting with her parents, Mr. and Mrs. J. Hall for the last week.

Miss Joyce Dumont fell and twisted her arm about 10 days ago, cracking it where it was broken before. It is coming along [illegible]

Mr. and Mrs. Sathoker left for a trip south last week.

Mr. and Mrs. J. L. Hunnis, Mr. and Mrs. Max Hunnis and Mr. and Saturday at Edmonton. Mrs. McVitty stayed with the Hunnis children till they returned.

Miss Mary Hall visited Calgary friends and Miss Verna Nook and Martin Kinley were Sunday visitors at the R. Saunders home.

Miss Hazel Saunders spent the week-end at Leslie.

Miss Gothersich something [illegible] the phone? He thinks

Mr. and Mrs. Ben Ratsworth in the Red Deer hospital, a daughter

Junior Beef Club Have Organizes at Meeting Last Friday

A re-organization meeting of the Lacombe junior beef club was held in the hoop barn Friday night.

There was not a large attendance and only 10 members enrolled. This is a disappointing number to date, but it is expected a few more will attend before the year is far advanced. There were 14 members in club.

The election of officers returned Donald Cole as president for the new year Dennis Lee of Clive as vice-president and Robert Jones, secretary-treasurer.

Elmer and Jean Clemens, the club president and secretary of the club, spoke briefly on the opportunities they had recently received from members but year The term handled the work very efficiently during '49.

Another meeting will be held on Friday, November 25, at 7:30 p.m. in the town hall room. The club is planning some entertainment, a debate with the Alliance and magazine sales captain-ed by Grant Knowerdge and Dean Clemens.

The choice of subject should certainly prove interesting. Resolved that comic books are more educational than a hole novel."

Spruceville

SPRUCEVILLE. We extend our sympathy to Mr. and Mrs. J. Hutchison and family in the loss of Mrs. Hutchison's father, Mr. McNaughton who passed away in the Lacombe hospital on Sunday morning after a lingering illness.

Mr. and Mrs. C. C. Barton were visitors to Ponoka on Thursday and Friday.

Mr. and Mrs. Wm. Parker, Mr. and Mrs. O. E. Young and Mr. and Mrs. Fleshman were supper guests of Mr. and Mrs. Nelson Bell on Thursday evening.

Mrs. Irvin Gottschlich, Deanne and Merrill spent Friday and Saturday in Edmonton.

Lawrence Proudfoot of Edmonton was a visitor with his parents over the week end

Nebraska

NEBRASKA Mrs. Ellen Christensen, our hostess at Mrs. Smith has been moved to a school near Wetaskiwin Mrs. Smith is now in Calgary staying at Nebraska.

Mrs. Stan Ferguson entertained on Sunday at Miss Tessie Tinnings on a surprise party on her 21st birthday. Prizes afternoon Mrs. C. C. Morris presented the with a purse of money on behalf of the gathering for which she suitably replied.

Mrs. Faye Harrington of Vancouver has been a recent guest of Mr. and Mrs. L. Sim.

Mr. and Mrs. Leonard of the Wyoming district were supper guests of Mr. and Mrs. A. Parsons Friday evening.

All the school has been furnished in the district but some outside ing is yet to be done.

Mr. and Mrs. Ben Smith have moved into the town hall room. The club is planning some entertainment, a debate with the Alliance and magazine sales captain-ed by Grant Knowerdge and Dean Clemens.

Jail Sentence Given to Youth On Forgery Count

A forged cheque in the amount of $18.00 was cashed at a Lacombe store last week.

Local police arrested Emerson Wright, a Saskatchewan youth, who has been working in town for the past few months. He was charged on two charges forgery and uttering.

He was turned over to the R C M P. and at the trial was sentenced to 30 hours in jail, and $18.00 fine and costs to each charge, the charges to run concurrently.

Accused named the name of Francis Barber a district lineman for whom he was working when he forged the cheque

Lakeside - Canyon News

LAKESIDE—CANYON Mr. and Mrs. J. Henderson were Edmonton visitors on Thursday and Friday.

Mr. and Mrs. A. Elmer were pleasantly surprised on Tuesday of last week when the home school near Mr. Wilkie Perry and Mr. Perry of Summerville. Both visited with them were Tuesday and the Elmer home for a surprise party in honor of Mr. and Mrs. A. Parker's Sunday guests of Mr. and Mrs. J. Upham.

Mr. and Mrs. J. Hutchinson and family of Sparrowville dance set were Sunday visitors of the R. Hutchinson home

Miss Alice Cull of Wetaskiwin is visiting at the home of Mr. and Mrs. Gordon Cull, Mrs. Cull and Lorraine.

FABRIFAIR Ltd. and Mrs. Betty Tassel and family left for Victoria, B.C., on morning of the death of Mrs. Jessie's father. Mr. U. Rees. The sympathy of the district is extended to the sad bereaved.

The tea and bazaar held at the Church Hall last Saturday was well attended.

The ball will be held on Thursday, November 3, at the home of Mrs. O. Fewer.

Church service will be held at the home on Sunday, Oct. 30 by Rev. H. Hamilton with all the usual.

It takes only one sentence to bring tragedy to many lives. It takes a steady drive carefully. If you drive, don't drink. If you drink, don't drive.

WHI Held a Social For Him In January, 1950

Lacombe is having a social for Mr. [illegible]. This date was definitely set for [illegible] October 30, 1950, at a meeting of the agricultural society in the district at 8 p.m. after which coffee will be served.

The tea and bazaar held at the Church Hall last Saturday was well attended.

The ball will be held on Thursday, November 3, at the home of Mrs. O. Fewer.

Church service will be held at the home on Sunday, Oct. 30 by Rev. H. Hamilton with all the usual.

It takes only one sentence to bring tragedy to many lives. It takes a steady drive carefully. If you drive, don't drink. If you drink, don't drive.

Party at Church Hall

To Sponsor Organized Canvass Party For Children on Hallowe'en Night

Hallowe'en is the most relished children that year will again take the form of an organized canvass, to be followed by a party at the Church Hall.

Although there is no home and school association for the new year the Hallowe'en night social Monday evening, at the town hall has been cancelled. They will be divided into groups to cover all sections of Lacombe.

Residents are asked to drop coins in the slot of sealed bottles provided this which the groups will carry around. They are requested not to give the money.

Morningside

MORNINGSIDE The month of meeting at the good shoot which was held at the home of Mrs. Frank VanHouten, with Mrs. J. W. Carter and Mrs. H. Trumpour as assistant hostesses. A [illegible] and a social time was enjoyed by all present.

Mr. and Mrs. Ed. Rich of Medicine Hat visited recently with their daughter Mr. and Mrs. Lorne Brown and [illegible].

Mr. and Mrs. O. W. Boon and family of Lea spent a few days at Morningside.

J. Russell returned on Monday from Ontario, and is spending a few days at Edmonton.

A Schubert of Edmonton has been visiting with Mrs. Ed. Schubert for a few days.

Visitors at the home of Mrs. J. F. Long are her mother Mrs. Ada Long and sisters Miss Lois and Mrs. Thompson of Edmonton.

Bashaw

BASHAW The Calgary based society that at the basis of Mrs. Harry Dunsmore on [illegible] 12, with 16 members present. Roll call was answered with something to be thankful for. It was decided that all members should donate an apron at the November meeting and finish all pieces, if possible and send them in at the meeting.

It was decided to hold a sale and tea in the near future. The date will be decided upon later. The Red Cross drive, donation by Mrs. Duckworth, was won by Mrs. B. Carlyle Peacock amounting to $5.00. Lunch was served by the hostess and Mrs. Howard Long and Mrs. C. Weston.

Next meeting will be held at the home of Mrs. C. A. Miller in the November 9.

Joe Meller went to Wetaskiwin last week.

Kathleen Miller of Edmonton was home on Sunday.

Harold and Gordon Miller were Edmonton visitors last week end.

Clint Bagnall, who was badly shrunk here, has returned to his home near Stratford. Ontario.

CANADA PRODUCES SOME OF THE WORLD'S FINEST APPLES

When choosing apples for eating or cooking, you look for fine flavour and fine texture—qualities for which Canadian apples are famous. Canada's long growing season and fertile soil produce many varieties of apples for the world's enjoyment.

Why Seagram's sells Canada first

This is an adaptation of one of a series of advertisements designed by The House of Seagram to promote the prestige of Canada and help sell Canadian products to the markets of the world.

The campaign is appearing in magazines and newspapers published in various languages and circulated throughout the world. The people of many lands are told about the high quality of Canadian products and see Canadian scenes illustrating those products.

The advertisements are in keeping with the belief of The House of Seagram that the future of each business enterprise in Canada is inextricably bound up in the future of Canada itself; and that it is in the interest of every Canadian manufacturer to help the sale of all Canadian products in foreign markets.

• • •

A campaign such as this not only helps Canadian industries but also puts money in the pocket of every Canadian citizen. One dollar of every three we earn comes to us as a result of foreign trade. The more we sell abroad the more prosperous we will be at home. It is with this objective that these advertisements are being produced and published throughout the world.

The House of Seagram

Achievement Day Held at Alix Last Week

Geoffrey Purfey Named Winner Of Alix Junior Grain Club Award

It has been announced that Geoffrey Purfey has been named winner of the Alix Junior Grain club for this year.

The award is made annually to the junior member of the club showing outstanding ability and willingness to work on club activities. Geoffrey will receive a free trip to Olds this coming summer.

The annual achievement day of the Alix junior barley club took place at the U.F.A. hall in Alix on Wednesday of last week.

One of the disappointing features of the event was the small number who showed exhibits. Only eight of the 16 club members prepared showings of their grain samples.

One of the reasons for this was the poor crop year. A couple of the parents said plots were badly cut, and ploughed up instead of threshed.

Mush McPhail, district agricultural rep. for Olds, did the judging. He spoke highly of the samples of seed which were exhibited and particularly recommended the work of Geoffrey and Gerald Purfey of Alix, who had to hand-thresh their grain.

Winners in order of award were James MacLaren of Alix 75 points, Geoffrey and Gerald Purfey tied, with 70 points. Charles Sloate of Alix Jack Bop got of Tees, Donald Barclay of Tees, Douglas Ness of Mayer William Ness of Mayer.

After the part of the achievement day all the members had a delicious supper. Local district agriculturist Lloyd Rasmussen thanked they did much better than last year.

The competition consisted mainly of judging different samples of wheat, oats and barley, and identifying brome seed. Jack Bingley received 97 points, and Geoffrey Purfey was second with 93.

It is planned to have a reorganization meeting of the club in Rumsden Ali that time, plans will be discussed on whether to continue with a barley club, or go back to wheat. Arrangements will be made to obtain seed at an early date.

Eric Jamieson of Alix is the club leader. Directors are D. Bingley of Tees, G. Sabeon of Alix, R. Bennett of Mayer, and Eric Cormack of Alix.

Last Thursday in Community Hall

Clive Junior Grain Clubs Hold Big Achievement Day, Seed Fair

Two junior grain clubs at Clive, the oat club and forage club, held their annual achievement days and seed fair at the community hall in Clive last Thursday.

The usual events, competitions and judging were held, with prizes awarded to the winners, with 100 points required for honorary distinction and 90 points for merit.

First prize for a pure cultivar of brown oats was presented to Archie Orr, 91 points, second to Leonard Orr, 88 points, and third to Lawrence Wagner, 85, not barely. Judge Wilson reports there are 15 members in the club.

Lawrence Wagner won the forage club cultivar, Hugh McPhail, district agriculturist of Olds, was judge, and he paid tribute to the members on their showing of work. While the quality of cultivar was not as high as desired, this could be attributed to the season, dry growing season.

A. J. Bancroft, co-operator with the United Grain Growers supervising club organizations, spoke briefly.

District agriculturist Lloyd Hutchinson conducted the meeting as grain judging and cultivar had a discussion on judging. The same splendid results Gerald Cole obtaining 99 points, Leonard Orr 98, Lawrence Wagner and Ronald Cole 97 each, and all other members showing high standard.

R. P. Wagner, club leader, presented prizes to those responsible for these proficiency work (Miss Ida Cole, Dorene Orme, and Steve Abernethy).

He then presented the prize seed, Ronald Cole, with a second prize. A history of the club, right from its inception, will be published in a pamphlet, written by pupils.

Mrs. Hal Abernethy and ladies of the Clive community furnished a delicious luncheon. Some of the ingredients contributed to round the lunch.

Will Set Up Guidance Clinic For Children Nov. 17

A children's guidance clinic will be set up at the Lacombe school dressing office for one day on November 17, it was decided at the month's meeting of the school board.

The board will be held to interview a few "maladjusted" children, finalized in this broad term are children who do not appear to be making satisfactory progress in school, children who may show psychological disturbances, etc.

Dr R. E. MacLean of Ponoka will conduct the clinic for the single day here. It is hoped that he may be able to offer some practical suggestions to the parents of problem children.

Three others are more common in the cities, but this is the first time such a venture has been tried in Lacombe. If it proves successful, there may be more or them in the future.

New Honors Come to Clive's Junior Grain Club

For the fourth successive year and this is a record — the Clive junior grain club has the highest average of any corn club in the province.

The award is given annually to the club whose members come in the highest marks for their work in any one year.

In 1945, the Clive juniors won the trophy for the third straight time, and on released government of the cup. This year a new cup was presented to them.

It seems Clive has a winning hold and some sort of jinx on the award, which is made annually

Get-Together Club Meets Near Bentley For Month October

The get-together club for the month of October held its meeting at the home of Mrs. Reg Stone Baker the president and vice-president both absent. Mrs. Loren Craig very capably filled the vacant chair.

The general routine was transacted, and 13 members answered the roll call.

Several Bentley ladies were in attendance, Mrs. Lois Thorpe, Mrs. W. Thorpe, Mrs. W. Wilmot, Mrs. Dutton, Sr., and Mrs. Bud Dunavan from Turner Valley

A motion was carried that the prize of the 'Big Batter' Churn was exchange be set at $1.50. The raffle netted $4.00 and Mrs. Jack Roe held the lucky number. A delicious lunch was served.

November meeting will be held at the home of Mrs. George Sproule

Lincoln-West Branch

The ladies of the Lincoln community circle held a basket social and chicken supper and dance at Lincoln hall on Friday night. Approximately $200 in those who helped make it a success.

Mr. and Mrs. George Boehm of Medicine Hat are visiting with Mr. and Mrs. F. Simmonds.

Mrs. J. L. Craigen was a visitor during the week end at the Moore home.

Mr. and Mrs. E. R. Whatmough and Linda Mary were supper guests on Sunday with Mr. and Mrs. Roy Burton.

We are pleased to hear Mrs. Ab Saunders has returned home from the hospital.

Mr. and Mrs. C. G. Morehouse and Ann and Mrs. N. Morehouse [illegible] Mrs. Minnie at Red Deer.

We are sorry to hear that Mrs. Bill Bass is very ill in the hospital.

The Lincoln community circle will hold the next meeting on Wednesday, November 2 at the home of Mrs. Roy Burton. Lunch committee Mrs. Boehm, Mrs. C. G. Morehouse and Mrs. J. Braithwaite and Mrs. N. Morehouse.

Sympathy of the district is extended to Mrs. Wm. McNaughton and family on the death of Mr. McNaughton on Sunday.

Mr. and Mrs. Orville Saunders and Bobbie spent Sunday with Mr. and Mrs. R. B. Dent.

Use Chemical Spray Seed Lessens
Chock Weeds Alongside M. D. Road Allowances

Now that the summer, growing season has come to an end, it is a little easier to assess some of the results of the Lacombe agricultural service board's program on checking weed growth along the municipality's road allowances.

Chairman of the board is A. K. Freeman, with board members James Docherty, A. B. Chaswell, D. R. Carlyle, Lloyd Rasmussen and Jim Sebastian.

The board's view is just the it is a last cause his farmers to keep their own fields compara twenty free from weeds, if the road allowances are filled with weeds which can easily spread and contaminate [illegible]

This year, the work was approached on three channels: 1 application of a chemical mixture to kill hoed thus, 2 spraying small amount of 2-4-D 3 mowing the roadside with [illegible]

Field supervisor Jim Sebastian told that hoed flax is becoming a big problem in the municipality. The only known chemical which can effectively check it is sodium chlorate but it is very expensive and time-consuming.

Tend Flax Killer?

For this reason, the service board has embarked on an experimental mixture which was applied in the Mirror area in the hopes that it would kill hoed flax.

The mixture (consisting of 4 elements, 2,4-D, [illegible] a brilliant and dissel fuel) was sprayed along a four-mile stretch of road north of Mirror on both sides of the road.

The cost, of course, of chemicals used, would have been a couple of hundred dollars. The mixture cost about $20.00 aside from the labor involved.

Results are inconclusive, but it has been noted that the hoed flax blossom was killed. Whether the plant itself will die cannot be determined before next spring, because the work was not done until [illegible]

Roadside Seeding

Another method of controlling weed growth at ditches is to plant [illegible] legumes which will [illegible]

This year, the municipality did a considerable amount of grass seeding along 60 miles of road ends. This was exclusive of [illegible] It must be done at [illegible] the provincial government [illegible]

Work was done alongside new roads Lacombe to Bentley, Bentley to Sylvan Lake Rimbey to Bluffton, Lacombe to Red Deer and Lacombe to Morningside

There were very good results on the road leading into Bentley, from Lacombe. The Knights (father and son) got a particularly good catch because they took precautions before-hand like sloping off the ditch, working it up and moving the sods from the ditch onto the farm property.

Jim Sebastian states that weeds in allowances still show a need for improvement. Estimated cost of spraying and seeding operations this year total about $400 on

Living Up With Medicine Hat Tigers This Winter

DON RAY

KEITH LEIER

BOBBY HOLMES

Three more more hockey stars to win help to edge the Lacombe juveniles a championship this two years ago, will be aiming Medicine Hat's colors on pathway this winter. Don Ray, a rugged defenseman who tips the pucks in around 200 pounds with the Tigers last year and the experience he gained will be an invaluable asset to coach Norm Laird right wing, native Stars

a speed to make up for his light weight. Bobby played on a line with Don Pramel and Dick Mc-worth in his juvenile days here. Bobby Holmes is a shifty centre, who, like Ray has the benefit of one year's experience with the Medicine Hat Tigers. He hails from Red Deer. Joe Talbot is the Medicine Hat coach, and he expects great things from the team this year. Lacombe fans will be

Grand weather
...for making aluminum!

RAIN! It may sound strange, but it's a fact: Every thing you see made of aluminum was made with raindrops — even the last for which you money to escape the rain!

It's like this: Rain falls on high land in our north country. It runs down as rivulets and creeks. It becomes tumbling rivers. By trapping it behind dams, and guiding it through powerhouses, Alcan develops electricity — and uses it to make aluminum.

Making aluminum eats up vast quantities of electricity. Enough goes into making a single ton to light your house for fifteen years!

Today Alcan is prospecting for still more waterpower because Canada needs more aluminum for use at home and to sell abroad.

$81,900 in August and September

Value of Building Permits Here Quarter Million in Nine Months

Building permits issued in our town since the beginning of August, September and early October were large enough to boost the $111,700 in building permits issued up to August 1st total to well past the quarter million mark. Most of the building permits which did not begin at the start of August were private dwellings two issued at unnamed but sites on city four permits were issued and six for garages.

Most expensive building under construction is the new Roman Catholic Church on 1st Street, with a building permit issued to Oswald H. Hallock as the contractor for the job.

New public buildings have been authorized by both the town council and the municipal district of Lacombe counties. The town of Lacombe has had a new fire hall erected at a cost of $6,000. The hall is said to be town offices on the second floor. The 30 x 40 building, a shop room erected some the meeting room. It is to be used by the municipal district of Lacombe county counties. L. H. Brown & Son have the contracting contract.

Here are the authorized permits issued at the town office during August, September and first part of October:

Walter Bailey	apartment garage	$ 600
Jack Beattie	new dwelling	5,000
Arnold Braun	family laundry and	600
M. D. of Lacombe	concrete well shop	5,000
Frederick Brown	new porch for house	200
Mrs. H. E. Todd	additions to dwelling	1,000
Town of Lacombe	new fire hall	6,000
Grainger & Sons	dwelling	1,000
Allen E. Hite	commercial shop	10,000
Allen E. Hite	dwelling	5,000
L. Getty	dwelling	7,000
Roman Catholic Church	new church	20,000
M. H. Magee	repair dwelling	200
E. T. Cote	repairs dwelling	200
A. E. Raley	concrete garage	600
Imperial Lumber Co.	concrete foundation shed	1,000
A & A Tire Service	construct small warehouse	200
Norman Dawson	additions to dwelling	200
John Gregson	store front	200
T. H. Pepper	new roof on dwelling	200
Fred Mel Fox	new roof on dwelling	200
James Lamb	new dwelling	5,000
TOTAL		$ 61,200
GRAND TOTAL		$000 000

Offer Agriculture Course at School For First Time

This year, for the first time in the history of the Lacombe school, students are being offered a course in agriculture.

Instructor is a man well known in Lacombe district, Ernest Lee Nordeen, and 12 students from the Lacombe school are taking advantage of the opportunity in 1949-1950.

They are Robert Gilbert Tomm, Mathewson, David Sauvalle Charles Taylor, Doug Lambert, Ken Hilsabeck, Tommy Lund, Harry Van Rensenvaagh, Ken Davies, Don Nordeen, Mervin Miller and Ken Taylor. The students are undoubtedly starting with the 1st class course.

Mr. Nordeen is a graduate of the Olds agricultural college and has been engaged in farming in the Lacombe district for many years.

There will be several short lectures given by Dr. Reuben E. E. Hamm, president of Canadian Union College, Lacombe school principal A. B. Pattrick, and Edward Division supervisors each at Mr. McCulloch.

There must a hardware prospect in town for cheap and substantial purposes, and inclined to several hardware on what to look for. Don't need four types easily.

There will be several short lectures given by Dr. Reuben E. E. Hamm, president of Canadian Union College, Lacombe school principal A. B. Pattrick, and Edward Division supervisors each at Mr. McCulloch.

Common Sense, Above All Else, Necessary in Interests of Safety

Head "Ten Commandments" During Shooting Season This Fall

No. 1—"Treat every gun with the respect due a loaded gun. She is the smallest mule of gun safety."

Rural observance of this rule is probably the most important one against gun accidents. All ways assume your gun is loaded, and handle it carefully.

No. 2—"Carry only empty guns, actions open, from your automobile, store and home."

This commandment offers a safeguard against discharges in the car due to jolting or to accidental trigger pressure. Also either while riding or while removing the gun or ammunition placed with the gun from the car. It prevents discharges in camps or home as a result of falling, accidental trigger contact or possible hostilities by children. Even unloaded guns should be kept out of reach of children.

No. 3—"Never point a gun at anything you do not want to shoot."

Almost having your gun shot at you can remind the shooter with the ground or with the shots at targets to make sure the muzzle has not become plugged, and also that the muzzle is pointed in the safest direction. Never shoot through the barrel from the breech end. If it is necessary to have a gun repaired, have this done. It's time well spent. The same should always be suspected before loading to see that no cartridge of a smaller gauge or caliber than the gun calls for has been placed in the chamber by mistake. Shot in the wrong object has worked its way into the barrel from the chamber. Have gun cleaned so that the barrel is free of obstructions.

No. 4—"Never shoot at a target unless you can identify it."

Be sure you see the object and know what it is before you shoot. Many a fatal error has been made by shooting at a sound or movement. Be sure of your target before you pull the trigger.

No. 5—"Never climb a tree or fence with a loaded gun."

The person preparing to climb a fence is to lower the gun through the fence first, letting it fall on the ground with the safety on, and then climb over, and pick it up. Many cases of pointing a gun at a companion in jest have resulted in fatalities. Don't point a gun at anyone, even if you are putting it through fun. Some while it is empty of ... and when ... up. Never shoot a ... at a ... or ... to pull ... from a ... the rail.

No. 6—"Never shoot at a flat, hard surface or the surface of water."

Shots often ricochet from ... glance off at ... lower ... water surfaces and may travel ... miles before striking ... Shots ... against ... surfaces ... out of the ... A rifle ... effective ... range than shotgun pellets ... people ... attempt ... to ... when ... is ...

No. 7—"Be sure you are right before you shoot."

Be sure of your target and what is beyond it. Be sure of the identity of persons in the line of fire. Be sure of the direction of ricochets. Be sure of the range. Be sure of the game laws and regulations governing the season, bag limit, sex, species, etc.

No. 8—"Do not mix gunpowder and alcohol."

A gun, like an automobile, should be manipulated only by a person in full control of his faculties. The careful shooter never takes a drink until after his day's shooting is over. He does not resume shooting after he has been drinking.

Remember: accidents are caused by ... don't just happen. They ... result of ... ments of safety are ... sults, easy to follow. Observe them and insist upon those who surround you with ... precautions, and you can enjoy one of Canada's finest sports with out fear of mishap.

Estimate 1,600 Acres Sprayed This Summer

Farmers in the M. D. of Lacombe Purchase 2,4-D to Check Weeds

... a farmer in the Red Deer ... was little weed growth, and what ... was easily controlled. Farmers ... on the chemical since the spraying season. Quite a few ... spraying with their own outfits ... of the farmers who did not spray ... reported satisfactory results. Scattered ... were encountered ... quarter were the main offenders ... and new thistle in the ... pasture. These were ... reports of any grass damage caused by the applications.

The cost of the chemical (sold ... the form of butyl ester) was $2.00 per gallon.

Lower-ester spraying is ... to control ... one gallon of chemical ... is sufficient to spray between ... acre. Jobs have been done at least ... This is dependent on the type of ... weed involved, and the strength of the weed supplied.

Many farmers purchased ... total of 300 gallons of ester during the 1949 crop year. It can be safely estimated that at least 1,600 acres of land were sprayed with 2,4-D in the municipality, to the interests of weed control.

The same service is ... and will probably be offered to the farmers next year by the agricultural service board.

The Smooth Dodge Ride starts with the

Dodge CHASSIS . . .

a part of

Dodge Dependability

•

DRIVE A NEW DODGE and one of the first things you'll notice is its riding smoothness. It's something more than the result of luxurious upholstery and "knee-level" seating comfort — it starts with the chassis.

On the right are described some of the outstanding chassis features which combine road bumps ... absorb shock and sway ... eliminate vibration ... to help bring you this smooth Dodge ride. In addition, the Dodge chassis has the sturdiness which assures you long, trouble-free life — famous as Dodge Dependability.

That's just part of the extra value which makes your Dodge dollar a bigger dollar.

Take a look at what Dodge gives you in beauty, smartness and performance! There's extra head and leg room, front and back ... flashing performance of the powerful Dodge engine ... extra smartness of Floal Drive on Custom models ... and many other outstanding comfort, safety and performance features.

Let your Dodge dealer tell you why you'll drive more economically with Dodge . . . and how your dollars will go farther.

RUBBER INSULATION is a substantial contributor to the Luxury Dodge Chassis Ride. There are only the finest rubbers ... at all points of contact between the body and chassis in addition rubber load bumpers on the springs eliminate metal-to-metal spring contact even under the most severe road conditions.

TORQUE ABSORBING ... type springs are mounted on the rear axle to counteract the sway. Dodge airplane type double ... shock absorbers front and rear ... ride control and anti-pitching ... on the smooth Dodge ride. In addition, the Dodge chassis has the suspension which assures you long, trouble-free life — famous as Dodge Dependability.

INDEPENDENT FRONT WHEEL SUSPENSION allows each front wheel literally to "step over" obstruction without transmitting the jar to the body. These independent coil springs are of length. Also ...

FRAME CONSTRUCTION is box-type of double-channel ... of to give great stability, safety and long life. Front and rear bumpers are attached to the frame, the front bumper having a reinforcement plate for greater strength.

BALANCED WEIGHT DISTRIBUTION is an important factor in the smooth Dodge ride. The Dodge engine is located over the front axle and the rear seat is ahead of the rear wheels. The result is a car which holds the road and handles safely and easily. All passengers are cradled between the front and rear wheels where the ride is smoothest.

Six Queen Candidates Vie For Support

Lacombe Lions Carnival Thursday, Friday, Saturday

Most of the queen carnival ballots have been sold and the race is shaping up for awarding the three days of fun at the annual Lacombe Lions carnival tonight tomorrow night and Saturday. Doors of the pavilion will open each evening at 8:00, and the program for the nights has been planned to start large crowds. Performances will be staged at 8:30, 9:30 and 10:30 each evening. Lions of darts, games and other booths, over-and-under rings, and at the end of the carnival here the pop stand will supply the "milk."

And for those who have had their fill of carnival games, there will be the pavilion where the... under wave of dancing feet.

On Friday night the presentation will swing down the aisle and lions have no doubt as to the new queen will be a still very questionable.

Six of Them

At Clive, there can not of to be [illegible] Lacombe [illegible] the district in support of its [illegible] candidate Nellie Joslin.

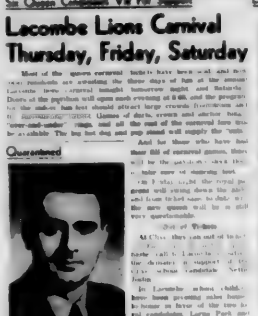
In Lacombe, as has [illegible] been growing miles hour to hour as the time to the end approaches. Lorna Park and Mrs. Weldon.

March the same story has been reported by rooters Tom Wilke and of glowsticks meets anything Miss Worship will likely steal a big lead by the accompaniment of the crowd's roar.

Runner-up in the queen candidate contest will be the queen's ladies-in-waiting.

On Saturday night, there will be a draw, and the holder of the winning ticket number automatically. Prize is a musical radio.

Harvey Allen and Scotty Harris are in charge of the event and three immediate assistants are Merv Jagon and Ken Cross.



Guaranteed

A. R. PATRICK

[illegible] principal in Lacombe who has been placed on guarantee for one week, as a result of an outbreak of scarlet fever in the family. The youngest Patrick boy Grant, age 5½ years, contracted [illegible] fever last Monday morning and is the fifth case to be reported within the past three weeks. The [illegible] was closed for four days two weeks ago, to check any [illegible] spread of the disease. Mr. Patrick is expected to be back on the job next Monday.

Another case of scarlet fever was reported this week when Ruth Van der Veen, daughter of Mr. and Mrs. P. Van der Veen, contracted the disease.

Good Concert Is Assured For Nov. 11 Program

Thirteen artists have been received by the grand concert, to be staged by local legion on the Canadian legion on November 11.

This is the word from secretary Gordon Rush, who has been receiving entries of local talent for the past two weeks. Deadline date for entries was November 1.

From the list which has been compiled, a varied program of musical singing and dancing numbers seems assured. The annual concert always draws a packed house at the pavilion.

Following the concert, which has again been divided into two parts, another old-time dance with [illegible] and professional groups a dance will be held.

Arrangements which had been made with a Red Deer orchestra fell through, but good music is assured. The services of Buster Henderson have been obtained to be premiere guest master for the occasion.

Drive in Aid of Salvation Army Brings $200

With returns for the Salvation Army drive reported from most quarters, the latter part of $200 is expected to be collected from Lacombe in this whirlwind two-week campaign.

Ladies of the local Home League society undertook this job of canvassing the residential areas of town, and collected about $200 from the combined effort.

Chairman J. S. McCormack, K.C., thanked the driver in the business section of town. He was assisted by Albert Brooks, S. Ford, and G. Stewart, and incomplete returns from this quarter will bring the total to over $200.

Large Number Pay Last Tribute to William McNaughton

A large number of old timers of the district and other friends paid their last respects on Wednesday of last week to William McNaughton, 70-year-old pioneer of Lacombe.

The late Mr. McNaughton had been confined here since 1936. Rev H. P. Marston officiated at funeral services in Brown & Johnson's chapel, and interment followed in the Lacombe cemetery. Mrs. John McDonald sang by request "Rock of Ages."

Pallbearers were T. Wilkie, Gene Sawyer, Jas. Speers, Hugh Thompson, Floyd Bruns, and Harley Bradley.

He leaves to mourn his passing besides his wife and family, six grandchildren and an only brother. Obituary appeared in last week's issue of the Globe.

Old Violins Reported at Lacombe, Clive

District Violins Worth $10,000?

News that an original Jacob Stainer violin had recently been sold in France for $16,000 has aroused to light some violins in this district with the same distinctive emerginon and apparently the same authenticity as the $16,000 instrument.

The violins in question are owned by Mrs. F. F. Cockerwell, nee of Clive and Mrs. Jack Hogan of Lacombe. Dated 1738, both violins are inscribed in latin "Jacob Stainer in aldem. Prope [illegible]."

Red Cross Mobile Blood Clinic To Visit Lacombe Next Tuesday

It will be up to the residents of the town and surrounding area to do their part next Tuesday, November 8, when the mobile Red Cross blood clinic rolls into town to take blood donations.

It will be in operation at the Church Hall during the following hours: 10:00 a.m. to 12:00 noon and 2:00 p.m. to 8:00 p.m. and 8:30 p.m. to 9:30 p.m.

A similar clinic held in Lacombe last March was attended by nearly 300 persons, many of whom were turned away due to lack of equipment.

Red Cross officials in charge of clinic arrangements have guaranteed adequate supplies of serum on hand next week to accommodate everyone attending. For this purpose, clinic hours have been extended into the evening.

It has been pointed out from head office at Calgary that 52,000 cc of blood have been used in the Lacombe-Ponoka hospital service the last time, and held here. This is the equivalent of collection from 650 blood donors.

Voluntary blood donors are urgently needed to help meet the needs of hospital patients requiring blood transfusions, burns, and in all parts of the province.

Mrs. Eleanor Reginbald of the Lacombe medical center is taking advance registrations for the clinic from local residents in the community, other persons are being requested to obtain the name of [illegible] donors.

Mrs. Jackson is in charge of the local campaign. Mrs. F. G. Robinson will be in charge of canteen at the clinic and Mrs. J. Gilmour in charge of the lunch.

A blood donor clinic will be conducted for Canadian Union College students at Maple hall next Monday afternoon. The [illegible] conducted [illegible] Mrs. Wilson [illegible] attended by 125.

The mobile team will stay in Lacombe over night to prepare for the town clinic Tuesday.

Canvass Homes In Quest of '$-Club Members'

Canvass the residential sections of the town next Monday, November 7, when the mobile Red Cross blood clinic rolls into town to take blood donations.

It will be in operation at the Church Hall during the following hours: 10:00 a.m. to 12:00 noon and 2:00 p.m. to 8:00 p.m. and 8:30 p.m. to 9:30 p.m.

A similar clinic held in Lacombe last March was attended by nearly 300 persons, many of whom were turned away due to lack of equipment.

The mobile team will stay in Lacombe over night to prepare for the town clinic Tuesday.

BLIND FUND TOTAL $800

Mrs. Frank Adamson, local LIONESS member in charge of the blind fund canvass here, reported total collections to date of $800.00. This is almost comparable to returns of $900 in 1948. Donations were not as large this year but there were more of them.

Merchants Asked Park Cars to Rear of Buildings

Parking Problem Occupies Attention At Board of Trade Meeting

[illegible] parking problem on the north side of Lacombe. This was a point agreed to by all board of trade members who attended the chain's monthly meeting on the Lacombe Hotel Tuesday evening. Various methods of alleviating the parking congestion were suggested and it is possible that the board will request the town council to prepare a new parking set which will require the downtown business merchants and employees of town are asked to park their cars in the rear of their premises [illegible] from the business section.

[illegible] directly. It was felt that this step would relieve considerable congestion [illegible] parking.

The matter was discussed with the town council yesterday morning. It is understood that [illegible] will be made to provide [illegible] rear of business premises [illegible] Another suggestion discussed was that one-hour parking areas could be established [illegible] CKRD on the [illegible] streets.

It was also felt that the Lacombe building code could be [illegible] into force in the near future. Action where considered [illegible] would be taken against [illegible] Another suggestion discussed was that [illegible] Lacombe. After much had passed it was a final [illegible] to [illegible]

A committee [illegible] appointed Frank Adamson, R. S. Lawson, Wm. Hodd and secretary Jim McKee was appointed to look into the matter and bring a report back at the next meeting. [illegible] Parsons and W. D. Pike [illegible] CKRD were present to discuss the matter and the members.

Next Meeting

Reports were heard regarding the [illegible] hospital [illegible] and the president stated that those appointed on the [illegible] of any action then to take. [illegible] will be a report [illegible] the hospital for 1950.

Booklet on Lacombe

The booklet concerning Lacombe is being prepared and [illegible] the [illegible] Stadelbauer [illegible] the back without here and [illegible] people and material are expected to be ready for the board's inspection by the end of the year. The report was given by Bill Ryan [illegible] chairman for the [illegible] for the booklet.

To Curb Speeding

Action was suggested against the truck drivers on the highway through town who fail to observe the 25-miles-per-hour speed zone. F. W. Hutton stated that the council had already requested such a check from the provincial government.

Town Streets Brighter

"Artificial" was expressed by the members of the board at the manner in which the town is keeping the streets well lit up at night. In response to the board's appeal for better [illegible] pressure lighting.

Power Break Disrupts Service On Monday Morning

Power service in Lacombe and all rural areas was disrupted for [illegible] hours when [illegible] Monday morning in company with other Calgary Power [illegible] in Lacombe [illegible] hospital service the last time was held here. This is the equivalent of collection from 650 blood donors.

Voluntary blood donors are urgently needed to help meet the needs of hospital patients requiring blood transfusions, burns, and in all parts of the province.

Mrs. Eleanor Reginbald of the Lacombe medical center is taking advance registrations for the clinic from local residents in the community, other persons are being requested to obtain the name of [illegible] donors.

Mrs. Jackson is in charge of the local campaign. Mrs. F. G. Robinson will be in charge of canteen at the clinic and Mrs. J. Gilmour in charge of the lunch.

A blood donor clinic will be conducted for Canadian Union College students at Maple hall next Monday afternoon. The [illegible] conducted [illegible] Mrs. Wilson [illegible] attended by 125.

The mobile team will stay in Lacombe over night to prepare for the town clinic Tuesday.

School Children At Clive Sponsor Hallowe'en Party

From the [illegible] correspondent

CLIVE The hallowe'en [illegible] was put on by the primary [illegible] pupils in the school [illegible] Prizes were awarded for the best costumes to Mary Lynn [illegible] and to Lillie Ho Poy [illegible] Another [illegible] was played by Brian Herbert, who represented a pumpkin.

The prize given for the best [illegible] among pre-school children was awarded to Billie Wagner dressed as a [illegible] Judges were Mrs. Norman McLaughlin, R. Tabworthy and C. Lane.

After a well-presented program of plays, drill, tap dances and local numbers, the crowd [illegible] the pupils and [illegible] [illegible] and the [illegible] [illegible] with a prize [illegible] were won by members of some of the junior Red Cross members.

Power Break Disrupts Service On Monday Morning

Power service in Lacombe and all rural areas was disrupted for [illegible] hours when [illegible] Monday morning in company with other Calgary Power [illegible] in Lacombe [illegible] hospital service the last time was held here. This is the equivalent of collection from 650 blood donors.

Voluntary blood donors are urgently needed to help meet the needs of hospital patients requiring blood transfusions, burns, and in all parts of the province.

The mobile team will stay in Lacombe over night to prepare for the town clinic Tuesday.

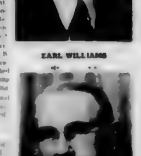
Carnival Shopping Week Continues to Saturday Evening

Carnival shopping week in Lacombe will wind up the week-long [illegible] Saturday night. Values and specials advertised last week by merchants and businessmen of Lacombe will continue until the end of the week.

Most stores report considerable response to their advertising by the buying public and the latter part of this week is expected to bring large shopping crowds into town.

Give Reports

EARL WILLIAMS



J. S. McCORMICK, K.C.

Who gave the reports as treasurer of United Chest and as the annual meeting of the Lacombe school division in the Church Hall [illegible] [illegible].

Likely Finish Construction of School in February

The new $275,000 high school should be finished in its entirety in late February or early March, according to J. S. McCormack K.C., at his trustee's report given at the school division meeting here yesterday afternoon.

This was the latest word from the chief of Mr. McCormack said. While completion of the project initially would be delayed because the [illegible] was unable to bring [illegible] contractors to work on the building, [illegible] the [illegible] ended [illegible] would be ready for use by the [illegible] of the new [illegible] [illegible] [illegible] at the meeting were Earl Williams, trustee for district 3 R. V. [illegible] secretary-treasurer [illegible]

THURSDAY NOVEMBER 3 1949

Building a Strong Body

ACTION of the town council in planning a curling rink is a decisive one to build Lacombe's standing as the best in the opinion of a majority of the ratepayers. There were 232 signatures on the petition requiring that the town build a rink and the rate specified, less than half of the 350 ratepayers in Lacombe but probably more than half those resident in town, and interested in community affairs.

Little comments have been heard that the rink will mainly carry in town of the great number of petitioners. There are few records why the town took over and the Town Fund, it should be remembered that the proposed money by-law must be approved by the public athletic committee at Edmonton before council or ratepayers to take a vote if the financial standing of the town permits at all procedures the committee will use to. Fortunately Lacombe has no such heavy commitments but the possibility of a referendum still stands. Should become a reality again the petition does not necessarily mean he will vote for the debenture. The petition simply says that a vote be taken, and some regard it because they wouldn't it was the fairest and quickest way of bringing the matter to a head. It must be remembered, too, that there is a substantial group against the town assuming liabilities like the rink in the belief that taxes are high enough.

One other point needs clearing up at the time these petitions are a little confused that the debenture also covers the cost of the M.R.C. hall. It relates to the rink only. As Mayor Wilson said at the last council meeting, the M.R.C. hall have nothing to do with the construction of the memorial hall, so long as I hold office.

The town needs an ice arena. It is channelled that a town this size should be without one even for a year. It deprives youngsters of healthy recreation the hockey team is forced to go abroad and see the splendid AAA arena for home games. But another winter we hope The rink must be built, so we urge ratepayers to vote "for" if at the time the debate takes place.

A Golden Anniversary

GOLDEN wedding anniversary sentiments always gladden the heart. They exemplify a perfect love between two people, and a perfect understanding built up over 50 years of close association.

The hotel which ran the love of human understanding in marriage is strong and unyielding. Leading back over 50 years, a loving couple invariably recall times of hardship and adversity to make the hours of joy and thanksgiving all the sweeter. They have met life's greatest tragedies as a unit and team.

The clinging curve to remind them daily of good and joyful days when babies were born, reared and the house was full of children. They lost an unsympathetic pride in every modern advance made on life by their sons and daughters. The children are at the ages of life by this time and success is assured of the fullest and best.

It is true had these rewards cannot be shared by many couples So often death intervenes Golden wedding anniversaries stand as a symbol to a life of loving life of fulfillment, and as a denial of the unfaithfulness of their marriages in this divorce age They are the ultimate goal of all young men and women who know the hearth and home first of all.

Policing of Mirror

THE Calgary Herald draws attention to a letter written to The Globe a week or two ago, on a mixed editorial dealing with the policing of the province of Alberta.

The letter was written by Mr Ray Holmes of Mirror who contended the men policing the town or here the ought not the province as towns and villages the size of Mirror. The attorney general's department and the R.C.M.P. informed Mr. Holmes that the policing of any town or village having a population of less than 1,500, is not their concern or responsibility.

Then a place like Mirror 700 population, must resort to either the services of an unofficial local constable, or to "charitable" visits from the nearest mounted police detachment whether they had like it Mr. Holmes says it is often days before the nearest R.C.M.P. at Bashaw 14 miles away is able to investigate a complaint at Mirror No matter how little the crime it is a bad situation and encourages rather than discourages lawless acts. It is simply the establishment of an entire local centre where local policemen can be trained to do the job.

The Calgary Herald takes a different approach to a solution of the problem It contends, and rightly, that most R.C.M.P detachments are understrength. If there were sufficient members of them on duty at all times, the constables could do the work they are supposed to do namely protect the public The taxpayers pay for the protection which they have every right to expect, and whether the training goes to more committee or to local policemen we must have law and order

Farming Notes

Farmers Turn To Modern Machinery

In eleven years (1,645 (1 engines (1 stationary engines) more than 1,000,000 (1 have been manufactured and registered. But these trends in purchasing of machinery under — or tractors — farmers, predictions during the war time. Others are the total would have been a good deal more impressive for a comparative value 1939 have not yet been recorded.

The inevitable trend of Canadian agriculture to mechanization was accelerated by the war. In labour during the war by the relatively high farm wage scales, by the urgent demand for more engaged machinery and produced in order to increase labour to harvest crops with high market demand for the increasing total with some restricted by farmers.

The mechanization of farm machinery creates efficiency in production Producers because the gasoline are so available to repair much expensive power purchased more farm machinery than into other regional group in the years-year period under review.

By reducing the labour factor to the sum of a single hours, it is fairly simple to visualize the effect of these engines and tractors purchased values as published by the dominion bureau of statistics Canada's agricultural output rose by the amount of 200 per cent between 1935 and 1947 in 1946.

These mitigate against more power to produce. In 1936, Manitoba farmers spent $4.29 per acre, in 1946, $6.05. Alberta $6 per acre in 1935 and in 1946, Saskatchewan $5.25, in 1935 and in 1946. Ontario was fourth with $10 in 1935 and $21 in 1946.

Milk Production Shows Gain

In a survey (1) 227 (1) dairy farmers at the first four months of 1949. Current farmers of agricultural statistics in Canada a publication of the statistics department of agriculture, show that Canadian milk production has shown a gradual increase over the unusually low production of 1944 For the period January to May the 1949 production was 394 million pounds greater than in 1945, an increase of 4 per cent. Preliminary indications that the gap between 1948 and 1949 will continue to increase, and that 1949 milk production will equal the 17.2 billion pounds of milk produced in 1947

The percentage of the milk supply used for fluid purposes has continued to decline in spite of an increased population, although the decline in 1949 period with corresponding figure is little change from 1948. With fluid utilization showing little change and total production increasing, more milk has been available for butter and cheese production. The price relationship in 1949 has favoured cheese and butter as a result dairy products have increased 16.5 per cent above January to July over 1948 and consumer butter production by 1.5 per cent below the January to July period of last year.

Reflections of the Times

The M.R.C. at High River

Last summer committee of the high river municipal country in charge, a drive to collect 10,000 pounds of wheat from the district was completed. High River Times to pay the total amount in order to complete the handing out put it up. It is a command day and might for a complexity of town and district. Well done indeed.

The plan is to divide the district surrounding High River into four zones north-east, north-west, south-east, south-west, and the objective is a 2500 bushel from each zone This should not be too difficult to realize.

Participation certificates will continue on the basis of the donating farmer Pledges will be issued and trucks will be available to haul to the farms and collect donations.

It would be quite a right to see the mental of grain which represents a value equal to that much needed cash for the centre.

The memorial centre has been opened for the past nine months and so far the very modest savings made have paid for operating and heating. In time goes on the centre is being increasingly used, with an even wider range of service.

A large proportion of organizations holding paying functions in the hall have made some contribution toward furnishing. This is reminiscent gradually to equipment and outfitting which are right and necessary for the service of such a building.

Letters . . . . . To The Editor

Wetaskiwin, Alberta
Oct. 26, 1949

Editor Lacombe Globe

Dear Sir

In the last Bulletin month issue it is hoped to pass a compact to the town of Lacombe

In both issues with Wetaskiwin we take a keen local and provincial interest of good sportsmanship football

We were satisfied with the issue with the understanding that our team would have to be rolled out with both hands to beat players of junior age At no time did we have any dispute with referee from visiting teams or fans even though Le Grand with considerable size is little change from 1948. With final utilization showing little change and total production increasing, more milk has been available for butter and cheese production. The price relationship in 1949 has favoured cheese and butter as a result dairy products have increased 16.5 per cent above January to July over 1948 and consumer butter production by 1.5 per cent below the January to July period of last year.

In the event that Wetaskiwin is unable to field a 160% high school team until year we hope that Lacombe will be able to locate either a junior or intermediate team as we are very anxious to see even though Le Grand with considerable size is little change from 1948. With final utilization showing little change and total production increasing, more milk has been available for butter and cheese production. The price relationship in 1949 has favoured cheese and butter as a result dairy products have increased 16.5 per cent above January to July over 1948 and consumer butter production by 1.5 per cent below the January to July period of last year.

Yours truly
R. H. PATON,
(coach Wetaskiwin bulls)

Local Breeder Offers Hereford Cattle In Sale at Red Deer

Central Alberta hereford breeders served notice until Nov. 1 will be held at Red Deer next Tuesday, November 8

The sale includes 50 purebred registered cattle There are special entries from farms out of the district.

The hereford breeders have open for the past nine months and so far the very modest savings made have paid for operating and heating. As time goes on the centre is being increasingly used, with an even wider range of service.

A large proportion of organizations holding paying functions in the hall have made some contribution toward furnishing. This is reminiscent gradually to equipment and outfitting which are right and necessary for the service of such a building.

The High River Times

Bank of Montreal Crop Report Shows Wheat Acreage Down

The wheat crop of the province of Alberta will be [illegible] years production, but in others of the long-term average. The Bank of Montreal's annual agricultural bureau of statistics places the province's wheat crop at 343,000,000 bushels. Compared with an actual figure of 363,000,000 last year and a 1939-41 average of 321,000,000.

Average per acre yield by provinces is estimated at Alberta 13.7 bushels, Saskatchewan 11.3 bushels, and Manitoba 16.6 bushels compared with the long time average of 16, 13 and 16 bushels respectively.

Acreage seeds to wheat in Canada is 23,046,000 as against 23,046,000 as the preceding year. Coarse grains acreage increased 14,617,000 from 13,351,000.

Estimated total production in the provinces of coarse grains and rye[illegible] per acre are as follows, with 1948 figures in brackets: oats 196,000,000 bushels, yield 37.0 (204,000,000 bushels, yield 39.7); barley 114,000,000 bushels, yield 20.3 (142,000,000 bushels, yield 23.3); rye 8,160,000 bushels, yield 7.6 (12,480,000 bushels, yield 11.6).

Eight-Year-Old Boy Rides Peace River, Ships Into Barrel, Then Drowns

A search of an eight-year-old boy was given by [illegible] D T B [illegible] Fairview who called to Notre Creek to view the remains.

Gilbert Gagnon, eight son of Mr and Mrs D Egnon Notre [illegible] The coroner or who an inquest is not necessary.

The boy was drowned Oct. 16 when he fell into a barrel of water used for [illegible] He was in the habit of [illegible] and it is thought he was about to take a drink of water when he tipped into the barrel.

Peace River Record-Gazette

MARGARINE STOCKS

During the first nine months there of 1949 total margarine produc tion in Canada was 51,765,00[illegible] pounds. Stocks of margarine at the end of October 1 totalled 1,288,000 pounds.

Sandy Lake, 63, Laid to Rest Here Friday Afternoon

Funeral services were held on Friday afternoon, October 28, at 2 p.m. from the Johnson's funeral home for Sandy Lake, 63, a former well-known resident of Lacombe.

Sandy, known to his friends as Sandy, was a pensioned veteran of the First World War. Interment took place in the Lacombe cemetery.

He is survived by his wife, Mary, and one son, Ernest Lake, of Edmonton.

Rev. J. P. Hicks officiated at the funeral service.

Pallbearers were Messrs. Fred Mowery of Calgary and Walter Jones, retired railroad men, and four friends of Mrs. Lake.

EVERYBODY'S BUSINESS
by Don Graham

I'd be happy if I could get valley on Saturday. I'm not a neighbour of mine the other day.

There was a man who believed that his whole life was spoiled because he was bald troubles. Happiness was not for him.

Then something he was! Life is full of difficulties, trials, disappointments and problems. Then he met a man who had learned that they can find happiness in spite of these difficulties. Indeed, the worst of these have also learned that to overcome hardships and closes right out of wrong is to make a source of great satisfaction.

Your work, for instance, may be far from your ideal. But does it let that fact depress you or make you feel sorry for yourself? Or does it make you bring to bear all your powers to make the best of whatever is before you?

No, life is not easy. It seldom hands us happiness ready-made. But even in our troubles, we can build a fair of happiness by our own efforts.

In these and other "method" of meeting people's needs for life's necessities? Experience has proved that the efficient services of competent, conscientious organizations with the helpful personal attentions of their agents, meet everyone's needs most satisfactorily.

Likely Finish Construction of School in February

Albert Brown, who took up the duties of caretaker at Bentley School on October 1st, has already obtained employment as school janitor, to commence on completion of the new school building.

Mr. Brown, who is married and has a family of three children, is a native of Wetaskiwin, where he was employed as janitor of the Wetaskiwin Public School for a number of years.

Mr. Brown is a veteran of the First World War, having served overseas with the 49th Battalion.

Proud Parents of Quadruplets

C. G. Barrowcliffe and his 23-year-old wife of South St. Mary Glen, are a proud couple since the birth of quadruplets last month. The next step, as them is to build a house for the children, as their family is at present living in the town of South St. Mary.

Local Residents Purchase $50,000 in Savings Bonds

Substantial sales are being reported among Lacombe residents in the current campaign of issue of Canada Savings Bonds now on sale at local banks.

Figures released yesterday by the Bank of Montreal indicate that 41 per cent of the population of Lacombe has already purchased bonds to the value of $50,000.

Mrs. Lewis Burt, Mirror; Mrs. Helen Cordell, Clagwell; Mrs. Mary Hampton, Lacombe; Mrs. Ethel Hampton, Lacombe; Mrs. Kate Dickson, Lacombe; Mrs. Thomas Mercer, Mrs. Hugh Mercer, Mrs. Bessie Mercer, Mrs. Dan Vogt, Lacombe; Mrs. Wayne Lacombe; daughter, Mrs. Wayne Gibson, Mirror.

Gen. Eisenhower president of Columbia University, has urged his big army of students to get out and organize radical think society.

The best example of perfect democracy he said, is a man serving a life term in a federal pen.

District Wedding Bells

BRAMLEY—McRAE

A very pretty Lacombe girl, Alice Lorraine, daughter of Mr. and Mrs. J. Donaldson of Lacombe was united in marriage to Mr. David Bramley of Olds, in a quiet ceremony at Calgary last October 15.

The bride was united in Lacombe, and both her schooling here. The last bond as two years with the Bell Telephone Co.

The marriage here were read by Rev. Andrew Lawrence of Olds and United Church Mr. and Mrs. Howard Armitage of Calgary were present.

The bride wore her going away costume with the same shade of accessories. She wore a corsage of red roses.

After spending a few days in Calgary the couple have returned to Olds where they will make their home.

MORAN—RUTLEDGE

In a recent double ring ceremony at Port Dodge Iowa, Miss Ann Rutledge daughter of Mr. Florence Rutledge and the late A. B. Rutledge of Lacombe became the bride of Mr. Harold Dugan, son of John Dugan, also of Port Dodge.

The bridegroom family have visited relatives at the bridal contract and the bride as well since leaving made the acquaintance of Mr. Dugan.

Following the marriage he returned to Port Dodge where he is employed by the U.S. Army.

Mrs. Joseph Rutledge of Gadsby is visiting at the home of her son-in-law, Mr. and Mrs. Dugan.

Mrs Joseph Rutledge of Gadsby is visiting at the home of her son-in-law, Mr. and Mrs. Dugan.

Slipping Away From Democracy

A nation can only work and should not be asked to work patriotically on just any common denominator. It must have a cause. It must publish a duty as a democracy; so we are told. It is about to experience a new — only not the same — democratic difficulty. It is not to publish a duty at all. Usually in this day and age, the servants are like the masters. Our governments are like ourselves.

Slavery exists to the greater part, what they say, quite deliberately to the people; it makes a huge economic problem today. Unless we are mistaken, the legislators temporary these are the words used to describe much of what goes on at Ottawa.

We are in no disparagement of routine and government, until we like to hold up our community as a shining example of democracy. That's the basis — the bare results and the actual board, are close to the people. And usually the people are close to the more quiet, elected leaders. Management of the major economic is made immediately by unelected and must be made flexible — almost as a new subreveals, as an extension to the army system.

Now we are beginning to wonder whether such gross-roots democracy is worth having. Recently the proceedings of persons belonging to one of local elections has fallen off alarmingly. At last week's annual meeting in Lacombe of Wheat and Coarse growers, there were two dozen present. That averages out to one ratepayer for each sub-division, area which includes a fair number of settlers to the north and west, and the whole town of Lacombe. This is apathy on the part of local citizens. They have always exhibited a tendency to stay away from annual meetings, but 2,000 ratepayers in the large Lacombe area — approximately 65% of this year's town budget was used for educational purposes. Only a few people wanted to learn what happened to that money.

It is when we interpret the poor attendance as an easy way out. Either the ratepayers represented are completely satisfied with the way school affairs are being operated, or they don't know and don't care. The latter we honestly don't believe, for the public has shown a definite willingness to fulfill its obligations toward education in the past.

We said in our democracy work in our democratic country, but if it fails right at home where it should work the most successfully, some other ideology will sweep and wreck this place.

"Hello, Bobbie Ann"

THAT little note reception hankered here by Bobbie Ann Scott, during her short train stop-over Monday noon, was a good idea. It's the kind a little more notice could not have been given — many people could have attended, but it was one of those spur-of-the-moment decisions.

It gave hundreds of school children, who spend their holiday from 1 hour for the moment, an opportunity to see Canada's idol of the era with a name of course. Will watch her graceful skating acts on one of the rinks this week. But the greater proportion won't have that chance as they said "Hello, Bobbie Ann."

As for Bobbie Ann, it may have meant little to her. She has been feted and honored in Toronto and New York and Hollywood. She has met the country's most distinguished personages. What matter is one more reception, coming from the residents of a town nestled in the heart of central Alberta?

Well, maybe not very much. And then again, maybe quite a little bit. For she will know there are Canadians — ordinary Canadians — more concerned that a unseen and well meaning. They could be regarded in terms of villages and towns across the breadth of the Dominion, and know from the true realize these are the people — who primarily work for well in the future

Rent Control Models

THE dominion governments decision to allow a rental control increase of 20 per cent and 25 per cent has reversed the condemnation it deserves. The Globe has lowered the immediate lighting of rent controls since directly after the war's end, but not on a piece-meal scale like the Government seems to be in half-hearted attempt to placate the frustrated landlord with same concessions believed by a frightened school boy completely that worry with hopes what it has done and hangs the lid down tight again before it actually gets off.

Under the present set-up, and human nature being what it is, the landlord with any idea of an economic unit automatically raises it 20 per cent or 25 per cent, as the maximum allowable. We have left controls entirely and let the rent issue structure find its own level. We believe [illegible] and the [illegible] to advocate any change but we would be unbalance of an order causing no boost but there would be in the meantime and such would forestall and smooth out under the restraining influence of the law of supply and demand.

Government action in regard controls will partially correct an structure to landlords of a four year policy which compared this country of while the price of everything else was going up. It is not in keeping with the system of free enterprise under which the "old line" has its party still professes to operate.

Farming Notes

Fall Seeding of Grasses

In many parts of eastern Alberta the past growing season has been a disappointing one due to continued low moisture, grasshopper damage and weed competition prevented in most of the case, even many of the best established fields from making satisfactory growth. Hence many prospects on the fall seeded of grasses and legumes for hay and pasture purposes. Although in this day and age, the farmers are like the masters. Our governments are like ourselves.

Slavery exists to the greater part, what they say, quite deliberately to the people; creates a huge economic problem today. Unless we are mistaken, the legislators temporary these are the words used to describe much of what goes on at Ottawa.

We are in no disparagement of routine and government, until we like to hold up our community as a shining example of democracy. That's the basis — the bare results and the actual board, are close to the people. And usually the people are close to the more quiet, elected leaders. Management of the major economic is made immediately by unelected and must be made flexible — almost as a new subreveals, as an extension to the army system.

Now we are beginning to wonder whether such gross-roots democracy is worth having. Recently the proceedings of persons belonging to one of local elections has fallen off alarmingly. At last week's annual meeting in Lacombe of Wheat and Coarse growers, there were two dozen present. That averages out to one ratepayer for each sub-division, area which includes a fair number of settlers to the north and west, and the whole town of Lacombe. This is apathy on the part of local citizens. They have always exhibited a tendency to stay away from annual meetings, but 2,000 ratepayers in the large Lacombe area — approximately 65% of this year's town budget was used for educational purposes. Only a few people wanted to learn what happened to that money.

It is when we interpret the poor attendance as an easy way out. Either the ratepayers represented are completely satisfied with the way school affairs are being operated, or they don't know and don't care. The latter we honestly don't believe, for the public has shown a definite willingness to fulfill its obligations toward education in the past.

Reflections of the Times

A Swimming Pool For Coaldale

It was not on the 1st to August, 1940, when the citizens of Coaldale, a thriving community of [illegible] appointed a provisional swimming pool committee and decided to use the spring months of Coaldale and district in providing a community swimming pool for the swimming problem.

The job was finished then sweeping a hole in the ground and pouring a lot of concrete. Permission was hurriedly obtained from the Town of Coaldale for possession of the [illegible] and the committee of the whole to investigate ways and means of financing the project. Sub-committees were appointed to look [illegible] and the Department of public works to quickly get busy for the provincial grant. After nine months of hard work the pool was finally completed, costing approximately up to $7,000 for the project, accumulated by the committee during the past year.

While all the year going on, the home rink were getting up funds to better the swimming pool accounts in the bank there are many of the projects successfully [illegible] during the year 1938 and 1939 full controls, community canteen and the swimming pool hall and [illegible] Mathway shared of the town square early in the summer male of dance project, and a district canteen will start next year.

More than 200 yards of washed, screened sand and gravel is now [illegible] at the Lake Park. The sale has been received a car of [illegible] taken out [illegible] [illegible] are parts have arrived, work are in on the [illegible] now!

A look at the plans and specifications for the Coaldale swimming pool reveals that when completed you will have a pool [illegible] in the province of Alberta. Accommodating up to one hundred and forty persons, there are [illegible] showers, heated water [illegible] filtration plant and chlorination, right down to bleachers and regulation diving board. In my opinion the whole our pool will be one to be proud of

The Cardston News

From The Files of The Lacombe Globe

Five Years Ago

A new list of "Thumb Tin" notes a renewal from local newspaper correspondents, in response to the Globe's cigarette fund. As the fund total [illegible] he fund reached a total to $1,903.66, the following send their "Thanks" for the smokes from elected Trooper S W Reinhild, L Bdr R Cartwright and Gnr. Wm. Hyde.

Winners of the door prizes at the annual home supper are Art Reed of Bentley; Bev Harrington and Mrs. Pat Le Hendrick.

Ten Years Ago

Children and grown-up enjoy the first outdoor skating of the year, as cold weather freezes the water in various lakes surrounding Lacombe.

Newly-organized Bowtown group attracts a membership of 30 young girls, all under the age of 11 years. Miss Dorothy McLean, teacher at Milton school, is in charge.

All stores and business places will remain open until 7:30 p.m. on November 16, as they will be closed for the national holiday November 11

Spearmith

SPEARMITH — At a well attended meeting of the P.W.V.A. at the home — Mrs. Chalmers on Thursday, it was decided to have a [illegible] dance at the December meeting.

Mr. President was able to report home Wednesday of last week, after being operated on in hospital for two weeks.

Mr. and Mrs. Ben Crosbie entertained Mr. and Mrs. Hyndman and Mr. and Mrs. Chalmers at six cocktail party.

Mr. and Mrs. Bob Chalmers and baby, and Mr. and Mrs. Chalmers Sr. are visiting relatives in Saskatchewan.

Mr. Hyndman and Mrs. Chalmers, reports home from Washington, Mr. and Mrs. Ben Crosbie have several days last week.

Mrs. Harvey Porter of Bentley, is visiting at present with her parents here.

Mr. and Mrs. Robert Green and family, have left for Lacombe and family of Allie were calls on them of Mr. and Mrs. Frank Ross on Sunday.

Bentley

BENTLEY — The Bentley Rhubarb was held on Wednesday, Thursday and Friday evening last week, a very good crowd in attendance. Miss Mary Vandervoort was the competent queen with Dorothy Johnston running a close second, and Ivy Wingate winning the fifth place. Ball Rowe during the week as to whether they should celebrate it all the year or only a Friday took place but it was decided to finish out the [illegible] Friday night. Proceeds of the [illegible] were for the local hospital.

Mrs Ted Shoupe was hostess to the W.A. of the Bentley United church on Tuesday afternoon of last week.

It was unanimously, stated last week that Hall Bl. — Mrs. Charlie Lane, who had purchased the [illegible] Bentley, would [illegible] it. He and Mrs Lane are not moving into it at present and Mrs. Lane is operating the [illegible] Mrs. Lane will [illegible] Bentley and family have taken up residence there, while Mr. and Bob Pollard, who have been residing at Aspen Beach, have moved to the Pollard property just east of the village.

Mrs. Dot Parson entertained the [illegible] Bentley Sisterhood at her home on Wednesday of last week. [illegible] were present, and a very pleasant time was spent by all. [illegible] Rhubarb Prize.

Selling Out Due To Make Others More Comfortable
One of the stock hearts of the subdivision sale is being offered for sale by the last grocery customer.
The heart has been used at the 4 to 1 ratio since sales, and it is considered about 60 hours of the horse sale have had wear.
Although it will decrease the amount of space available to feed stock at each vendue the last grocery customer feels that a number of animal hearts are being jeopardized.
The proceeds from the sale of the heart will be used to replace some of the other buildings and put them in better shape.

...well practically unanimous

You CAN still find people who "don't believe in banks"... who keep their cash in old coffee pots, or hide it in the woodpile, or carry it around.

But most folk nowadays keep their money in bank accounts. They can get it whenever they want it; and they can pay their bills by cheque. Canadians have more than seven million such deposit accounts. In terms of Canada's adult population, that makes it practically unanimous.

The banks, in turn, know they must earn this confidence by giving you the best service they know how.

Today you can take your account to any bank you choose. And what is in your bank book is strictly between you and your bank. It is your own private business.

SPONSORED BY YOUR BANK

GOVERNMENT OF THE PROVINCE OF ALBERTA
Announces the First Annual
MASTER FARM FAMILY AWARDS
For 1949 to the Following:

Joseph G. Dussenault Family — Wilfred J. Edgar Family
VIMY, Alberta — INNISFAIL, Alberta
Clarence R. Jensen Family — Jacob F. Melenka Family
MAGRATH, Alberta — WARWICK, Alberta
Joseph L. Paquette Family
DONNELLY, Alberta

The Master Farm Family award is recognized by an award of $1000.00 an engraved plaque and a name plate for the farm entrance.

The purpose of the Master Farm Family program is to find and honor those who have achieved outstanding progress in farming, home-making and citizenship and who, by their example, are encouraging interest in farming as a way of life. The Department of Agriculture is indeed proud and gratified with the high standard of attainment among the farm citizens of Alberta as revealed by these Farm Family awards.

DEPARTMENT OF AGRICULTURE
GOVERNMENT OF THE PROVINCE OF ALBERTA
Hon. David Ure, Minister — G. S. Longman, Deputy Minister

Good Prices Paid For Hogs At Sons' Sale

Keen, generally good prices were obtained at the recent auction of purebred and reg. attested Yorkshire boars and gilts on Lone Sons' farm one mile south of Bentley.

An average of $25.76 was realized for the 34 head sold. A top price of $120 was paid for the boar of exceptionally good breeding.

Most of the hogs went to Lacombe, Penhold and Bentley district, and are expected to improve there breeding stock. The department of agriculture paid the auctioneer's fee on all animals purchased here.

Two hogs from the Sons' herd are going to the Toronto Royal, and are being conditioned for this purpose. Another group will go early to show what Alberta can raise in the bacon line.

Spring Valley

SPRING VALLEY — Mr. and Mrs. John Wood entertained a number of young people at a Hallowe'en party Every one reported a good time.

Alvin Hood, accompanied by Doug Hood, left by auto for Van couver last week.

Miss Laura Poggood of Wetaskiwin was a recent visitor at the James Wentworth home.

Mrs. Ed. Hood is confined to a pretty well finished at the valley.

The Les Busby family have moved into their new home.

The young people attended a surprise party for Miss Hunter Wednesday Thursday evening, the occasion being Hunter's 16th birthday. They all report an enjoyable time Many happy returns Hunter.

Fight Tuberculosis By Sale of Annual Christmas Seals

Details of yesterday's announcement that Seal Sale campaigns are almost complete for the opening of the Christmas Seal sale on Nov 14, according to Herb Kerr chairman of the provincial committee for central Alberta.

Thousands of letters and circulars, each bearing Christmas Seals and placed in envelopes together with the return envelopes which are stamped will be sent out with contributions as amounts sufficient to carry on the great work of fighting tuberculosis in Alberta for the year 1950

Mr Kerr said, In Alberta we have the third lowest death rate from T.B. Canada, where over 200 deaths from this cause in Alberta alone last year

"That is too high and can and is to try to prevent people dying of tuberculosis. We can do this if we have the public behind us. We need more money this year than ever before"

Alberta's objective is $158,000 Central Alberta's proportion of this is $16,000.

Golf Links

GULL LAKE — Last Sunday Mrs. Ryan entertained at dinner and little girl's on her ninth birthday Her brothers was really on Hallowe'en, but that night proved quite full of entertainment

Last Thursday, the sewing club met at the home of Mrs. Frank Kaufer.

Mr. and Mrs. Eddie Miller are visiting in B.C. for two weeks.

Gordon Bye-ack and George Albrecht are now master hunting Mr. and Mrs. Fred Lutz and Lorne Lutz and Mr. and Mrs. Maurice Thurlow evening.

Mr. Kerr said, In Alberta we have the third lowest death rate from T.B. Canada, where over 200 deaths from this cause in Alberta alone last year

"That is too high and can and is to try to prevent people dying of tuberculosis. We can do this if we have the public behind us. We need more money this year than ever before"

Alberta's objective is $158,000 Central Alberta's proportion of this is $16,000.

Health Grants From Dominion Total $383,000 in Alberta

More than $383,000 have been disbursed in Alberta in grants under the national health program under the federal program was announced about a year ago Hon. Paul Martin, minister of national health and welfare, announced at Ottawa

The health grant accounting for the largest proportion of the payments made to Alberta for the period under review was the cancer control grant Sum amounting to $168,000.00 This grant towards the provision of diagnostic clinics and treatment and radium services as well as surgical treatment

Under the hospital construction grant, $68,971.72 was paid out to the province to help in the addition of bed facilities at many points throughout Alberta including Olds, Calgary Valley, Lacombe Three Hills Stettler, Rosebud Blairmore Claresholm Strathcona, Lamont, Wainwright Grande Prairie Glendon Edmonton and Peace River

Disbursements under other grants were as follows: professional training, $17,205.22 venereal disease control $28,439.20 mental health $38,251.94 tuberculosis control $35,894.10 public health research $3,262.00 health surveys $22,020.88

Sale of Puppies In Aid of Legion Benevolent Fund Here

A good sum was realized recently through the sale of puppies at the home of Percy Chapman, Lacombe, held there 17th entered by the legion officials — Jean. The residential section of Lacombe was divided into areas and the puppies sold by Jean Chapman, Terry Hughes and Mrs. H. L. Brooks Darlene and Whitfield Barbara Potter and Mrs. H. C. Rogers.

Much fun began getting the boys ready for a ball schedule starting and hockey this season.

News From Alix

Mrs. H. and Mrs. H. Shupe paid motored to Calgary on Friday to see Barbara Ann Scott skating competition.

The Alix branch of the Canadian Corps of Commissionaires held their 17th annual banquet in the C.P.A. hall Guests were received by Mrs. Bevridge and Mrs. P. E. Perrin. The invocation was given by Mrs. H. C. Rogers and Mrs. H. L. Brooks Darlene and Whitfield. Barbara Potter proposed the toast to the province.

Guest Speaker was Sergeant Bob Hill, George Simpson, Mrs. Carpenter. Those engaged the services of either commissionaires or help with the canteen.

A number of friends gathered at the home of Mr and Mrs. J. Bentham last week, the occasion being Mr. Bentham's 73rd birthday.

Mrs. Buchanan and daughter Mary Jean, were Calgary visitors on Saturday.

Mrs. Lawrence was a guest in town last week.

Mr. and Mrs. H. C. Rogers were Red Deer visitors on Saturday.

Miss B. Hansen B.N. and two friends of Red Deer spent the week end at the home of her mother, Mrs. D. Hansen.

WHEAT PAN REPORT

The Atlantic part of Halifax reports to ship over 16 million elevators. The first year's total is hundreds of Canadian grain that exported early in November

Town Preparing Ice Rink Surface For Early Flooding

As outdoor rink is presently being prepared by the Globe Rink Committee and it is hoped ready for flooding by the first week.

A number of residents met in the opinion that the town should have a rink and that the location of the rink This is not the case.

A total of just over $600 was voted, at a recent council meeting, to cover the cost of the rink, including the ground, and preparing for the. The cost of maintaining the rink between $1,200 which was allotted for rink purposes in the year's budget.

Church Group Honors Doug Harrington On Eve of Departure

The social and choir group of St. Andrew's United church held a farewell party in honor of Mr. and Mrs. Douglas Harrington on Saturday evening, the evening serving at the home of Mr. and Mrs. Tom Stevens.

After a very pleasant social hour the group gathered in the Alix, on behalf of the group, presented Mr. and Mrs. Herring with a beautiful and useful purse.

During their residence in Lacombe, Doug and Hazel have taken an active interest in the work of St. Andrew's Church. Doug was the pianist and efficient accompanist of the choir, a valued group last year. He has been a regular usher at the evening service as well as a member of the board. Hazel was on the staff of the Sunday school and for the past year social convenor of the young adult group.

They left this week to make their new home at Red Deer. The best wishes of the congregation of St. Andrew's Church, the young adult group, and their many friends in Lacombe, are extended to them as they leave the city.

Dies in Accident On Highway

Hugh Mentzel of Red Deer was killed Saturday evening when his car was in collision with a heavy petrol truck on the Lacombe-Bentley highway, 100 miles east of Bentley.

An inquest into the death was held at Bentley Tuesday with Dr. E. A. Weaver coroner. Verdict of the jury was that he met his death after losing control of the automobile in the view of the highway and that no blame could be attached to the driver of the truck. George L. Grant of Penhold.

On the jury were W. H. Peter on foreman, E. F. Cowan, R. H. Gurnsey, S. S. Guerra, R. H. Garrin, and G. E. Hammond all of Bentley.

Dr. Weaver said the deceased died as the result of a fractured skull and head injuries and underwent internal injuries. Deceased was taken to hospital for inspection of the new Bentley hospital and was under constant observation, for which he was commended.

His funeral was held at Red Deer yesterday. It was the story tragic family as the deceased's family on a visit here from Red Deer only a few months ago. Mrs. Tom Stevens is a sister.

Deceased was born in Scotland, the late Mr. Mentzel came to the Airdrie district as a young man with his parents. He was employed at White Motors, Red Deer for a number of years, later going to Calgary and Turner Valley.

In 1938, he entered Mun Hotel Enterprises of Red Deer for years ago, they moved to Bentley where he was for the past year. He has been lawyer Stetson for about a year before he purchased Peter Hotel, which he managed until he sold to the mayor of Bentley Mentzel.

He owned and operated the hotel until last May when ill health forced him to retire.

Funeral services were held at the Presbyterian Church, Sylvan Lake on Monday afternoon with Rev. Ian McKenzie in charge of the interment was at the Red Deer cemetery. Pallbearers were Ray Hunter, Walter Schnell, Elmer Collins, Lawrence Grant, Bob McNeil and Homer Meadow. A large body of brother Masons attended and took charge of the arrangements at the graveside.

Besides his wife he leaves his father, one sister and two brothers, Mrs. R. C. Mrs. Martin and Mrs. Agnes the sympathy of his many friends in her bereavement.

LINCOLN GROUP MEETS

There will be a general meeting of the Lincoln athletic club in Lacombe hall on Wednesday evening, November 20, at 8:00 o'clock. Matters of special interest will be discussed, including plans for a skating rink will be discussed. Interested persons are urged to attend this important meeting. All are welcome.

"Clean-Up" Campaign Object Of Council at Alix

Efforts will be made to have Alix streets and lanes free from garbage and other objectionable refuse as a result of a decision at a meeting of the village council on Monday evening.

After a full discussion of the various complaints which had been received, the secretary was instructed to frame a by-law prohibiting the dumping of ashes or garbage which would tend to obstruct streets or lanes.

Notice of any land should be kept on the premises for a short period until removed. Legislation to this effect will be laid out at the pending by-law, and full co-operation of residents is requested in observing it.

Complaints have also been received regarding the disposal of sewage and contents of septic tanks.

Council points out that residents should not empty sewage or septic tank within the limits of the village in contravening an infraction of a provincial statute. Such contents should be disposed of in the summer months.

Further "clean-up" action revolves around the council's decision to write the department of municipal affairs with a view to discussing the draft of a by-law to control the erection of buildings in Alix, and eliminate the possibility of a fire menace.

A good deal of other business was transacted during the busy night's session at Mayor O. Lund's long was in the chair, along with councillors P. A. Gannon and E. Holdsworth, and secretary W. S. Clarke. Also present were J. A. Walker and C. S. Barry.

Halloween Destruction

The secretary was instructed to commend the local children on their orderly observance of Halloween, and to express "deep disappointment" with conditions which caused wanton destruction and annoyance to certain residents and their property.

199 Give Blood At Clinic Visit Here Last Week

There were 199 local residents attending the Red Cross mobile blood clinic on Tuesday of last week according to Miss Jackson, who was in charge of the local clinic.

Over 200 registered three names but accounted for appointment hour, and numbers of those didn't turn up, he said. However, others volunteered to give blood, making their blood in a "chance" visit without having previously registered.

More than 100 attended the blood clinic at Eagle hall on Monday, November 25, at 2:00 o'clock Saturday afternoon, so that all told there were over 300 donors on the two days.

Locally, Mrs. F. G. Robinson was in charge of the nurses at the clinic, and Mrs. J. Gilmour headed the committee preparing lunch.

Large Number in Attendance

Held Last Rites Yesterday For Alix Herald, Former Clive Mayor

Alex Lambert Heald, former mayor of Clive, passed away at the Lacombe municipal hospital on Wednesday at the age of 66 years. He had been ill since last August.

Funeral services were held from Brown & Johnson's chapel in Lacombe yesterday afternoon, Rev. Ian McKenzie officiated in the absence of the minister, Rev. Mr. Bowes.

A group of I.O.O.F. members attended as a graceful memorial. The late Mr. Heald was most active in the I.O.O.F. and was one time district grand master.

Rev. S. J. Waterman officiated at the service. Burial was made at the Lacombe cemetery. Pallbearers were W. G. Barker, E. L. Lacombe, M. L. Boardman, W. Lambert, F. B. May, and E. A. Baugh.

Born at Penon, Nebraska, he came to this country in 1903, settling first at Wetaskiwin. He farmed in the Daysland district from 1908 to 1923. Since 1923, he has resided at Clive. He was a retail lumberman with the Hoover Lumber Co.

Besides a wide host of friends, he leaves to mourn his wife; five sons, Harry of Leduc; Rona of Winnipeg, Robert of Clive, Ralph of Hay Lakes, and Stanley of Edmonton; and four daughters, Mrs. G. Stanchfield of Tees Mrs. Mabel Gardner of Fort St. John, B. C.; Mrs. J. Bell of Crowsnest, and Mrs. Nadeker of Nelson, B.C.

His mother also survives him. Mrs. Ellen Heald of Clive, and two brothers, Dent of Temple City Calif. and Roy of Penon, Nebraska, and one sister, Mrs. M. Meyers of Carol, Minn.

Over 300 in Crossland Hunt

14 Coyotes Killed in Lakeside Shoot

An unofficial count of 14 coyotes were destroyed at a party hunt staged several miles west yesterday afternoon near Lakeside 4, 5 miles south-east of Lacombe.

Just about all the districts in the countryside were represented, as town and country hunters turned out more than 300 strong on their red hats and red blazers. The nice part about it, most of them cleaned at least a part of the coyote on their kill!

The dead animals which were stacked up on a heap at the end of the shoot were well filled with bushels before at any rate! Also destroyed were about 300 magpies.

The hunt started shortly after 1:00 p.m., the large circle of men in a six-mile square gradually converging and driving the trapped coyotes before them.

About half a mile east of Lakeside hall, the four lines met and there was some lively shooting as the coyotes ran up and down looking for an escape hole.

Lots of them found escape. It is impossible to state accurately how many coyotes got away, but at least five are known to have broken free before the shooting circle had closed. Many others slipped by.

An additional grant of approximately $10 per patient day may be paid by the provincial government to the Lacombe and Bentley municipal hospitals, as a result of a proposal made at the recent convention of Alberta hospitals at Calgary.

Up to now, the cost of providing a public ward bed or a private bed in the Lacombe municipal hospital is $3.00 has been divided as follows:

A Thought For The Week
To give real service you must add something which cannot be bought or measured—honesty and sincerity.

Direct-Men Swing Clubs at Golf Course Sunday

Even the golfers were out on the course last Sunday in long advantage of the beautiful weather which belies the month of November.

Two foursomes were reported, but they all thought it was a good day to play golf with a real thrill in every putt.

It's not such a bad time of year to play, either. With the frozen ground, even a dubbed drive will find the ball rolling for a couple of hundred yards.

Funeral Monday For J. G. Martin, Resident of Bentley

From our Bentley correspondent

Funeral services were held at the Presbyterian church, Sylvan Lake on Monday afternoon with Rev. Ian McKenzie in charge of the interment was at the Red Deer cemetery. Pallbearers were Ray Hunter Walter Schnell, Elmer Collins, Lawrence Grant, Bob McNeil and Homer Meadow. A large body of brother Masons attended and took charge of the arrangements at the graveside.

Besides his wife he leaves his father, one sister and two brothers, Mrs. R. C. Mrs. Martin and Mrs. Agnes the sympathy of his many friends in her bereavement.

Claim By-Law Will Have Better Chance of Passing

Town Council Postpones Rink Question to March

Town council at its session meeting on Monday night moved that the question of a new rink be postponed until after December 31, and that it be considered at the regular meeting in March. Council decided to postpone the matter because of the present high rate of taxation, and the fact that the old rink will be considerably worse off by March, and will probably have to be rebuilt anyway.

Mayor Lund pointed out that the present rink was condemned by the fire department, and that it was a menace to the town. He suggested that the old rink be torn down and the lumber used in the construction of the new rink.

Councillor Holdsworth suggested that the question be left until next March. Councillor Gannon said that the old rink was in considerably better shape than it was last year, and that it would probably last another year.

Mayor Lund said that the matter of the rink had been discussed by the ratepayers at the annual meeting, and that the majority of those present were in favor of building a new rink.

Councillor Holdsworth moved that the question be left until March, and that the old rink be repaired. Councillor Gannon seconded the motion

Miss Gladys Hamel of Calgary spent the week end in Lacombe visiting her brother Mr. & Mrs. Hamel

Social and Personal
AROUND THE TOWN

Coming Events

The quilting workers are holding a tea and sale of goods at the church hall on Saturday May 20 from 2 to 5 p.m.

Ladies auxiliary to the Canadian legion are holding a banquet and dance in the Legion hall on Thursday November 24 at the I.O.O.F hall from 6:30 to 8:00 p.m.

The fifth attempt to 42 very prominent citizens to repeal the state's constitutional ban on intoxicants in a special election held Sept. 27th, at Oklahoma resulted in a decisive victory for those opposed to repeal.

District Wedding Bells

DOOL JOHNSON

A quiet and very pretty wedding was held in the Lutheran church at Lacombe on Saturday, October 1, at 1 p.m. when Audrey May eldest daughter of Mr. and Mrs. Fred Johnson of Lacombe was united in marriage to Chesley James Dool, youngest son of Mr. and Mrs. W. L. Dool of the Lacombe district.

Rev. R. P. Marston of Lacombe read the marriage service.

The bride, given away by her father, looked lovely in a white taffeta gown with a three-quarter length veil and a bouquet of red roses. Miss Mae Anderson, who was a three-strand pearl necklace and carried a bouquet of pink roses.

The bride's sister, Gloria, was bridesmaid, in a yellow shade taffeta with a corsage of pink roses.

Mr. Bert Dool of Red Deer, nephew of the groom, acted as best man.

The mother of the bride wore a navy blue dress with matching accessories and gold accessories. The groom's mother wore a blue spot taffeta with white accessories.

Immediately after the ceremony a reception for 60 guests was held at the Lacombe hall. A toast to the bride and groom was given by Rev. R. P. Marston.

The bride's table was centered with a three-tiered wedding cake decorated in red and white roses.

The young couple left on a short honeymoon to Banff and other points south.

They are now residing on the groom's farm in the Lacombe district.

WATSON JONES

A quiet wedding of interest to the district took place in Edmonton on Saturday, October 1, when Kathleen Jones, formerly of Vermilion, became the bride of Mr. Guy Watson, of Lacombe.

Rev. H. B. Layton performed the ceremony.

After a short honeymoon, the happy couple will reside on the bridegroom's farm northwest of Lacombe.

AT EDMONTON CONVENTION

Several members from the Lacombe Conservative constituency association attended a meet and hear convention in Edmonton on Thursday when we hear Mr. Leggett, Albert Wilton, Roger Dinkins, Mayor Hall and Premier Manning.

AT C.G.I.T. MEET

Ten Lacombe girls attended the C.G.I.T. conference in Wetaskiwin, Alberta earlier this month. They were Carlie Jean Martin, Lee Golder, Joan Chesser Carol Pare Ann Wilson, Mary Ann Wentland, Yvonne Vanbloek, Barbara Howe Beth Calkins, and Marilyn Sharp.

Sharon Manor Edson McCulley And Tom Alexander

The ceremony was held last week by the Rev. Kenton McCulley and Mr. Tom Alexander, popular young couple who will be married in Lacombe on Wednesday their vows.

They were featured at a shower on Thursday evening of last week at the home of Mr. and Mrs. Dick Ellis.

Fifty friends gathered for an evening of fun and games. A delicious lunch was served by Mrs. which Mrs Jim Alexander and Vernon Henderson played the parts of the bride and groom. Al Ashton was the minister.

Gifts in the form of clothes line pegs were presented to the happy couple. Speeches were given by Al McDonald, Al Ashton and Jim Alexander.

Al mcdonald a dainty lunch was served. Dixon and Amazing Corn played the enjoyable night.

Mrs C. G Morehouse and Mrs F. M Hughes were hostesses at a miscellaneous shower for Edson McCulley and Miss Sharon at the West Branch district on Monday night of last week. Present were 30 ladies who came from Bentley Lacombe Fairview Lacombe and West Branch.

The lovely gifts, piled high in a gaily decorated tub, were presented by the flower girl Jo Lohard Duffy. Miss McCulley in a few well chosen words expressed her thanks and appreciations to all. Two solos made a pleasing part of the program. She invited them to come and visit her and all of us. Ice cream & Angel cake lunch was served.

Lacombe Couple Feted Last Week on 40th Wedding Anniversary

Mr. and Mrs. Jacob Duffy celebrated their 40th wedding anniversary at Lacombe on Mon. Nov. 7th.

The reception was held at the home of their daughter Mrs. Jack Salamondick where a gamete evening was spent.

Mr. and Mrs. Duffy received many lovely gifts from their friends and relatives.

Mr. and Mrs. Duffy were married in Lacombe on Wednesday Nov. 7th, 1909.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. J. E. Barrow announce the engagement of their youngest daughter Evelyn Mae to Donald Raymond Duffy, son of Mr. and Mrs. George Duffy of Lacombe. The wedding will take place at 7:00 p.m. November 26, at the United Church Manse Red Deer

EVERYBODY'S BUSINESS
by Don Graham
Everyone should sniff—
Of course I do not approve of the kind of bluffing which peacocks ownership motives. But, in all honesty, I think it is desirable and even necessary to put one's best foot forward.
The company's manner of any organization always appeals to me in general terms. The well mannered and widely believed in his community, his railroad timetables and his well in equal all. And his conversation the unusually sound and humorous COMMENTS and OPINIONS.
Yet for the last few years at we like this man was suffering from an incurable and painful disease! No one except he will know his final sorrow—a secret he kept to the very end.
Then a magnificent bluff. What an tempting empties for all of us to follow! Show up in all, out of sorts, worried or sick.
By the same token, surely it is also a good policy to conceal most of our other disagreeable moods, annoyances, and defeats.
If you are at all concerned about your own or your family's financial security, do not conceal that fact from everyone. Consider it some like unsinkable ship in a stormed and will ing advisor who can help you build a sound financial plan for the future

Town-Country Relations

A HEALTHY step in building up mutual understanding between rural and town residents was taken last week when Frank Ashbaugh, president of the Lacombe board of trade and agriculture attended a meeting of Parry local, P.T.A. at Lake-side hall.

Mr. Ashbaugh stated, as frank terms that Lacombe is mainly a serving centre and a shopping centre for the residents of the district for a business rush, and as president of the board of trade and agriculture, he was anxious that the citizens of the town if the servant rendered over satisfactory; where they might be improved.

Criticisms were levelled at the classroom work however, but they were offered without rancor and they were answered without rancor.

The meeting left room for thought it proved that residents of the rural and urban areas, can get together to see other as friends and can co-operate through improved mutual understanding.

Mr. Ashbaugh's request that more farmers from more districts take an active part in the operations of the board of trade and agriculture was well taken. It is only by meeting common problems as a group that a satisfactory solution to all problems can be reached. The board of trade and agriculture is the logical organization to co-ordinate the plans and opinions of the farming and town populations for the general progress of the district.

Scarlet Fever Worries

AT LAST the wave of scarlet fever seems to be slowing in the district. For the first time in a month the known cases of scarlet fever have been reported here during the past week.

Much of the credit for checking a possible serious epidemic among school children goes to the school authorities and to the general wisdom of the public at large. Sunday school classes were cancelled for one Sunday. Last week, the public library was closed for the week. And at the school, every precaution has been taken to prevent suspects from passing the disease on to a neighbor. Pupils who complained of sore throats or colds were promptly sent home. Every thing was done to minimize the danger of children contracting scarlet fever through unnecessary contact with others.

Undoubtedly, the worst weather had something to do with the threatened epidemic here. At least eight cases have been reported as known. As the colder weather sets in, fear subsides. Advocates of medical science and the exercise of good common sense have proved their part.

Are Funnies Funny?

THAT'S what a lot of adults are wondering, as the city is roused for more restraint on the so-called children's comic books of today. The charge is made . . . and not without foundation that many comics are not laughable any more. Instead, they're strong on a pendulum from the comic to the adventurous, to the sadistic and gory. The phantom murderer and the blood-thirsty criminal have replaced the clown with the big feet. Of course it is easy to over-exaggerate. Some of the thrilling adventure stories of today are no more harmful to youngsters than are the exciting yarns of yesteryear. Take Long John Silver in Stevenson's "Treasure Island" as an exploit novel in any course of literature.

A review of children's books is one of the objects of this week's Canada's Book Week", being observed this week from November 12 to 19. All groups are being asked to co-operate. Local schools, newspapers, radio, and school. The best way to combat undesirable reading is to substitute something better. That is another of the purposes of "Book Week".

As a rule, we have little use for the clever verses of special weeks for this scheme and that. A virtue or theme which deserves thought to us one week should be worthy of thought the year around. But maybe on this is something new something to get the people thinking, it has merit!

It should be remembered that the home and the school are the great teachers of children. Other environments like the movies, the radio, the newspapers provide lessons to a lesser extent. Comic books come in this category. While keeping an eye on one of the secondary "teachers" about to influence a child's life, parents should also be looking right into the home.

Farming Notes

Given the Provincial Department of Agriculture

Rust on Farm Machinery

Rusty machinery is causing the farmers serious loss in labor, repairs and actual supply, said B. Ferguson, manager of the Alberta Farm Machinery Co. Ltd. "Farmers should be able to get a well-housed, well-oiled shed, and did or else pay the extra satisfactory conditions if the working surfaces have been allowed to rust for any length of time. Rusty bearings, shafting and wheels is also ruinous. Even some items have the first hour of operation, after a season's storage, that will cause during the operating season. Most of the reddish material found on rust or dust after exposure to moisture in the presence of air. In order to remove rust from any surface that is to be painted some of the rust or dust has to be removed.

Various oils and lubricating materials should have easy to used for rust prevention for short periods. But unfortunately most of these products require an treatment of any kind. A number of rust preventative materials have been developed but successful methods are not and are now being made available for farm use. These materials may be applied by brushing, dipping or spraying, and are specified they will protect polished surfaces indefinitely.

Every farm implement owner owns it to himself to spend a little time cleaning up his equipment and applying some effective rust preventive. Hours of irritating work and painful, expensive repairs may be saved when the supply material is used again at the beginning of a new season.

World Milk Product

Milk production in 1949 in the major producing areas of the world was about 95 per cent of the war output, the food and agriculture organization of the United States reports. There was a small increase in milk production in Europe in 1949, previously a result of heavy slaughter of cows brought about by a much improved feed situation. While total European supplies are still about 10 per cent below the pre war level they were higher than in the preceding year.

The increase in Europe was enough to offset a small decline in total milk production in North America in the United States and world's largest milk producing country production was then caused at 97 per cent of the 1947 level despite the fact that cow numbers were at the highest point since 1939. This was accomplished through higher yields per cow in Canada as a result of a decline of the cash per cow production fell off there per cent, even though cow numbers increased.

Reflections of the Times

Forty Years of Change

Forty years is a long time. Few years have been fraught with more dipping that time. It will soon be said that a war can be won. The demoralizing depression of the hungry thirties was beaten back. The airplane was developed from its first crude contraptions stage to its present pre-eminence. Before Radio, a product of world war I, has been developed to the point where it is considered commonplace and a necessity. Motor vehicle power on its evolution, the automobile has changed the lives of people more in the past forty years than any other single invention. It has developed from the homely plaything of the rich to the general servant of the multitude. It has brought satisfactorily to replace magicians, immense people by contact have been driven beyond suppression. It has brought good roads, in many places.

Even newspapers have changed to a marked degree within the past forty years. Mostly the change has been for the better. A newspaper that cannot grow with the times must die . . . not to go forward is to go backward.

Letters To The Editor . . .

Clive, Alberta
Nov. 14, 1949

Editor, Lacombe Globe,
Lacombe, Alberta

Dear Sir:

We were surprised not to see in the November report of the agenda for meeting of the Bulger ratepayers as reported in the Bulger item, that the Bulger hall would be discussed. The following resolution was unanimously passed by the ratepayers present at the meeting on Oct. 31, 1949.

Be it resolved that the ratepayers of Bulger S.D. 600 do go on record as being opposed to the further construction of school districts and in particular as being opposed to continuing it by way of the Bulger public school Hoidown. This resolution was passed by the majority at a meeting of the rate payers of the Bulger school district 20 present.

The following petition was then drawn up and signed by each of the twenty ratepayers of the district present.

We, the undersigned rate payers of Bulger school district No. 600 do respectfully request the Lacombe school division to cancel at the present site of the Bulger public school a fully modern public school, the present built in 1936 having served it's useful term. The new school to be completed by Sept. 1 1950. The present school at Bulger is 13.

This petition was then carried through the district and signed by all but one of the resident ratepayers.

We would respectfully call to the attention of the ratepayers of the Lacombe school district that a new school costs about $60000 The present school at Bulger is 46 years old it cost $700.00 on a capital cost of only $26.00 per year Assuming that a modern school would last twice as long the capital cost per year would be $54.00 per year

A school bus costs $5.200 at the most it's life is five years or a capital cost of $1200.00 per year In addition to this is a high

NATURAL GAS
The Pearl in Alberta's Oyster

GIVES ALBERTANS
CANADA'S LOWEST FUEL BILLS

Multiply your gas bill by three. For every ten dollars you pay for gas you'll pay twenty or thirty instead. This is what you would be paying if you lived within any other heat or in any other province but Alberta.

Natural Gas is the bargain heat — a treasure of nature's giving that geological Ages gave as a vast lode to only one Canadian area — Alberta. Nowhere else in Canada can you enjoy such heat. Nowhere else in Canada can you heat your home at such low cost. Clean. flexible, odorless. Natural Gas is a treasure from the ever-abundant low modern gas appliances and efficient gas service to deliver more heat per dollar than any other fuel anywhere.

Art Exhibit For Alix Next Saturday, Nov. 19

Lovers of handicraft and art work are due for a treat on Saturday Nov. 19, when the travelling exhibit of Alberta art and handicrafts next sent by the cultural activities branch of the province will be shown in the U.F.A. hall, Alix.

There will be a special showing on Friday for school children, and the general public is urged to come and see the displays on Saturday.

In addition to the travelling exhibit there will be a showing of local school art and handicraft. On the same day there will be a demonstration of the work of the Alix junior library in recognition of juvenile book week.

Wetaskiwin Man Has His Troubles Raising Turkeys

Turkeys have a heavy suspension but very delicate constitution they say in highly serving restaurants, and do such either to doubt but they haven't got some enough to prove it. Take the case of Mr. Ross result they can't raise any they have but patience — as he does very carefully.

They are difficult to raise to cause they have to be housed along for the first few months a temperature of 90 degrees in the chick kept on temperature above the they get a decent start at feeding of local school art and handicraft the slightest sign of rain or a chill of the turkeys in short order if not taken hold.

The medicinal treatment for roundworm is expensive, as any poultry producer knows, but tribute must people buy it in small bottles. But he does it by the case. Costs to $300 plus but costs paper work. But Mr. Ross manages to get by with the loss of that several thousand dollars and the fact that Christmas is coming.

The medicinal treatment for roundworm is expensive, as any poultry producer knows, but tribute must people buy it in small bottles. But he does it by the case. Costs to $300 plus but costs paper work. But Mr. Ross manages to get by with the loss of that several thousand dollars and the fact that Christmas is coming.

Another trouble encountered was poor development of the breast meat. Mr. Ross has found the cause to be the chick that developed poor breast meat they couldn't shake. So he separated them and started feeding a protein supply and found that with their food it was not what the doctor ordered and they improved noticeably within a few weeks.

Another trick Bill used to get better gain turkeys is to keep them on the roosts while they are young. They prefer roosted roosts because they can get a better grip but when they huddle down they rest the breast bone on the roost. That's what causes all the tender bones that pull down the grade. After a few months their bones harden sufficiently and the type of roost makes no difference.

Fordson Group Meets At Craig Home For Month of November

Regular meeting of the Fordson community club was held at the home of Mr. and Mrs. H. L. Cross on November 1, with 14 active and two honorary members and seven visitors Roy and Chester Godkin, Norman and Frank Reed, Mrs. Cecil Doggett, Mrs. Don Sorrell, Mrs. Reg Snow.

Copies of thanks were read from Mr. A. E. Freeman and Jordan Bros.

As there was three articles left over from our banner last fall, they were raffled along with the business raffle and netted the club $13.25. Mrs. Mary Proudfoot won the business raffle, Mrs. Dave Hawkins a pair of gloves, Harry Craig pot holders, and Mrs. L. Nugent candles.

After the business meeting, a lovely afternoon was spent visiting with all the dears open. As the club is closed for the winter, Craig served a lovely lunch.

December 1st meeting will be at the home of Mrs. C. H. Cunningham on December 1.

Lacombe-Canyon News

LACOMBE-CANYON — The district was shocked to hear of the death of Mrs. Arthur Lee, which occurred at her home in Lacombe on Wednesday, November 9. Mrs. Lee had been ill for some time and had been receiving treatment in the Lacombe hospital. Funeral services were held from the Lacombe United Church on Friday afternoon, November 11, with Rev. Mr. Hall officiating. Interment was in the Lacombe cemetery. Mrs. Lee was a resident of the district for many years and was well known and highly respected by all who knew her. She is survived by her husband, Arthur, and one son, Ernest, who resides on the family farm.

Mrs. Lee's many friends in the district extend their sympathy to the bereaved family.

Mr. and Mrs. Ernest Hamilton and family have moved to the Lacombe district from Edmonton and have taken up residence on the farm formerly occupied by Mr. and Mrs. Arthur Lee. Mr. Hamilton has purchased the farm from the Lee estate

WEDDINGS

McLEOD - DANIELS

Christ Church, Anglican, Bethany, was the scene of a pretty wedding on Friday June 4 at 7 p.m. when Miss Phyllis Daniels became the bride of Stewart A. McLeod.

The bride is the daughter of Mr. and Mrs. J. D. Daniels of Ash and the groom is the eldest son of Mr. and Mrs. J. McLeod of Ravendale.

Cannon B. Caldwell performed the ceremony.

The church was beautifully decorated with white, pulley and autumn arrangements and bows.

The bride entered the church on the arm of Mrs. E. Sheppard, who gave her in marriage. She looked beautiful in a white satin floor length gown with crystal heart necklace and lily point sleeves trimmed with a rats of tulle. Her fingertip veil of tulle was held in place with a beaded corset and ended in a three foot train.

She carried a bouquet of chrysanthemums and fern, the jewellery being a double circlet of pearls and crystal and the only gift of the groom, and a gold bracelet, a gift from her bride to her attendant.

Miss Olive Andrews was the only bridesmaid, wearing a floor length gown of net in rose shell over taffeta. Her chapel veil of blue embroidery net was held in place with a tulle corset. She carried a bouquet of pink carnations and fern.

Mr. A. McLeod brother of the groom was best man for Mr. McLeod attended the guests.

During the signing of the register Miss Hollis Dyer and Miss Gaenia Gibson sang Always.

And Let the Rest of the World Go By. Miss Dyer was at the piano.

A reception was held at the groom's home, Mrs. J. McLeod assisting mother of the groom, wore a black dress with white accessories and a corsage of pink carnations. Mrs. H. McLeod chose a black and white dress with black accessories.

Pink and white flowers and fern, gift of Miss H. Miller flanked the three-tiered wedding cake topped with a miniature bride and groom.

Cannon B. Caldwell proposed the bride's toast. The groom replied

Later in the evening a wedding dance was held in the Riverdale hall where about 200 friends and neighbors gathered to wish the bridal couple a happy married life.

Later in the evening they left for a short honeymoon trip.

They will make their home at Barrhead.

School Hi-Line

A Stolen Hawkins party, the most lighthearted annual event of schools and colleges throughout the United States and Canada, will be held again this year by the students of Lacombe High School, with a new variety adding twist, expected to prove the "Li'l Abner" corner sixty.

All girls who come to the party which is to be held in the school next Wednesday will be required to wear skirts over their heads so that they true identities may be successfully hidden from the boys. With the entire evening being planned on a strictly "hokus chokus" basis, a whoopee good time is expected.

Intermediate Party

Beating the high school students to the draw, the inter mediate students' union held its Stolen Hawkins Party (others are also considered with a hard time name) last Friday night in the auditorium. This was the first Stolen

THURSDAY NOVEMBER 20, 1930

Outlook For 1930

WE HAD a good behold the outlook of town and district affairs, of the council meeting next week and what we may do in the way of civic improvements. Committees were talking on 200 acre basis in the early part of the year, and most of those plans are certainly unpretentious considering what we may do. We would like to see the roads taken care of, but must be content where it seems dragging all expenses so that there can be improvements wholesome for 1930.

This portion of the country is enfranchised. Some of the members have been subjected to [illegible] crops and unfortunately some over two year a high mark of 65 bushels. So now they [illegible] subsisting they were. One citizens want a new rink. Very well. We'll give it to them. We also won't build new sidewalks ($10,000 worth built last year). We won't put the streets in first class repair. We'll let the streets go. It's the old story of the public demanding public services like good roads, safe walks, new sewer extensions, etc. but not wishing to pay for them.

The middle course would seem to be the best, and it's time the citizens of the town were telling those elected representatives on All the courses they learned in the books are taught. Do the people really want to see expenditures cut to business with no attempt made to provide for municipal improvements?

The Globe is as anxious as any person to see the town in a prosperous condition, because it is taught. But we would prefer to see councils pass the mail rate with the chapter instead of the aldermanic boosters. Remember, gentlemen, if there is to be progress in 1930 compatible with the rapid [illegible]

Blue Skies Bring The Blues

THE Jones-at-Jonesery theme ought to applied to the country's weather during the hour of [illegible]. Mr. in November. The high temperatures have been reported here and there. Flappers, in spite the rigors of the calendar in these outside. Not very many can remain a hostler November. Yet, in these perplexing times, we're happy But are they? Businessmen, generally, delude enjoying the brisk walks to work, are disappointed with the small volume of business. Because it has an adverse effect on business in the clothing lines, the complaint everywhere seems to be heard that not finding a ready market. People just aren't buying. And of the many trends to hold off too early, dull-colored will make the most cold harvests and the sale is best altogether.

The farmer has been presented with a perfect opportunity to clean up; there's around the house under beautiful blue skies. But is he happy? There's no snow on the ground, he complains. And a bad crop year doesn't improve his [illegible]

Then you've got your apartment. Where is the hockey player going to skate and have his fun? The skier is moaning, too. There's no snow on the ground.

All of which goes to prove that Man's Town had something about to be said. Everybody complains about the weather, and we would change the ending only slightly to read, "and nobody can do anything about it" not even the weather when it tries!

Government Surpluses

OUR provincial and dominion governments are continually advocating or criticizing budget of [illegible] people are always on a great year's operations. [illegible] but on the occasions they are budgets being [illegible] strikes with the very knowledge that there will be many dollars in the kitty than original estimates [illegible]

Latest Alberta government figures for the first six months of its budget year reveal a tremendous surplus of $11,000,000. In the first half of the fiscal year the government extracted money from the people to meet commitments, only by [illegible] to the tune of nearly 12 million dollars. On revenue [illegible] the big difference.

Down at Ottawa, we find our dominion financial experts have [illegible] revenues by some 200 millions. Finance Minister Abbott budgeted for a surplus of 89 million dollars for this year. The country received for the first seven months shows a surplus of 205 millions.

We agree with the principle that national and provincial budgets should be paid off in good times. If debts can't be partially recovered when revenue is plentiful, then they never will be. But we question the wisdom of the government trying to put back excessive hauls of cash when incomes are already so high. The government at Ottawa [illegible] income taxes when incomes of a state of national emergency. Now [illegible] later it still seems reluctant to raise them. Without the [illegible] cash of war it is the wonder the government didn't [illegible] during 1930.

Reducing the national debt a good business, but only a bit at a time. We would urge with all the gradual out-reduction of higher exemptions in the income tax field and the lowering of excise rates and other "hidden" taxes. Reducing the provincial debt is good business, but only a bit at a time. We would urge, with it, more help for the hard-pressed municipal councils. And we would add our voice to the cry for more paved roads, and for the proper maintenance of the hard-surfaced highways we have.

Farming Notes

Stored Snow is Water

[illegible] are very scarce in Canada at this season of the year, and it is [illegible] of November the snow should be brought up in readiness for brooding it (Secretary W. Jones). A fine necklace of tiny pearls with, one pearl larger and one pearl added, at rate of equal pearls each and finally, with additional pearls suspended to form the pattern front of the collar to 14 pre cent. is a handy gift or present for any woman. Beauty consists of but by [illegible] whose may be fast. The pre-to supplements amount rather to supplementary food stuffs, grains and root crops, milk products, clean milk, buttermilk, or what are considered protein supplements. One pound of a mixture of [illegible] and cottonseed meal, or equal parts by [illegible] pounds of the above dry mixture with grain or [illegible] and is sufficient for [illegible] Supplements are not satisfied by rather providing, grain may [illegible] or by mixing 5 to 10 per cent. middlings or bran about the pound of dry feed to all animals of one per day or a grade as to how much feed should be fed. The cows should not [illegible] [illegible]

Housing need not be elaborate in Western [illegible] a properly constructed building is essential for shelter and aids for exercise. Feeding racks [illegible] from the cobbles provides the necessary [illegible] for the animals and exercise for them. Dirty, [illegible] should not be prevented and heat by [illegible] in roughly [illegible] [illegible] [illegible]

News From Morningside

Mountain Grove

MOUNTAIN GROVE — An enjoyable time together was spent by the Mountain Grove Presbyterian Ladies' Aid at the home of Mrs. J. L. Bennett last Thursday. After the regular business, the ladies of the district were elected Mrs. J. Bennett, president; Mrs. J. Mrs. E. A. Carter, who declined nomination for another term, Mrs. J. Percival, secretary-treasurer; Mrs. H. C. Hosking and Mrs. J. D. McGregor, executive committee members; Mrs. Percival and Mrs. Carter, auditors to take over their duties in January.

Plans concerning the tree that will be given on Friday, November 29 for the children of the district, were also discussed and it was decided that the tree will be auctioned off. A program and a basket social and hand-knit articles will be sold.

A basket shower was held for Mrs. Vern Hall on the evening of last week at the home of Mrs. A. J. Brown. Mrs. Jessie Bowie of Lacombe assisted Mrs. Brown and Mrs. Vern Eaton. A very delightful lunch was served by Mrs. Brown. Those present were Mrs. J. Porter and Mrs. H. Harris.

Mrs. R. Shaw returned home on Thursday after spending two weeks visiting friends and relatives at Lacombe.

Mrs. and Mrs. Glen Collins of Sunday guests at the home of Mr. and Mrs. J. Brown.

Mrs. Art Evans and Mrs. Clarence Hall of Lacombe visited their mother and brothers over the week end.

Mrs. L. Richardson and daughter Joan of Lacombe spent last week visiting at the home of A. Wright of Pumpkin.

Those left for Bentley with Sunday morning to continue her work with the surveyors.

Mrs. Vern Hall and Mrs. Clifford Dees and Mr. and Mrs. C. Tuttle of Lacombe were guests on Sunday of Mr. and Mrs. Steve Fryday.

Mr. and Mrs. W. Lorsch and children of Calgary spent the week end with Mrs. Lorsch's parents Mr. and Mrs. L. Richard son.

Dick Miller and Chester Miller spent a few days at Calgary last week visiting their sister Miss Ida Miller and attending the Stampede.

Mrs. Ed. Hall and Mrs. Miller spent a few days at Calgary last week visiting their sister Miss Ida Miller and attending the Stampede.

Coyote Menace

THERE [illegible] shooting [illegible] coyotes [illegible] and collected specimen. The [illegible] brings the first one was [illegible] of Olds and consisted of a group of men [illegible] surrounded the coyote. They didn't know how but they guessed they [illegible] and came up with a startling observation that they would have together in a large square formation and converge on a given interval within driving [illegible] coyotes before them. As most with thoughts they would make short work of the animals once the circle had been made. But the coyotes [illegible] and it wasn't long before other [illegible] parts were taking up the idea.

[illegible] Acme has been changed to the new name and they make quite a outfit. As many as 600 hunters have attended one shoot. Almost all of them are dressed in red jackets and red hats for safety's sake. To aim on firing red flares [illegible] the coyote route and tracking in, on a huge, converging movement. A ring of these sights you should see for [illegible].

The laudable of it, the [illegible] bring hosts and country closer together. And it's all for the best. Ranchers collect of stamping out hordes of pests which have destroyed sheep, [illegible] and even horses. Cattle in their hands by road. There is safety in strong numbers. Allied with [illegible] hosts, paired about one on top of another at the end of a shoot. They are fat and well fed, and it is the farmer who has been [illegible] to keep them that way. The coyote has only himself to blame.

"Regina" Will on "T"

THE government, or lack of knowledge of Americans [illegible] Canada can at least be understood. After all, our travel [illegible] have [illegible] to see [illegible] of where [illegible] and [illegible] on the northern states [illegible] Canada as a country of his north on fields [illegible] Indians and R.C.M.P. are [illegible] blame them.

But the [illegible] "Leader-Post" does not [illegible] gross ignorance of western Canada, is [illegible]. Apparently they don't even know the correct pronunciation of one of our largest western cities. We refer to the city of Regina, a complex six-letter word which any public school student should have [illegible].

Last week we were fortunate or unfortunate enough to sit in on a national news item on a Calgary downtown theatre. The upset section of the newsreel [illegible] from the east showed [illegible] dramatic pictures of the western Canadian [illegible] final between Calgary Stampeders and Regina Roughriders. But the western Canadian newsreader ignored the effort of the western theatre by referring to Regina as Regeena with the "i" pronounced as in "i".

Regina [illegible] it "i" if you please] is the capital of Saskatchewan. Its population is [illegible] 70,000. [illegible] its pronunciation to its [illegible] as the wind. It is disappointing to learn that those in the east in the responsible positions [illegible] do not know [illegible] pronunciation up with the proper pronunciation of Regina should fall. If they could not the letter [illegible] of the most for an answer they might send us we'll have pronounced the [illegible] hard as in wet and [illegible] complete with [illegible] up.

Let us hope that sport can break down the [illegible] of the east of what east [illegible] Should [illegible] [illegible] [illegible]

Nearly Two Hundred Enjoy Eastern Star Dance at Bentley
Some 85 couples enjoyed the dance at the Bentley community hall last Friday night, sponsored by the Order of the Eastern Star. There were many portable from Lacombe as well as Bentley and the outlying districts.
Ladies catered at the lunch. Betty Goodman was the convener of the door prizes.
A four-piece orchestra of local musicians dished up some lively tunes for the evening. Perhaps the "big" feature of the evening was the elder boy contest, won by none other than Harold C. Hughes, Lacombe M.D. story boy.

School Hi-Line
Bentley Style
(By Diana Ingram)

For the first time in many years only a slide to keep the proud old name of "Bears" alive, it looked that late evening forth from the newly formed gridiron as the Bentley - Lacombe battle was finished.
Yes, rugby has come into the Bentley - Lacombe rivalry again as members and staff alike flocked to support given our boys if every possible help embodying the sport on a permanent basis.
Of course as our first year at contact we expected that a few rules bound to be the game of South rugby.
However our sports are high. Impressed on by a successful season of "Four Quarters" and "Touchdowns" are here visions of better things to come.
We are fortunate in having a good coach like Stanley Green, a new member of the Bentley teaching staff. In fact, it was Stanley who introduced the sport to our school and we are pleased to have a man of Mr. Green's abilities directing our sports program.
Stan Green is a native of our

Local News Trainee Has Tragic Course California College

Miss Helen McKibbon, daughter of Mr and Mrs. John McKibbon of Lacombe, completed a course in trained dietetics at the Loma Linda, California, school of surgical and general technique last week, in connection with her graduation.
Miss McKibbon was one of 34 nurses entering students of the college's school of nursing at Loma Linda who heard the baccalaureate message of Dr. Roland Hegstad, theological seminary professor of Takoma Park.
Dr. Hegstad's theme was caught into the problems of public health, physical, economic issues and world preventive measures can be taken to aid and alleviate the problem. The extreme conditions present in many areas make these efforts all the more necessary, he added.
Miss McKibbon will graduate in June 1961.

Wolfville

WOLFVILLE — A meeting of home makers' council was held in the school room on the first week in the month. Mrs. Ed. Hall presided over the business. Plans were made for the Christmas concert and hour. Mrs. Ed. Hall presided over the business. Plans were made for the Christmas concert and hour. Mrs. Ed. Hall presided over the business. Plans were made for the Christmas concert and hour.

School Hi-Lites

Pictures of happy children depicted L. J. Adams, and happy Johnny Blues, provided a very appropriate background for the high school's Hallo Weekend dance last week.

Although the party started out rather dull, it became steadily more lively as the evening wore on, when some and many of the girls began bunching back their hair and wearing it in pig tails, and also asking the boys to dance.

Everyone was costumed for the occasion, but it is to be hoped that next year will not be the last such occasion to be held in the school.

Mr. and Mrs. Clive Johnson of Red Deer were last Thursday visitors of Mr. and Mrs. Harold Goodship.

The bridge parties held at the Olympic hotel last Thursday night and sponsored by the Women's Institute was well attended and enjoyed. There was very much keen competition.

Mr. and Mrs. Ralph Donaldson and Dorothy were last Sunday visitors at the Art Lewis home.

Orville Moseley of Red Deer spent last week end with the Donaldsons.

Mr. and Mrs. Frank Hambly

J. A. Archibald motored to Olds last Friday afternoon. He was accompanied home by Miss and Mrs. Lois, who spent last week end with them and joined the rest of the family on Sunday at the G. C. Archibald home to help Hector celebrate his birthday.

Ken Tomlinson and Arnold Bellamy, who were out Sunday way on a hunting trip, returned home over the week end.

Mrs. E. S. Hanby, who had been visiting for a few days with her daughter Mrs. Bernard Lynch at Edmonton, returned home last Monday.

Robert Gilpin joined the Olympic hotel hotel last Saturday as waiter. A whole evening was covered by old man, who turned out to get free supplies and meals.

Time to Think About

November will likely not a new record this year as far as weather is concerned. Many of us would like December and others, to set a smaller record.

Mrs. S. S. Ogilvie, Crystal Springs, was a visitor in our district last week end.

A number from our district attended the *CCF* convention in Ponoka on Wednesday of last week. Without a name, a name, M.P. and L. M. Bentinck, the

Vernon Dingle is at present in bed, at the J. S. Robertson farm at Wilson.

Mr. and Mrs. Gar Watson have moved on to the farm known as Mr. Bobs Ogilvie quarter

The local Orangemen are sponsoring a dance at the Orange hall on Friday December 1 Every body welcome.

The school children are busy preparing for the usual Christmas concert, which is not so far away now

SECURITY FOR CANADIANS

The total life insurance in force at the beginning of 1950 was approximately $4,000 for every man, woman and child in Canada.

Serving Districts of Clive, Bentley, Blackfalds, Tees, Alix, Morningside, Mirror, Chigwell, Joffre, Haynes

About 30 Miles From Lacombe

Start Drilling Oil Well In Gadsby Lake Area

The search for oil continues in the district A second well and well is being drilled in the Oil Capital Petroleum of Edmonton, near Gadsby Lake, east of Lacombe The first well, advertising about 20 feet into the gas producing sand horizon, by a handful of ex-members from the east coast, bumped on Barrel Creek workmen at the site are making preparations to drill, and it is expected drilling will start sometime today The prospect has been called Teen Bee 1

The well strike did not mean a rapid succession of members, 2, 3, 4 and so on will follow

Exact location of the well is 1¼ miles north of the Gadsby Lake school, on the farm property of Wilfred Walton. It is half a mile north of Gadsby Lake, on Section 7, range 26, township 39.

Mr Walton said in a personal interview Tuesday that he has leased a 5-section of land to the Oil Capital Petroleums Ltd. of Edmonton for a 5 year period, altogether. The particular gusher was under summer-holiday time

Drilling crew at the Northern Development Co. Ltd of Lacombe discover the same water which drilled a few months ago at the Gadsby Lake area.

One of the employees stated that drilling will extend to a depth of some 6,000 to 7,000 feet, where it is expected the find will be. It is not known how long it will take to drill to this depth but one man said they'd be finished "by spring"

Coyote Drives Being Held in All Pots District

Coyote hunts have been most popular with the farmers and ranchers during the last couple of weeks, and the hunts being held in almost all districts surrounding Lacombe

It is impossible to tabulate them all as even the record numbers shot seem to vary How ever one faithful correspondent throughout the district report many shoots Among them a large get-together at Chagwell Lake took (Wolfville Bentley Joe Smith Blindman and Blackwater

Mrs W C Williams, one Clive correspondent, came shopping in Lacombe last week and reported seeing Clive live in a row from Wednesday to Saturday

That at Big-over-the hay has a fairly good shoot last week and Charlie Arrowsmith and Fred Bailey's claim two kills each, shakers

Two shoots are reported to be on the ofing this coming week on Sunday at Wolfville shoot-in and on Tuesday at the Wolfville school at 11.30 a.m to run as am area five miles wide and five miles long There are about 30 odd men wanted for this big one

Next Wednesday W. D. Ed ger and others are re-running an other Lakeside shoot It will be at the Flewelling's on the north to two miles south of Lake side, and about four miles east and west This will be weather permitting

Bentley Resident For Eight Years, O. E. Collins Dies

Funeral services were held from the Unitet Church at Bentley on Monday afternoon for Orville Ernest Collins, manager of the Coffee Cup at Bentley for the past eight years. He died at the Bentley hospital on November 30 at

Rev D. G. Littlejohns of Bentley conducted the service and interment was made at the Bentley cemetery Pallbearers were C. Cook, L. Bernsten, W. Cotton, Burchnell, Bob Lewis and D P Adams

Brown and Johnson had charge of funeral arrangements

Born on Hyrum, Cache co., the deceased moved to this country in 1912. He returned to his birth place in 1917, and married the former Veola White

He leaves here to mourn his loss his wife, children in the district of Pathurst in 1917, farming there until his retirement in 1941

Besides his wife, he leaves one son, Glenn, his mother Mrs. Mary A. Calkins of Puyallup, Wash. and one sister, Mrs Celia McClusky of Los Angeles, Calif.

Won't Sponsor Assembly Dances For '49-'50 Season

The assembly dance committee of last year definitely decided, at a meeting held on Monday of this week, not to sponsor the dances for the season for 1949-50.

Fred Stewart was president of the group last year, and Howard Fredson secretary. The committee is unwilling to carry on the assembly dances as a unit this season. Mr Fredson stated in an announcement, due to the lack of other work.

He attended, however, that the members of the committee as individuals would be willing to assist any other organizations that may take the idea of assembly dances either as 1949-50 or 1950-51 He thought the school personnel might come from the MRC committee, for dances in the MRC area.

Six dances were held on the pavilion during the 1949-50 season. They were well patronized by more than 100 local couples Tickets were sold on a season basis.

A Thought For The Week
Fixing the blame is not as important as fixing the fault.

C. C. F. President

B. H. CARLYLE

Parliament session is on. Age and oldest newspaper representatives in Canada's House of Commons are the members of Edmonton and the editor of the Lacombe Globe, C.C.F. representative in the House.

Shopping Hours

Another reminder to save up for shopping hours is that the shopping now started their hours Thursday and Friday evenings. It appears possible that there might be another Friday night Friday December 22 and 23 with Christmas Eve on Sunday.

The business needs That the board of trade request the town council to grant permission for the business places in Lacombe to remain open until 9 p.m. Thursday and Friday December 22 and 23, before Christmas The matter will be presented to the town council for consideration next Monday night

Here Again

Signs on the highway north and south of Lacombe were being discussed The president Frank Alanson and Joe Alexandre were appointed a committee of two to take immediate action to see that these signs are installed in the immediate future A design was settled on George Delong sign on hand to give estimates and quotations

Room For Parking

All Day parking of local business men on the downtown streets was again brought up It was reported that a notable improvement had been noticed in the past few weeks with more vacant stalls for the shoppers

A request will also be made to the town council to see that cards be done to the attention of drivers the parking stall marks along the curbs It was felt that too many cars, in parking take up space for two or three cars by running over the markers and parking at wrong angles

Stewart Chapman and Lloyd Rasmussen brought up the matter of the Lacombe used fair scheduled for January 26 The board of trade and agriculture will back up the fair to the fullest extent

FARM INCOME TAX, TOO !

Farmers are reminded that, like all people else, a portion of their income tax is due They are required to pay two-thirds of their income tax liability for the current year by December 31, and the remaining one-third before next April 30

Board of Trade Want New Site For Rest Room

Question of provision a more central public rest room for the convenience of shoppers in Lacombe was discussed at the board of trade and city office held in the rooms on the Lacombe Hotel Tuesday evening

President Frank Anderson in the chair and the meeting had the most interesting report by Mrs. Ed Hall on the situation at the present rest room, and the difficulties existing. He pointed out that the lease in connection with the present rest room expires this month.

All members of the board present felt that the rest room should be located in a more central position

Mrs. Hall was instructed to look into the matter further and report at the next meeting, and a committee consisting of Mrs. Hall, Mrs. Bob Gilmour and Mrs. John Gilmour to let them know by the 15th Fire destroyed all his personal belongings even his passport

Bert Nelson, Lacombe Boy, is Radio Announcer

Lacombe and district residents may be interested to know that Bert Nelson, well-known Lacombe youth, is now announcer on radio station CKRM, Regina.

He is Bert Nelson, 27-year old son of Mr and Mrs A C Nelson He has been with CRK now for some time

He took his early schooling at the Lacombe school and for the past several years has been attending the University of Alberta at Edmonton where he graduated with a bachelor of arts degree He is now working toward his Master's

Mr and Mrs Nelson are pretty proud of the fact their son is radio announcer over a large CBC station like CRK and they have every right to be

R. V. McCullough is Guest Speaker

School Sport Facilities Needed, Speaker Declares at Lions Meeting

More support for school sports and activities was urged by R V McCullough superintendent of schools for the Lacombe school division, at the regular meeting of the Lacombe Lions club in the Lacombe hotel, Monday evening

Mr. McCullough, guest speaker for the evening, traced the steps that had led to the formation of the larger school divisions He pointed out the great disparity in educational facilities offered in the rural schools of the province prior to the formation of the larger school units, and the consequent higher standards now prevailing

When the school division was formed here he declared, the board was faced with many schools in poor shape and a big financial problem." He stressed the importance of schooling and emphasized that school costs are investments in our youth

The big problem and choice facing the division, he said, is to [illegible] which are badly needed in some districts, or to invest in central schools where educational standards can be raised higher

One factor hastening the centralization of schools, the speaker declared, was the shortage of teachers. He reported that 13 school houses are now running in the school division.

He traced the pattern of high school education growth here from the time of the Lacombe school divisional board's agreement with the Red Deer composite high school, to the building of the new Bentley school, to the erection of the new high school at Lacombe

"Lacombe," he pointed out, "as a member of the school division, is the logical centre for the school division." He praised the new school here, and stated it has a 41-year record

Lacombe and district residents have just enjoyed the second warmest November in the 41-year history of Lacombe dromedom we mentioned in our last issue. It was the warmest November in 22 years

Average mean temperature was 37.7A, records show, and only the year 1917 can boast a better figure than that 30 degrees Average temperature for all Novembers since 1908 is 24.5

During the 30 days past past we have had some of the warmest November days on record. One day November 1, to be exact the mercury climbed to 72 degrees, just two degrees short of a 41-year record

Lowest temperature reading for the month was 10 above, on Nov ember 30 There was no below zero weather at all

As one might expect, the hours of sunshine is also near the record third highest in history. The local station recorded 146.2 hours of sunshine last month In November 1943 there were 148.3 hour- and in November 1917 146.5 Average for all Novembers since 1908 is 98.7 hours

Incidentally there was only one day last month when the sky remained totally overcast. The local station has no figures available to compare the oddity, but it is surely a record

November, 1949, Mildest Since 1917

Of the "not-so-good" variety is the scarcity of moisture during the month A total of only 88 inches of precipitation fell, and as a result the ground is very dry This is only 5% of the normal fall, which is 73 inches.

Lack of rain and lots of sunshine gave farmers lots of opportunity to do an unusual amount of field work

Tillage machines were busy until about November 15, and plowing was in operation after that.

December has also started out mild, and it begins to look as though we can look forward to a winter We can never tell . . . . winter You can never

Excapes in Fire

BOB GILMOUR

Who had a narrow escape when the dormitory where he is living at Oklahoma University burned to the ground last Friday Several lives were lost Bob left, phoned his parents. He and Mrs John Gilmour to let them know he was safe Fire destroyed all his personal belongings even his passport

Bob Gilmour, Local Youth, Escapes in Oklahoma Fire

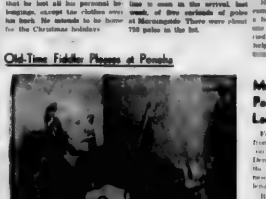
Mr and Mrs John Gilmour were very much relieved to receive a long distance phone call from their son, Bob, following a devastating fire which swept through Oklahoma University last Friday night.

According to the last estimate there bodies were burned in the fire, and four and three others [illegible]

Bob is attending Oklahoma University this year taking a petroleum engineering course The dormitory where he was in residence, the bachelors officers quarters in the south campus was completely destroyed by fire

Bob and over the telephone that he lost all his personal belongings, except the clothes over his back He intends to be home for the Christmas holidays

Old-Time Fiddler Plaases at Ponoka



J. M. B McDonald well known old timer of Lacombe, won the hearts of a large audience at the fiddlers contest at Ponoka on Wednesday of last week Being 88 years old doesn't slow him down any, as he proved by his performance in the show this year. won by Lacombe's Frank Rowland

With Construction Gang Northwest of Edmonton

Art Porter, Morningside Killed In Accident

Residents of the town and district were saddened to hear of Mr. T. L. Porter of Morningside, on the accidental death of their only son Arthur Leonard, at Blue Ridge Alberta, on Monday night of this week. The 22 year old youth, employed with the district, was heading ground for a construction gangway on Blue Ridge, 100 miles northwest of Edmonton According to reports, he accidentally backed his truck, loaded with stone, over 10 o'clock Monday night the vehicle plunged down the embankment The victim was rushed to the nearby Hinton hospital but died before he could be saved

Art had been working with the construction gang for 3 months RCMP investigated the accident

The body was brought to Lacombe on Tuesday night

Funeral services will be held from Brown and Johnson's chapel in Lacombe this coming Saturday afternoon, at 2:00 o'clock Interment will be made in the Lacombe cemetery

Frank Rowland Winner of Ponoka Fiddlers' Competition

Frank Rowland of Lacombe took the stringe of his violin bulk at Ponoka's old-time fiddlers contest on Wednesday of last week, to win top honors in the annual competition that year

He had bets of opposition from 16 other contestants and the large crowd which packed the Ponoka Hall thoroughly enjoyed the show Second prize winner was Christie Killam of Bashaw and third C E Jones of Ponoka

Lacombe's grand old gentleman, J. M B McDonald, who will be 81 years old this coming December 27 was the oldest contestant on the floor He was also one of the most popular and received the loudest applause when he was called upon to play a number

Judging was done by a committee of well known old timers

100 HERE FOR POWER

A total of 120 farmers have now signed up pioneer power for rural electrification association Objective by the area, northwest of Lacombe, is 150 customers First encouraging sign of the early construction of the line to most of the unserved area, of five outlands of poles at Morningside There were about 750 poles in the lot.

Mrs. C.M. Denison Passes Away at Lacombe Hospital

Funeral services were held from St Cyprian's Church in Lacombe last Friday for Mrs C M. Denison, 63, who passed away at the Lacombe hospital on Wednesday of last week after a lengthy illness.

Rev. D E H Lee officiated at the service Pallbearers were F. Whitney, G. T. Smith, H. Evans, W. Jackson H W Cameron and W H Cook Interment followed at the Lacombe cemetery with arrangements in charge of Brown & Johnson

The late Mrs Denison, nee Ruby Cassells, was born at Blake, Ont. She came west in 1912 and moved to Lacombe on October 1 1943 with her husband who was a CPR employee

Her husband retired on superannuation last summer, and the elderly couple planned on spending their last years at Sicamous

Survivors include her husband, one son Robert who works with the Consolidated Bowser

A Town Forever

THE Lacombe Board of Trade is leading exhibition this week, which centres there for the convenience of the people of the district. The town each year puts on a splendid show, and this year's exhibition is no exception. It permits and quite rightly that a part of hard earned community wealth of the district be used to assist in some other amongst orders which simply from contributions and thought to an overall plan.

A problem and effort towards an ultimate purpose may profitably take a look out of the Town of Lacombe's book. Up to this time Lacombe has borrowed to continue the work of hard work, and as a result there was a great loss at each municipal election. Lacombe has been borrowing. This is the criterion of the men themselves who put candle gave satisfactory service — spoke of lack of drawbacks.

His business men would see what was happening, so they started a board to act as a general manager if you like Mr. George Woodward. Mr. Woodward has proved his worth many times over. He is conservative, but not afraid to put in and work himself. The good business of the town is kept in check from reasonable and the necessary go through him. He is able to assess the amount and type of work allowed and spell the harm before harm is done.

To grow and change with the times means now being exhibited and the good by one man in a short time of four days. But if the organization on the job, two men have been known to spend a week during the same things.

The efforts of all were being duplicated. A man who started off [illegible] would find himself [illegible] the second man on the [illegible] to the third, at the request of another committee. Another plan on the immediate would head a band with the carriage. There was no system. Everything was duplicated guess work. You couldn't blame the committees who have done much business to worry about it without trying to smooth out town affairs. Now we have a business to keep things straight in the long run, the more than saves the taxpayers money.

Manners Over the Telephone

We are glad to see some of the boys have been out on the streets checking up on the manners of those help during telephone conversations. Decorum is fast becoming neglected and forgotten in our swift business help today. The simple courtesies. Thank you, morning, from the lips of the salesperson or clerk has not yet passed out in our Dominion over the telephone wires and the fact that individuals aren't late to time seems to overshadow the general importance of the town at the other end of the line often working to embarrass.

[illegible] telephone conversations to the telephone, and to put statements in the form of a question, which is much more pleasing, to the ear. Thus "Please hold on a minute Mr. ——" Would you mind holding the line for a minute please"? These words at the beginning, and the questions each at the end, spell all the difference.

Traffic Safety and Drivers' Licenses

WHEN Hon C E Gerhart announced last week that the Alberta government had no intention of making driving tests compulsory before issuing motorists' licenses, he was supported by many persons throughout the province. The increased [illegible] is attributable in part to careless driving or a physical disabilities of some motorists. There seems to be a combination of the two and only drastic of increases to everyone with the limitation of age about the only stipulation, it can't check the number of accidents will be reduced.

As it now stands when a person applies he is driver's license there is the routine questions concerning [illegible]. The rest of the examination is the lack of verification of the answers given. The applicant may be half blind or half deaf, he may have also reflexes but no one is the wiser. He can obtain a license by proxy if necessary without making a personal appearance himself. One suspects, in approving of this practice that responsible government officials in Edmonton are more interested in the dollar the license brings into the treasury than in the safety of the highways.

According to Mr Gerhart the government will more rigidly enforce traffic regulations with higher penalties for the suppression of lawless. This isn't the best panacea to safety We agree only partly with this statement that drivers' tests are the solution to [illegible] accidents. True compulsory driver [illegible] must pass a test any time are often [illegible] but we [illegible] the [illegible] responsible behind the wheel of cars.

The government is following a [illegible] extraordinary policy on one hand it promises [illegible] to prevent accidents but those engaged in accidents and on the other it [illegible] the rule of possible [illegible] the low standards [illegible] licenses.

Farming Notes

Cattle Imports Inspected In Canada

The customs of Canada's strongest livestock import regulations under the control department of agriculture is well illustrated by the methods which his includes the features of Farmers. Hindsight, one of the most destructive of animal diseases, has broken out in the Island, and it is estimated that at least one third of the cattle [illegible] and cattle may for others the disease is brought under control.

Foreman has been free of the disease for many years, and the [illegible] cattle from there have brought to the island by a shipment of 200 from [illegible] to 10,000 inland.

It is to prevent such a calamity that quarantine and other regulations are enforced at ports of entry into Canada on these animals from other countries cannot introduce diseases to cattle diseases into this country. Fortunately too, any other [illegible] groups or organizations with FAO have rallied to attack the disease in Europe. A special [illegible] committee is already on the job to supervise the production of vaccine which will help in combating the outbreak. All the cattle in the infected area will be vaccinated and [illegible] movement of animals in and out of the area will be restricted to prevent spreading the disease.

Farmers Good Borrowers

The annual report of the Canadian farm loan board for the year ended March 31 1948 has just been issued. The board of [illegible] farm mortgage lending mortgage loans to farmers and has been in operation for over 20 years.

The report shows that during the year 14,264,283 was approved for loans. There is an increase of 42 per cent over the previous year and in the [illegible] volume of business transacted by the board at the end 12 years being 1939 the loan it has lent over 463,000,000.

Interest and the overall rate charged on farm mortgages [illegible] 4.2 per cent. The average loan is [illegible] 6,000 and the farmers consistently is reflected in the fact that approximately 93 per cent of all first mortgage borrowers [illegible] the board's clientele are owners at the end of the fiscal year.

Board officials state that there is a noticeable trend toward larger farm properties in the prairie provinces and that over one third of the money being borrowed is being used to buy land or additional farm land. They also say that a good proportion of current borrowing is for the purchase of livestock and equipment and for major farm improvements in contrast to the situation a few years ago when much of the money borrowed was used to pay accumulated debts.

The board makes first mortgage loans up to 50,000 at 4½ per cent interest and for periods up to 25 years. The board may lend additional advances in bring the total loans up to 75,000 in certain circumstances. Loans are made to pay debts, buy livestock and equipment and farm lands, and to erect and repair buildings and make [illegible] improvements.

Reflections of the Times

The Disappearing Ovines

If the current trend of the sheep industry in Canada continues for long the day of is now number such as will have no sheep on our farms and ranches. This present growth of wool, mutton and lamb chops seems to be going the way of the [illegible].

The federal bureau of statistics reports that the number of sheep on farms in Canada last June was down to 3,675,000. The number had more [illegible] than sixty years ago.

Short term production the year totalled 7,750,000 pounds in 1904 it was 15,125,000 pounds, or nearly double. Canadians require 140,000,000 pounds of wool a year for their clothing.

Sheep culture is among the oldest of mankind's occupations. Named tribes of the ancient world probably owned no sheep long before they grew grain. It was the shepherds on the Galilean hills who saw the Star in the East.

The province of Alberta am last all Canada a sheep numbers for years but efficient in the meantime were a steadily rising. Unlike other domesticated animals sheep provide a meat source annually in wool and meat. But sheep require special care, are a ready prey for marauding [illegible] and dogs and farmers prefer to raise cattle [illegible].

The Brooks Bulletin

From the Files of The Lacombe Globe

Five Years Ago

Lacombe curling club rinks are formed in the coming season, as procedure in two provincial [illegible] competitions.

Mr. [illegible] elected president of the United Church [illegible].

Caretaker Lloyd Hoppins announces that as the Lacombe skating rink will be ready in a few days, if the present cold weather continues.

Ten Years Ago

Two arrests were executed on Lacombe peace [illegible] by-law magistrate U G B Gore. His [illegible] [illegible] automobiles, a horn [illegible] by H D Laird and E J Mathieu.

Margaret Jean Douglas was hostess to a party [illegible] on her third birthday this week. Invited guests were Patsy Orton, Joan Brooks, Phyllis Marie Lamoureux, Jeanie Campbell, Glenn Cottrell and Lloyd Hoogeveen.

A butterfly is caught by H. A. Taylor, south of Lacombe as mild weather persists in the district.

An Editorial Feature

Fifty Years Ago in Lacombe

Had a nice chat last week with in the residential section over a cup of Lacombe's real old tonic. Both found that they had been a resident here for 39 years, were both married and that's a good long time.

When first came here in July 1908, he set up a tonsorial parlor on Hudson street about where Smart's Pharmacy is located to-day. There weren't a lot of people in town then, and not too many to shave, so he [illegible] on the money number he used to deliver Winnipeg Free Press papers and on Sundays [illegible] [illegible].

There were about 20 horses

Letters . . . . .

To The Editor

Lacombe Hospital
Board Trustees
Edmonton Alberta

Mr. Wm Jackson,
Lacombe Alberta.

Dear Mr Jackson:

I should like to take this opportunity of expressing my appreciation and thanks for the many years you and your predecessors performed a most valuable and [illegible] service and contributing [illegible] to the blood donor clinic, as well as during the [illegible] campaign.

The clinic was very well organized with a steady flow of donors at [illegible] country and [illegible] In fact ladies who helped on the east side of the town [illegible] Lacombe with the refreshments, and also to the men who unloaded and packed the [illegible].

Special mention must be made of Mr Coltmore's calmness in effecting [illegible] in his borders for one evening, and—

I don't think he [illegible] record some history of Lacombe when it extended of little more than a few stores and buildings.

Yours sincerely
D. I. Buchanan, M.D., D.P.H.,
Provincial Medical Director

NATURAL GAS
The Pearl in Alberta's Oyster
GIVES ALBERTANS
CANADA'S ONLY CHORELESS WINTERS
Light a match . . . just one single match . . . and in thousands of Alberta homes hardware-handling is done for the winter.
In no other province do the bulk of town and city dwellers enjoy such luxury living. Only in Alberta, and only with Natural Gas, is comfort so easy, so effortless, so dependable. There are no chores with Natural Gas. It is a treasure chest of time have created for you — a priceless pearl that, of all the provinces of Canada, has been given only to Alberta. A million years in the making, nothing can ever take its place. It's yours today because Free Enterprise discovered it, developed it, and delivers it. Natural Gas, and the Service behind it, give you a standard of ease and comfort that makes Alberta famous the envy of the nation.

Expect Large Turnout For Alumni Dance at Lacombe Saturday Night

Saturday night the lights of the central school auditorium will be shining a welcome to the University graduates of the district round will be on hand.

Meadowbrook District News

MEADOWBRANK Congratulations to Mr. and Mrs Harvey Hall on the birth of a son in the Lacombe maternity hospital on Tuesday December 18.

We are glad to report that Roy Long is home now and feeling much better. We have been a patient in the Lacombe hospital for a few days, and underwent an operation for appendicitis.

Mr. and Mrs. G. Schoenwetter spent the week end at Edmonton.

Dave Thomas left on Monday for Grand Prairie where he will attend the opening last Friday of the new Rexo Glen school, 14 miles south of Grande Prairie.

Mr. and Mrs. Moore Orland, Mr. and Mrs. Ellis Raley and family, Mr. and Mrs. Stevens Taylor Mr. and Mrs W. L. Ingraham and family, Mrs. Vera Mawson, and Mrs. S. Kinley

Mrs. Glen is the first school district to have a home built and rented three parts It is a completed structure and it is expected that people will appreciate all the benefits of an uniform consolidation.

Correspondence Pres. Conv.

But of course it will take time for everyone concerned to get used to these new different set up, and contract has-ing had its own little red school since the district was organized.

In many cases the school was and still is the only building in the district available for public meetings and social gatherings. Now that we have our own community hall to hold No matter what the purpose for the meeting, all schools may still be used and will be used as before.

A cordial welcome is extended to these settlers ready to settle in this district at this time. Friday evening, December 7 Everyone welcome. Proceeds are for Christmas treats.

Doug Bagnall was also a member of the Health Service and Safety Committee, party who were out at the Lacombe hospital last week.

It is reported that Mr. and Mrs. Fred Hersh and family have rented their acreage and have moved to Mr. Hersh's place where they have taken employment on the Bingham homestead.

We hear that Mr. Hake and Alex Rycheld were out trout fishing on the Sunday week again. Fun Weiner.

Mr. and Mrs. R. McGinnis of Dunstable Alberta were visiting the past week with Mr and Mrs. Frank Blumenauer and daughter.

BUY ALL MUSH

Of more than 2,970,000 Canadians who paid income taxes in 1947 only 27,000 had an income over $10,000 a year.

THOMAS C DAVIS

Canadian Ambassador to China who returned to Canada recently. He said he "wouldn't mind" returning to that country as ambassador after again, after the soothing political situation is cleared and the country is settled peacefully supported by Chinese communists.

Lincoln-West Branch

Mr. and Mrs. Morris Hunter, Mr. and Mrs. Wm. Wells and Harry Hunter motored to Vulcan on Tuesday last week.

Mr. and Mrs. Jerome Johnson and Mr. and Mrs. Wallace Johnson motored to Mr. and Mrs. Glen Johnson of Penhold.

Mr. and Mrs. Ben Hunter and Ed Chadmore were supper guests on Sunday with Mr. and Mrs. Wm. Hunter.

Marvin Coe has every cause to smile from his recent accident as he is home for Christmas.

Mrs. C. G. Hawthorn and Mrs. H. Hawthorn attended the dances on Wednesday last week at the home of Mrs. Alan Vickers in honor of Irwin Morrison, a home-leave of the month.

Mr. and Mrs. M. L. Bradley Dick and Alan were Saturday visitors with Mr. and Mrs. Burt Sawyer at Joffre.

Mr. and Mrs. John Braithwaite and family were dinner guests on Sunday with Howard Saunders and family.

Mr. and Mrs. R. McGinnis and Cliff Wells motored to Red Deer on the 5th inst.

Mr. William Mitch left on Margaret Mitchell spent Tuesday of last week with Mr. and Mrs Bert Rae

Mr. and Mrs. Harry Hawthorn and Carol, and Mr. and Mrs. Al Grisdale were visitors on Sunday with Mr. and Mrs. C. G. Hawthorn and Mrs. Hawthorn Sr.

Mrs. Roy Barr and Jean and Ann motored to Innisfail on Wednesday of last week at the home of Mr. and Mrs. Fred Bixby, on being of their daughter, Grace, a bride elect of this month.

Mr. and Mrs. Burt Sawyer were Wednesday visitors at the home of Mr. and Mrs J. A. Bradley last week.

Mr. and Mrs. Lawrence Deal entertained Mr. and Mrs. Richard Elliott and family on Monday last week.

Ardenode Notes

STARTING OFF RIGHT

Everyone needs a good break to get the day... Most factory workers have shown that children and adults who miss breakfast or who take a skimpy breakfast on the fly - tension out of bed in plenty of time

[illegible] Everyone when the car ate was [illegible] driving mangled over the curb on 50 street and crashed into the wall of The Globe's front office. It completely the plate glass window was smashed but Friday's one of the offices was not broken.

AUTOMOBILE JUMPS CURB CRASHES INTO GLOBE

The wall of the building was also damaged the light was smashed, and the grill was dented. The steering on the brake as did Mrs Tolmie was not hurt. She was parking the car but her foot pushed down the accelerator it literally came through the front window of the car.

News From Bentley

BENTLEY — The Bentley hockey team obtained second position in the Central Alberta Intermediate Hockey League by defeating the Lacombe team 6 goals to 5 in a game played in the Bentley rink on Friday evening. The game was fast throughout and the outcome was in doubt right up to the end of the third period when Bentley scored the winning goal. The line-up was as follows:

Bentley: Goal, Bill Hall; defence, Ken Bell, Bentley referee; forwards, Ken Bell, Bentley referee; centre

Sprucevilla

SPRUCEVILLE All the annual meeting of the F.W.U.A at Mrs. Urquhart's on December 2, an entirely new slate of officers was elected for 1961. Mrs. Boyd Crocker, president, Mrs. Magill vice-president, and Mrs. C. C. Barton, secretary. We hope all members will cooperate with the new officers in maintaining the service of the local as they have in the past

Honoring Miss Grace Rudy, whose marriage took place on December 10, a miscellaneous shower was held at the home of her parents recently. Thirty guests were present, who presented Grace with a decorated basket of lovely gifts, for which she recently thanked her friends. They left under their home in Calgary, and the best wishes of a host of friends go with them.

The Sprucevilla Christmas concert will be at the hall on December 22. Everybody welcome

Those attending the convention at Calgary last week were Mrs. C. C. Barton, Mr. Deyell and Mrs. Magill.

Congratulating Miss Mary Young, a bride-elect of January, 7, a large group of friends were present at a shower in the home of her parents, Mr. and Mrs. O. S. Young in Lacombe on December 12. She was the recipient of a lovely variety of gifts. Those assisting in serving were Mrs. A. Henderson, Mrs. F. Rice, Mrs. Passmore, and Mrs. R. Hildebrandt.

Mrs. Morris Barton was a Christmas shopper in Calgary last week.

Coming Events

Lucky winners of the I.O.D.E. Christmas cakes will be drawn and announced at the Lacombe Theatre Wednesday evening, between the shows. Get your tickets now!

The ladies of the Lacombe community circle are holding a novelty dance in Lacombe hall on Wednesday December 28. A good orchestra has been procured This will be one New Year's dance you won't want to miss.

District Wedding Bells

GIBSON-KIRBY

A very pretty wedding was solemnized at All Saints' United Church, Lacombe on Saturday December 10, when Grace Joyce, eldest daughter of Mr. and Mrs. Fred Kirby of the Riverside district, was united in marriage to Stanley Bernard, youngest son of Mr. E. Gibson and the late Mr. Gibson of Lac Alberta.

Rev. H. F. Marston of Lacombe officiated at the ceremony. The bride was given in marriage by her father.

The bride looked lovely in white satin with fitted bodice, trimmed with lace and pearls. The short was fashioned a bubble flar full-length veil was [illegible]

Mrs. W. M. Sutherland played the wedding music and Mr. Lawrence Hopkins sang "The Lord Bless You During Thy Absence" and "The Wedding Prayer." Following the ceremony a reception was held in the home of the bride's parents.

The bride's mother received wearing a navy blue dress with white accessories and a corsage of pink carnations.

For her daughter's wedding the bride's mother chose a navy blue dress with white accessories and a corsage of pink carnations.

The bride's attendants were Miss Mary Gibson, sister of the groom, as bridesmaid, and Miss Norma Kirby, sister of the bride, as flower girl. Miss Gibson wore a floor length dress of pink taffeta with matching accessories and a corsage of white carnations. Miss Kirby wore a floor length dress of blue taffeta with matching accessories and a corsage of white carnations.

Mr. Bruce Gibson was best man for his brother and Mr. Ronald Kirby was groomsman for his sister.

The bride's mother received wearing a navy gabardine suit with matching accessories and a corsage of burgundy carnations.

The groom's mother received wearing a navy dress with matching accessories and a corsage of pink carnations.

Following the ceremony a reception was held at the home of the bride's parents. Mr. and Mrs. Kirby. Assisting in the serving were Mrs. Ronald Kirby, Mrs. Bruce Gibson, Mrs. Norma Kirby and Miss Mary Gibson.

Mr. and Mrs. Gibson left on a honeymoon trip to the coast. For travelling the bride wore a navy blue dress with white accessories and a corsage of white carnations.

On their return they will reside on the Riverside district.

Out of town guests attending the wedding were Mrs. Gibson, Mrs. Bruce Gibson, Mrs. Norma Kirby and Miss Mary Gibson, all of Lacombe.

Tees

Mrs. Ed Tees was party to report that Mrs. Bob Tees is in the Lacombe hospital. We trust she is soon home better

Sergeant

Mr. and Mrs. Lorne Wilkinson announce the engagement of their daughter Marie Ann to Sergeant Ronald Arthur Hamilton, son of Mr. and Mrs. Hamilton, Lacombe, at 11 o'clock Saturday morning, December 31, in the Lacombe United Church. Miss Agnes Archibald, assistant pastor, will officiate.

Tees

Mrs. Ed Tees was party to report that Mrs. Bob Tees is in the Lacombe hospital. We trust she is soon home better

THE GLOBE LIES ALWAYS IN VAIN

CWNA and ABC

We have received a quarterly news report of the various activities about the marketing of time and the appearance on the threshold of the fog of the Alberta Ministers of the Canadian Weekly Newspapers Association and ABC.

The Canadian Weekly Newspapers Association or CWNA as it is more commonly referred to as an organization composed of weekly newspapers throughout Canada and all the provinces. Its definition it is a union of the newspapers just like the schools of small counties. We may differ on it we don't go on strike!

Amount competition the activities have provided are an incentive to improve the papers in a general way. So far unable to say that The Globe has come in many of the contests. Some of the contest meetings are held so that fellow editors can gather together and discuss problems of mutual interest. The permanent executive works continually to promote the best of the weekly newspaper and advocate its status on public opinion.

ABC is a short name abbreviation for Audit Bureau of Circulations. Being an ABC member means that the published circulation of the newspaper has been audited and verified and that all sample copies as protection for an honest publisher who makes his circulation as an attraction for advertisers and has a specified audited substantiate his claim. Members simply fill in an unaudited newspaper to a magazine the number of subscribers but each inquires usually back this sought as national advertising comes then again. The Globe is pleased to reveal that its circulation is approximately 2,300 with an average paid circulation of 2,000 with ABC.

Those who have very supported organizations as the Canadian newspaper field, and we are proud to take part in them.

Socialism Meets Defeat

The principles of Socialism have been outlawed by the voters of New Zealand and Australia in two widely separated parts of the past couple of weeks. The startling last seems to add substance to Churchill's recorded boast that Socialism would go out of the world "with a whimper." It first in New Zealand, and Australia, and third, Britain. The outlook general election in Britain next spring, therefore is something vast importance. If the Conservatives promising true enterprise" are successful in ousting the Labor government, it will wipe out the last remnant of Socialism in the English-speaking political world.

Why the people of New Zealand and Australia [illegible] decisive, we are not prepared to say from this far off vantage point But we can guess that the people were tiring of government interference in their economic freedom. The middle of living in cities many of the people have been [illegible] quite obviously among the [illegible] and industrial painting which hampers the girl in the individual to do with his business what he pleases, when he pleases.

In both elections, the campaign revolved the economic situation and prices. Labor in New Zealand [illegible] party made [illegible] in New Zealand [illegible] the people were not to sell the people free from domination by the state. The people themselves chose in the way they voted.

For the Sake of Pedestrians

At this time of year we can only hobble at one of the objects in the town council to improve the appearance of the town streets. Particular [illegible] also [illegible] the comfort and convenience of pedestrians.

All summer residents of Lacombe have been a trifle terrified at the ever-lengthening branches of small trees and hedges, which block a clear path on the sidewalks. Control took the form that lopping these summery branches was the job of the householders concerned, after the town employed a man for a quarter of its members doesn't [illegible] and nothing about it however, it seems [illegible] from the council. Those [illegible] growths are clearly an [illegible] which in the town's interests, and no [illegible] can have any legal complaint if town workmen lop branches evenly all along the way to the edge of the sidewalk. This was done a few [illegible] ago, and [illegible] were very [illegible] seem [illegible] Perhaps some [illegible] have not yet realized that [illegible] are [illegible]

With the coming of winter there are greater dangers for [illegible] and plastic [illegible] branches easily become [illegible] and [illegible] capable of causing [illegible] accidents. pedestrians [illegible] ago, Lacombe [illegible] which [illegible] The [illegible] against [illegible] [illegible] [illegible]

Sports Considered Important Factor In School Curriculum

A close relationship between the Lacombe school district board and the members of the local ATA will be the goal of the two groups, as a result of the school ... meeting held Thursday.

Present from the local ATA were president A. E. Ingram, teacher of the Sunday school; August Bruns, vice-president who is principal of the Bentville school and Miss D. Usher, secretary of the ATA Lacombe ...

They said they were pressed ... change ... and ... a matter of mutual ...

An open forum discussion ... ensued ... the better part ... an hour.

A discussion on ... arrangements occupied the most of the time. The teachers thought the board should provide every sports equipment to the various schools in the division, ... is the general policy of the board to purchase such equipment on a 50-50 ... basis with the local district ...

The ... board ... that stand in question. The policy ... is that the cost of sports equipment was absorbed wholly by the division. But many ... boys were found to be careless in the use of such equipment. So the board passed a new policy of 50-50 costs, in order to induce a sense of responsibility in teachers and pupils alike.

Other matters were discussed, and the "open forum" proved to be quite among both groups, that they agreed to meet twice a year or oftener to exchange views and foster better ...

The VOICE OF APPROVAL

SHUR-GAIN 18% HATCHING MASH

High in T.D.N. ★

POULTRY SUPPORT PRICES
Refrigerators approximating both Canadian and Canadian poultry were ordered recently in a meeting upon the basis of government support prices to the poultry industry, in the event that the egg contract with Britain which has been a factor in establishing of these for egg prices in the past seven or eight years, it finally was obtained. The present contract expires December 31 and has not been renewed, this being the result of developing an orderly marketing system of both eggs and poultry meat.

Win Many Honors For Lacombe Seed

Albertans Make Creditable Showing At Toronto Royal Exhibition

A quotation a year of the Toronto Royal, and the part Albertans played in it served as a plank for two interesting talks by Edmonton guest speakers, at last Thursday's meeting of the Lacombe agricultural service board.

A "full house" of members, with their wives, assisted the Agricultural Limited room for the supper preceding the evening session.

The speakers were Lawrence Kitt, president of the Clydesdale association for Alberta, and J. R. Bechtel, editor of crop improvement with the provincial department of agriculture, both of Red Deer.

Mr. Kitt dealt with the Alberta breeders exhibits at the Royal held at Toronto last month, and Mr. Bechtel with the seed show.

He first had a number of lovely samples in his eye, as he proudly elaborated on the fine showing he had in the display made of the entertainment event.

Large Entry List

Fourteen carloads of breeders' were sent to Toronto for the annual classic. He said he noted the seed competition there totalled 1,200 samples sent in giving the members of entries. This was at the Royal, and there were 1,200 barrow 2,200 cattle, 1,600 pig pens, and 1,200 sheep all the finest in the land.

Alberta's exhibits at the Royal were good, and the show would have been even better, but for the fact that Alberta's crops were not up to the standard of other years. In all they collected 300 ribbons.

In the seed competition Alberta's exhibits made a fine showing. Many were sent in from the province, and in all they collected 300 ribbons.

Mr. Bechtel stated briefly a number of the Alberta breeders. The Agassiz Agriculture and the date boards of Hedston Agriculture and

Farm Information Is Necessary For Statistical Purposes

Farmers are again being asked by the dominion bureau of statistics and provincial department of agriculture to co-operate in supplying data for statistical information in Canada.

Farms concerning numbers of livestock, acreage of grain seeded etc., have been supplied to farmers across the dominion, and the success of the survey and the accuracy of the figures so finally obtained depend on the extent of the farmers co-operation.

The statistics obtained from the survey are used extensively throughout the year. Figures in the official bond are used by governments, boards of commerce and industry to plan future operations.

The survey has also value for crop estimates, and the farmer is protected by his report in the event of his return. All individual farms are kept strictly confidential.

Our greatest asset

DOES NOT SHOW IN OUR BALANCE SHEET

Big family — the B of M staff . . . close to two thousand men and women serving well over a million and a half Canadians in every walk of life from coast to coast.

There are the people who make the B of M — they are our "greatest asset" which no balance sheet can show.

"I am very proud of our staff," said Gordon B. Bell in his report as General Manager to shareholders of the B of M. "The year has been a heavy one in all sections of our business, and our staff have discharged their duties with unfailing energy and efficiency . . .

"But more than and figures do not, and perhaps cannot, convey to you the spirit and warmth of the service rendered day by day throughout the year, sometimes under very trying circumstances.

"I refer to the staff in every office, whose attendance at their posts, under any, who carry on with a smile amidst the din of ship-hammers, and with carpenters, plumbers and others working at their elbows.

"I refer to the men on the lonely outposts of Labrador, Hudson Bay, on far-flung the banner of our institution in northern wilds undeveloped . . .

"I could go on enumerating other roles of a spirit in our institution that cannot be measured in dollars and cents, but which is, nevertheless, our greatest asset . . .

I am very proud of our staff."

From Mary and John

THE Lacombe Globe, Thursday, December 22, 1949

Well, another year has rolled around and here we are again with the Christmas season. It seems to come around more frequently as we get older. First there is the Christmas concert, then the Christmas tree, the Christmas dinner, the Christmas cards, and then the Christmas mail. Yes, the mail is the worst of all. Every year we say we are going to get our Christmas mail off early, but every year we find ourselves in the same old rush. This year we are going to be different. We are going to get our mail off early. Yes, we are going to get it off early if it takes us all night. We are going to get it off early if it takes us all night. We are going to get it off early if it takes us all night. We

Lacombe's New Bowling Alleys
5 of the Finest Alleys in Alberta

Thank You!

We wish to take this opportunity of thanking all those who worked so diligently, and all the people who helped the opening of these alleys possible at this early date. It is through their efforts that we are able to open next Tuesday.

We're Sorry!

The entrance to the new bowling alleys has not been completely finished due to the recent cold weather. We had hoped to have it completed, and the rest rooms installed before the opening. This work, though, will be done within the immediate future.

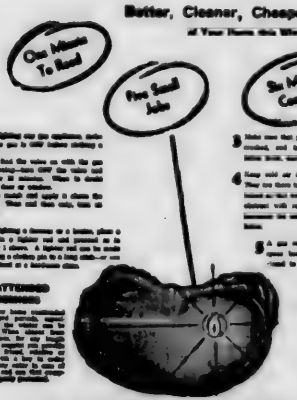
TIMELY TIPS for
New Natural Gas Users

Here's what YOU should do to enjoy
Better, Cleaner, Cheaper Heating
at Your Home this Winter



1. Have furnace and gas appliances checked over prior to first winter firing of gas.
2. Have gas line tested for leaks.
3. Make sure that your chimney is clean, is not crooked, and is not partly obstructed by loose brick, mortar, birds' nests or the like.
4. Keep cold air intake vents registers clean. They are there to get the cold air out of your house and not down in it. Do not obstruct with rugs or furniture. They are for combustion and ventilation when burning.
5. Ask us about a set designed as a "gas heater." Keep the vents that were in present heating.

UNATTENDED FIRINGS

Andrew Bangsund, Now Dundee, Ald. Lakeside School Bus

At a recent school meeting in the Ardrossan district, attended by trustee Jack Rogers, a practically unanimous vote requested the school division to close the school and institute a bus service for students to Lakeside for their education.

This was reported by Mr. Rogers, at the regular meeting of the Lacombe school divisional board held earlier this month.

What the action of these goes to the outside 11 cents to students would mean to over the counter manufacturer, and 21 cents crowded schoolrooms at Lakeside to federal taxes.

was quite clear. It was thought by some of the trustees that Lakeside would have to be extended at Lakeside before accommodation would be adequate.

No definite action was decided on at this time, but to assist the M.D. council in providing road work as contemplated has resolved Mr. Rogers moved that the board give consideration to bussing of children of Andrews school to Lakeside in the future.

NEW WAR EXPENDITURE

Of the 30c paid for a package of cigarettes in Canada, 3 cents goes to the federal government. Of the 30c paid for a package of cigarettes in Canada, 3 cents goes to the federal government. Of the 30c paid for a package of cigarettes in Canada, 3 cents goes to the federal government.

South American Indians at U.N.

A group of Indians from Ecuador meet here with envoys to the United Nations headquarters at Lake Success.

Wolfville

GOLFVILLE. The Parish Forest C.G.F. club held its annual meeting at the home of Mr. and Mrs. Leighton, Dakota, on Tuesday night of last week. Otto Hevenor was the new president, R. G. Richardson, vice-president and Bert Leighton, secretary. The next meeting is to be held at the home of the president.

Mr. and Mrs. J. A. Archibald were Olds visitors last Thursday. Their daughter Rita, is continuing to lend there with a spell of The George Archibald and John Barley were at Edmonton early this week on business.

Mr. and Mrs. J. McCaig of the Lamoreux district spent last week end at the home of their daughter and son in law Mr. and Mrs. Pete Gunn. Both families were old time friends of the M. C. Archibald home as were Clarence McClung and Mr. and Mrs. J. A. Archibald.

A short while ago Messrs. W. J. and J. S. Avery were called out at the Ardrossan Brands home.

Our school concert takes place this Thursday evening at the Orange hall Members Petersen, Richardson and G. C. Archibald are in charge assisted by Mrs. Ruby Hurley in preparing the treats.

A. T. Johnson, who has been confined to his bed for over one month, is still in much the same condition.

Mrs. W. H. Ogilvie was the delegate from the Lacombe F. W. U. A. here to their convention at Calgary.

A Merry Christmas to all.

Editor Skinner Reports

Lacombe Advertiser, Dated 1901, Gives Early History of District

Market report calls for Alberta cents, Saskatchewan 58 cents, Manitoba 58 cents, best feeding steers 3½ cents, best light weight 3½ cents, best heavy weight 3¼ cents, choice hogs 4¼ cents, choice butchers 3½ cents, butcher cows and heifers 2½ cents, canners 1½ cents.

Jan. Since new and handy figures. They're actual market prices quoted on old local news paper. The Lacombe Advertiser of the oldest Lacombe paper was issued the pressure of pressing, dated January 23, 1901.

The little tabloid of four pages as said was edited by Jas. Skinner. It contained many items of interest to old timers here about.

Two of these items some of these seasons, advertising on the page. Mail a week in Lacombe. H. B. Hewett, druggist, optician and stationer. Judah L. Hewett, general Commissioner, Bank Block, Red Deer, land agent. Mrs. Macleod, Dressmaker, Millinery. Miss E. Rich, agent, every hand and side. Double and Single.

M. J. MacLeod, department store proprietor, says he'll accept oats, butter, eggs, or cash on goods. Cash paid for.

There are several news items. Among them the names of some of Lacombe's earliest residents. But we thank our readers might be interested to see a typical local editorial in Lacombe.

Lacombe is destined to become a town of great importance, if not the principal town on the line.

Last Rites For Mrs. Jemima Love Thursday Afternoon

Mrs. Jemima Love, 73-year-old Lacombe resident, who had for past here last Thursday afternoon. Illness on Monday of last week. Obituary appeared in last week's Globe.

The funeral service was held from Brown & Johnson's chapel, with Rev. H. P. Marston of Lacombe officiating. Pallbearers were Don McFadden, Stewart Fraser, Cyril Pose, Orum Young, Fred Stewart and Seymour Bd.

The bells tell out the happy message of Christmas joy and merriment for all.

And we take this opportunity of wishing you and yours a very

Sprucevale

SPRUCEVALE — The school community was saddened on Friday last by news of the death of Percy Hall, who passed away at the Lacombe hospital after a lengthy illness.

Percy was beloved by all who knew him, young and old, for his cheerful and sunny disposition and his readiness at all times to help others. The sympathy of the whole community goes out to the bereaved family.

Mr. and Mrs. Charlie Arbuckle motored to Bentley on Saturday to attend the funeral of Percy Hall.

Mr. and Mrs. W. J. Barnes were guests at the Morris Barnes home on Sunday.

Fenlon

PARKSIDE — A. S. Freeman spent last Thursday in Lacombe attending the court of revision re the municipality.

On Wednesday night at the school about 30 gathered at the Parkside home to attend the monthly P.U.A. meeting. Harry Ellsworth and Lester Gladstone gave their reports on the P.U.A. conventions they attended in Red Deer. Early Arrangements were made for the next whist party to be held at the A. S. Freeman home on Saturday night, January 18.

Thursday evening the Parkside carol choir presented a play, Out of the Darkness after their Parkside practice and school gave out songs and recitations. Miss Joyce Hudson directed the program and the singing of the Christmas carols.

The Parkside hall board held a dance at the hall last Friday. They made arrangements for a New Year's dance on Tuesday night, December 31.

Saturday evening Mr. and Mrs. Harry Cyr entertained at bridge. There were four tables in play and the prizes went to Mrs. Kozak and Chas. Cummings, and consolations to Mr. and Mrs. Harry Ellsworth. The evening ended with a delicious lunch.

Another card evening the Parkside Badminton club played on Sunday against the Bentley high school and also another team.

Miss Anne Schroeder was home from Calgary last week end.

Mr. and Mrs. John Wouters of Pine Lake are receiving congratulations on the birth of a baby boy.

Henry Castleman returned home from Edmonton last Friday much improved. He will not have to go back to work for a few weeks yet.

Mrs. Moore and Red Geerys moved to the Gideon place last week. Cec. Russell and Bill Fry Diggle have been busy with their hydraulic lift attachments, setting poles in readiness for the Calgary Power.

Mr. and Mrs. Ronald Wotzel and Mr. and Mrs. Dick Gideon motored to Edmonton last Thursday.

Mr. and Mrs. Elmer Hawkings had as Sunday guests Mr. and Mrs. Ray Gideon.

Woody Nook

WOODY NOOK. Mr. and Mrs. D. Peck entertained Mr. and Mrs. F. Dimmick and family and Mr. and Mrs. H. Bunnage and Fred on Saturday evening. The evening was spent very pleasantly playing 500. Your reporter got thoroughly stumbled. The hostess served a delightful supper.

Miss Margaret Saunders was a visitor with her sister, Mrs. G. Shaw at Drumheller for two days last week.

The Woody Nook ladies club met at the home of Mrs. H. Bunnage on Wednesday of last week with most of their members present. The next meeting will be held at the home of Mrs. H. Balazon on January 11.

Mr. and Mrs. J. Bag entertained Mr. and Mrs. J. L. Bag at dinner on Sunday.

The sympathy of the district goes out to Mr. and Mrs. Hobson Hall at the loss of their son, Percy.

Wait! our trouble man please! find the sheet that is causing so much annoyance on our phone line.

Merry Christmas to all.

Lincoln-West Branch News

Sympathy of the district is extended to Mr. and Mrs. Hobson Hall and family on the death of Percy Hall last Saturday.

Mr. and Mrs. C. G. Hawthorne and Ann, and Mrs. N. Hawthorne were visitors on Sunday with Mr. and Mrs. Harry Switzer and family.

Mr. and Mrs. Chris Bentley of Red Deer visited on Sunday with Mr. and Mrs. Ole Bentley.

The Lincoln school children are holding their Christmas tree and concert on Thursday evening, December 26.

A very enjoyable card party was held on Saturday evening at the home of Mrs. Harry Switzer. Whist was played, with prizes for high score going to Mrs. H. Hawthorne and Lloyd Morton and consolations to Mrs. Lloyd Morton and Angus Johnson.

The ladies of the Lincoln community circle are holding a dance at Lincoln hall on Wednesday, December 25. A good orchestra will supply the music. Keep this date in mind.

Mr. C. Bradley spend last week in Edmonton on business.

The Boon family have moved onto their farm recently in the Lincoln field.

Mr. and Mrs. Bert Saunders and Mr. Howard Smith were visitors with Mr. and Mrs. Bruce Saunders and family on Sunday.

Mr. Bruce and pupils of the West Branch school are holding their Christmas tree and concert in the Hilmer home on Thursday evening, December 26.

We are sorry to report Hobson Hall is still on the sick list.

One of the landmarks of the district built by J. A. Bradley in 1905, namely the old house on the farm of Mr. and Mrs. R. J. White, burned to the ground on Sunday. Fortunately Mr. and Mrs. White were living in their other house built recently but the old house was filled with machinery, beds, bedding and various articles stored for the winter. Everything was a total loss.

The residents of the community express regret at their misfortune. Mr. and Mrs. White have the sympathy and best wishes of their neighbors and friends who came to help in case of fire. Mr. Hawthorn, Bob and Mr. N. Hawthorn were among guests on Sunday with Mr. and Mrs. Jim Chalmers.

Merry Christmas to everyone.

Many Townships in Municipality Ineligible For P.F.A. Grants

No definite information has yet been obtained for publication regarding those farmers in the Lacombe area who are eligible for payments under the provincial farm assistance act.

But the M.D. of Lacombe has been notified of some townships that are considered ineligible for payments under the act.

These are: 39-25-W 4, 39-25-W 5, 40-25-W 4, 40-25-W 5, 40-26-W 4, 40-27-W 4, 39-28-W 4, 40-28-W 4, 41-28-W 4, 39-1-W 5, 40-1-W 5, 41-1-W 5, 40-3-W 5.

Farmers in townships whose quality for P.F.A. grants will receive up to a maximum of $600 if wheat production is four bush els to the acre or less and a maximum payment of $300 if it is eight bushels to the acre or less.

Large Audience At Bentley Home And School Meeting

The last meeting of the current year was held by the Bentley home and school association on Tuesday of last week. Mrs. H. Peterson presiding. To get into the Christmas spirit, the meeting opened with the singing of Christmas carols. E. A. Reed, principal of the school led the singing.

The night's program was one of appreciation to the pupils of rural children, safety patrols being the main topic.

Mr. Reed started the ball rolling by explaining to the gathering the Bentley safety patrol system. He covered the safety precautions from the time the child is picked up on his way to school until the time that the child is safely brought home again.

Assisting Mr. Reed by the parents were answered by Mr. Reed with the assistance of E. A. Cuthbert, who is in charge of all school buses. Having dealt with the system of safety patrols, the bus system could run then thoroughly smooth.

Next on the agenda was a survey of three films, the first dealing with sex life, the second with teeth, and the third and most important, with children who travel on buses. Previous Corps. This proved to be an excellent film and was well received by the audience. A discussion on the film was conducted by A. S. Ingram.

Arising from the discussion was a motion introduced by Bob Carlyle and seconded by E. Peterson.

The motion, in part, was as follows: We recommend that a new law be introduced, whereby school buses are loading and unloading on public highways it is recommended also that this motion be sent immediately to the highways traffic commission in Edmonton. This motion was unanimously carried by the entire group.

J. Rogers gave a small address next on the paying of the five-dollar-per-month fee for rural students. He explained to the rural parents why such a fee was necessary and the advantages opened to rural children by the payment of their attending the new and fully modern Bentley school.

The meeting closed with the singing of "O Canada". Lunch was served in the home economics room.

Holiday Next Monday In Recognition of New Year's Day

Next Monday, January 1, has been proclaimed a public holiday and all stores and places of business will be closed in Lacombe.

As December 31st falls observed on the Monday as New Year's is being observed on January 2 across Canada.

Santa Claus' Visit In Lacombe Memorable One

Santa Claus has come and gone

But he has short public visit to Lacombe last Friday afternoon. He left a host of memories for the five hundred-plus children who turned out in front of the Lacombe Theatre to welcome him.

Santa arrived by horse and cutter, and made a brief visit at front of the theatre before the parade. Then he departed for the free show.

Following the show, which lasted every seat in the building occupied by at least one young child, Santa made a public appearance on the stage. Bags of candies, oranges and nuts were distributed to the children filed out.

This annual "Santa" show was arranged by the Lacombe Lions club, under the chairmanship of Leo Peterson, and was carried out with the management of the Lacombe Theatre.

Aiding the lions were members of the AMA school patrol under the direction of Captain Terry Patrick. The school patrol members did yeoman work in keeping the children off the streets, and sorting as ushers inside the theatre.

Kocher Family Gathers in Lacombe For Holiday Season

Thirty members of the Kocher family had a glad reunion this Christmas at the home of Mr. and Mrs. W. H. Kocher here in Lacombe.

All of the family, with the exception of an granddaughter, Joan Kocher of Trail, B.C., were able to attend.

Representing at the family gathering were four generations. W. H. Kocher, his son, C. L. Kocher, grandson, Arthur Kocher, and great granddaughter, Linda Dunne, baby daughter of Mr. and Mrs. Arthur Kocher.

Those attending were from Calgary, Mr. and Mrs. Cecil Kocher and four children, Margaret, Ronald, Gary and Barbara Ann; Mr. and Mrs. W. J. Kocher and Audrey and Gail, Mr. and Mrs. Arthur Kocher, and daughter Linda.

From Lacombe, Mr. and Mrs. Ed Reed and two boys, Bill and Gary; Mrs. Martin McLeod and son, Jimmie.

From Clive, Mr. and Mrs. Ken Kocher, and from Winfield, Mr. and Mrs. Lyle Kocher. Bentley relatives and friends also helped to celebrate the day were Mrs. R. Pheats and Miss Joan Hazelwood.

A Thought For The Week

There'll be plenty to do now that 1940 is over, completely on the square.

Oldest Certified Seed Grower in Alberta

John Bradley, Lincoln, Has Been Potato Grower For a Long Time

Out in the Lincoln district a comparatively young man, still in the 72th year, continues to lead the way in the tried and proved art of growing certified seed potatoes.

At the annual meeting of Alberta growers held in the district earlier this week everyone recognized as the Member of Mr. Bradley has played in the organization since its inception in the early '20's.

J. W. Merritt, who is inspector with the seed potato certification service in the provincial government went has this to say of Mr. Bradley's outstanding record:

"J. A. Bradley has been a producer of certified seed potatoes

Harold Johnston, Don Lund Carters Win Mens Banspiel

Harold Johnston and Don Lund were the winners of the mixed curling banspiel when rinks up at the local rink yesterday.

Twenty rinks were entered in the banspiel Harold Johnston skipped his rink to victory over Henry Hoove in the final game late yesterday to win the primary event.

In the consolation, Don Lund's foursome won a hard fought final from Don Gill.

Playing with Johnston were Mrs Jack Stothart, Walter Barnes and Mrs. Edwin Jones. Those with Lund were Mrs. Gordon Ferguson, Lloyd Pierce and Mr. William Rankin.

Local Residents Enjoy First Games As Bowling Alleys Open

Lacombe's bowling alleys opened on schedule here Tuesday, and for the first time since the 1939-40 banspiel residents were able to enjoy the pleasant past time at alleys in town.

A. E. Mitchell, the proprietor has the low alleys in a good shape in the basement of the R.E.A. hall. A number took advantage of the holidays to get their first games in.

It is expected that leagues will be organized shortly.

Former Sunny Crest Youth Recovering From Operation

Word from Mrs. M. E. Woods of Comox, B.C., formerly of the Sunny Crest district, brings the good tidings that her son Lloyd is now recuperating from his recent "blue baby" operation.

Lloyd will be well remembered by many of his former school friends, as he attended Sunny Crest school for two years.

Lloyd is now convalescing at home at Comox, after undergoing a first operation at Easter 1947 and a second one last month.

Writes Mrs. Woods: "Today he received a radio for Christmas from his Vancouver doctor, Dr. Ross Robertson, along with a big parcel of everything from games to building puzzles."

That should cheer him up! He expects to return to school after the holidays.

Mr. and Mrs. H. Toms Married 25 Years Tuesday This Week

Mr. and Mrs. Harry Toms, 51 avenue, were recipients of many good wishes Tuesday on the occasion of their 25th wedding anniversary.

Both are long-time Lacombe residents, and are well known in the town and district. Mrs. Toms is the former Alice Barron.

They were married on December 27, 1915, by Rev. Dr. Hollingsworth of Edmonton, former United Church minister here.

Our best wishes go to them for many more years of happy married life.

Stock Rose Will Be on a Hospital in 1950

The "baby derby" is on again, and local residents will be treated to a repeat performance of the Lacombe municipal hospital next week to see who is the first-born baby for the 1950 census.

Cameron studios in Lacombe are again offering a cup, to be presented to the first baby born at the Lacombe hospital in the New Year.

The cup will be presented to the proud parents, at a special ceremony.

Only the date of the presentation is in doubt. The date is in the hands of the flying stork, whom he be chosen by whom he chooses.

Oldest Pioneer Dies From Injuries

Harold Hunt Killed In Fall Christmas Eve

The gay festivities of the holiday season were blackened last Christmas eve when Harold Hunt fell while decorating a Christmas tree and suffered injuries from which he died. Well known local butcher the late Mr. Hunt is believed to have tripped on the stage. He at once took his head on a down pipe in the hall in the supper. Victim who was following him, rose on eye witness to the tragedy Dr. W. A. Beatty was immediately called, and the victim was removed to the Lacombe municipal hospital where 7:45 p.m. Christmas eve. He died about 2:00 a.m. Christmas morning, as a result of injuries to the brain.

The late Mr. Hunt, who was 54 years old, was born in Bottingham, England. He came to this country in 1906, and settled on the Lincoln district.

He was a veteran of the first great war, and on his return established a meat market in the eastern Lacombe district. He was in 1940 when he sold out, forming in the Blackfalds district.

He came to Lacombe in 1944, after living for a time in Nelson and Edmonton. He has operated a meat market in Lacombe since that time, with the exception of the past eight years.

He leaves to mourn his loss and one brother Marion Wats, and one son, John Harold.

There are three sisters living in Canada, Phoebe Ada and Florence, all of Red Deer, and several brothers, Harry and Leonard of Red Deer, Morris of Blackfalds, Tom of Edmonton, and John and Sidney of Wildwood.

The funeral service was held on December 27 from the Anglican Church, and a large number paid their last respects.

Rev. H. P. Hayden officiated. Pallbearers were C. D. Martin, Harold Haworth, Joe Roper, Jim Hutchinson, Sidney Hunt and Jack Reeve. Interment was made at the Lacombe cemetery.

Legion Sponsors Christmas Party For 125 Children

About 125 children were the guest of the Lacombe branch of the Canadian legion, at a Christmas party in the Church Hall last Thursday afternoon.

Highlight of the party was the arrival of Santa Claus, shortly after 4:30 and he distributed a present for each of the kiddies present.

W. G. Chapman led a sing-song with Mrs. Wilma Ballinger at the piano, and a nice program was arranged.

A delicious supper was served by the ladies of the auxiliary to the legion in charge of the event here Bill Chapman, Bruce Simpson and Reg Cartwright.

Lacombe Well Up In Motor Registration, Auto Booklet Shows

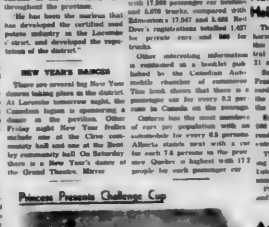
Motor vehicle registration in Lacombe during 1940 totalled 1,141 of which 523 were issued for passenger cars and 618 for trucks.

This figure compares favorably with other centres. Lacombe's registrations being large for its station than Drumheller, where 1,000 were issued for 623 passenger cars and 377 trucks.

Calgary was the highest registration centre in the province, with 17,500 passenger car licenses and 5,078 trucks, compared with Edmonton's 17,547 and 4,026. Red Deer's registrations totalled 1,457 for private cars and 556 for trucks.

Other interesting information is contained in a booklet just issued by the Canadian Automobile chamber of commerce. This book shows that there is a passenger car for every 8.3 persons in Canada on the average.

Ontario has the most members of cars per population with one automobile for every 6.5 persons. Alberta stands next with a car for each 7.4 persons to the province Quebec is highest with 17.2 people for each passenger car.



Princess Presents Challenge Cup

Trooper Stout will be the first to have his name entered on the Princess Elizabeth challenge cup for the household cavalry competition, which was held at the Richmond show. Picture shows Trooper Stout on his horse, "Emperor", being presented with the cup by Princess Elizabeth. Watching is the Earl of Athlone, former governor-general of Canada.

Annual Lacombe Horse Sale Will be Held on March 21, 22

The Lacombe annual farmers' horse sale will be a two-day event this year, scheduled for the second and third Alberta provincial days, March 21 and 22, 1950.

The sale committee, manager J. Stewart Fraser has been sending out postcards to interested parties stating the sale will be a notifying them of the sale dates.

Entries are expected to exceed 100 mark, with a number of buyers ready for eastern shipment, and others are now coming in.

The sale committee is expressing the necessity on the committee to fill animals offered at this annual event.

President is Jack MacKenzie, and vice-president, J. M. Douglas.

Additional Property Owners Added to Lacombe List

Several more names have been added to the list of Lacombe property owners, according to C. B. Hyndman, at the town office.

New town properties added to the list during the latter part of the year are here:

Elton Bliss, Norman Brooks, Mrs. Ada Cameron, W. G. Chapman, H. [illegible], Mrs. Ida Cooper, [illegible] Fraser, Jim Foley, Gordon Darrell Jones, [illegible] Lee, [illegible] Reed, Percy Roberts, [illegible] Wilson and A. R. [illegible].

Mr. and Mrs. Ernest Button and family were holiday guests at the home of Mr. and Mrs. Bill Delong.

Mr. Don McDonald spent two days in Calgary this week with his parents, Mr. and Mrs. Fred McDonald.

Miss Fie McKay of Edmonton is visiting at the home of Mrs. Alice Jones. Miss McKay is a bridesmaid whose dresses with candelabra and yellow tulleta bouquets. They carried bouquets of pink carnations and white heather.

Little Patricia Mae Morrison, niece of the bride, flocked in basket, carrying a matching bouquet. Miss Morrison's dress was made a lovely flower girl.

Dr. Norris Bertrand of Edmonton, friend of the groom, was best man.

Ushering the guests to the church were Mr. Jack Morrison, brother of the bride, and Dr. Ross Blackburn of Edmonton.

Mrs. Wilton Sutherland played the wedding march and Dr. R. E. Jorgenson, of Edmonton rendered a solo, "The Lord's Prayer," after the signing of the register. Given by Rev. Dr. W. T. Young of Edmonton and Rev. H. P. Sissons. During the signing of the register, Dr. Jorgenson sang "Because."

The bride's mother wore a two piece dress of dull blue crepe with black accessories and a corsage of pink roses. The groom's mother wore a dress of black crepe with accessories and a corsage of pink roses.

The wedding reception was held in the banquet room of the Edmonton Hotel, Edmonton, and was attended by 150 guests. The bride's table was centered with a three-tiered wedding cake, embedded in tulle roses of red and white carnations, and white tapers completed the arrangement.

Toast to the bride was proposed by Mr. D. Harris, Lacombe, and ably responded to by the groom. Rev. Dr. Young, who had officiated, married the groom's parents, chose to speak a few words at this time. This was followed by a short address by Dr. Jorgenson. Telegrams were read from points as Arctic Red River and Lethbridge.

For going away, the bride wore a blue two piece dress trimmed with green and green, her accessories were of a matching green with a corsage of cream roses.

The happy couple left amid showers of confetti and good wishes by motor for Calgary and Banff. Upon return to Edmonton they will take up their residence in Edmonton where the groom is a graduate in agriculture of the University of Alberta, will take up practice.

Out of town guests were Mr. and Mrs. Dan Bean, Bellevue; Mr. and Mrs. A. Stevenson, Calgary; D. J. Blackstock, Edmonton; Dr. and Mrs. Ross Blackburn, Edmonton; Dr. and Mrs. W. I. Young, Edmonton; Dr. Norris Bertrand, Edmonton; Mr. and Mrs. S. Larsen, Sylvan Lake.

MOLSING - HUNTER

A quiet wedding was celebrated in Trail, B.C. on December 21, when Florence Ellen, youngest daughter of Mr. and Mrs. C. V. Hunter became the bride of Lloyd Melvin, second eldest son of Mr. and Mrs. Solberg of Bentley.

The bride looked charming in a blue crepe dress, and wore a corsage of pink carnations. She was attended by the groom's cousin, Mrs. Gladys Benson. The groom was supported by a very close friend, Mr. Roy Dahlie.

The happy couple took a short trip to the States and on their return will reside at Trail, B.C.

GOOD FISHING LAKE

Great Slave Lake, 500 miles south of the Arctic Circle and 1200 largest on the continent, has become one of the world's greatest inland commercial fishing areas. In 1948 more than 5,000,000 pounds of trout, whitefish, sturgeon, and pickerel were taken. Headquarters of the fishing industry is the fast-growing settlement of Hay River.

1949 in Retrospect

MOST of us are prone to look back on an old year with mixed, among with our regretful retrospection is something better on the new year just around the corner. This probably stems from remaining events to us, which puts faith in the future. An old maxim says, 'Hope springs Eternal' in our human breast.

We won't likely be cited too many years for old 1949 going out. It hasn't been too kind to us. Very few of us will shed a tear to our hearts to see it go. Nothing of business and stillness. Aggressive seeking of that topmost rung. Which man in his endless cycle carries. For once it is the fashion to be kind. To think of others rather than ourselves. Even, at Christmas time the shrewdest soul becomes the altruist, gentle and soft.

Yet having not a whittle of sentiment. And why? Because, the season of the year. Each one unwittingly goes back to childhood days. There he off those which all wise men don't count. And rules for living scrupulously complied. Each well-known creed, each Golden Precept. Of Christmas spirit, so enhanced, publicity, kind.

Comes to us hand in hand with childhood; mind. Honest and true, no simple yet so wise. With words alone the yardstick of success. Good every problem possible by truth. Oh that the gone old world could vision it. And so a BRIGHT child, could enter in at last.

(By Barbara Villy Cornett, Alta.)

Farming Notes

(Experimental Farm News)

With the degrading of Red Bobs, many farmers are looking for a suitable substitute. The Alberta co-operative variety committee at their meeting in Edmonton for 1949 were as follows: red rusts 1 and 2 - Marquis and Thatcher; red rusts 3 and 4 - Thatcher and Saunders.

A ten year average for days to mature at the dominion experimental station at Lacombe shows Marquis requiring 127.4 days, Red Bobs 125.6 days, and Thatcher 130.2 days, says A. D. McFadden. Yields for the same period were Marquis 35.0 bushels, Red Bobs - 30.7 bushels, and Thatcher - 31.6 bushels. Thatcher averaged about four inches shorter in the straw and was about 12% stronger strawed than Marquis and Red Bobs. The above results were secured from crops seeded on well prepared summerfallow.

From the above it would seem that the slight difference in maturity and yield between Red Bobs and Thatcher is not sufficient to warrant retention of one variety in preference to the other. On the basis of these characteristics Thatcher is considered a suitable substitute for Red Bobs. It is true that Thatcher is a difficult variety to thresh but with proper machine adjustment it is not considered a serious fault.

In the western and northern regions of Central Alberta early maturity is of primary importance. In cool years there and four, we find that Saunders will average from two to five days earlier than Thatcher. A five-year average at Lacombe shows Saunders yielding 33.5 bushels compared to 30.1 bushels for Thatcher. Saunders averages from three to four inches shorter in the straw and is stronger strawed by about 20%.

Supplementary testing at strategic points throughout Central Alberta substantiates the above results. A thirteen test mean on tests conducted during the past three years in soil zone two gives the following yield data: Marquis - 25.3 bushels, Thatcher - 26.1 bushels and Saunders - 23.2 bushels. A thirteen test mean on tests conducted during the past three years in soil zone three gives the following yield data: Thatcher 22.3 bushels, and Saunders 20.7 bushels. In 1949 a five test mean on soil zone four shows Thatcher yielding 21.4 bushels compared with 24.8 bushels for Saunders.

From The Files of The Lacombe Globe

Five Years Ago

The first baby born in Clive is back from the wars in time for Christmas. He is Private W. Hanley, a cousin of G. Hanley of Clive.

Clothing and blankets valued at $200 are destroyed in a fire at the rear of Herb Pocock's office building. The personal belongings were the property of William Thomas and Jack Reeville, who were using the quarters while building a new garage for Mr. Pocock.

Ten Years Ago

The grade 12 "fit" is promoted before the student audience. A one-act play was presented by Art Brewer, Ernest Ballou, Margaret Butcher, Dick Krugman, Betty DeLong and Doris Dickson.

First below-zero weather finally arrives for the month of December, as temperatures skidded to -11 on December 16.

Letters . . . To the Editor

December 19, 1949

Editor, Lacombe Globe
Dear Sir:

In order that those who donated to the Hockey Fund in Lacombe two years ago might know how the money is being spent, I submit the following statement for 1949.

We closed the year 1948 with $837.61 in Trust at the Bank of Montreal, Lacombe.

During 1949 the following expenditures were made:

Bruce Hardware - sticks and other supplies	115.74
Lacombe Dry Cleaners - dry cleaning, sweaters	7.50
Charlie West - purchase of dressing room stove	200.00
Lacombe Ltd. - purchase of portion of sweaters	62.50
Bruce Hardware - sticks, etc.	12.00
Ross and Sweet - Goal Slats	3.50
Ross and Sweet - wire, shells and tape	6.50
Burrows Dept. Store - sticks and tape	6.00
Lacombe Globe - advertising	5.00
Total expenditures in 1949 at Dec. 19	$417.24
Balance in Trust Account	$420.37

JACK FERRIS

Christmas, 1949

Once more we pause in our incessant rush. Of beginning, of business and selfishness. Aggressive seeking of that topmost rung. Which man in his endless cycle carries. For once it is the fashion to be kind. To think of others rather than ourselves. Even, at Christmas time the shrewdest soul becomes the altruist, gentle and soft.

Yet having not a whittle of sentiment. And why? Because, the season of the year. Each one unwittingly goes back to childhood days. There he off those which all wise men don't count. And rules for living scrupulously complied. Each well-known creed, each Golden Precept. Of Christmas spirit, so enhanced, publicity, kind.

Comes to us hand in hand with childhood; mind. Honest and true, no simple yet so wise. With words alone the yardstick of success. Good every problem possible by truth. Oh that the gone old world could vision it. And so a BRIGHT child, could enter in at last.

(By Barbara Villy Cornett, Alta.)

1949....In Review From the Files of The Globe

M.D. Council

A. B. HAARSTAD, Reeve

CLIFTON BAILEY

JAMES DOCHERTY

J. MARSHALL DOUGLAS

A. E. FREEMAN

January

1. The Village of Bentley is raised to the status of a town, effective January 1.
3. The first 1949 New Year's baby is born to Mr. and Mrs. Wm. McKibbin, a bouncing daughter, christened Elaine Alice.
10. Record business was transacted by the Town of Lacombe during 1948, the Municipal statement shows, with expenditures at an all-time high of $117,000.
17. Lacombe school patrols are formed here, to ensure the safe street crossing of students to and from school.
19. Mr. and Mrs. Gordon Shaw, Lacombe natives, leave town for Drumheller, where Mr. Shaw has purchased the Rialto Theatre.
25. Dick G. Sanford, formerly of the musical supervisorial district at Ottawa, is transferred to the station at Lethbridge.
29. Bentley's handsome new 17-room municipal hospital opens at an official reception today.
31. Norman Jaques, M.P. for the Wetaskiwin constituency in the dominion house, dies suddenly at his home at Ottawa.

February

2. Mary McCormick, brilliant young Lacombe school student, wins the Knights of Pythias provincial contest at the school.
4. Will Thorp's curling rink takes the Grand Challenge prize, as Bentley's successful sport winds up.
10. Lacombe's weekend oil well, from which a small flow of gas was struck, proves a "dud," and drilling crews are busy tearing it up after reaching a depth of 3,661 feet.
11. Percy Wilton's rink from Bentley defeats the Grand Challenge and Bonspiel Association curling prize at the Lacombe bonspiel.
16. Inaugural ceremonies for the opening of the new 37-bed hospital at Bentley, are attended by a large number of Lacombe and district residents.
17. Top price of $650 is paid for a Hereford entered by P. Burns Ranches Ltd. of Calgary, at the one-day cattle sale here.
25. Hundreds swarm the ice lanes at Alix for the 1949 annual ice carnival sponsored by the athletic association.
26. Red Fraser and his Jaffa curlers win the thrill-packed 12-10 decision from Ken Henderson, in the finals of the Lacombe's curling bonspiel.

March

1. Mr. and Mrs. John A. Bradley, Lincoln district, are honored on the occasion of their 50th wedding anniversary.
12. Lacombe-Red Deer combined circumcircuit hockey league is Wilmington 8-1, as a provincial play-off game and are knocked out of the running.
15. Spectacular fire at Blackfalds completely destroys Bolstad's garage, at an estimated cost of $10,000.
19. R. E. Freeman of the Farden district is released as councillor of the M.D. of Lacombe, when he defeats his opponent, W. A. Betteridge, in an election.
24. A total of 617 horses are passed through the auction ring at the annual Lacombe sale, for an average of $71.82 each.
27. Spring-like weather enables golfers to tour the links for the first time this year. They managed to play eight of the nine holes, and report the course in good shape.

April

4. First mail for the new $271,000 Lacombe high school is turned over to construction gets underway.
11. Town mill rate is set at an unprecedented high of 65 mills, at Bentley night's council meeting.
12. Lacombe school opposite, Joan of the Nancy Lee' completes a successful three-night stand, with Edwin Sutherland and Richard Grant in the lead roles.
14. Oldest school district and the Lacombe school district amalgamate at a special meeting.
15. The excellent new Christian Reformed Church is officially opened, with solid oaks and three solid walls in the district.
19. Jack Ferris is elected by acclamation to fill a vacancy on the town council left by the resignation of Stan Keen.
25. F. E. McLeod sells store to H. A. Leaf of Hanley, B.C., after 40 years in active business.
25. Bentley and Lacombe school districts merge into the Lacombe school division.

May

1. Record fifty entries make St. Cyprian's Church annual baby show a "howling" success.
3. Another 75 farms in the Bentley district soon are hooked up for power, in the Blackfalds rural electrification set-up.
8. Approximately $1,000 damage is caused by a forest fire which sweeps the basement of the local Royal Bank of Canada.
11. Top price of 42½c per pound is secured at the cheese sale here.
13. Outstanding scenic scenes are honored at Clare Night.
14. Harmon Zaiss, formerly district, joins the ranks of the entertainers, and receives congratulations from a host of friends on his 100th birthday.
20. Sixteen school graduates are honored at consolation receptions in their homes.
24. An estimated crowd of 1,500 persons see the fair grounds for the annual sports day.
27. National Progressive Conservative leader George. Drew is speaker here, as coming dominion election campaign reaches climax.
30. Official opening of the handsome new Bentley school is heralded by public officials today.

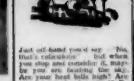
Are You Hosting the Sky Above Your Home?



Just off-hand you'd say No, that's ridiculous! but when you stop and consider it, maybe you are hosting the sky. Are your heat bills high? Are your rooms hard to heat? Do they cool off rapidly? Then it is 50 to more than per you to find out if you're being host to unwanted sky visitors. We'd be glad to give details estimate on insulating your home with Fiber Glass Insulation - the low-cost method of Temperature Conditioning.

Bentley
(Too Late for Last Week)
BENTLEY — Mrs. L. Isaac entertained the members of the ceasing club at her home on Monday evening.
The regular meeting of the Bentley Ratepayers' Association was held at the school on Tuesday evening, with a very large crowd present. Following the singing of Christmas carols by the crowd, several films were shown, the most one being, "Freedom Cargo," which explained school lunches and toilets patrols. Mr. Reed then gave a full explanation of the Bentley school system, which was followed by a discussion on safety in school buses.
Miss Verna Pell and Norman Jaeschke of Red Deer visited Norman's mother in Bentley over the week-end.
The combined choirs of the Bentley and Bentley United Churches rendered a Christmas Cantata, "King All Glorious" under the direction of Mrs. Dan Carlyle, in the Bentley hall on Sunday afternoon, with Mrs. H. Hopkins at the piano.
A good crowd was in attendance and Mrs. Carlyle and Mrs. Hopkins acted as the ushers. The proceeds of the choir should be given a good deal of credit for the fine performance which they gave.

CHRISTMAS SHOPPING
In the last ten year U. cost Ottawa $20,881,251 to collect the government's income tax.

Lacombe Cross ended good fortune on Alix-Lacombe in two other fixtures played during the week. Last Thursday, the locals whipped the new Red Deer team 10-4, and on the following night at Centrose Monday, took the measure of the Hornets 10-5.
Ray Groom ran absolutely wild at Centrose, scoring four goals and finishing in two others. Other contributions to the onslaught were by Tillotson with two, and Miles, McKinnon, Puck and Miller.
At Red Deer, it was Art Puck showing the way with three. Groome and Monroe with two each, and Chitwell, Tillotson and McKenzie one apiece.

Births
At the Hospital

Lookout

(Too Late for Last Week)

LOCKHART — Mrs. James Fringe and Kenny returned home after a short visit with her parents, Mr. and Mrs. Les Bedient at Pendleton, B.C.

Donna Wetzel underwent a tonsilitis operation last week, and is home doing fine now.

Several men from the southern part of our district have been viewing the sun on the watch for a cougar, west of Bentley, near the Medicine hill, and are quite anxious to have the animal thrown out of it. It is reported to be about eight feet long, and we understand rewards have been placed on the head of Mr. Cougar.

The school children held their Christmas concert on the night of December 21. A dance followed, sponsored by the sports club, and lunch was served by the ladies of the young couples group.

Another concert will be held on December 28, put on by the local young couples, and should prove entertaining. Dance and lunch will be served following the concert.

Community Ice Rink

Much credit goes to the sports minded people of the Valley who have undertaken the job of the construction of an open air rink in the school yard. Late last fall the undertaking was done level ing of the site, and since then work has progressed.

They have banked sawdust and boarded in the entire outside leaving an ice surface of 160 feet by 85 feet. A new well has been drilled, and flooding is to get underway this week. Funds for this project have been raised by voluntary grants and the holding of dances, etc.

Lions Club Brings Good Cheer to 96 Lacombe Families

A total additional pay was spread by the Lacombe Lions club into the homes of retired families in town on Christmas day.

Each family received a hamper which contained turkey, Christmas cake, and all the trimmings for a tasty supper. Along with the hamper was the final payment of the loan for a happy Yuletide season.

Lions John McDaniel and Pete Riley were in charge of the hamper distribution.

A total of more than $500 went out of the Lions treasury for hampers and Santa Claus mail treats for the children.

Christmas Party

T. Call of Spring Valley.
